MINNESOTA CRIME INFORMATION 1972

BUREAU OF CRIMINAL APPREHENSION
CRIMINAL JUSTICE INFORMATION SECTION

OFFICE OF THE COMMISSIONER
211 STATE HIGHWAY BUILDING

STATE OF MINNESOTA
DEPARTMENT OF PUBLIC SAFETY
SAINT PAUL 55101

September 5, 1973

The Honorable Wendell R. Anderson
Governor of the State of Minnesota
and Members of the Legislature
State Capitol Building
St. Paul, Minnesota 55155

Dear Governor Anderson:

As mandated in Minnesota State Statute 299C.18, the 1972 Minnesota Crime Information Report is herewith submitted for your review. The report is based on information gathered under the Minnesota Uniform Crime Reporting program which provides information about crime and its affect within the state. The information collected and contained in this report has been tabulated and verified for completeness and accuracy.

The information obtained in Minnesota's UCR program is a measurement of criminal activity for specific geographical jurisdictions and is not to be considered a comparison of individual law enforcement agency activity. This edition, along with future publications of Crime in Minnesota is meant to provide the public, public officials and law enforcement administrators with changes in the volume and rate of reported crimes for each successive year. It is believed that this printed information will offer an assessment of crime in Minnesota and provide realistic suggestions in confronting the crime problem within the state.

This publication is made possible only through the diligent and dedicated efforts of those law enforcement agencies and their personnel responsible in providing the necessary information.

Respectfully submitted,

DEPARTMENT OF PUBLIC SAFETY

Wallace R. Hoaglund
Commissioner

WRH:bjm

STATE OF MINNESOTA
CRIME INFORMATION

Wallace R. Hoaglund

COMMISSIONER

DEPARTMENT OF PUBLIC SAFETY

Harold P. Higgins

SUPERINTENDENT

BUREAU OF CRIMINAL APPREHENSION

Don M. Love

DIRECTOR

CRIMINAL JUSTICE INFORMATION SECTION

Dennis G. Owens

EDITOR

SPECIAL ACKNOWLEDGEMENT: This report was published through the use of State revenue funds and financial assistance provided by the Law Enforcement Assistance Administration, U.S. Department of Justice.

PREFACE

In 1935, the Bureau of Criminal Apprehension was given the responsibility to collect crime activity information from the law enforcement agencies throughout the State of Minnesota. Biennially reports were completed and forwarded to the concerned parties as required by State Statute. Beginning with this report, a publication depicting each year's criminal activity will be printed and disseminated annually.

Each year's report will measure the amount of criminal activity within the State as collected and prepared from data submitted by individual law enforcement agencies. The criminal activity will consist of measurements involving offenses, clearances and arrests. Limited information will also be available on law enforcement personnel. Comparisons with previous year's statistics will be presented only where there is a significant number or trend change that might be of use to the evaluator. Individual comparisons on specific measurements will be left to the evaluator for use as required by the individual's needs.

The Bureau of Criminal Apprehension wishes to express its thanks to the cooperating law enforcement agencies whose assistance provide the success of this publication.

INTRODUCTION

BACKGROUND

The State of Minnesota, since 1936, has participated in the FBI's Uniform Crime Reporting program. The statistics that have been generated each year are not only of vital concern to national figures but are equally important to the state on a whole. In 1972, Minnesota began collecting crime related data as part of a computerized statewide Criminal Justice Reporting System program. The benefits derived from such a program are indicated in a modernistic approach to the collection of Uniform Crime Reports.

The responsibility and authority for collecting and disseminating the UCR information was mandated to the Bureau of Criminal Apprehension through applicable State Statutes. They are as follows:

MINNESOTA STATE STATUTES CHAPTER 299C

299C.05 DIVISION OF CRIMINAL STATISTICS. There is hereby established within the bureau a division of criminal statistics, and the superintendent, within the limits of membership herein prescribed, shall appoint a qualified statistician and one assistant to be in charge thereof. It shall be the duty of this division to collect, and preserve as a record of the bureau, information concerning the number and nature of offenses known to have been committed in the state, of the legal steps taken in connection therewith from the inception of the complaint to the final discharge of the defendant and such other information as may be useful in the study of crime and the administration of justice. The information so collected and preserved shall include such data as may be requested by the United States Department of Justice, at Washington, under its national system of crime reporting.

299C.06 DIVISION POWERS AND DUTIES; LOCAL OFFICERS TO COOPERATE. It shall be the duty of all sheriffs, chiefs of police, city marshals, constables, prison wardens, superintendents of insane hospitals, reformatories and correctional schools, probation and parole officers, school attendance officers, coroners, county attorneys, court clerks, the liquor control commissioner, the commissioner of highways, and the state fire marshal to furnish to the division statistics and information regarding the number of crimes reported and discovered, arrests made, complaints, informations, and indictments, filed and the disposition made of same, pleas, convictions, acquittals, probations granted or denied, receipts, transfers, and discharges to and from prisons, reformatories, correctional schools, and other institutions, paroles granted and revoked, commutation of sentences and pardons granted and rescinded, and all other data useful in determining the cause and amount of crime in this state and to form a basis for the study of crime, police methods, court procedure, and penal problems. Such statistics and information shall be furnished upon the request of the division and upon such forms as may be prescribed and furnished by it. The division shall have the power to inspect and prescribe the form and substance of the records kept by those officials from which the information is so furnished.

299C.12 RECORDS KEPT BY PEACE OFFICERS; REPORTS. Every peace officer shall keep or cause to be kept a permanent written record, in such form as the superintendent may prescribe, of all felonies reported to or discovered by him within his jurisdiction and of all warrants of arrest for felonies and search warrants issued to him in relation to the commission of felonies, and shall make or cause to be made to the sheriff of the county and the bureau reports of all such crimes, upon such forms as the superintendent may prescribe, including a statement of the facts and a description of the offender, so far as known, the offender's method of operation, the action taken by the officer, and such other information as the superintendent may require.

GOALS AND OBJECTIVES

The primary goal of the UCR program in Minnesota is to provide statistical information on the volume and affect of crime. To better equip concerned individuals and agencies to solve the State crime problem, a more encompassing approach involving all aspects of criminal activity was needed. With this in mind, and examining the recommendations of the President's Commission on Law Enforcement and the Administration of Justice, the UCR program became one aspect of the computerized State Criminal Justice Reporting System. This system involves the complete tracking of an offender from the time of arrest, through the courts and the correctional element. From this combined data, a complete criminal history is available for use by the police, courts and corrections in providing assistance in the final goal of increasing the efficiency of their operations.

The major objectives of Minnesota's UCR Program include:

1. Statistics on crime in Minnesota to be used by the Governor, Legislature, Governor's Crime Commission and other concerned individuals within the State.
2. Statistics on crime for administrative and operational use by law enforcement administrators.
3. Statistics on specific criminal offenses to be used in the FBI's national crime reports.
4. Statistics involving the age, sex and race of offenders to determine the proper focus for crime prevention and enforcement.
5. Statistics on crime for researchers to assist in the formation of the causes of crime within a biological, sociological and/or psychological framework.
6. Statistics on crime to measure the workload and effectiveness of the 'current' State Criminal Justice System.
7. Statistics on crime for personnel employed by the criminal justice system to help assist them in improving the efficiency and performance of criminal justice agencies.
8. Statistics on crime to help implement a true coordinational effort of assistance between all criminal justice agencies.

REPORTING PROCEDURE

Through Minnesota's crime reporting statute, participating Minnesota law enforcement agencies are required to submit specified information as determined by the Bureau of Criminal Apprehension. The required information is tallied from the individual agency's internal record of complaints, investigations, miscellaneous reports and arrests. To help achieve a uniformity of reporting throughout the State, a copy of the Minnesota Law Enforcement Records Manual along with the FBI's Uniform Crime Reporting Handbook is offered to each agency. In conjunction with the manuals, numerous training sessions in record and report writing and filing are offered by field representatives of the Bureau's Criminal Justice Information Section. Individual contact with agencies experiencing difficulty in any phase of the Criminal Justice Reporting System is also offered by the field representatives. Verification for authenticity of reports that are submitted are handled by clerical staff at the Bureau or by a special "edit" program written into the computerized Criminal Justice Reporting System. Inconsistencies of report information and minor errors are corrected by telephone or terminal contact. Major errors in UCR reporting methods are handled exclusively by field representatives.

The Bureau, along with the FBI, has established their specific program to measure criminal data activity for both state and federal purposes. The result is a tabulation of the number and type of offenses committed, cases cleared or solved, and the persons arrested. A criminal act may involve several crimes, several persons, and several victims; but all that is necessary for such an act to be reported and recorded by the state and federal programs is one violation. If a given criminal act involves more than one offense, only the most serious offense is counted. "Clearance by arrest" indicates that at least one person was arrested. It does not preclude the fact others may have

also been involved in the offense. Any additional arrests are purely supplemental and are used for each department's record purposes only and not reported under the program.

Another part of criminal data collection involves juvenile offenses and arrests. When reviewing such data it should be remembered that many times juvenile offenses are handled informally within the different agencies and therefore go unreported. In cases where an offense involves both adults and juveniles, and subsequent arrests are made of both, the crime reporting program will indicate this offense to be cleared by the arrest of the adult. Juvenile arrests are used for clearance purposes only in those instances where juveniles alone are involved.

Clearing an offense by the arrest of a person(s) is but one means of indicating such activity. Another involves the clearing of a reported offense by use of the term "exceptionally cleared". An exceptional clearance exists when some element beyond law enforcement action prevents formal charges against the offender. Such a situation might arise if:

1. The offender commits suicide.
2. A double murder occurs (two persons kill each other).
3. The offender dies after making a confession (dying declaration).
4. The offender is killed by a law enforcement officer.
5. The offender confesses to committing the crime while already in custody for another crime or serving a sentence.
6. The offender is prosecuted in another city for a different crime by federal, state or local authorities, or for the same offense, and the other jurisdiction refuses to release the offender.
7. Another jurisdiction refuses to extradit the offender.
8. The victim of a crime refuses to cooperate in the prosecution.
9. The offender is prosecuted for a less serious charge than the one for which he was arrested.

10. The offender is a juvenile who is handled by a verbal or written notice to the parents in instances involving minor offenses.

The count of offenses is taken from the record of complaints received by law enforcement agencies from victims, witnesses, other sources or discovered by them during their own operation. Complaints determined by subsequent investigation to be unfounded are eliminated from the count. Frequently, as much time is necessary for verification of an unfounded reported offense as is used in the solution of an actual reported offense. The resulting number of "offenses actually known to law enforcement agencies" for each crime offense category is reported without regard to whether anyone is arrested, stolen property is recovered, local prosecutive policy, or any other consideration. Reported offenses are recorded by the municipality and county in which they occur, rather than to the agency which may investigate, arrest, or otherwise in some manner dispose of the case. Municipal law enforcement agencies report those crimes which are committed within the cities, county sheriff's departments report those crimes which occur in the counties outside the city. Law enforcement agencies also report on a monthly basis, supplemental offense information such as the value of property stolen and recovered as well as circumstances surrounding homicides. Additional reports of persons arrested are submitted. These reports provide information concerning the age, sex and race of persons arrested by each individual law enforcement agency. Reports of persons arrested are separated as to adults and juveniles.

Crime data and information submitted by municipal and county law enforcement agencies is collected on a daily and semi-daily basis under the new Minnesota Criminal Justice Reporting System program. On an annual basis, employee data for police and sheriffs' departments is collected and disseminated.

"Crime rate" is a term often used in evaluating criminal statistics.

The crime rate represents or equates the number of index crimes per 100,000 in population. Basically, it refers to the comparison of the number of offenses with the number of potential offenses and the number of persons exposed to the risk of the offense. It does not include other variables which might affect the amount of crime within a given area.

CRIME FACTORS

When the current method of crime reporting is considered, several limitations in its accuracy may be immediately recognizable. Law enforcement agencies are not totally to blame because of their capability to only report that which is known to them. In many instances, the very citizens who are themselves "victims" of a crime fail to inform the law enforcement agency of their occurrence. There is a general tendency among the public to not report minor crimes that are "in their eyes" of little consequence. The public may also feel that the law enforcement agency is of little help to them. They may also feel the threat of blackmail or retaliation for participating in a sex, gambling or narcotic offense. The public may also feel the threat of embarrassment for being involved in a crime regarded against the norms of society. Given these factors, much crime is never included in the total state evaluation of the crime problem.

Another element of concern is the actual number of law enforcement agencies reporting crime information. Lack of crime information by delinquent agencies can potentially reduce the accuracy of the crime picture as developed from reported information.

Extraneous conditions beyond the realm of law enforcement also affect the measurement and analysis of crime. These conditions or CRIME FACTORS include, but are not necessarily limited to:

- A. Legislative changes as to what constitutes a criminal offense.
- B. Density and size of the community population and the metropolitan area of which it is part.
- C. Composition of the population with reference particularly to age, sex, and race.
- D. Economic status and mores of the population.

- E. Relative stability of population including commuters, seasonal, and other transient types.
- F. Climate, including seasonal weather conditions.
- G. Education, recreational, and religious characteristics.
- H. Effective strength of the police force.
- I. Standards governing appointments of the police force.
- J. Policies of each of the law enforcement agencies.
- K. Policies of the prosecuting officials and the courts.
- L. Attitude of the public toward law enforcement problems.
- M. The administrative and investigative efficiency of the local law enforcement agency, including the degree of adherence to crime reporting standards.

Information provided in Crime in Minnesota is as accurate as currently available in the State. Crime and arrest statistics should be interpreted with caution when comparing different law enforcement jurisdictions. Reported crimes relate to events while arrests relate to persons. For any one criminal act there may be multiple crimes, multiple offenders and multiple victims.

Given the above considerations, the total crime picture is indeed influenced by many variables. Opponents of the Uniform Crime Reporting System are often vocal in pointing out the inadequacy of this system. Proponents respond by indicating that at the present time there is no other suitable method of collecting criminal statistics. If a better system is developed, tested and offered as a replacement, law enforcement will not hesitate to implement it.

A DESCRIPTION OF UNIFORM CRIME REPORTING OFFENSES AND THEIR CLASSIFICATION

The Bureau of Criminal Apprehension, using the reporting techniques recommended by the FBI, records criminal data submitted by the many law enforcement agencies in the State. The criminal data collected contains information regarding Part I offenses and Part II offenses called to the attention of Minnesota law enforcement agencies.

Part I offenses reflect information on seven "serious" crime classifications and is generally referred to as the "Crime Index" measurement. Part II offenses are represented by twenty-six "less serious" crime classifications.

The seven crimes represented in the Part I offenses include murder, rape, aggravated assault, robbery, burglary, larceny (\$50 and over in value) and auto theft. These crimes were chosen because of their uniformity of definition, total volume, and likelihood of being reported. The crimes of murder, rape, aggravated assault and robbery are also known as "violent crimes". The remaining crimes of burglary, larceny (\$50 in value) and auto theft are labeled as "property crimes". The law enforcement agency may become aware of these crimes in several ways: Reports of its own officers, citizens' complaints, notification from the prosecuting attorney, and from information supplied by court officials.

Part I Offenses (serious crime)

(1) Criminal Homicide - The killing of another person.

- (a) Murder--any unlawful killing of a human being in which the element of malice aforethought was present in the murder.

Manslaughter--any unlawful killing of a human being without the element of malice aforethought is counted as manslaughter.

- (b) Death by Negligence--any death that occurs because of the negligence of some person other than the victim and that is not in the commission of an unlawful act. These are deaths which police investigation establishes as primarily caused by gross negligence.

(2) Forcible Rape*

- (a) Rape by Force--the carnal knowledge of a female forcibly against her will, but excluding statutory rape and other sex offenses.
- (b) Assault to Rape-Attempts--all assaults and attempts to rape.

*Note - Excludes statutory rape.

(3) Robbery--A robbery is defined as the felonious and forcibly taking of the property of another against his will by violence or by putting him in fear. This includes all attempts.

- (a) Armed Robbery-Any Weapon--When any object is so employed as to constitute force or the threat of force, it will be considered a weapon. This would include firearms, knives, clubs, brass knuckles, black jacks, broken bottles, acid, explosives, etc. Cases involving possible pretended weapons or cases involving weapons not seen by the victim but which the robber claims to have with him should be counted in this category.
- (b) Strong Arm-No Weapon--This includes muggings and similar offenses where no weapon is used but strong-arm tactics are employed to deprive the victim of his property. This definition is limited to hands, arms, fists, feet, etc. Include all attempts.

(4) Assault-An assault is an attempt or offer with unlawful force or violence to do physical injury to another. As a general rule all assaults will be classified and scored in this category. Exclude assaults with intent to rob or rape. Excludes simple assault, assault and battery, fighting, etc. These will be scored in the appropriate category.

- (a) Gun-Include all assaults or attempted assaults involving the use of any type of firearm. This includes revolvers, automatic pistols, shotguns, zip guns, pellet guns, etc.
- (b) Knife or cutting instrument-Include all assaults or attempted assaults involving the use of cutting or stabbing objects such as knives or razors, hatchets, axes, cleavers, scissors, glass broken bottles, daggers, ice picks, etc.
- (c) Other Dangerous Weapons-Include all assaults or attempted assaults when an object other than a gun, knife or cutting instrument is used. This includes clubs, bricks, jack handles, bottles, explosives, acid, lye, poisons, scalding water and cases of attempted drownings and burnings etc.

- (d) Hands, fists, feet, etc.-Felony-Include all assaults with hands, fists, feet etc. which could result in a felony conviction. In order to be classified as a felony, victim must suffer great bodily harm.
- (5) Breaking and Entering-Include any unlawful entry or attempted forcible entry of any structure to commit a felony or larceny. As a general rule, score as one offense any unlawful entry or attempted forcible entry of any dwelling, attached structure, public building, shop, factory, storehouse, apartment, house, trailer, warehouse, mill, farm, ship, railroad car, etc. For UCR purposes breaking and entering with larceny is classified and scored only as breaking and entering. This does not include breaking and entering of motor vehicles. These are scored in the larceny category.
- (a) Forcible Entry-Include all offenses where force of any kind is used to unlawfully enter a locked structure such as any of those listed above with intent to steal or commit a felony. This includes entry by use of a master key, celluloid, or other device that leaves no outward mark but is used to open a lock. Concealment inside a building followed by breaking out of the structure should also be scored here.
 - (b) Unlawful Entry-No Force-Include any unlawful entry when you fail to discover any evidence of forcible entry.
 - (c) Attempted Forcible Entry-Include in this category only when your investigation determines that a forcible entry has been attempted.
- (6) Larceny-Theft, (Except Auto Theft)-This category includes the unlawful taking of the property of another with intent to deprive him of ownership. This involves all larcenies and thefts resulting from pocket-picking, purse snatching, shoplifting, larceny from auto, larceny of auto parts and accessories, bicycle theft, larceny from buildings, and larceny from any coin operated machines. Any theft that is not a robbery or any theft that does not result from a breaking and entering shall be scored here. Excludes embezzlements, unlawful conversions, larceny by bailee, frauds or bad checks. Enter all attempted larcenies. Note: When the true or known value of stolen property is not available, estimates based on accepted police methods of property evaluation should be used for the purpose of uniform crime reporting. Larceny offenses have three breakdowns:
- (a) Over \$50 in value
 - (b) \$5 - \$50 in value
 - (c) Under \$5 in value

- (7) Auto Theft-This category includes larceny or attempted larceny of automobiles. Includes all thefts and attempted thefts of motor vehicles. This includes all vehicles which can be registered as a motor vehicle in this state. Excludes incidents in which the alleged offender had lawful access to the vehicle as in a family situation or the unauthorized use by others having lawful access to the vehicle such as chauffeur, employee etc.

Part II Offenses (less serious crime)

- (8) Misdemeanor Assault-This classification consists of all assaults and attempted assaults which are simple or minor in nature.
- (9) Arson: Include all arrests for violation of State law and municipal ordinances relating to arson and attempted arson. This generally includes any willful or malicious burning of a dwelling, church, college, jail, meeting house, public building, ship or other vessel, motor vehicle, aircraft, contents of building, personal property of another, goods or chattels, crops, trees, fences, gates, grain vegetable products, lumber, woods, marshes, meadows, etc. A death resulting from arson will be classified as murder and personal injuries resulting would be classified as assaults.
- (10) Forgery and Counterfeiting: In this class place all offenses dealing with the making, altering, uttering or possessing with intent to defraud anything false in a semblance of that which is true. Include altering or forging public or other records, making, altering forging or counterfeiting coins, plates, banknotes, checks etc. Possessing or uttering forged or counterfeited instruments, signing the name of another or a fictitious person with intent to defraud and all attempts to commit any of the above acts.
- (11) Fraud: This is defined as fraudulent conversion and obtaining money or property by false pretense. Include bad checks, confidence games, etc. except forgeries and counterfeiting.
- (12) Embezzlement: This is the misappropriation or misapplication of money or property entrusted to one's care, custody or control.
- (13) Stolen Property; buying, receiving, possessing-Include in this classification all offenses of buying, receiving, possessing or concealing stolen property as well as all attempts to commit any of these offenses.
- (14) Vandalism-Destruction of Property: This includes all willful or malicious destruction, injury, disfigurement or defacement of any public or private property real or personal without the consent of the owner or person having custody or control by cutting, tearing, breaking, marking, painting, drawing, covering with filth or any other such means as may be specified by law.

- (15) Weapons: This classification includes violation of weapon laws such as manufacture, sale or possession of deadly weapons or silencers, carry deadly weapons, furnishing deadly weapons to minors, aliens possessing deadly weapons, and all attempts to commit any of the above offenses.
- (16) Prostitution and Commercialized Vice: Include in this class the sex offenses, the commercialized nature such as prostitution, keeping bawdy house, disorderly house or house of ill repute, pandering, procuring, transporting or detaining women for immoral purposes, etc., and all attempts to commit any of the above.
- (17) Sex Offenses: This includes all sex offenses other than forcible rape, prostitution, and commercialized vice. This encompasses offenses against chastity, common decency, morals and the like such as adultery and fornication, buggery, incest, indecent exposure, sodomy, carnal abuse (no force) and all attempts to commit any of the above.
- (18) Narcotic Drug Laws: This includes all arrests for the violation of state and local ordinances, specifically those relating to the unlawful possession, sale, use, growing manufacturing and making of narcotic drugs.
- (19) Gambling: Includes all charges relating to promoting, permitting or engaging in gambling.
- (20) Offenses Against Family and Children: Include all charges of non-support, neglect or abuse of family and children by such as desertion abandonment, or nonsupport, neglect or abuse of child, or nonpayment of alimony.
- (21) Driving Under the Influence: This classification is limited to driving or operating any vehicle while drunk or under the influence of liquor or narcotic drugs.
- (22) Liquor Laws: With the exception of drunkenness and driving under the influence, all State or local liquor law violations are placed in this class. Excludes federal violations. Include manufacturing, selling, transporting, furnishing as in maintaining unlawful drinking places. Bootlegging, operating a still, furnishing liquor to a minor and using vehicle for illegal transportation of liquor are included.
- (23) Drunkenness-No longer reported under the UCR program in Minnesota. This offense was repealed in Minnesota on July 1, 1971. (MSS 340.96; C90 s2).
- (24) Disorderly Conduct-Disturbing the Peace: Count all disorderly persons arrested who cannot be classified under Offenses 1, 2, 23 or under offense 25.
- (25) Vagrancy: Place in this classification arrests for failure of an individual to give a good account of himself, begging, loitering, etc.

- (26) All other Offenses: Include in this class every other state or local offense not included in Classes 1 through 25 except traffic. This encompasses abduction and compelling to marry, abortion (death resulting from abortion is homicide) bastardy and concealing death of a bastard, bigamy and polygamy, blackmail and extortion, bribery, contempt of court, discrimination and unfair competition, kidnapping, offenses contributing to juvenile delinquency except as provided for in Classes 1 through 29 such as employment of children in immoral vocations or practices, admitting minors to improper places, etc., perjury, possession, repair manufacturing, etc. of burglary tools, possession or sale of obscene literature and unlawful use, possession etc. of explosives, etc.
- (27) Suspicion: This category is to be used for unknown incidents when the actual offense(s) has not been determined.
- (28) Curfew and Loitering Law Violation (Juveniles). Count all offenses relating to local curfew or loitering ordinances, where such laws exist. Limited to juveniles taken into protective custody who have runaway from the reporting jurisdiction.
- (29) Runaways (Juveniles): Limited to juveniles taken into protective custody under provisions of State Statute.

MINNESOTA OFFENSE INFORMATION

A 1972-1971 STATEWIDE OVERVIEW

Crime Index (serious crimes) The seven major criminal offenses are referred to as the crime index and they are used to evaluate the changes and trends in amounts of crime over designated periods of time.

- The crime index in Minnesota totaled 87,791 actual offenses during 1972 which was -.2 percent lower than the 87,975 actual offenses occurring in 1971.

- The crime rate* represented 2,310.5 per 100,000 in population for 1972, while in 1971 the crime rate was registered at 2,362.8 per 100,000 population.

- Of the total crime index offenses reported in 1972, 14 percent were cleared by arrest or exceptionally cleared. In 1971, 15 percent of the total offenses were cleared by arrest or exceptionally cleared.

- Burglary was the largest category of serious crime reported for Minnesota in 1972 with a total of 36,063 offenses reported. Larceny or theft of over \$50 was the largest category of serious crime reported for the state in 1971 with 34,936 totaled offenses reported.

Violent Crime Violent crime in Minnesota accounted for 12.9 percent of all crime index offenses reported in 1972. There were 6,805 murders, forcible rapes, robberies and aggravated assaults reported for that year. Compared with the 5,977 total offenses reported for 1971, the 1972 figures represent a 14 percent increase in violent crime for the state. The number of violent crimes per 100,000 population in 1972 was 179.1 while in 1971 there were 158.0 per 100,000 population.

*Minnesota crime rates per 100,000 inhabitants are based on a 3,799,660 state population of those agencies who contributed reports in 1972. Crime rates per 100,000 inhabitants are based on a 3,780,797 state population of those agencies who contributed reports in 1971.

- Murder Offenses involving murder totaled 94 in 1972 in Minnesota compared to 89 offenses in 1971, an increase of five percent.

- Forcible Rape Minnesota registered 570 rapes in 1972 compared to 466 offenses in 1971, an increase of 18 percent.

- Robbery There were 3,290 robberies in Minnesota in 1972, compared to 2,987 offenses in 1971, an increase of 9 percent.

- Aggravated Assault Offenses involving aggravated assault numbered 2,851 in 1972 compared to 2,435 aggravated assaults in 1971, an increase of 15 percent.

Property Crime Property crime in Minnesota in 1972 amounted to 82.1 percent of the crime index offenses for 1972. There were a total of 80,986 burglaries, major thefts and auto thefts actually reported in 1972. Compared with the 81,998 offenses reported in 1971, the 1972 figure represents a one percent decrease in property crime for the state.

- Burglary There were 36,063 burglaries in Minnesota in 1972 compared to 33,827 offenses in 1971, an increase of six percent.

- Theft-Larceny (Over \$50) Offenses involving major thefts in Minnesota in 1972 totaled 31,793 offenses compared to 34,936 offenses in 1971, a decrease of 10 percent.

- Auto Theft In 1972, there were 13,130 offenses of auto theft in Minnesota compared to the 13,235 offenses reported in 1971, a decrease of .009 percent is noted.

Total Arrests* Law enforcement agencies within Minnesota's 99.8 percent reporting population area accounted for 79,598 total arrests in 1972. The total number of arrests in 1971 for the state's 98.8 percent reporting population area was indicated at 81,847.+

- Adult Arrests Arrests for adults in 1972 amounted to a 45,610 total, while in 1971 the total number of adult arrests was recorded at 43,730.+

- Juvenile Arrests The total number of juveniles arrested in 1972 for criminal offenses amounted to 33,988. In 1971, the total number of juveniles arrested represented a 38,117+ figure.

*Total arrests represent all arrests for adults and juveniles involved in either a Part I (serious) or Part II (less serious) criminal offense. An arrest in the uniform crime reporting sense refers to a form of detention by depriving an individual of his personal liberties by a form of legal authority.

+This figure excludes the number of arrests involving Drunkenness situations as this offense was repealed within Minnesota on July 1, 1971.

 FIGURE 1

CRIMES OF VIOLENCE

CRIMINAL HOMICIDE - MURDER

Criminal homicide involves those offenses of murder and nonnegligent homicide that are classified as willful felonious deaths as distinguished from deaths caused by negligence. Attempts and assaults to kill are scored as assaults and not as murder. Justifiable or excusable homicides, suicides, and accidental deaths are excluded from this category.

Summary - Analysis

- In 1972, there were 94 homicides reported for the state, with 72 of these offenses cleared by arrest. This reflected a 76 percent clearance rate for that year. Of the 72 offenses that were cleared, four were cleared by the arrest of a juvenile.
- The crime rate for homicide in 1972 was 2.5 per 100,000 population. Six offenses were unfounded, or classified as justifiable or excusable.
- Homicide offenses represented one percent of the total violent crimes with one averaged every 3.9 days.
- In 21 of the homicide cases involving gunshot deaths in 1972, (38.2 percent), the victim was an acquaintance of the offender.

NUMBER OF HOMICIDES AND HOW THEY
WERE COMMITTED DURING 1972
FIGURE 2

FORCIBLE RAPE - INCLUDING ATTEMPTS

Forcible rape is the carnal knowledge of a female using force and committed against her will. Uniform Crime Reporting needs require rape to be divided into two categories: (1) rape by force; and (2) attempted rapes. Statutory rape and other sex offenses are excluded from this category.

Summary - Analysis

- Of the 570 reported actual rapes that occurred in Minnesota in 1972, 413 were rapes by force while 157 were recorded as attempted rapes.
- Of the total rapes occurring in 1972, 306 or 54 percent were cleared by arrest. Of the 306 offenses that were cleared, 28 were cleared with the arrest of a juvenile.
- The crime rate for rape in 1972 amounted to 15 per 100,000 population.
- For the 683 rapes reported in 1972, 113 were listed as unfounded reports.
- In 1972, rape offenses represented eight percent of the total violent crimes with 1.6 averaged each day.

FIGURE 3

N = 570

ROBBERY - INCLUDES ARMED AND STRONG ARMED

Robbery involves the felonious and forcible taking of the property of another, against his will, by violence or by placing the person in state of fear. The crime of robbery necessitates that a victim be present in order for it to be so classified. Robbery is further divided into two distinct categories (1) Armed Robbery - any weapon. Any object which is so employed as to constitute force or threat of force is considered a weapon; and (2) Strong-Arm - no weapon includes muggings, and similar offenses where no weapon is used and strong arm tactics are employed to deprive the victim of his property (limited to hands, feet, arms, fists, etc.) As a general rule, robbery differs from larceny in that it is aggravated by the threat and element of force. An attempt to commit a robbery, either armed or strong arm is counted as if the actual offense did occur.

Summary - Analysis

- Of the 3,290 actual robbery offenses that occurred in Minnesota in 1972, 1,669 were reported as armed robbery and 1,621 offenses were listed as strong armed.
- For the total number of robberies occurring in 1972, 938 or 29 percent were cleared by arrest. Of the 938 offenses that were cleared 253 were cleared with the arrest of a juvenile.
- The crime rate for robberies in 1972 amounted to 86.6 per 100,000 population.
- Of the total 3,481 robberies reported in 1972, 191 offenses were unfounded.
- In 1972, robbery offenses represented 48 percent of the total violent crimes with nine offenses averaged each day.

AGGRAVATED ASSAULT

The definition of assault involves an attempt or offer with unlawful force or violence, to do physical injury to another. An aggravated assault may be committed by a gun, knife, or other cutting instrument, other dangerous weapons such as clubs, or through use of hands, fists, feet. Assault with intent to commit a murder is also listed as aggravated assault.

All assaults where no weapon is used, which result in minor injuries are classified as non-aggravated assaults and are not counted in the crime index totals.

Summary - Analysis

- For the total 2,851 actual assaults occurring in Minnesota in 1972, 2,251 or 79 percent were cleared by arrest. Of the 2,251 assaults cleared by arrest, 277 were cleared with the arrest of a juvenile.
- The crime rate for assaults in 1972 totaled 75 per 100,000 population.
- Of the 3,031 total assaults reported in 1972, 180 were reported as unfounded.
- In 1972, assault offenses accounted for 42 percent of the total violent crimes with 7.8 averaged each day.

CRIMES AGAINST PROPERTY

BURGLARY

Burglary consists of the unlawful entry or attempted forcible entry of a structure to commit a theft or felony, even though no force may have been used to gain entry.

Burglary is divided into three separate classes:

- A. Forcible Entry
- B. Unlawful Entry - No Force
- C. Attempted Forcible Entry

Supplementary information is collected that denotes the time and place of occurrence.

Summary - Analysis

- There were a total of 36,063 actual burglaries reported that occurred in Minnesota in 1972. Of that total, 4,038 offenses were cleared by arrest which amounted to a 11 percent clearance rate. For the total offenses cleared by arrest, 1,907 were cleared with the arrest of a juvenile.
- The burglary rate for 1972 was recorded at 949.1 per 100,000 population.
- Of the total 36,970 burglary offenses reported for the state in 1972, 907 offenses were unfounded.
- In 1972, burglaries represented 44 percent of the total property crimes with 99 averaged each day.

LARCENY - OVER \$50.00

Larceny (theft) is the taking of the personal property of another with intent to permanently deprive him of ownership. The crime index figures count only those larcenies over \$50 in nature. Larceny attempts that are classed as \$50 and under are not included with this crime index category.

Summary - Analysis

- Of the 31,793 actual larceny offenses that occurred in Minnesota in 1972, 2,636 were cleared, representing an eight percent clearance rate. Of the 2,636 larceny offenses that were cleared, 1,094 were cleared with the arrest of a juvenile.
- The larceny rate for the state in 1972 represented 836.7 offenses per 100,000 population.
- Of the total 32,566 offenses reported during 1972, 773 were listed as unfounded.
- The total number of larcenies for 1972 amounted to 39 percent of the total property crime figures with 87.1 averaged each day.

For an analysis of the types of larceny offenses and the amount of property stolen in relation to these offenses, the larcenies of over \$50 must be included with those larcenies of \$5 to \$50 and those larcenies of under \$5 in value. Consequently, the following illustrations will contain information relating to the total number of larceny offenses reported to have occurred in Minnesota during 1972.

AUTO THEFT

Auto theft is the larceny or attempted larceny of a motor vehicle. This includes all vehicles that can be registered as such: "joyriding" thefts are included under this category.

Summary - Analysis

- In Minnesota during 1972 there were 13,130 actual auto thefts reported to have occurred. Of that total, 2,260 were cleared by arrest indicating a clearance rate of 17 percent. Out of the total offenses cleared by arrest, 1,200 were cleared with the arrest of a juvenile.
- Auto thefts in 1972 represented a crime rate of 345.6 per 100,000 population.
- Of the 13,959 auto thefts reported in 1972, 829 offenses were determined to be unfounded.
- In 1972, auto thefts represented 16 percent of the total property crimes with 36 averaged each day.

1972 PROPERTY CRIME INFORMATION FOR MINNESOTA

Information on property stolen and recovered in Minnesota for the offenses of robbery, burglary, larceny and auto theft is reflected in the following table and figure.

Table 1 indicates that the property type category of Miscellaneous had the highest stolen value of property taken in the state for 1972. The Furs category showed the lowest amount of stolen value for property taken during that year. The category of Automobiles had the highest recovered value reported during that year while the Furs category represented the lowest recovered value category. The Automobile category reflected the highest percent of value for recovered property during the year at 77.4 percent. The 6.9 percent figure for the Jewelry/ Metals category is the lowest recovered value for the year.

Figure 14 reflects what proportion of an average dollar was lost to the robbery, burglary, larceny and auto theft offenses during 1972.

MONTHLY VARIATIONS OF OFFENSES

The month of July reflected the highest number of reported serious offenses (Part I) in Minnesota for 1972. The 9,129 offenses for that month was followed by the months of June and August which indicated 8,496 offenses and 8,458 offenses respectively. In 1972, the month registering the lowest number of serious offenses was December, with 5,502 reported incidents.

For the total number of less serious crime reported (Part II) in the state for 1972, the month of April showed the highest number of offenses with 8,816. The month of December registered the least amount of less serious crime with 4,951 offenses recorded.

Of the total amount of serious and less serious crime reported for Minnesota in 1972, the month of July reflected the highest number of offenses reported with 22,301. December showed the least amount of crime reported with 12,841 offenses.

MINNESOTA ARREST INFORMATION

MINNESOTA ARREST INFORMATION

Arrest information for Minnesota in 1972 is presented with a state total concerning age, sex and race factors along with an urban-rural comparison. Data has also been tabulated for the specific kinds of narcotic arrests and the individuals so involved.

The total number of arrests involving criminal offenses in the state for 1972 was +79,598 with 65,252 males and 14,346 females arrested. Compared with the +88,774 arrest total (73,343 males - 15,431 females) for 1971, the 1972 figure represents a 11.0 percent reduction in males arrested and a 7.0 percent reduction in females arrested.

There are significant facts to remember when arrest data is evaluated. One arrest situation is counted for each time an individual is arrested whether it be several times a year for one type of offense or for different offenses.

As stated previously, an arrest situation constitutes a form of detention for uniform crime reporting purposes. Because police arrest activities often vary, especially with relation to juveniles, the reporting agencies are instructed to count one arrest each time a person is taken into custody for committing a specific crime. The FBI's instructions state that,

"A juvenile is counted as a person arrested when he commits an offense and the circumstances are such that if the offender were an adult an arrest would be made." (x)

- (+) Based on detailed arrest information received by the BCA.
- (x) "Crime in the United States" - Uniform Crime Reports - 1972 Annual FBI, Washington D.C. p.119.

NARCOTIC ARRESTS IN MINNESOTA

Narcotic arrest information for the state in 1972 involved 4,213 arrest situations with 3,599 males and 614 females arrested. Persons of younger age groups comprise the greatest portion of the arrests with those seventeen years and under (1,758) representing 58.3 percent of all arrests and those under twenty-one years (3,024) 71.8 percent. Race information available on 4,210 arrest situations show White to have the highest numbers arrested (3,869) followed by Indian with 162, Negro with 162 and all other with 17 arrests. Compared with the 1971 figure for narcotic arrests (3,573), the 1972 amount indicates a 17.9 percent increase.

Since 1967, there has been a 436.0 percent increase in the number of narcotic arrests within the state. The years of 1967-1968 and 1969-1970 reflect the highest increases in numbers of arrests with 179.3 percent and 125.9 percent, respectively.

REGIONAL AND URBAN-RURAL
OFFENSE INFORMATION

LAW ENFORCEMENT AGENCIES CONTRIBUTING

To assure an accurate interpretation of the data presented in this report, the exact number of law enforcement agencies submitting information must be indicated. Specifically, reports are collected for urban places (cities and towns) and rural areas according to the definitions of Uniform Crime Reporting. The police departments report information for cities of 2,500 inhabitants and over, while the sheriff's departments collect information for the rural areas (also included are those cities of under 2,500 population).

The Bureau requests that information from all reporting agencies be submitted regularly. Minnesota's continued high rate of agency participation indicates an ever-increasing amount of information being returned for analysis. Since 1936 the average percent of sheriff's departments submitting information has been 92.4, while the average for police departments forwarding information has been 95.2 percent. The 99.2 percent contribution figure for 1972 is further evidence of the high degree of cooperation reflected by those agencies submitting information. (Table 10).

COMPARISON OF CRIME BY REGIONS - 1972

The regional breakdown of crimes and arrests within Minnesota often provides a more exacting measurement of the volume of crime based on specific areas. For specific information, the regional distinctions evaluated in this report are based on the seven State Planning Regions of the Governor's Crime Commission.

Region G, which is the most densely populated geographical section for the entire state, recorded the highest number of reported Part I offenses (66,256) and Part II offenses (57,569) of all regions. Three-quarters of the state's Part I offenses occurred in this region, while two-thirds of the Part II offenses were registered from this area. Close to ninety percent of the state's violent crimes were recorded from this section and approximately seventy-five percent of all property crime was represented by this region. The largest portion of arrests for Part I and Part II offenses were also registered from Region "G". There were 17,829 arrests for Part I violations compared to 29,237 arrests for Part II offenses.

The least populated region of the state, Region A, recorded the smallest amount of Part I offenses with 1,444. Region E registered the second lowest amount of Part I offenses with 1,774. Each of these Regions experienced approximately two percent of the total Part I offenses for the state. Region C, with 2,936 offenses, recorded the lowest number of Part II offenses followed by Region A with 2,976 offenses. These two Regions each accounted for three percent of the total Part II offenses of Minnesota. The least amount of Violent crime and Property crime reported for the state was submitted by Region A, with 46 and 1,398 offenses respectively.

The Region registering the highest clearance rate for Part I and Part II offenses in 1972 was Region "E". This region showed a 19 percent clearance rate for Part I offenses and a Part II offense clearance rate of 69 percent.

COMPARISON OF URBAN-RURAL CRIME OFFENSES FOR 1971- 1972

Urban-rural crime comparison by offense offers information to agencies to evaluate the difference of geographical locations or in determining the possibility of crime occurring. The information that is available must be interpreted with caution as it gives a general indication of urban-rural crime only and does not represent data that can be applied to any one specific agency. Variations in crime are caused by a multitude of crime factors, which have been listed previously in this report. The information that is presented in this section lists the numbers of specific criminal offenses that have been reported to the appropriate urban or rural law enforcement authority. (TABLE 13)

Of additional value is the ratio of urban to rural crime offenses for the 1972 period. The ratio is nothing more than the amount of one particular criminal offense for the urban area as compared with the amount of one particular offense for the rural area. A ratio of 11:1 aggravated assaults indicate that for every eleven offenses of aggravated assault in an urban area, the rural area experienced one aggravated assault. (TABLE 14)

MINNESOTA LAW ENFORCEMENT EMPLOYEE INFORMATION
SHIFT AND PATROL DATA

LAW ENFORCEMENT CODE OF ETHICS

As a Law Enforcement Officer, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all men to liberty, equality and justice.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession...law enforcement.

MINNESOTA LAW ENFORCEMENT EMPLOYEE INFORMATION

Vital information other than Uniform Crime Reporting, is also collected that evaluates the number of law enforcement employees within the state and also, the extent of law enforcement personnel who have been assaulted and/or killed. The data from those county (sheriff) and municipal (police) agencies reporting is collected and tabulated annually. In 1972, approximately 76 sheriffs and 145 police departments submitted information.

Law Enforcement Employee Rates

The average number of full time law enforcement personnel in 1972 (including sworn and civilian) amounted to 1.4 employees per each 1,000 residents of the state. The average number of sworn personnel (excluding civilian) amounted to 1.2 employees per 1,000 population. The contributing law enforcement agencies averaged one full-time civilian employee to 7.6 full-time sworn personnel. It should be added that these figures represent the averages as derived from the submitted data and is not the recommended ratios for Minnesota law enforcement agencies. The average ratio of law enforcement personnel for any given community may, and does, vary according to a number of community and policing factors.

In 1972, the reporting sheriffs departments indicated 1,087 sworn personnel employed as against 152 civilian personnel which amounted to a total of 1,239 employees. The police departments reported to have 3,540 sworn personnel in 1972 as compared with 454 civilian employees. The total amount of municipal employees equaled 3,994 personnel.

ASSAULTS ON MINNESOTA LAW ENFORCEMENT OFFICERS
LAW ENFORCEMENT OFFICERS KILLED

LAW ENFORCEMENT PERSONNEL ASSAULTED AND/OR KILLED

Information concerning law enforcement personnel assaulted and/or killed during 1972 was tabulated from reports received from 116 agencies. There were a total of 500 assaults recorded in Minnesota for that year. Of that total; 379 involved hands, fists, feet, 60 were attributed to firearms, 40 involved some other dangerous weapon while 21 were committed by a knife or a cutting instrument. 309 of the assaults involved no personal injury to the law enforcement officer while 191 registered some form of personal injury. The type of activity most responsible for the assault situations was responding to "Disturbance Calls" with 186 incidents. Of the total assault situations, 465 were cleared by the law enforcement agencies. The most frequent time of assaults was indicated as between 10 p.m. - 12 p.m. with 109 confrontations. The type of assignment most frequently registered with assaults during the year was a two-man vehicle situation (220 incidents).

There were four deaths of law enforcement officers in Minnesota during 1972. The time of their deaths and the circumstances describing the assault and killing are described below:

FEBRUARY

While attempting service of a mental commitment order, a Minneapolis, Minnesota, Police Department patrolman, white male, 57 years old, was shot and killed with a .38 caliber revolver. The victim officer, his partner, and two county deputies attempted to serve the order at the apartment of the subject, a white male, 49 years old. Admittance of the officers was refused and the victim officer forced in the apartment door. The subject allegedly then fired a pistol at the officers, fatally wounding the victim officer in the head. The other officers escaped injury. The subject was apprehended shortly thereafter at the apartment building.

JUNE

According to a report of the Redwood County, Minnesota, Sheriff's Office, a deputy sheriff, a white male, 31 years old, was shot and killed with a 16 gauge shotgun while answering a disturbance call of a person with a gun. When the officer drove up to the subject, a white male, 16 years old, the subject turned and shot the officer. The subject then fired several shots into the patrol vehicle and fled to a nearby field where he committed suicide.

AUGUST

A Roseville, Minnesota, Police Department detective, white male, 48 years old, was shot and killed by a bank robbery subject in a residential area near the bank that had just been robbed. The victim officer was looking for the subject, a white male, 21 years old. He saw him behind a tree in the back yard of a home. The subject allegedly shot the detective with a .38 caliber revolver. The victim officer was struck in the right chest. The subject was arrested a short time later in the same neighborhood by other officers.

SEPTEMBER

The Minneapolis, Minnesota, Police Department advised that a lieutenant, a white male, 41 years old, was shot and killed with a .38 caliber revolver while attempting to apprehend robbery subjects. The victim officer, while off-duty, confronted two subjects attempting to hold-up a liquor store. The victim officer wrestled with the two subjects in an attempt to arrest them. During this struggle the subjects allegedly shot the victim officer and took his service revolver. The two subjects fled the scene in a stolen vehicle and were later apprehended by local authorities. Both subjects, white males, 21 years old, were charged with this crime.

GLOSSARY OF TERMS

ADULT - For Minnesota Uniform Crime Report purposes, a person aged 18 or above.

ARREST RATE - The number of arrests reported for Part I and Part II offenses for each unit of population, generally per 100,000. Arrest rates are computed in the same manner as crime rates.

CLEARED BY ARREST - For crime reporting purposes, an offense is cleared by arrest or solved when at least one person is (1) arrested, or (2) charged with the commission of the offense.

COUNTY - Subdivisions of a state, each with its own government, including sheriff's department.

CRIME FACTORS - Conditions which affect the amount and type of crime that occurs in a geographical area. (See page 10 for list of Crime Factors.)

CRIME INDEX - The sum total of seven major offenses used to measure the extent, fluctuation and distribution of crime in a given geographical area. Crime classifications used in the index are: Murder, Forcible Rape, Robbery, Aggravated Assault, Burglary, Larceny (\$50 and Over) and Auto Theft. Each of these offenses is referred to as an "Index Offense".

CRIME RATE - The number of index offenses reported for each unit of population, generally per 100,000 persons. Crime rates are computed for communities with varying populations by dividing the number of Index Crimes by the population and multiplying the answer by 100,000. (Example: 500 Index Offenses divided by 10,000 population x 100,000 = 5,000 Crime Rate.)

EXCEPTIONAL CLEARANCE - A crime solution or clearance recorded when some element beyond law enforcement control precludes the placing of formal charges against an offender. (See pages 7 - 8 for a listing of examples of exceptional clearances.)

JUVENILE - For Minnesota Uniform Crime Report purposes, a person under the age of 18.

MUNICIPALITY - City or town that has its own government, including police dept.

PART I OFFENSES - The first of two main categories of crime classes composing a universal crime classification system established for crime reporting purposes. Part I offenses are by their nature more serious and occur most frequently. The monthly tabulation of Part I offenses provides a count of "offenses known". (See pages 12 - 15 for a listing of these offenses.)

PART II OFFENSES - The second of two main categories of crime classes composing a universal crime classification system established for crime reporting purposes. Part II offenses are generally less serious in nature. Monthly tabulations of Part II offenses are included in Minnesota's crime information report. (See pages 15 - 17 for a list of these offenses.)

PROPERTY CRIME - Consists of the Index Offenses of Burglary, Larceny (\$50 and over) and Auto Theft.

VIOLENT CRIME - Consists of the Index Offenses of Murder, Forcible Rape, Robbery and Aggravated Assault.
