**Subject: Annual Report on Obsolete, Unnecessary, or Duplicative Rules, as Required by
Minnesota Statutes, Section 14.05, Subdivision 5.**

Dear Governor Dayton, Senators, Representatives, and Revisor Marinac:

Minnesota Statutes, section 14.05, subd. 5, directs the Minnesota Department of Labor and Industry to report to you by December 1 of each year whether any of its rules are obsolete, unnecessary, or duplicative of other state or federal statutes or rules.

The Minnesota Department of Labor and Industry does not have any new rules to report as obsolete, unnecessary, or duplicative.

Last year the Department of Labor and Industry identified the following rules as obsolete.

Minnesota Rules, Chapter 5228, Workers' Compensation; Fraud Unit (the entire chapter): The rules refer to the Department of Labor and Industry's Fraud Unit, which was transferred to the Minnesota Department of Commerce. The Department is in the process of repealing chapter 5228 using the good cause rulemaking process in Minn. Stat. § 14.388.

Minnesota Rules, Chapter 5226, Elevator Permit and Fee Requirement (the entire chapter): The permit and fee requirements for elevators were relocated to Minnesota Rules, Chapter 1307, Elevators and Related Devices. Therefore, Chapter 5226 is obsolete. We will seek repeal of these rules in 2017 legislation.

Very truly yours,
