# MANAGEMENT AND BUDGET

June 13, 2018

Rep. Jim Knoblach, Chair House Ways and Means Committee 453 State Office Building St. Paul, MN 55155 Sen. Julie Rosen, Chair Senate Finance Committee 3235 Minnesota Senate Building St. Paul, MN 55155

Dear Senator Rosen and Representative Knoblach:

In accordance with M.S. 16A.10, this letter provides notification of the proposed budget forms and format for the 2020-21 biennial budget.

MMB has worked closely over the last several biennia with the Governor's Office, the legislature and agencies to expand the information that is included in both the budget narratives and fiscal reports that comprise the biennial budget document. For the 2020-21 biennial budget document we are not proposing any substantive changes to the budget document forms or format, but we are adding a Change Summary fiscal report that will supplement the current document, by itemizing base budget changes and governor's proposed change items by agency and fund. The goals for the document continue to be the following:

- 1. To provide a description of the work of agencies and convey the public good or outcome that is a result of the investments being made in a way that decision-makers and the public can easily understand.
- To demonstrate how well programs and activities are doing with performance measures that show how much is provided (the *quantity*), how well it is done (the *quality*) and whether or not anyone is better off (the *result*).
- 3. To provide accurate reporting of agency historical and budget fiscal information.

The proposed form and format for the 2020-21 biennial budget document continues to focus on performance information in the context of an agency budget. It will include the "at-a-glance" box for a snapshot view of the agency, as well as expanded background context and budget information. The budget document will also include the full Change Item Summary for Governor's budget proposals. Agency presentations of budget information will continue to be organized by programs and activities. Attached to this letter are:

- Budget Narrative Templates
  - Agency Profile
  - o Small Agency Profile
  - Program/Activity Summaries
  - Change Item Overview
  - Federal Funds Summary
- A sample budget document, including budget narratives and fiscal reports.

The biennial budget will be prepared throughout the rest of this calendar year with base budget information provided to the legislature, including legislative fiscal staff access to reports in Budget Planning and Analysis System (BPAS), on November 30. Below is the 2020-21 biennial budget timeline:

| Activity   | Date              |
|--|-------------------|
| Agency Narratives Published to MMB Website                         | October 1         |
| Base Budget Data Due in Budget Planning and Analysis System (BPAS) | October 15        |
| Agency Budget Proposals due to MMB                                 | October 15        |
| Base Budget Data Submitted to the Legislature                      | November 30       |
| Governor's Budget Submitted to the Legislature                     | February 19, 2019 |

If you or your staff have questions or feedback on the proposed 2020-21 budget forms and format, please contact either Britta Reitan, State Budget Director, at <u>britta.reitan@state.mn.us</u> or 651-201-8028, or Robyn Rupp, Budget Operations Director, at <u>robyn.rupp@state.mn.us</u> or 651-201-8098.

Sincerely,

Myron Frans Commissioner

# AT A GLANCE

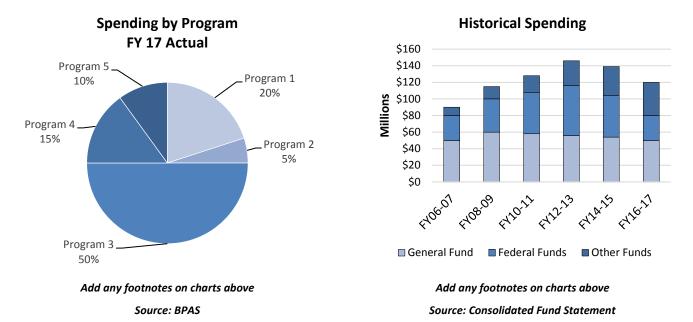

- Provide some brief statistics on your agency
- Describe, with numbers if possible, the population you serve

\* Our goal is to have the At A Glance box, purpose statement and budget charts on the first page. Please limit your text in these sections to achieve this goal.

## PURPOSE

What do you do and why are you here? What's your mission statement? What is the role of your agency in contributing to statewide outcome(s)? Please note which outcome(s) (listed below) by bolding them in your response.

- A thriving economy that encourages business growth and employment opportunities
- Minnesotans have the education and skills needed to achieve their goals
- All Minnesotans have optimal health
- Strong and stable families and communities
- People in Minnesota are safe
- A clean, healthy environment with sustainable uses of natural resources
- Sustainable options to safely move people, goods, services & information
- Efficient and accountable government services

BUDGET

Refer to the Completing the Budget Charts in the Agency Profile instruction on <u>MMB's website</u> (http://www.mn.gov/mmb/budget/budget-instructions/bibudprep/) for information about the data for completing these agency charts for Spending by Category/Program or Historical Spending. Please complete the Spending by Program FY 17 Actual chart by clicking on the chart, navigating to the "Chart Tools – Design" tab on the top ribbon, and then clicking on edit data. An Excel document will pop up. Using FY 17 actual data, enter the names of your agency's budget programs and the associated percent of spending. If more (or less) programs are needed, please add (or remove) them and the associated percentages, and then drag the purple and blue boxes so the new information cells will be included in the chart. Close the spreadsheet and the Word document chart should update to reflect your changes. If it does not update automatically, click on the chart, navigate to the "Chart Tools – Design" tab on the top ribbon, and then click on the Select Data button. Make sure the correct data cells are selected in the data range. Follow the same steps to update the Historical Spending by Fund chart to reflect the fund information for your agency from the historic Consolidated Fund Statement information document provided.

Please note: all charts and graphs must be accessible. Please be sure to include the alt text description of the chart or graph that you have added. Also, please work with your agency's accessibility officer prior to submitting this completed template to MMB.

Please provide a brief narrative description of your agency's budget. Answer the question, "How are your agency's activities financed?" Please include a description of the major funding source(s) and amounts for your agency. Focus on providing context for your readers to explain the graphs, rather than specific data.

### **STRATEGIES**

Please provide a narrative description of your agency's strategies. Answer the questions:

- How do you achieve your mission?
- Describe what you do within the role you identified above in the purpose section. Describe how it leads to more equitable outcomes for the people of Minnesota.

Use this endnote section to provide the specific legal citations for the statutes that apply to your agency. For example, M.S. 16A (<u>https://www.revisor.mn.gov/statutes/?id=16A</u>) provides the legal authority for MMB.

Please provide a narrative description of your agency's strategies. Answer the questions:

- How do you achieve your mission?
- Describe what you do within the role you identified above in the purpose section. Describe how it leads to more equitable outcomes for the people of Minnesota.

#### RESULTS

**Option 1:** Use performance measures charts or graphics produced by your agency.

- Include charts for 3-5 performance measures used within your agency.
- For each measure, include at least two data points from different points in time to demonstrate a trend.
- In your description of the charts indicates if the measure displayed is a quantity, quality or result type of measure.
- Please note: **All charts and graphs must be accessible**. Reference the accessibility instructions and work with your agency's accessibility officer before you submit your completed template to MMB.

**Option 2:** Use the chart below, if your agency has not produced performance measurement charts.

- Indicate 3-5 performance measures that are used for performance management within your agency.
- In the Type of Measure column, include:
  - "Quantity" if you are including an output measure,
  - "Quality" for an efficiency measure, and
  - "Result" for an outcome measure.
- For each measure, include two data points from two different points in time to demonstrate a trend. Put the dates of those two data points in the Date column.

| Type of Measure | Name of Measure | Previous | Current | Dates |
|-----------------|-----------------|----------|---------|-------|
| Quantity        |                 |          |         |       |
| Quality         |                 |          |         |       |

| Type of Measure | Name of Measure | Previous | Current | Dates |
|-----------------|-----------------|----------|---------|-------|
| Results         |                 |          |         |       |

## AT A GLANCE

• Quick stats on the program/activity; avoid repeating performance measures.

#### **PURPOSE & CONTEXT**

Please provide a narrative description of the purpose of this activity and the context in which it operates. State the goal of this program or activity, and answer the questions:

- What is the role this activity plays in contributing to the agency's mission?
- Is there a particular segment of the population served by this program/activity?

#### SERVICES PROVIDED

Please provide a narrative description of the services provided through this activity. Answer the questions:

- What do you do within this program or activity to achieve the stated goal?
- What specific services are provided?

#### RESULTS

Describe the results achieved by this activity by providing performance measures. There are two options for graphically displaying your performance measures:

**Option 1:** Use performance measures charts or graphics produced by your agency for this program or budget activity.

- Include charts for 3-5 performance measures used within your agency.
- For each measure, include at least two data points from different points in time to demonstrate a trend.
- In your description of the charts indicates if the measure displayed is a quantity, quality or result type of measure.
- Please note: **All charts and graphs must be accessible**. Reference the accessibility instructions and work with your agency's accessibility officer before you submit your completed template to MMB.

| FTEs                      | 0       | 0       | 0       | 0       |

### **Request:**

Describe the change item request. Include:

- What the funds will be used for
- Amount requested, by each relevant fund

What is the change relative to your budget as a whole?

### **Rationale/Background:**

- Describe the story behind the problem that you're addressing.
- What indicator is this proposal intended to impact? The indicator may be a population measure (i.e., the graduation rate), or one currently used by your agency.
- What is the current trend of that indicator? What is driving that trend?

## **Proposal:**

In your description of the change item, please address the following:

- Is this a new initiative or a change to an existing program?
- Describe in specific detail what the proposal will buy. Examples of type of funds may include: :
  - <u>Grants –</u> Include information on who receives grants currently, the average size of current grants, and how the use might be expanded for example through the number of grants provided, the size of each grant award, or the geographic area where grants will be made available.
  - <u>Administrative or programmatic capacity</u> Include a comparison of dollars and FTEs for the increase relative to the unit that currently performs that work where applicable. Describe the results of that increased capacity – for example indicate if it leads to faster response times, a larger number of clients served, a higher number of inspections completed within the target time, or better outcomes for program clients.
  - Equipment or supplies Include a description and cost estimate of the equipment and/or supplies, and an explanation of how that purchase will impact or change programmatic work- for example indicate if it is replacing equipment that has reached the end of its useful life, or if the equipment will add program capacity.
  - <u>Forecasted (Uncapped) Programs</u> Describe the specific group and number of people that will be impacted, as well as the nature of the change that will impact them – for example benefits value, number eligible, rate increase, etc.

- Indicate where the proposal compliments or overlaps with work that is occurring in your agency and in other agencies.
- Describe any partners you may need to achieve your desired result.
- How will this proposal help address the problem you described in the "Rationale" section?
- What is the effective implementation date and what steps need to occur?

## **Equity and Inclusion:**

In the equity description of the change item, please address the following questions:

- What groups are impacted by the proposed change item? (Racial and Ethnic groups, Lesbian, Gay, Bisexual and Transgender groups, Persons with Disabilities and Veterans) What is the nature of the impact? Have representatives from these groups been consulted and collaborated with in order to determine how to address these impacts?
- Is the proposed change item submitted to reduce or eliminate any disparities for Racial and Ethnic groups, Lesbian, Gay, Bisexual and Transgender groups, Persons with Disabilities and Veterans? Please explain how implementation of the proposed item will reduce or eliminate these disparities;
- Are there potential positive or negative impacts on the identified groups? Explain those impacts. If negative, please adjust the proposal to achieve a more equitable outcome.
- Can the change item be sustainably successful? Discuss the on-going funding, implementation strategies/opportunities, and performance measures/accountability mechanisms.

### **IT Related Proposals:**

If this is an information technology recommendation, also include project costs for the FY 24-25 biennium. Specify the purposes of the funding recommendation, such as infrastructure, hardware, software, or training.

### **Results:**

- Describe the findings from <u>rigorous evidence of the effectiveness</u> of the proposed investment, as implemented in Minnesota or elsewhere. If no such evidence exists, indicate whether you plan to evaluate the impact of the proposed investment.
- If this is an existing program, what performance measures are currently used?
- What are the current trends on those performance measures? Describe current program performance. Agencies are encouraged to use accessible charts to display performance information. If your agency does not currently have graphical information to display performance information, you may use the chart below.

| Type of Measure | Name of Measure | Previous | Current | Dates |
|-----------------|-----------------|----------|---------|-------|
| Quantity        |                 |          |         |       |
| Quality         |                 |          |         |       |
| Results         |                 |          |         |       |

If this is a new program, what specific program performance measures will be used? The measures included here should answer the following questions about the program's performance:

- Quantity: How much did we do?
- **Quality:** How well did we do it?
- **Result:** Is anyone better off?
- How will you collect the performance data, and how will you communicate it?

# Statutory Change(s):

If the proposal will require statutory changes, include the statute number here.

#### Narrative:

Please provide a brief narrative overview of all the agency's federal funds to give a general overview of the role of the federal funds within the agency. The narrative should be written in plain language, and should be approximately a half page in length. Please also include the following information, where applicable:

- Maintenance of effort levels (MOE)
- Changing funding levels or trends that may impact future awards
- Major state funding related to federal awards
- Basis for award estimates.

# **Federal Funds Summary Instructions**

# Overview

The federal funds table is a mandatory element of the budget presentation for all agencies that receive and spend federal funds. According to <u>Minnesota Statute 3.3005</u>, the table must include:

- The name of all received and anticipated federal awards
- The federal agency from which the funds are available
- The federal identification number
- A brief description of the purpose of the grant
- An indication of whether the grant is new or ongoing
- An indication of whether a match or MOE is required
- Federal spending amounts for FY 2018, budget for 2019, and estimated amounts for FY 2020-21
- The number of full-time equivalent positions needed to implement the grant.

The federal funds summary table and narrative are due by November 30 and must be saved to the <u>MMB</u> <u>Budget Division SharePoint site</u> (https://mn365.sharepoint.com/sites/MMB-

Budget/SitePages/Home.aspx) in your agency's Biennial Budget/2020-21 Biennial Budget/Narratives folder. **The agency total on the federal funds summary should tie to the total shown on your agency's fiscal reports.** The Federal Fund Summary template as shown below is available on <u>MMB's Biennial</u> <u>Budget Instructions webpage</u> (https://www.mn.gov/mmb/budget/budget-instructions/bibudprep/).

# Instructions for Completing the Table

- 1. Federal Agency and CFDA #: Name the federal agency granting the award, and the CFDA number for the award.
- 2. <u>Federal Award Name and Brief Purpose</u>: Identify federal grants by a short name. Spell out all acronyms so that the purpose description is clear and understandable to the general public.
  - a. Give each grant its own row in the spreadsheet. Distinct federal programs should, in general, be listed separately. Small grants may be consolidated.
  - b. Group the federal awards by program. If awards are allocated to multiple programs, agencies have the option to include the award in one program area, or to list the award proportionally by program area.
  - c. Include a brief description with the general purpose of the award, whether the grant will fund agency activities or will be granted to another agency or organization.
- 3. <u>New Grant</u>: For any new grants seeking legislative review, please enter the word "New" in the new grant column.
- 4. Data by Fiscal Year:
  - a. Federal awards that require legislative review for the current fiscal year, FY 2019, should be included in Budget Planning and Analysis System (BPAS) and the table.
  - b. Enter the totals for the grant in the 2018-2021 columns. 2020 and 2021 should be base numbers. These amounts should tie to the agency change summary and agency/program/ budget activity fiscal reports.
  - c. Enter dollar amounts in the thousands.
- 5. <u>Required State Match and MOE</u>: Indicate whether a state match or MOE is required. Agencies should include additional information about the amount of the match or MOE in either the table or the narrative.

- 6. **FTEs**: Include the number of full-time equivalent positions needed to implement the grant, or that are paid from the grant.
- 7. <u>Totals</u>: Provide summary level totals for the budget activity, program, and agency, as applicable in the rows following the pertinent grants. The agency total on the federal funds summary should tie to the total shown in an agency's budget fiscal reports. In this context, revenues should describe funds actually drawn by the state in a given fiscal year.

# Instructions for Completing the Narrative

Please provide a brief narrative overview of all the agency's federal funds to give a general overview of the role of the federal funds within the agency. The narrative should be written in plain language, and should be approximately a half page in length. Please also include the following information, where applicable:

- a. Maintenance of effort levels (MOE)
- b. Changing funding levels or trends that may impact future awards
- c. Major state funding related to federal awards
- d. Basis for estimates

- In partnership with 86 counties, collected over 400,000 pounds of waste pesticides in 2015

## PURPOSE

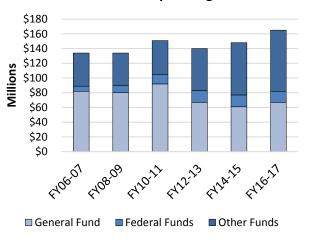

# Our mission is to enhance Minnesotans' quality of life by ensuring the integrity of our food supply, the health of our environment, and the strength of our agricultural economy.

The Minnesota Department of Agriculture (MDA) provides many services to Minnesota farmers, their consumers, and the Agriculture economy. Among our many efforts, we:

- Invest in farmers through education and grants air neo a modernizing the family farm,
- Invest in the future of the agricultural economy with grants for research and value-added processing,
- Ensure that state and federal regulations for pod and health safety are followed,
- Educate producers, suppliers, and consumers on proper production and handling of food products,
- Educate Minnesotans about environmental hazards to keep our farms, homes, businesses and neighborhoods safe,
- Promote the consumption of Minnesot I-grown foods, and
- Promote the export of Minneson crops and livestock.

**Historical Spending** 

Source: Consolidated Fund Statement

Our budget comes from three primary sources. The largest funding resource is fee revenues. These revenues must be spent to support the activities from which they are collected and currently make up about 45 percent of the agency's budget. The state's General Fund is also a large part of the agency's budget at 35-40 percent. Roughly one third of the general fund budget passes through MDA in AGRI (Agricultural Growth, Research and Innovation) and other assistance programs. Federal funds currently account for about 10 percent of MDA's budget.

#### **STRATEGIES**

We use a range of regulatory and voluntary strategies to support our mission. This includes the use of registration, labeling, licensing, permitting, inspection and enforcement efforts. Additionally, we coordinate and conduct outreach activities such as workshops, conferences, and field demonstration projects.

Our staff conducts inspections and verifies samples to ensure that producers, processors, wholesalers, haulers, grocery and convenience stores and other industry personnel are producing and handling dairy, food, meat and feed products in a safe manner to protect them from unintended alteration and contamination.

We ensure that Minnesota plant products meet the import requirements of our trading partners, meet grading standards established in contracts, that seeds meet viability and purity standards, that general health standards are met for nursery stock, and that standards for freedom from harmful plant pests are met.

Our marketing and promotional initiatives offer producers technical and financial assistance on a variety of issues, including dairy and livestock development, business planning, and emerging water quality and conservation practices.

Our staff facilitates access to markets through the Minnesota Grown Directory, international trade market research and client support for trade missions and export assistance. We also support the organic industry through education, direct financial support, and skill development.

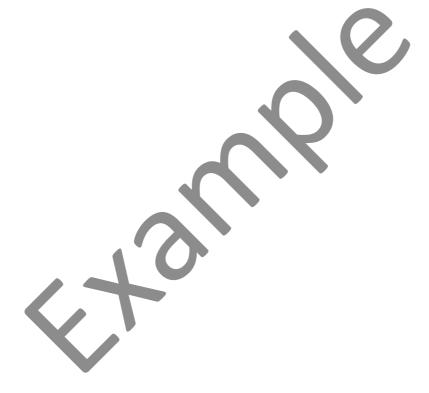

Minnesota Statutes Chapter 17, (<u>https://www.covisor.nc</u>, <u>gov/statutes/?id=17</u>) creates the Department of Agriculture and provides specific authority to the commissioner.

#### Change Item Title: Noxious Weed, Invasive Plant and Pollinator Protection Program

### **Request:**

The Governor recommends \$300,000 annually from the general fund for additional funding for the Noxious Weed, Invasive Plant and Pollinator Protection Program (NWIPPP) which is manuated to overse renforcement of the Noxious Weed Law (Minnesota Statutes 18.75 – 18.91) and Invasive Species exclusion, management and eradication (Minnesota Statutes Chapter 18G). Funds will be used to provide needed resources and trained staff to continue oversight and enforcement of the Noxious Weed Law and Plant Protection Statutes with county and municipal partners. This proposal would also expand the program to preven new invasive plants from establishing, contain existing noxious weed populations, and provide statewide support for the many stakeholders committed to protecting Minnesota's precious native habitats, achicultural lands and pollinator refuges from the costly impacts of noxious weeds and invasive plants.

## **Rationale/Background:**

In 2009, the Minnesota Legislature expanded the Moxious Weed Law significantly by including the duties of the MDA and local enforcement partners at the councy, township and city level. The revised noxious weed law also necessitates that MDA address invasive plant and prilinator issues, thus creating the need for an all-inclusive program. Proper funding of the NWIPPE will be essential for providing the resources needed for implementing and maintaining noxious woed and invasive plant control programs throughout Minnesota and in addressing priority invasive plant proplems clatewide. Without adequate funding, the MDA will not have the resources to effectively address the increasing problems with existing noxious weeds and emerging terrestrial invasive plant threats.

The recent invasion of Palmer amaranth into Minnesota through native seed mixes is an example of why a strong proactive noxious weed program is needed in the state. Based on Minnesota's corn and soybean acreage, estimates extrapolated from states already trying to manage this species suggest that corn and soybean production inputs could increase by as much as \$25 per acre or \$3 billion dollars annually. Palmer amaranth is just one of many examples of destructive plant species that threaten Minnesota's agricultural industries and natural resources.

This proposal will address the protection of agricultural and conservation lands, pollinator habitats, natural areas, and other private and public lands throughout the state from the impacts of invasive terrestrial plants.

#### **Proposal:**

This proposal will be an expansion of the existing Noxious Weed/Invasive Weed and Biological Control Program within the Plant Protection Division of the MDA.

The proposed budget recommendation will be used to pay for salary and benefits for three full-time staff (\$200,000), ½ -time OAS assistance (\$50,000), and MN.IT geographic information systems support (\$50,000). Currently, the Noxious Weed Program budget is \$200,000 and supports two full-time staff with limited overhead costs and operating resources.

This proposal expands the current MDA Noxious Weed/Invasive Weed and Biological Control Program and compliments the activities already underway by MN DNR (Invasive terrestrial and aquatic programs) and MN DOT (Integrated Vegetation). Furthermore, the proposal is unanimously supported by all representatives of the Noxious Weed Advisory Committee (MS 18.91).

MDA will continue to collaborate with and be supported by the following partners: MN Association of County Agricultural Inspectors, MN Association of Townships, League of MN Cities, University of Minnesota, MN Department of Natural Resources, MN Department of Transportation, Board of Water and Soil Resources, MN Association of Soil and Water Conservation Districts, MN Association of County Land Commissioners, MN Nursery and Landscape Association, MN Crop Improvement Association, The Nature Conservancy, MN Timber Industries, MN Farmer's Union.

The funds recommended in this proposal will allow the MDA to work closely with its partners, citizen groups and the Noxious Weed Advisory Committee to develop a comprehensive proactive novious weed program that will address existing and the increasing number of new threats from invasive terres rial points to the state.

Implementation of the proposed work will occur immediately upon funding. The floxious Weed Advisory Committee has already worked with MDA to develop a statewide management plan that would address the necessary steps to implement the proposed work.

### **Results:**

This is an expansion of the current MDA Noxious Weed/Investor Weed and Biological Control Program. The following chart shows key measures and performance evaluations. Performance measures are calculated through end-of-year project summaries, Noxious Weed Advisory Committee (NWAC) recommendations and annual work plans with partners.

# Program:Protection ServicesActivity:Plant Protection Division

## AT A GLANCE

- 1.6 billion pounds of agriculture products certified for export to 70 countries by 136 MN companies
- 632 million hundredweights of seed sold under MN permit
- \$10.1 billion tons grain purchased under grain licenses and bonds
- 1.2 billion pounds of potatoes inspected and certified
- 24.7 million lbs of fruits and vegetables inspected
- 1,200 seed samples tested for quality to protect farmers
- 15,000 Gypsy moth traps set and 50,000 acres treated for Gypsy Moths
- Discovered two incidents of exotic insects imported into the U.S., enabling control efforts
- Enforced quarantines to contain emerald ash borer (EAB) and gyps much as well as exclude mountain pine beetle and an exotic walnut disease

# PURPOSE & CONTEXT

The Plant Protection Division (PPD) has two broad areas of responsibility. Lest, PPD is responsible for detecting, excluding, containing and managing invasive or exotic plant pests that threaten both agriculture and MN forests and the environment. Second, PPD inspects and certifies according commodities for export, grade and freedom from specific pests. These activities contribute to the mission of the agen or by protecting agriculture and the environment from pest threats and by verifying the cuancy of Minnesota products for sale or export. Minnesota farmers are protected by grain bonds, seed inspection, noxiour weed programs and many other PPD programs designed to protect public and private land as well as critical pollinator habitat

# SERVICES PROVIDED

We ensure that plants sold, planted, exported or stored in Minnesota meet purity, viability and health standards, and that the environmental societal and recreational impacts of plant pests such as noxious weeds, gypsy moth and emerald ash borer are reduced or eliminated.

These goals are achieved by.

- Inspecting and certifying plants and plant parts (such as seed, grain, fruit, logs, lumber). Inspection and certification programs ensure Minnesota's plant commodities meet standards for import and export requirements, viability and purity of seeds, health of nursery stock, and the absence of harmful plant pests.
- Excluding, eradicating, or managing plant pests that threaten Minnesota's agriculture or environment. We keep Minnesota as free as possible from harmful plant pests. Our surveying, auditing, quarantines, and treatment programs benefit farmers, the timber industry, the recreation industry, critical pollinator habitat and the general public.

Fee-generated dedicated funds comprise over 45 percent of the division activities. About 30 percent of our programs are funded through federal grants. About 25 percent of our funds are from the state General Fund and are used to support regulatory programs and to conduct surveys.

### RESULTS

Minnesota plant products are exported to markets without delays; produce for sale is quickly inspected; nursery stock, seeds and seed potatoes sold in Minnesota are viable and free of serious plant pests. The damaging effects of invasive plant pests are kept out of Minnesota or their impacts on agriculture and the environment are minimized.
