MANAGEMENT AND COMPLIANCE REPORT

HORIZON PUBLIC HEALTH
ALEXANDRIA, MINNESOTA

YEAR ENDED DECEMBER 31, 2016

Description of the Office of the State Auditor

The mission of the Office of the State Auditor is to oversee local government finances for Minnesota taxpayers by helping to ensure financial integrity and accountability in local governmental financial activities.

Through financial, compliance, and special audits, the State Auditor oversees and ensures that local government funds are used for the purposes intended by law and that local governments hold themselves to the highest standards of financial accountability.

The State Auditor performs approximately 150 financial and compliance audits per year and has oversight responsibilities for over 3,300 local units of government throughout the state. The office currently maintains five divisions:

Audit Practice - conducts financial and legal compliance audits of local governments;

Government Information - collects and analyzes financial information for cities, towns, counties, and special districts;

Legal/Special Investigations - provides legal analysis and counsel to the Office and responds to outside inquiries about Minnesota local government law; as well as investigates allegations of misfeasance, malfeasance, and nonfeasance in local government;

Pension - monitors investment, financial, and actuarial reporting for approximately 650 public pension funds; and

Tax Increment Financing - promotes compliance and accountability in local governments' use of tax increment financing through financial and compliance audits.

The State Auditor serves on the State Executive Council, State Board of Investment, Land Exchange Board, Public Employees Retirement Association Board, Minnesota Housing Finance Agency, and the Rural Finance Authority Board.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Independent Auditor's Report

Horizon Public Health Board
Horizon Public Health
Alexandria, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the General Fund of Horizon Public Health (Horizon) as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise Horizon's basic financial statements, and have issued our report thereon dated August 28, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Horizon Public Health's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Horizon's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Horizon's internal control over financial reporting.

A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting such that there is a reasonable possibility that a material misstatement of Horizon's financial statements will not be prevented, or detected and corrected, on a timely basis. A

significant deficiency is a deficiency, or combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit the attention of those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit, we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control over financial reporting, described in the accompanying Schedule of Findings and Questioned Costs as items 2015-001 and 2015-002, that we consider to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Horizon Public Health's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Minnesota Legal Compliance

The *Minnesota Legal Compliance Audit Guide for Counties*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, contains seven categories of compliance to be tested in connection with the audit of Horizon's financial statements: contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and tax increment financing. Our audit considered all of the listed categories, except that we did not test for compliance with the provisions for contracting and bidding, public indebtedness, and tax increment financing because Horizon did no contracting in 2016, has no public indebtedness, and administers no tax increment financing districts, respectively.

In connection with our audit, nothing came to our attention that caused us to believe that Horizon Public Health failed to comply with the provisions of the *Minnesota Legal Compliance Audit Guide for Counties*. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding Horizon's noncompliance with the above referenced provisions.

Horizon Public Health's Response to Findings

Horizon Public Health's responses to the internal control findings identified in our audit are described in the Corrective Action Plan. Horizon's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting, compliance, and the provisions of the *Minnesota Legal Compliance Audit Guide for Counties* and the results of that testing, and not to provide an opinion on the effectiveness of Horizon's internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Horizon's internal control over financial reporting and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

Independent Auditor's Report

Horizon Public Health Board
Horizon Public Health
Alexandria, Minnesota

Report on Compliance for the Major Federal Program

We have audited Horizon Public Health's (Horizon) compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on Horizon's major federal program for the year ended December 31, 2016. Horizon Public Health's major federal program is identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for Horizon Public Health's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred.

An audit includes examining, on a test basis, evidence about Horizon Public Health's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of Horizon's compliance with those requirements.

Opinion on the Major Federal Program

In our opinion, Horizon Public Health complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended December 31, 2016.

Report on Internal Control Over Compliance

Management of Horizon Public Health is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Horizon's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Horizon's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit the attention of those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities and the General Fund of Horizon Public Health as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise Horizon's basic financial statements. We have issued our report thereon dated August 28, 2017, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Horizon Public Health's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards (SEFA) as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) is presented for purposes of additional analysis and is not a required part of the basic financial statements. The SEFA is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the SEFA is fairly stated in all material respects in relation to the basic financial statements as a whole.

Purpose of This Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED DECEMBER 31, 2016**

I. SUMMARY OF AUDITOR'S RESULTS

Financial Statements

Type of report the auditor issued on whether the financial statements audited were prepared in accordance with generally accepted accounting principles: **Unmodified**

Internal control over financial reporting:

- Material weaknesses identified? **No**
- Significant deficiencies identified? **Yes**

Noncompliance material to the financial statements noted? **No**

Federal Awards

Internal control over major program:

- Material weaknesses identified? **No**
- Significant deficiencies identified? **None reported**

Type of auditor's report issued on compliance for the major federal program: **Unmodified**

Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a)? **No**

The major federal program is:

Medical Assistance Program

CFDA No. 93.778

The threshold for distinguishing between Types A and B programs was \$750,000.

Horizon Public Health qualified as a low-risk auditee? **No**

II. FINDINGS RELATED TO FINANCIAL STATEMENTS AUDITED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

INTERNAL CONTROL

PREVIOUSLY REPORTED ITEMS NOT RESOLVED

Finding Number 2015-001

Segregation of Duties

Criteria: A good system of internal control provides for an adequate segregation of duties so that no one individual handles a transaction from its inception to completion.

Condition: Horizon Public Health (Horizon) has one person who is responsible for billing, collecting, recording, and depositing receipts.

Context: Due to the limited number of personnel within Horizon, segregation of the accounting functions necessary to ensure adequate internal accounting control is not possible. This is not unusual in operations the size of Horizon; however, Horizon's management should constantly be aware of this condition and realize that the concentration of duties and responsibilities in a limited number of individuals is not desirable from an accounting point of view.

Effect: Inadequate segregation of duties could adversely affect Horizon's ability to detect misstatements in amounts that would be material in relation to the financial statements in a timely period by employees in the normal course of performing their assigned functions.

Cause: Horizon has informed us that it does not have the economic resources needed to hire additional qualified accounting staff in order to adequately segregate duties.

Recommendation: We recommend Horizon's Board and management be aware of the lack of segregation of the accounting functions and, where possible, implement oversight procedures to ensure the internal control policies and procedures are being implemented by staff to the extent possible.

View of Responsible Official: Concur

Finding Number 2015-002

Accounting Policies and Procedures

Criteria: Management is responsible for establishing and implementing internal controls over the accounting cycles and the system used for financial reporting.

Condition: Horizon is developing written policies and procedures covering receipt and deposit of funds, approval and payment of bills, payroll activities, and annual financial reporting. These policies and procedures have not been approved by the Board.

Context: Written policies and procedures over significant financial operations provide consistency over time and guidance to new officials and staff.

Effect: Horizon's practices may not be followed as intended by management, employees may not understand the purpose of internal controls, and circumstances may have changed within the organization's structure that require changes to the controls.

Cause: Horizon has documented some processes but has not formally documented an accounting policies and procedures manual and presented them to the Board for approval.

Recommendation: We recommend Horizon continue to formalize the documentation of its policies and procedures related to receipt and deposit of funds, approval and payment of bills, payroll activities, and annual financial reporting for inclusion in its comprehensive manual.

View of Responsible Official: Acknowledged

III. FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARD PROGRAMS

None.

IV. PREVIOUSLY REPORTED ITEMS RESOLVED

2015-003 Cash Management (CFDA No. 10.557)

2015-004 Activities Allowed or Unallowed and Allowable Costs/Cost Principles -
Approval Over Disbursements (CFDA No. 10.557)

2015-005 Reporting (CFDA No. 93.778)

**REPRESENTATION OF HORIZON PUBLIC HEALTH
ALEXANDRIA, MINNESOTA**

**CORRECTIVE ACTION PLAN
FOR THE YEAR ENDED DECEMBER 31, 2016**

Finding Number: 2015-001

Finding Title: Segregation of Duties

Name of Contact Person Responsible for Corrective Action:

Greta Siegel, Assistant Administrator of Finance and Grants

Corrective Action Planned:

Horizon Public Health management will continue to be aware of the inherent risks limited staffing creates relative to safeguarding the agency's assets and the reporting of financial activity. Accounting policies and procedures are being developed and cross-training will begin in September 2017 for all accounting and financial staff. The ability to have more than one staff complete the job function will reduce the risk of error and fraud and increase our ability to segregate duties in our accounting area.

Anticipated Completion Date:

January 2018 and ongoing review.

Finding Number: 2015-002

Finding Title: Accounting Policies and Procedures

Name of Contact Person Responsible for Corrective Action:

Greta Siegel, Assistant Administrator of Finance and Grants

Corrective Action Planned:

Horizon Public Health accounting and finance staff have created detailed accounting policies and procedures of all work that they perform in preparation for cross-training of major job functions that will begin in September 2017. The accounting policies and procedures should be completed by September 2017 and will be taken to the Horizon Public Health Joint Powers Board for approval.

Anticipated Completion Date:

November 2017 and ongoing review.

**REPRESENTATION OF HORIZON PUBLIC HEALTH
ALEXANDRIA, MINNESOTA**

**SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS
FOR THE YEAR ENDED DECEMBER 31, 2016**

Finding Number: 2015-001

Finding Title: Segregation of Duties

Summary of Condition: Horizon Public Health (Horizon) has one person who is responsible for billing, collecting, recording, and depositing receipts.

Summary of Corrective Action Previously Reported: The Horizon Public Health Board and management will continue to be aware of the inherent risks limited staffing creates relative to safeguarding the agency's assets and the reporting of financial activity. Horizon management will segregate accounting functions whenever possible and will closely supervise those areas where proper segregation of duties cannot be achieved.

Status: Not Corrected. Horizon Public Health management will continue to review processes and strengthen procedures where we can with our limited financial staff. Steps have been introduced in 2017 to have the Assistant Administrator of Finance and Grants review and sign off on more accounting procedures before they are processed.

Was corrective action taken significantly different than the action previously reported?

Yes _____ No X

Finding Number: 2015-002

Finding Title: Accounting Policies and Procedures

Summary of Condition: Horizon does not have Board-approved written policies and procedures covering receipt and deposit of funds, approval and payment of bills, payroll activities, and annual financial reporting.

Summary of Corrective Action Previously Reported: Horizon will document, and present to the Horizon Board for approval, an accounting policies and procedures manual covering receipt and deposit of funds, approval and payment of bills, payroll activities, and annual financial reporting, by January 1, 2017.

Status: Not Corrected. Great strides have been taken in 2017 to document accounting policies and procedures in our agency. The policies are almost complete and will be taken to the Board for approval in the next few months. Cross-training of the accounting staff will start in September 2017 requiring that all policies and procedures be documented.

Was corrective action taken significantly different than the action previously reported?
Yes _____ No X

Finding Number: 2015-003

Finding Title: Cash Management

Program: Special Supplemental Nutrition Program for Women, Infants, and Children (CFDA No. 10.557)

Summary of Condition: During testing of controls and compliance over cash management, it was noted that one of the three monthly reports tested had payroll expenditures totaling \$12,388 that were incurred but were not paid before the reports requesting reimbursement were submitted.

Summary of Corrective Action Previously Reported: Horizon will pay all grant expenditures prior to requesting federal reimbursement for the expenditures. Horizon grant management will utilize the Horizon Public Health Pay Periods and Pay Days Calendar to determine invoice submission dates that will assure payroll expense compliance with the federal cash management procedure of paying all expenditures prior to requesting federal reimbursement.

Status: Fully Corrected. Corrective action was taken.

Was corrective action taken significantly different than the action previously reported?
Yes _____ No X

Finding Number: 2015-004

Finding Title: Activities Allowed or Unallowed and Allowable Costs/Cost Principles - Approval Over Disbursements

Program: Special Supplemental Nutrition Program for Women, Infants, and Children (CFDA No. 10.557)

Summary of Condition: Of the 40 disbursements selected for control testing, the auditors noted three timesheets that did not contain documentation of approval by the supervisor.

Summary of Corrective Action Previously Reported: Horizon will maintain supporting documentation demonstrating disbursements have been approved and documented in a consistent manner. Supervisors will be directed to review and approve staff time sheets via indicating on the document the date reviewed and signing the document. Supervisors will save employee timesheets in the electronic staff folder designated. Payroll staff will utilize a quarterly reminder to check each staff's folder to assure that they have the appropriate number of time sheets (one for each

week of the quarter) saved in their file. As part of the Supervisor's annual performance evaluation, the management staff performing the evaluation will do a random check of ten timesheets reviewed by the Supervisor to assess the compliance of the Supervisor relative to reviewing, dating, and signing timesheets for staff they supervise.

Status: Fully Corrected. Corrective action was taken.

Was corrective action taken significantly different than the action previously reported?

Yes _____ No X

Finding Number: 2015-005

Finding Title: Reporting

Program: Medical Assistance Program (CFDA No. 93.778)

Summary of Condition: During review of the 2015 third and fourth quarter Local Collaborative Time Study Cost Schedule (DHS 3220) reports submitted to the Minnesota Department of Human Services (DHS), it was noted that the September 25, 2015, payroll was reported in both quarters. The total payroll costs incorrectly reported in the fourth quarter DHS 3220 report, which covers multiple federal programs, was \$181,327.

Summary of Corrective Action Previously Reported: Horizon grant management will review expenditures to assure only expenditures paid in the current quarter are included on the DHS 3220 report submitted to DHS. A revised quarterly report for the quarter affected will be submitted to DHS.

Status: Fully Corrected. Corrective action was taken.

Was corrective action taken significantly different than the action previously reported?

Yes _____ No X

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED DECEMBER 31, 2016

1. Reporting Entity

The Schedule of Expenditures of Federal Awards presents the activities of federal award programs expended by Horizon Public Health. Horizon's reporting entity is defined in Note 1 to the financial statements.

2. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of Horizon Public Health under programs of the federal government for the year ended December 31, 2016. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of Horizon Public Health, it is not intended to and does not present the financial position or changes in net position of Horizon Public Health.

3. Summary of Significant Accounting Policies

Expenditures reported on the schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following, as applicable, either the cost principles contained in OMB Circular A-87, *Cost Principles for State, Local and Indian Tribal Governments*, or the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Horizon Public Health has elected to not use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

4. Reconciliation to Schedule of Intergovernmental Revenue

Federal grant revenue per Schedule of Intergovernmental Revenue	\$ 1,530,549
Grants received more than 90 days after year-end, unavailable in 2016	
Early Hearing Detection and Intervention Information System	
(EHDI-IS) Surveillance Program (CFDA No. 93.314)	<u>75</u>
Expenditures Per Schedule of Expenditures of Federal Awards	<u>\$ 1,530,624</u>
