ADVISORY COMMITTEE TO THE PROGRAM COMMITTEE OF THE HEALTH PROFESSIONALS SERVICES PROGRAM

Legal Basis: M.S. 214.32

HEALTH PROFESSIONALS SERVICES PROGRAMS

1380 ENERGY LANE, #202

ST PAUL, MN 55108

Telephone: 651-643-3456

Appointing Authority: Program Committee to the Health Professionals Service Program

Compensation: None

Powers and Duties include: The Health Professionals Services Program (HPSP) is designed to monitor the treatment and continuing care of regulated health professionals who may be unable to practice with reasonable skill and safety, if their illness is not appropriately managed. The enabling legislation provides a non-disciplinary tool for health licensing boards to deal with impaired health professionals who recognize their illness and the need for continuing care and/or practice limitations. The committee will provide input to the program committee, program and board staff.

Member Restrictions include: An advisory committee is established to advise the program committee consisting of: (1) one member appointed by each of the following: the Minnesota Academy of Physician Assistants, Minnesota Dental Association, Minnesota Chiropractic Association, Minnesota Licensed Practical Nurse Association, Minnesota Medical Association, Minnesota Nurses Association, and Minnesota Podiatric Medicine Association; (2) one member appointed by each of the professional associations of the other professions regulated by a participating board not specified in clause (1); and (3) two public members, as defined by section 214.02. Members of the advisory committee shall be appointed for two years and members may be reappointed. Additional Information on how appointments are made: Biennial Notice of Appointments to Program Manager. Biennially on November 1 of odd-numbered years the program manager will notify each participating association of the need to make a new appointment or confirm the continuation of the current appointee by the coming January 15. Each participating association must notify the program manager in writing on or before January 15 of the even-numbered year of who their representative is and who their alternate is (if they use an alternate). HPSP does not offer members a per-diem (payment) for participating on the committee. Participation on the committee is voluntary. "Public member" means a person who is not or never was, a member of the profession or occupation being licensed or regulated or the spouse of any such person, or a person who does not have or has never had, a material financial interest in either the providing of the professional service being licensed or regulated or an activity directly related to the profession or occupation being licensed or regulated.

Summary of Activities include: See Powers and Duties. The HPSP is invested in obtaining public member participation on the advisory committee to the program committee. Public members must meet the definition described in Minnesota Statutes 214.02. Ideally, public members are interested in enhancing public safety in health care by promoting early intervention, diagnosis, and treatment of health professionals with potentially impairing illnesses; and by providing monitoring services as an alternative to board discipline. HPSP will attempt to obtain public members by asking current advisory committee members for the names of potentially interested persons. Please note that Minnesota Statutes 214.02 restricts many interested persons from being appointed as a public member.

Meetings are held at: 2829 University Avenue, Minneapolis.

Concerns on agricultural chemicals and a request for biomonitoring was presented to the panel by a community member from North Central Minnesota.

A sub-committee group was created by three members of the Advisory Panel to review information that program staff had collected on the use of chemicals in North Central Minnesota. The sub-committee then worked to create a recommendation that was presented to the full Advisory Panel at the June 14, 2016 meeting.

The Advisory Panel heard recommendations related to the MN FEET project and the agricultural chemicals in North Central Minnesota. These recommendations were voted on, and approved by, the Advisory Panel during the June 14, 2016 meeting.

MN SENTENCING GUIDELINES COMMISSION

Legal Basis: M.S. 244.09.
309 ADMINISTRATION BUILDING
50 SHERBURNE AVENUE
ST. PAUL, MN 55155
Telephone: 651-296-0144

Appointing Authority: Governor and Chief Justice of the Supreme Court

Compensation: \$50 per diem (for citizen members) plus expenses

Powers and Duties include: The Legislature established the commission for the purpose of developing and maintaining rational and consistent sentencing standards which reduce sentencing disparity, increase proportionality in sanctions, and ensure more equitable and uniform sentencing for convicted felons. The following are the specifically stated goals of the sentencing guidelines system. 1) To promote public safety by recommending the harshest sanctions for violent offenders who pose the greatest danger to public safety and coordinating sentencing practices with correctional resources to assure that prison resources are available for these violent offenders. 2) To promote uniformity in sentencing so that offenders who are convicted of similar types of crimes and have similar types of criminal records are similarly sentenced. 3) To establish proportionality in sentencing by recommending the most severe sanctions for those offenders who are convicted of serious violent offenses even with no criminal record, those who have repeat violent criminal records, and those who have more extensive nonviolent criminal records. 4) To provide truth and certainty in sentencing by having the judge pronounce a fixed sentence that requires the offender to serve at least two thirds of the pronounced time as opposed to an indeterminate and symbolic sentence of zero to the statutory maximum sentence and a parole board that ultimately decides when to release an offender. 5) To coordinate sentencing practices with correctional resources by informing the Legislature of the impact of the existing sentencing policy on correctional resources and the impact of any proposed changes to the sentencing system. To achieve the mission and goals stated above, the agency and commission evaluate sentencing policy and practices, modifies sentencing policy; determines the impact of policy on correctional resources; and provides training, implementation, and information services to the criminal justice community and the public. The criminal justice system is extremely dynamic and the commission must consider whether to make changes to the

Fiscal Year 2016 Open Appointments Annual Compilation and Statistical Report

sentencing guidelines in order to continue to fulfill its mission. The commission presents recommendations to the Legislature each year for changes to the sentencing guidelines.

Member Restrictions include: The 11 members include one judge of the Court of Appeals and one district court judge to be appointed by the Chief Justice of the Supreme Court; one public defender; one county attorney; one peace officer; one probation officer; three public members, one of whom must be a victim of a crime defined as a felony; and the Chief Justice of the Supreme Court and the commissioner of Corrections or their designees. The term of any member appointed or reappointed by the governor after the first Monday in January is coterminous with the governor.

Summary of Activities include: The sentencing guidelines have been in effect since 1980. The guidelines have provided more uniform and proportional sentences for convicted felons. The Commission appropriately modifies the guidelines each year to accommodate new laws, address problems with the guidelines, or address other concerns about sentences. The research and monitoring functions of the agency have provided critical and important information to policy makers, including information on the impact of new laws and policies on correctional resources.

Meetings are held at: Meetings have been routinely held within the Capitol Complex.
