STATE LIBRARY SERVICES

State Library Services, a division of the Minnesota Department of Education, is the Minnesota state library agency. The state library provides leadership and support to the Minnesota library community in planning, developing and implementing high-quality library and information services statewide. State Library Services administers federal and state grants-in-aid programs for libraries.

Vision Statement

State Library Services, acting as the State Library Agency for the Minnesota Department of Education, leads in developing, planning and implementing excellent library and information services statewide. The State Library Agency ensures that Minnesota libraries and their communities have access to the present and future information resources they need through partnerships with public information and cultural institutions.

Mission Statement

To provide the library services and information resources needed by Minnesotans, the Minnesota State Library Agency will:
  • Administer statewide library services;
  • Develop and implement standards of accountability of state and federal funding recipients;
  • Develop and implement statewide and regional library services, initiatives and programs;
  • Implement statewide planning and evaluation for library development for all types of libraries;
  • Develop and implement standards for libraries;
  • Provide leadership for career and education opportunities;
  • Certify library eligibility for state and federal assistance;
  • Advise the governor, the legislature and regional and local governing bodies on library-related issues; and
  • Facilitate partnerships between libraries and other agencies.

Minnesotans deserve equitable access to library services and information resources regardless of geographic location, economic or social status, cultural background, age, or level of intellectual or physical ability. The library network of trustees, friends, librarians, administrators and their communities must work together to voice their concerns and support for equitable access to their funding entities, including their congressional, legislative, county and city officials. This collaboration will help to foster a more informed citizenry, a stronger democracy, and more economically viable communities statewide.
State Library Services operates the Minnesota Braille and Talking Book Library, located in Faribault.

To inquire about services, programs, data collection and publications, contact State Library Services, Minnesota Department of Education, 1500 Highway 36 West, Roseville, MN 55113-4266. Phone: 651-582-8791.

TABLE OF CONTENTS

NOTES, GLOSSARY AND CORRECTIONS TO 2008 REPORT

1. Officially, as cited on 2009 Statistical Highlights, page i, Minnesota has 138 public library administrative agencies responsible for 360 library buildings. The Minneapolis Public Library merged with the Hennepin County Library as of January 1, 2009. Additionally, the Faribault County Library ceased to exist in August 2009. All its data is included in this report except for its collection.

2. New Data Elements and Tables
   Advances on the Internet has increased the availability of downloadable library resources such as books, music and films. To track this trend of increased online materials, new data sets and new tables have been created.
   a   A new table set provides a tally of databases, e-books and downloadable audio and videos and their funding sources. The data are provided in a state summary, by regional public library system and individual libraries by region.
   b   A separate table provides the number of internet-access computers and estimates for the annual number of sessions these computers are used annually.

   Young adult programming and young adult attendance were counted for the first time in 2009. This additional information is included in tables that also provide children and adult programming and attendance and meeting room use.

   Total Weekly Operating Hours has been added to the table that provides staff and number and types of outlets.

3. Discontinued Information
   The Institute of Museum and Library Services has discontinued providing the following national data and Minnesota state rankings, which is published on page 59:
   a   Percentage of MLS/Librarians to all Librarians
   b   Local percentage of all revenue
   c   State percentage of all revenue
   d   Federal percentage of all revenue
   e   Other percentage of all revenue
   f   Other expenditures per capita
   g   Collection expenditures as percentage
   h   Staff expenditures as percentage
   i   Other Expenditures as percentage

4. Three regional public library systems, Metropolitan Library Service Agency (MELSA), Southeastern Libraries Cooperating (SELCO) and Traverse des Sioux Library System (TdS) provide support services to their member libraries that benefit library users but do not work directly with the public. When applicable, most notably in the financial report sections, their data are included in the regional and statewide summaries.

5. The Traverse des Sioux (TdS) Regional Library system previously included its members' resident and reciprocal borrowers in its totals, thus essentially doubling the total for those measures. Starting with the 2009 data, TdS is exclusively reporting only resident and reciprocal cards that it issues.

6. State funds that federated member libraries receive from their respective regional public library system or multicounty multitype cooperative system are listed in the Other revenue category to avoid a double count of state revenue.

7. Federal operating revenue of $425,167(pages i, 2, 6, 9 and 34-39) includes Library Services and Technology Act (LSTA) funds allocated to regional public library systems or individual public libraries only. The total LSTA amount in this document excludes other LSTA expenditures. The total LSTA funds received for state fiscal year 2009 was $1,942,646.

8. State operating revenue (pages i, 2, 6, 9 and 34-39) includes funds allocated to regional library systems or individual libraries. The state dollar amount does not include the $900,000 annual appropriation to support the Electronic Library for Minnesota databases, which are available at all affiliated public libraries.

9. Populations of the 12 regional public library systems are based on the 2009 county population estimates of the Minnesota State Demographic Center. In 16 cases, cities straddle two or more regional library systems. The regional system populations are adjusted so that just one system accounts for the entire population.

10. Individual library populations are estimated by the library directors. Because of overlapping estimates by directors, often the sum of populations of members of a regional system exceeds the population of the regional public library system.

11. The survey, data element definitions, and individual public library annual reports are available at State Library Services statistics Webpage, **http://education.state.mn.us/MDE/Learning_Support/Library_Services/Minnesota_Libraries_and_Librarians/Library_Statistics/index.html**

12. An unaffiliated library is one whose city has decided not to be a member of a regional public library system. Their status prohibits them from receiving any state-derived benefits. The five cities in this status are Clarkfield, Crosby, East Grand Forks, Hendricks, and Taylors Falls.

13. Reciprocal borrowing is defined as occurring when an individual whose residence is in one regional public library system personally borrows materials from a library located in a different regional public library system. An interlibrary loan occurs when a request for materials is made remotely and the material is transported to the library of choice of the individual.

14. Tables and data were compiled by Bruce Pomerantz, Library Development and Services Specialist. Data about Minnesota public libraries not available through this publication may be requested by telephoning 651-582-8890 or emailing bruce.pomerantz@state.mn.us**.**

CORRECTIONS TO THE 2008 PUBLIC LIBRARY STATISTICS
A. The 2008 compilation, in the Systems Summaries section, transposed certain data between the Southeastern Libraries Cooperating and Traverse des Sioux Regional Library System on page 3 in the Library Cards, Visits, Reference and Circulation table. The totals for these two are:

COMMON NAME/LOCATION	Population	Resident Cards	Total Cards	Visits	Reference	Total Circulation	Children's Circulation	%	Adult Circulation	%	Other Circulation	%
SELCO REGION	490,018	251,891	275,701	2,520,570	282,588	5,116,822	2,068,382	40.4%	3,012,717	58.9%	35,723	0.7%
TDS REGION	225,264	96,228	105,181	1,180,622	115,448	1,998,913	794,439	39.7%	945,133	47.3%	259,341	13.0%

The data in the section that provides the data by individual library by region on pages 13 and 14 are correct.

B. The 2008 compilation, in the Systems Summaries section, transposed data between Lake Agassiz Regional Library System and Metropolitan Library Service Agency on page 4, in the Internet Computers, Internet Users, Programming and Stations table. The totals for these two are:

COMMON NAME/LOCATION	Population	Internet Computers	Internet Users	Children's Programs	Children's Attendance	Adult Programs	Adult Attendance	Meeting Room Use	Stations
Lake Agassiz Regional	137,801	119	153,621	1,596	42,022	631	6,287	1,026	14

[a]National and state data and rankings 2007 through 2009 come from the serial *Public Libraries in the United States*, published by the Institute of Museum and Library Services.

[b]Minnesota data for 2007-2009 as calculated by the Institute of Museum and Library Services excludes three regional systems which function only as library support agencies: Metropolitan Library Services Agency, Southeastern Libraries Cooperating and Traverse des Sioux Library System. State Library Services includes these library support agencies in its calculations. (See Note 1, page vii.) Consequently, the percentages and per capita amounts in this table may not agree with the data elsewhere in the report.

[c]All dollar figures are given in current dollars.

[d]The national data and rankings include the 50 states and the District of Columbia.

[e] Minnesota 2009 data include the three regional public systems which function only as library support agencies. The Institute of Museum and Library Services excluded data by these three agencies. (See b above). Consequently, 2009 data compiled by the Institute of Museum and Library Services on this page may differ from other data within the same category in other tables in this publication.

[g]ALA/MLS signifies a person with a Masters of Library Science degree from a graduate program accredited by the American Library Association.
