YEAR ENDED DECEMBER 31, 2017

## **Description of the Office of the State Auditor**

The mission of the Office of the State Auditor is to oversee local government finances for Minnesota taxpayers by helping to ensure financial integrity and accountability in local governmental financial activities.

Through financial, compliance, and special audits, the State Auditor oversees and ensures that local government funds are used for the purposes intended by law and that local governments hold themselves to the highest standards of financial accountability.

The State Auditor performs approximately 150 financial and compliance audits per year and has oversight responsibilities for over 3,300 local units of government throughout the state. The office currently maintains five divisions:

**Audit Practice** - conducts financial and legal compliance audits of local governments;

**Government Information** - collects and analyzes financial information for cities, towns, counties, and special districts;

**Legal/Special Investigations** - provides legal analysis and counsel to the Office and responds to outside inquiries about Minnesota local government law; as well as investigates allegations of misfeasance, malfeasance, and nonfeasance in local government;

**Pension** - monitors investment, financial, and actuarial reporting for approximately 650 public pension funds; and

**Tax Increment Financing** - promotes compliance and accountability in local governments' use of tax increment financing through financial and compliance audits.

The State Auditor serves on the State Executive Council, State Board of Investment, Land Exchange Board, Public Employees Retirement Association Board, Minnesota Housing Finance Agency, and the Rural Finance Authority Board.

### INDEPENDENT AUDITOR'S REPORT

Community Health Board  
Meeker-McLeod-Sibley Community Health Services  
Glencoe, Minnesota

#### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and the General Fund of Meeker-McLeod-Sibley Community Sibley Health Services as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise the Health Services' basic financial statements, as listed in the table of contents.

#### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### *Auditor's Responsibility*

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Health Services' preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose

of expressing an opinion on the effectiveness of the Health Services' internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the General Fund of Meeker-McLeod-Sibley Community Health Services as of December 31, 2017, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Other Matters***

#### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Required Supplementary Information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board (GASB), who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

#### ***Other Schedules***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Meeker-McLeod-Sibley Community Health Services' basic financial statements. The other schedules, including the Schedule of Intergovernmental Revenue and the Schedule of Expenditures of Federal Awards (SEFA), and the related notes to the SEFA, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and

relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated September 18, 2018, on our consideration of Meeker-McLeod-Sibley Community Health Services' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Meeker-McLeod-Sibley Community Health Services' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Meeker-McLeod-Sibley Community Health Services' internal control over financial reporting and compliance.

### **Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Health Services' basic financial statements. The accompanying Schedule of Expenditures of Federal Awards (SEFA), as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), is presented for purposes of additional analysis and is not a required part of the basic financial statements. The SEFA is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the SEFA is fairly stated in all material respects in relation to the basic financial statements as a whole.

**NOTES TO THE FINANCIAL STATEMENTS  
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2017**

---

---

1. Summary of Significant Accounting Policies

Meeker-McLeod-Sibley Community Health Services' financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) for the year ended December 31, 2017. The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (statements and interpretations). The more significant accounting policies established in GAAP and used by the Health Services are discussed below.

A. Financial Reporting Entity

The Meeker-McLeod-Sibley Community Health Board was established pursuant to Minn. Stat. §§ 145A.09-145A.14 and a joint powers agreement as the Meeker-McLeod-Sibley Health Services Board effective April 1, 1980. This joint powers agreement was revised, effective April 19, 1990, and the Board was renamed the Meeker-McLeod-Sibley Community Health Board. The Community Health Board consists of 9 members, 3 each from Meeker, McLeod, and Sibley Counties. The primary function of the joint venture is to provide health services and to promote efficiency and economy in the delivery of health services.

McLeod County, in an agent capacity, reports the cash transactions of the Health Services as an agency fund on its annual financial statements.

The Health Services participates in a jointly-governed organization described in Note 6.

B. Basic Financial Statements

Basic financial statements include information on Meeker-McLeod-Sibley Community Health Services' activities as a whole and information on the General Fund of the Health Services. These separate presentations are reported in different columns on Exhibits 1 and 2. Each of the exhibits starts with a column of information based on activities of the General Fund and reconciles it to a column that reports the "governmental activities" of Meeker-McLeod-Sibley Community Health Services as a whole.

**MEEKER-MCLEOD-SIBLEY COMMUNITY HEALTH SERVICES  
GLENCOE, MINNESOTA**

---

1. Summary of Significant Accounting Policies

B. Basic Financial Statements (Continued)

The governmental activities columns are reported on a full accrual, economic resources basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Meeker-McLeod-Sibley Community Health Services' net position is reported as an investment in capital assets and unrestricted net position. Meeker-McLeod-Sibley Community Health Services first utilizes restricted resources to finance qualifying activities. The statement of activities demonstrates the degree to which the expenses of Meeker-McLeod-Sibley Community Health Services are offset by revenues.

The balance sheet and statement of revenues, expenditures, and changes in fund balance for the General Fund are presented on the modified accrual basis of accounting and report current financial resources.

C. Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the full accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Meeker-McLeod-Sibley Community Health Services considers all revenues as available if collected within 90 days after the end of the current period. Charges for services are considered susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for compensated absences, which are recognized as expenditures to the extent that they are matured.

When both restricted and unrestricted resources are available for use, it is the Health Services' policy to use restricted resources first and then unrestricted resources as needed.

**MEEKER-MCLEOD-SIBLEY COMMUNITY HEALTH SERVICES  
GLENCOE, MINNESOTA**

---

---

1. Summary of Significant Accounting Policies (Continued)

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity

1. Due From/To Other Governments

Due from/to other governments amounts represent receivables and payables related to grants from other federal, state, and local governments for the program administration.

2. Capital Assets

Capital assets and related depreciation are recorded in the governmental activities column in the statement of net position. Meeker-McLeod-Sibley Community Health Services defines capital assets as assets with an initial, individual cost of more than \$500 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value.

Capital assets of Meeker-McLeod-Sibley Community Health Services are depreciated using the straight-line method over an estimated five-year useful life.

3. Compensated Absences

The liability for compensated absences reported in the financial statements consists of unpaid, accumulated vacation, comp time, vested sick leave balances, and sick leave balances in excess of the maximum balance. Compensated absences are accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements. The current portion of compensated absences is based on percentages predetermined by management.

**MEEKER-MCLEOD-SIBLEY COMMUNITY HEALTH SERVICES  
GLENCOE, MINNESOTA**

---

---

1. Summary of Significant Accounting Policies

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity  
(Continued)

4. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expenditure/expense) until then. Currently, the Board has one item, deferred pension outflows, that qualifies for reporting in this category. These outflows arise only under the full accrual basis of accounting and consist of pension plan contributions paid subsequent to the measurement date, differences between expected and actual pension plan economic experience, and changes in both actuarial assumptions and proportionate share and, accordingly, are reported only in the statement of net position.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue or reduction of expense) until that time. Meeker-McLeod-Sibley Community Health Services has one item that qualifies for reporting in this category, deferred pension inflows. The deferred pension inflows arise only under the full accrual basis of accounting and consist of differences between expected and actual pension plan economic experience, the difference between projected and actual earnings on pension plan investments, and changes in both actuarial assumptions and proportionate share and, accordingly, are reported only in the statement of net position.

5. Classification of Net Position

Net position in the government-wide statements is classified in the following categories:

Investment in capital assets - the amount of net position representing capital assets, net of accumulated depreciation.

**MEEKER-MCLEOD-SIBLEY COMMUNITY HEALTH SERVICES  
GLENCOE, MINNESOTA**

---

1. Summary of Significant Accounting Policies

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity

5. Classification of Net Position (Continued)

Unrestricted - the amount of net position that does not meet the definition of net investment in capital assets or restricted.

6. Classification of Fund Balance

Fund balance is divided into classifications based primarily on the extent to which the Health Services is bound to observe restraints upon the use of resources in the General Fund. The Health Services only has assigned fund balance.

Assigned - Amounts in the assigned fund balance classification are intended to be used for specific purposes but do not meet the criteria to be classified as restricted or committed. In the General Fund, assigned amounts represent intended uses established by the Community Health Board or the McLeod County Auditor-Treasurer, who has been delegated that authority as fiscal agent by Board resolution.

7. Budgetary Information

The Health Services adopts estimated revenue and expenditure budgets for the General Fund on the modified accrual basis. The legal level of budgetary control is the function level. Appropriations lapse at year-end. The budgets may be amended or modified at any time by the Community Health Board.

8. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources; and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**MEEKER-MCLEOD-SIBLEY COMMUNITY HEALTH SERVICES  
GLENCOE, MINNESOTA**

---

1. Summary of Significant Accounting Policies

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity  
(Continued)

9. Pension Plan

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA, except that PERA's fiscal year-end is June 30. For this purpose, plan contributions are recognized as of employer payroll paid dates, and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Plan investments are reported at fair value.

2. Detailed Notes

A. Assets

1. Deposits

Cash is on deposit with McLeod County. Cash transactions are administered by the McLeod County Auditor-Treasurer who is, according to Minn. Stat. §§ 118A.02 and 118A.04, authorized to deposit cash in financial institutions designated by the County Board. All funds of McLeod County are pooled.

2. Receivables

The Health Services did not have any receivables scheduled to be collected beyond one year as of December 31, 2017. No allowance has been made for uncollectible receivables because such amounts are not expected to be material.

**MEEKER-MCLEOD-SIBLEY COMMUNITY HEALTH SERVICES  
GLENCOE, MINNESOTA**

---

2. Detailed Notes

A. Assets (Continued)

3. Capital Assets

Capital asset activity for the year ended December 31, 2017, was as follows:

	<u>Beginning Balance</u>	<u>Increase</u>	<u>Decrease</u>	<u>Ending Balance</u>
Capital assets depreciated				
Office equipment	\$ 13,501	\$ 1,855	\$ -	\$ 15,356
Less: accumulated depreciation for Office equipment	<u>(8,879)</u>	<u>(2,171)</u>	<u>-</u>	<u>(11,050)</u>
Total Capital Assets Depreciated, Net	<u>\$ 4,622</u>	<u>\$ (316)</u>	<u>\$ -</u>	<u>\$ 4,306</u>

Depreciation expense of \$2,171 was charged to the Health Services' health function in 2017.

B. Liabilities

Changes in Long-Term Liabilities

Long-term liability activity for the year ended December 31, 2017, was as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Compensated absences	<u>\$ 9,330</u>	<u>\$ -</u>	<u>\$ 1,466</u>	<u>\$ 7,864</u>	<u>\$ 5,332</u>

3. Defined Benefit Pension Plan

A. Plan Description

All full-time and certain part-time employees of Meeker-McLeod-Sibley Community Health Services are covered by a defined benefit pension plan administered by the Public Employees Retirement Association of Minnesota (PERA). PERA administers the General Employees Retirement Plan, which is a cost-sharing, multiple-employer retirement plan. The plan is established and administered in accordance with Minn. Stat. chs. 353 and 356. PERA's defined benefit pension plan is a tax qualified plan under Section 401(a) of the Internal Revenue Code.

The General Employees Retirement Plan (accounted for in the General Employees Fund) has multiple benefit structures with members belonging to the Coordinated Plan, the Basic Plan, or the Minneapolis Employees Retirement Fund. Coordinated Plan members are covered by Social Security and Basic Plan and Minneapolis Employees Retirement Fund members are not. The Basic Plan was closed to new members in 1967. The Minneapolis Employees Retirement Fund was closed to new members during 1978 and merged into the General Employees Retirement Plan in 2015. All new members must participate in the Coordinated Plan, for which benefits vest after five years of credited service.

B. Benefits Provided

PERA provides retirement benefits as well as disability benefits to members and benefits to survivors upon death of eligible members. Benefit provisions are established by state statute and can be modified only by the state legislature. Benefit increases are provided to benefit recipients each January. Increases are related to the funding ratio of the plan. Benefit recipients receive a future annual 1.0 percent post-retirement benefit increase. If the funding ratio reaches 90 percent for two consecutive years, the benefit increase will revert to 2.5 percent. If, after reverting to a 2.5 percent benefit increase, the funding ratio declines to less than 80 percent for one year or less than 85 percent for two consecutive years, the benefit increase will decrease to 1.0 percent.

The benefit provisions stated in the following paragraph of this section are current provisions and apply to active plan participants. Vested, terminated employees who are entitled to benefits but are not yet receiving them are bound by the provisions in effect at the time they last terminated their public service.

**MEEKER-MCLEOD-SIBLEY COMMUNITY HEALTH SERVICES  
GLENCOE, MINNESOTA**

---

3. Defined Benefit Pension Plan

B. Benefits Provided (Continued)

Benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for General Employees Retirement Plan Coordinated and Basic Plan members. Members hired prior to July 1, 1989, receive the higher of a step-rate benefit accrual formula (Method 1) or a level accrual formula (Method 2). Under Method 1, the annuity accrual rate for a Basic Plan member is 2.2 percent of average salary for each of the first ten years of service and 2.7 percent for each remaining year. The annuity accrual rate for a Coordinated Plan member is 1.2 percent of average salary for each of the first ten years of service and 1.7 percent for each remaining year. Under Method 2, the annuity accrual rate is 2.7 percent of average salary for Basic Plan members and 1.7 percent for Coordinated Plan members for each year of service. Only Method 2 is used for members hired after June 30, 1989. Minneapolis Employees Retirement Fund members have an annuity accrual rate of 2.0 percent of average salary for each of the first ten years of service and 2.5 percent for each remaining year.

For General Employees Retirement Plan members hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90, and normal retirement age is 65. For members hired on or after July 1, 1989, normal retirement age is the age for unreduced Social Security benefits capped at 66. Disability benefits are available for vested members and are based on years of service and average high-five salary.

C. Contributions

Pension benefits are funded from member and employer contributions and income from the investment of fund assets. Rates for employer and employee contributions are set by Minn. Stat. ch. 353. These statutes are established and amended by the state legislature. General Employees Retirement Plan Basic members, Coordinated members, and Minneapolis Employees Retirement Fund members were required to contribute 9.10 percent, 6.50 percent, and 9.75 percent, respectively, of their annual covered salary in 2017.

**MEEKER-MCLEOD-SIBLEY COMMUNITY HEALTH SERVICES  
GLENCOE, MINNESOTA**

---

3. Defined Benefit Pension Plan

C. Contributions (Continued)

In 2017, the Health Services was required to contribute the following percentages of annual covered salary:

General Employees Retirement Plan	
Basic Plan members	11.78%
Coordinated Plan members	7.50
Minneapolis Employees Retirement Fund members	9.75

The employee and employer contribution rates did not change from the previous year.

The Health Services' contributions for the General Employees Retirement Plan for the year ended December 31, 2017, were \$15,723. The contributions are equal to the contractually required contributions as set by state statute.

D. Pension Costs

At December 31, 2017, the Health Services reported a liability of \$227,389 for its proportionate share of the General Employees Retirement Plan's net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Health Services' proportion of the net pension liability was based on the Health Services' contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2016, through June 30, 2017, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2017, the Health Services' proportion was 0.0036 percent. It was 0.0031 percent measured as of June 30, 2016. The Health Services recognized pension expense of \$52,529 for its proportionate share of the General Employees Retirement Plan's pension expense.

The Health Services also recognized \$83 as revenue, which results in a reduction of the net pension liability, for its proportionate share of the State of Minnesota's contribution to the General Employees Retirement Plan, which qualifies as a special funding situation. Legislation required the State of Minnesota to contribute \$6 million to the General Employees Retirement Plan for the fiscal year ended June 30, 2017.

**MEEKER-MCLEOD-SIBLEY COMMUNITY HEALTH SERVICES  
GLENCOE, MINNESOTA**

3. Defined Benefit Pension Plan

D. Pension Costs (Continued)

The Health Services' proportionate share of the net pension liability	\$	227,389
State of Minnesota's proportionate share of the net pension liability associated with the Health Services		2,860
Total	\$	230,249

The Health Services reported its proportionate share of the General Employees Retirement Plan's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ 7,494	\$ 11,491
Changes in actuarial assumptions	33,288	22,796
Difference between projected and actual investment earnings	-	7,231
Changes in proportion	71,908	634
Contributions paid to PERA subsequent to the measurement date	4,156	-
Total	\$ 116,846	\$ 42,152

The \$4,156 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2018. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended December 31	Pension Expense Amount
2018	\$ 36,807
2019	38,772
2020	4,608
2021	(9,649)

**MEEKER-MCLEOD-SIBLEY COMMUNITY HEALTH SERVICES  
GLENCOE, MINNESOTA**

---

3. Defined Benefit Pension Plan (Continued)

E. Actuarial Assumptions

The total pension liability in the June 30, 2017, actuarial valuation was determined using the individual entry-age normal actuarial cost method and the following additional actuarial assumptions:

Inflation	2.50 percent per year
Active member payroll growth	3.25 percent per year
Investment rate of return	7.50 percent

Salary increases were based on a service-related table. Mortality rates for active members, retirees, survivors, and disabilitants for all plans were based on RP-2014 tables for males or females, as appropriate, with slight adjustments. The cost of living benefit increases for retirees are assumed to be 1.0 percent through 2044, and 2.5 percent thereafter.

Actuarial assumptions used in the June 30, 2017, valuation were based on the results of actuarial experience studies. The experience study for the General Employees Retirement Plan was dated June 30, 2015.

The long-term expected rate of return on pension plan investments is 7.50 percent. The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness of the long-term expected rate of return on a regular basis using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic stocks	39%	5.10%
International stocks	19	5.30
Bonds	20	0.75
Alternative assets	20	5.90
Cash	2	0.00

**MEEKER-MCLEOD-SIBLEY COMMUNITY HEALTH SERVICES  
GLENCOE, MINNESOTA**

---

3. Defined Benefit Pension Plan (Continued)

F. Discount Rate

The discount rate used to measure the total pension liability was 7.50 percent in 2017, which remained consistent with 2016. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rate specified in statute. Based on that assumption, the fiduciary net position of the General Employees Retirement Plan was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

G. Changes in Actuarial Assumptions

The following changes in actuarial assumptions occurred in 2017:

- The Combined Service Annuity (CSA) loads were changed from 0.8 percent for active members and 60 percent for vested and non-vested deferred members (30 percent for deferred Minneapolis Employees Retirement Fund members). The revised CSA loads are now 0.0 percent for active member liability, 15 percent for vested deferred member liability, and 3.0 percent for non-vested deferred member liability.
- The assumed post-retirement benefit increase rate was changed from 1.0 percent per year for all years to 1.0 percent per year through 2044 and 2.5 percent per year thereafter.
- Minneapolis Employees Retirement Fund plan provisions change the employer supplemental contribution to \$21,000,000 in calendar years 2017 and 2018 and returns to \$31,000,000 through calendar year 2031. The state's required contribution is \$16,000,000 in PERA's fiscal years 2018 and 2019 and returns to \$6,000,000 annually through calendar year 2031.

**MEEKER-MCLEOD-SIBLEY COMMUNITY HEALTH SERVICES  
GLENCOE, MINNESOTA**

---

3. Defined Benefit Pension Plan (Continued)

H. Pension Liability Sensitivity

The following presents the Health Services' proportionate share of the net pension liability calculated using the discount rate previously disclosed, as well as what the Health Services' proportionate share of the net pension liability would be if it were calculated using a discount rate 1.0 percentage point lower or 1.0 percentage point higher than the current discount rate:

	Proportionate Share of the	
	General Employees Retirement Plan	
	Discount Rate	Net Pension Liability
1% Decrease	6.50%	\$ 352,697
Current	7.50	227,389
1% Increase	8.50	124,801

I. Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in a separately issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the internet at [www.mnpera.org](http://www.mnpera.org); by writing to PERA at 60 Empire Drive, Suite 200, St. Paul, Minnesota 55103-2088; or by calling 651-296-7460 or 1-800-652-9026.

4. Other Postemployment Benefits (OPEB)

A. Plan Description

Meeker-McLeod-Sibley Community Health Services provides a defined benefit health care plan to eligible retirees and their spouses through McLeod County, as the Health Services' employees are employed through McLeod County. Prior to 2015, the liability associated with the Health Services' employees was recorded with McLeod County. Beginning in 2015, the liability is recorded for the Health Services. The health care plan offers medical, dental, and life coverage. Medical coverage is administered by Medica. Dental coverage is administered through the Midwest Dental Plan. Minnesota Life is the life insurance provider.

**MEEKER-MCLEOD-SIBLEY COMMUNITY HEALTH SERVICES  
GLENCOE, MINNESOTA**

---

4. Other Postemployment Benefits (OPEB)

A. Plan Description (Continued)

McLeod County is self-insured for medical coverage. Retirees pay 100 percent of the blended active/retiree premium rate, in accordance with Minn. Stat. § 471.61, subd. 2b. It is the County’s policy to periodically review its medical, dental, and life insurance coverage in order to provide the most favorable benefits and premiums for the employees and retirees.

B. Funding Policy

Retirees and their spouses contribute to the health care plan at the same rate as the Health Services’ employees. This results in the retirees receiving an implicit rate subsidy. Contribution requirements are established by the Health Services based on contract terms with Medica, Assurant Dental, and Minnesota Life. The required contributions are based on projected pay-as-you-go financing requirements. For fiscal year 2017, the Health Services contributed \$95 to the life insurance plan. As of January 1, 2017, there were four retirees receiving health benefits from McLeod County’s health plan.

C. Annual OPEB Cost and Net OPEB Obligation

The Health Services’ annual OPEB cost is calculated based on the annual required contribution (ARC) of the Health Services, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial accrued liabilities over a period not to exceed 30 years. The following table shows the components of the Health Services’ annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the Health Services’ net OPEB obligation to the plan.

ARC	\$	1,190
Interest on net OPEB obligation		223
Adjustment to ARC		(340)
		_____
Annual OPEB cost	\$	1,073
Contributions made		(260)
		_____
Increase in net OPEB obligation	\$	813
Net OPEB Obligation - Beginning of Year		8,503
		_____
Net OPEB Obligation - End of Year	\$	9,316

**MEEKER-MCLEOD-SIBLEY COMMUNITY HEALTH SERVICES  
GLENCOE, MINNESOTA**

---

4. Other Postemployment Benefits (OPEB)

C. Annual OPEB Cost and Net OPEB Obligation (Continued)

The Health Services' annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the years ended December 31, 2016 and 2017, were as follows:

<u>Fiscal Year Ended</u>	<u>Annual OPEB Cost</u>	<u>Employer Contribution</u>	<u>Percentage of Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
December 31, 2016	\$ 6,375	\$ 332	5.21%	\$ 8,503
December 31, 2017	1,073	260	24.23	9,316

D. Funded Status and Funding Progress

As of January 1, 2016, the most recent actuarial valuation date, the Health Services had no assets deposited to fund the plan. The actuarial accrued liability for benefits was \$10,676, and the actuarial value of assets was zero, resulting in an unfunded actuarial accrued liability (UAAL) of \$10,676. The covered payroll (annual payroll of active employees covered by the plan) was \$101,774, and the ratio of the UAAL to the covered payroll was 10.49 percent.

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the health care cost trend. Amounts determined regarding the funded status of the plan and the ARC of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Funding Progress - Other Postemployment Benefits, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

E. Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point.

**MEEKER-MCLEOD-SIBLEY COMMUNITY HEALTH SERVICES  
GLENCOE, MINNESOTA**

---

4. Other Postemployment Benefits (OPEB)

E. Actuarial Methods and Assumptions (Continued)

The actuarial methods and assumptions used include techniques designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

For January 1, 2016, the most recent actuarial valuation date, the projected unit credit cost method was used. The actuarial assumptions included a 3.50 percent discount rate, which is based on the investment yield expected to finance benefits. The Health Services currently does not plan to prefund for this benefit. At the actuarial valuation date, the annual health care cost trend rate was calculated to be 6.75 percent initially, reduced incrementally to an ultimate rate of 5.00 percent.

5. Summary of Significant Contingencies and Other Items

A. Risk Management

Meeker-McLeod-Sibley Community Health Services is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; or natural disasters. The Health Services has entered into a joint powers agreement with Minnesota counties to form the Minnesota Counties Intergovernmental Trust (MCIT) to cover its property and casualty liabilities. There were no significant reductions in insurance from the previous year or settlements in excess of insurance for any of the past three years.

The Property and Casualty Division of MCIT is self-sustaining, and the Health Services pays an annual premium to cover current and future losses. The MCIT carries reinsurance for its property lines to protect against catastrophic losses. Should the MCIT Property and Casualty Division liabilities exceed assets, MCIT may assess the Health Services in a method and amount to be determined by MCIT.

B. Claims and Litigation

Meeker-McLeod-Sibley Community Health Services, in connection with the normal conduct of its affairs, is involved in various claims, judgments, and litigation. The Health Services' attorney estimates that the potential claims against the Health Services resulting from litigation not covered by insurance would not materially affect the financial statements of the Health Services.

**MEEKER-MCLEOD-SIBLEY COMMUNITY HEALTH SERVICES  
GLENCOE, MINNESOTA**

---

6. Jointly-Governed Organization

Minnesota Counties Computer Cooperative

Under Minnesota Joint Powers Law, Minn. Stat. § 471.59, Minnesota counties have created the Minnesota Counties Computer Cooperative (MCCC) to jointly provide for the establishment, operation, and maintenance of data processing systems, facilities, and management information systems. Meeker-McLeod-Sibley Community Health Services entered into a joint powers agreement with MCCC during 2015. In 2017, the Health Services contributed \$1,500 in funding to MCCC in addition to payments for services provided.

**NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION  
FOR THE YEAR ENDED DECEMBER 31, 2017**

---

---

1. Budgetary Information

Meeker-McLeod-Sibley Community Health Services adopts estimated revenue and expenditure budgets for the General Fund on a basis consistent with accounting principles generally accepted in the United States of America. The legal level of budgetary control is the function level. Appropriations and encumbrances lapse at year-end. The budgets may be amended or modified at any time by the Community Health Board.

2. Excess of Expenditures over Appropriations

In the General Fund, the expenditures exceeded appropriations for the year ended December 31, 2017, by \$121,472.

3. Other Postemployment Benefits - Significant Actuarial Assumption Changes

2016

Actuarial Assumptions

- The health care trend rates were changed to better anticipate short-term and long-term medical increases.
- The mortality table was updated from RP 2000 Combined Healthy Table projected to 2014 with Scale BB to the RP-2014 White Collar Mortality Tables with MP-2015 Generational Improvement Scale.
- The retirement tables for all employees were updated.
- The discount rate was changed from 4.00 percent to 3.50 percent.
- Claim costs were developed by age adjusting the premium information from McLeod County. The resulting claim amount was then blended with the expected claim amount from the previous valuation. As of January 1, 2014, actual claims and enrollment experience was used.

**MEEKER-MCLEOD-SIBLEY COMMUNITY HEALTH SERVICES  
GLENCOE, MINNESOTA**

---

---

3. Other Postemployment Benefits - Significant Actuarial Assumption Changes

2016 (Continued)

Plan Provisions

- Years of service required for benefit eligibility increased from three to five years.

4. Defined Benefit Pension Plans - Changes in Significant Plan Provisions, Actuarial Methods, and Assumptions

The following changes were reflected in the valuation performed on behalf of the Public Employees Retirement Association for the fiscal year June 30:

General Employees Retirement Plan

2017

- The Combined Service Annuity (CSA) loads were changed from 0.8 percent for active members and 60 percent for vested and non-vested deferred members (30 percent for deferred Minneapolis Employees Retirement Fund members). The revised CSA loads are now 0.0 percent for active member liability, 15 percent for vested deferred member liability, and 3.0 percent for non-vested deferred member liability.
- The assumed post-retirement benefit increase rate was changed from 1.0 percent per year for all years to 1.0 percent per year through 2044 and 2.5 percent per year thereafter.
- Minneapolis Employees Retirement Fund plan provisions change the employer supplemental contribution to \$21,000,000 in calendar years 2017 and 2018 and returns to \$31,000,000 through calendar year 2031. The state's required contribution is \$16,000,000 in PERA's fiscal years 2018 and 2019 and returns to \$6,000,000 annually through calendar year 2031.

2016

- The assumed post-retirement benefit increase rate was changed from 1.00 percent per year through 2035 and 2.50 percent per year thereafter, to 1.00 percent for all future years.

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
FOR THE YEAR ENDED DECEMBER 31, 2017**

---

---

1. Reporting Entity

The Schedule of Expenditures of Federal Awards presents the activities of federal award programs expended by Meeker-McLeod-Sibley Community Health Services. The Health Services' reporting entity is defined in Note 1 to the financial statements.

2. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of Meeker-McLeod-Sibley Community Health Services under programs of the federal government for the year ended December 31, 2017. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of Meeker-McLeod-Sibley Community Health Services, it is not intended to and does not present the financial position or changes in net position of Meeker-McLeod-Sibley Community Health Services.

3. Summary of Significant Accounting Policies

Expenditures reported on the schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Meeker-McLeod-Sibley Community Health Services has elected to not use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

4. Reconciliation to Schedule of Intergovernmental Revenue

Federal grant revenue per Schedule of Intergovernmental Revenue	\$ 927,124
Grants unavailable in 2016, recognized as revenue in 2017	
Maternal and Child Health Services Block Grant (CFDA No. 93.994)	<u>(37,164)</u>
Expenditures Per Schedule of Expenditures of Federal Awards	<u>\$ 889,960</u>

## **REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

### Independent Auditor's Report

Community Health Board  
Meeker-McLeod-Sibley Community Health Services  
Glencoe, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the General Fund of Meeker-McLeod-Sibley Community Health Services as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise the Health Services' basic financial statements, and have issued our report thereon dated September 18, 2018.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Meeker-McLeod-Sibley Community Health Services' internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Health Services' internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Health Services' internal control over financial reporting.

A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting such that there is a reasonable possibility that a material misstatement of the Health Services' financial statements will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency is a deficiency, or combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit the attention of those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Meeker-McLeod-Sibley Community Health Services' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Minnesota Legal Compliance**

The *Minnesota Legal Compliance Audit Guide for Counties*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, contains seven categories of compliance to be tested in connection with the audit of the Health Services' financial statements: contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and tax increment financing. Our audit considered all of the listed categories, except that we did not test for compliance with the provisions for deposits and investments and claims and disbursements because these categories were tested in conjunction with the McLeod County audit; McLeod County is the fiscal agent. We also did not test for contracting and bidding, public indebtedness, and tax increment financing because these categories did not apply to Meeker-McLeod-Sibley Community Health Services.

In connection with our audit, nothing came to our attention that caused us to believe that Meeker-McLeod-Sibley Community Health Services failed to comply with the provisions of the *Minnesota Legal Compliance Audit Guide for Counties*. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the Health Services' noncompliance with the above referenced provisions.

## **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting, compliance, and the provisions of the *Minnesota Legal Compliance Audit Guide for Counties* and the results of that testing, and not to provide an opinion on the effectiveness of the Health Services' internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Health Services' internal control over financial reporting and compliance. Accordingly, this communication is not suitable for any other purpose.

## REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE

### Independent Auditor's Report

Community Health Board  
Meeker-McLeod-Sibley Community Health Services  
Glencoe, Minnesota

### **Report on Compliance for the Major Federal Program**

We have audited Meeker-McLeod-Sibley Community Health Services' compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on the Health Services' major federal program for the year ended December 31, 2017. Meeker-McLeod-Sibley Community Health Services' major federal program is identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

#### ***Management's Responsibility***

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

#### ***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for Meeker-McLeod-Sibley Community Health Services' major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Meeker-McLeod-Sibley Community Health Services' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the Health Services' compliance with those requirements.

***Opinion on the Major Federal Program***

In our opinion, Meeker-McLeod-Sibley Community Health Services complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended December 31, 2017.

**Report on Internal Control Over Compliance**

Management of Meeker-McLeod-Sibley Community Health Services is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Health Services' internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Health Services' internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit the attention of those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Purpose of This Report**

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## REPRESENTATION OF MEEKER-MCLEOD-SIBLEY COMMUNITY HEALTH SERVICES GLENCOE, MINNESOTA

### SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE YEAR ENDED DECEMBER 31, 2017

**Finding Number: 2015-001**

**Finding Title: Subrecipient Monitoring**

**Program: Affordable Care Act (ACA) Maternal, Infant, and Early Childhood Home**

**Visiting Program (CFDA No. 93.505)**

**Summary of Condition:** Meeker-McLeod-Sibley Community Health Services did not perform monitoring procedures over the subrecipient who received all of the grant funds.

**Summary of Corrective Action Previously Reported:** The grant agreement for the Affordable Care Act Maternal, Infant, and Early Childhood Home Visiting Program ended on January 31, 2016, with Meeker-McLeod-Sibley Community Health Services.

**Status:** Fully corrected. Corrective action taken.

Was corrective action taken significantly different than the action previously reported?

Yes \_\_\_\_\_ No  X

**Finding Number: 2016-001**

**Finding Title: Cash Management**

**Program: Special Supplemental Nutrition Program for Women, Infants, and Children (CFDA No. 10.557)**

**Summary of Condition:** During the 2016 audit, Meeker-McLeod-Sibley Community Health Services did not pass through WIC reimbursements to member counties in a timely manner. Out of eight reimbursements paid back to CHS during 2016, only four were passed through to member counties within two weeks of receipt from the State.

**Summary of Corrective Action Previously Reported:** The Meeker-McLeod-Sibley Community Health Services (CHS) Administrator has implemented procedures to ensure more timely reimbursement of grant funds to its subrecipients.

**Status:** Fully corrected. Corrective action taken.

Was corrective action taken significantly different than the action previously reported?

Yes \_\_\_\_\_ No  X
