**AT A GLANCE**

- 489 employees in FY17
- Oversee nearly \$2.5 billion in state procurement annually, including negotiating more than \$21 million in contract savings and increasing purchasing from diverse businesses
- Reduced Capitol complex energy consumption by 21% percent and increased reliance on renewable energy sources to nearly one-third of annual usage since 2008
- Manage more than 280 construction projects and 850 property leases
- Monitor facility conditions and asset preservation needs of over 6,000 state-owned buildings
- Oversee a fleet of more than 1,800 vehicles, increasing use of electric and fuel efficient vehicles
- Trained over 1,350 public officials and stakeholders about open government laws in FY18
- Provided direct training and informational resources to more than 10,812 individuals with developmental disabilities or family members in FY18

**PURPOSE**

The Department of Administration is a core central service agency serving the Governor, legislature, state agencies, local governments, and the public. Our mission is to benefit all Minnesotans by leading innovation, creating solutions, and providing exceptional services. That mission is achieved by focusing on diversity and inclusion, customer satisfaction, technology optimization, sustainability, employee engagement, and best value.

The purpose and benefit of effective centralized core administrative services is to achieve better value for state agencies by leveraging economies of scale, ensuring open and fair competition, reducing risk, and promoting success through standardized processes. Centralizing and standardizing core services, things like—procurement processes, contract terms, leasing, risk management, and many other centralized administrative functions—makes it easier for policy-makers and the public to be aware of what is expected to occur, and what does occur, in government, and to evaluate both.

Specifically, we provide enterprise leadership for a broad range of professional services and business functions essential to the efficient operation of government, including:

- overseeing real property and sustainable state operations;
- helping agencies comply with state procurement and contracting laws while also achieving the best value in purchasing goods, services, and vehicle fleets;
- overseeing state facilities' construction and leasing;
- providing property, liability, and workers compensation insurance coverage for state operations;
- establishing best practices for state grants administration and training agency staff;
- leading state 2020 Census efforts and providing government and non-governmental agencies, businesses, and the public with population data and demographic services;
- providing financial management and human resource support to a growing number of small state agencies, boards, and commissions;
- operating the Capitol Complex and other buildings efficiently and keeping the Capitol grounds beautiful;
- providing technical assistance to small businesses seeking federal or state contracts; and
- overseeing state and federal historic preservation laws and administering the state and federal historic preservation tax credits.

In addition, Admin provides key services directly to the public. We help individuals and organizations understand and access their rights to government data. We provide opportunities for those with developmental disabilities

and their families to advocate for their rights to education, work, and community participation. And, we provide assistive technology so those with physical disabilities can lead more independent and productive lives.

By ensuring Minnesota’s executive branch agencies receive excellence in enterprise services, Admin contributes to the statewide outcome of: **Efficient and accountable government services.**

By providing persons with disabilities assistive technology to help them be productive and involved in their communities, Admin contributes to the statewide outcomes of: **Minnesotans have the education and skills needed to achieve their goals; and Strong and stable families and communities.**

## BUDGET

Source: Budget Planning & Analysis System (BPAS)

Source: Consolidated Fund Statement

Our mix of funding is as complex and diverse as the services we provide, with fully 87% of funds spent through the internal service, special revenue, and enterprise funds we manage. Additionally, more than half of the general fund dollars we are appropriated are passed on to, or spent on behalf of, other entities via our fiscal agent program.

## STRATEGIES

We utilize multiple strategies and service delivery models to support the statewide outcomes of efficient and accountable government services and ensure the best value in government administrative services. These include:

- Sustainable services that leverage our enterprise expertise in fleet, leasing, construction, facilities, and purchasing services, and the expertise of our partner agencies to advance environmentally sustainable operations, avoid costs, and reduce the State’s carbon footprint.
- Real property services that provide a single, enterprise-wide inventory of facility conditions necessary to strategically plan for asset preservation, workforce, and citizen service investments.
- Procurement services that leverages bulk purchasing opportunities to achieve best value by developing contracts for use by multiple government units; standardizing and consolidating purchases; and aggressively negotiating contract terms and pricing.
- Facilities management services such as maintenance, engineering, and energy retrofits that provide well-maintained facilities necessary for the daily operations of the state’s executive, legislative, and judicial branches.
- Construction and space leasing services such as serving as the state’s leasing agent and owner’s representative on construction projects. We provide efficient and effective oversight of capital

construction projects, ensure facility solutions that meet the space needs of state agencies and their customers, and facilitate effective management and optimal use of state real property assets.

- Government-to-Government shared services that provide financial and human resource services to small agencies, boards and commissions, continuous improvement (Lean) training, workers compensation, archeological services, and vehicle fleet services.
- Government management consultation to help agencies on achieve energy reduction goals, comply with open government requirements, reduce workers' compensation costs, and reduce the state's reliance on gasoline.
- Public services that include assistive technology, demographic services, and resources for people with developmental disabilities. We also facilitate the public's access to state government by educating citizens on their rights to government data, granting permits to stage public rallies, and administering public spaces in the State Capitol building.

### FY 2020-21 Biennial Budget Change Item

#### Change Item Title: In Lieu of Rent Increase

Fiscal Impact (\$000s)	FY 2020	FY 2021	FY 2022	FY 2023
General Fund				
Expenditures	0	500	500	500
Revenues	0	0	0	0
Other Funds				
Expenditures	0	0	0	0
Revenues	0	0	0	0
Net Fiscal Impact = (Expenditures – Revenues)	0	500	500	500
<b>FTEs</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>

#### Recommendation:

The Governor recommends additional funding of \$500 thousand in FY 2021 and each year thereafter for In Lieu of Rent (ILR) at the Department of Administration. ILR is used to fund space costs of the legislature, veterans' organizations, ceremonial space, the Capitol grounds, and statutorily free space on the Capitol complex in St. Paul.

The FY 2020 and FY 2021 appropriation for ILR is \$9.391 million annually. This proposal represents a 5.3% increase over the FY 2021 base budget.

#### Rationale/Background:

ILR funds rent expenses in the State Capitol and other buildings on the Capitol complex for entities that do not directly pay for their leased spaces, including:

- Ceremonial space - space in the Capitol Building such as the Rotunda, ceremonial grounds, monuments/memorials in the Capitol area, and the Governor's Residence;
- State Services for the Blind space - space used for vending operators and convenience stores at eleven building sites statutorily assigned to the State Services for the Blind (MS 2408.07. subd.7); and,
- Rent Waived space - Capitol public space and space occupied in the Capitol, State Office Building, and Veterans Service Building by the House of Representatives, Senate, Revisor of Statutes, Legislative Reference Library, and Congressionally chartered veterans' organizations (MS 197.55 to 197.58).

ILR-funded space is billed in the same manner and at the same rate as other tenant-occupied space in the same building. Lease rates in the Capitol building are increasing in FY21. Like other buildings on the Capitol complex, lease rates are increasing due to inflationary pressures such as compensation, supplies, and utility costs. The ILR funding model works well because it provides the budget consistency needed to plan for and conduct routine building operations and basic infrastructure maintenance to public and legislative spaces.

The restored Capitol has many additional spaces and systems that require maintenance including restrooms, elevators, HVAC and mechanical systems, and operable bollards and wedge barriers. The restoration allows for the Capitol's Loggia (the outside balcony on the front side of the building) to again be opened to the public, but such access necessitates more frequent and extensive cleaning to remove natural elements such as bird waste. Specific projects that will take place in this biennium include the application of balcony and loggia sealants, exterior window sealants, and caulking of drum and dome windows.

**Equity and Inclusion:**

This proposal is intended to allow agencies to continue to provide current levels of service and information to the public.

**IT Related Proposals:**

N/A

**Proposal:**

The Governor recommends increasing the ILR budget to maintain the delivery of current services. ILR funding is critical as it is the only available source of funding for maintenance and operation of the facilities and space where rent cannot be charged on the Capitol Complex. This funding will provide for the known costs of operating and maintaining spaces utilized by veteran services organizations, the Legislative Branch, Services for the Blind, and the public while interacting with their government in St. Paul.

This recommendation also recognizes that with the renovation, some of the Capitol's space has transitioned from office space to ceremonial and public spaces. With more space dedicated to public use, use of the Capitol building has increased. There is space available for reservation for the public and exhibition space, and statutory changes in the past several years support greater public use of the building. Such a change in space usage is a great benefit, but requires additional resources to pay for increased operating time for building utility systems, more custodial staff, reservations capability, greater restroom capacity, and added insurance.

**Results:**

<i>Type of Measure</i>	<i>Name of Measure</i>	<i>Previous</i>	<i>Current</i>	<i>Dates</i>
Quality	Facilities Management Customer Satisfaction	95%	95%	FY17, FY18

## Administration

### FY 2020-21 Biennial Budget Change Item

#### Change Item Title: Procurement Technical Assistance Center Match

Fiscal Impact (\$000s)	FY 2020	FY 2021	FY 2022	FY 2023
General Fund				
Expenditures	441	441	0	0
Revenues	0	0	0	0
Other Funds				
Expenditures	0	0	0	0
Revenues	0	0	0	0
Net Fiscal Impact = (Expenditures – Revenues)	441	441	0	0
FTEs	4.0	4.0	0.0	0.0

#### Recommendation

The Governor recommends \$882,000 in the FY 2020-2021 biennium to provide cost sharing funds for the Procurement Technical Assistance Center (PTAC). This funding represents the state's 40 percent of the total program budget and the required match for its Cooperative Agreement with the Federal Department of Defense Logistics Agency (DLA).

#### Rationale/Background:

The Procurement Technical Assistance Center (PTAC) program has been a program available to Minnesota businesses since 1991. The primary purpose of PTAC is to offer free counseling, education, training, certification, and guidance for Minnesota businesses including small, women, minority, and veteran owned small businesses wishing to sell their products and services to local, state, and federal government entities. Minnesota's program was first funded, in part, by a non-profit and then moved to another non-profit in 2003. In July 2017, the Metropolitan Economic Development Association (MEDA), the host, determined that they would no longer support the PTAC program and sought out the Department of Administration (Admin) to assume that role. PTAC's 5.5 FTEs were transitioned to state employment and have continued to offer PTAC services to businesses statewide.

Since joining Admin in July 2017, PTAC has had significant impacts across the state, including:

- Met with 1,104 Minnesota businesses;
- Conducted 6,549 one-on-one counseling hours;
- Hosted or partnered on 105 events with nearly 6,000 participants; and
- Assisted Minnesota vendors in achieving nearly \$300 million in prime and subcontractor contracts at all levels of government.

PTAC staff are geographically located throughout the state. Greater Minnesota personnel provide training and counseling services in a variety of communities allowing government services to extend to all Minnesotans. The ability to connect with a local PTAC representative makes government contracting less intimidating and more accessible for all women, minority, and veteran business owners.

Minnesota has a unique funding structure for the PTAC program, which has proved challenging. Other states that host PTAC programs receive their primary funding from DLA and the cost sharing as a budget line item. In Minnesota, the cost sharing is currently taking place via compensation and other expenditures of the Office of Equity in Procurement (OEP). A direct appropriation would allow Minnesota's PTAC to be funded and operate the same as other states' programs.

As a result of the current funding model, OEP personnel are required to focus the majority of their time on PTAC instead of OEP activities. A direct appropriation will allow OEP staff to fully dedicate its resources to serving state agencies in areas such as: expanding the Equity Select and Sheltered Market programs and streamlining the process; redesigning and growing the certification and recertification processes; identifying and engaging in targeted outreach; participating in pre-construction and pre-bid community meetings; and implementing the Disparity Study recommendations.

**Proposal:**

The Governor recommends new funding for PTAC to meet federal match requirements, which will allow OEP to provide its full array of services. This proposal will fund 40 percent of PTAC's 9.5 FTEs, which will include 3.5 FTEs in the Twin Cities Metro Area, as well as six FTEs located in Greater Minnesota. This will allow for better distribution of PTAC services across Greater Minnesota. The DLA will provide the remaining 60 percent of the total operating budget.

**Equity and Inclusion:**

The purpose of the PTAC program is to assist all businesses interested in government contracting opportunities, and has particular impact on small, women, minority, and veteran owned businesses. Much of the PTAC work is concentrated on assisting vendors who qualify under these categories with the appropriate local, state, and/or federal certifications, which helps promote equity and inclusion in our contracting practices.

**IT Related Proposals:**

N/A

**Results:**

This proposal is intended to allow Admin to maintain full levels of service for both PTAC and OEP.

**Statutory Change(s):**

## Administration

### FY 2020-21 Biennial Budget Change Item

#### Change Item Title: Operating Adjustment

Fiscal Impact (\$000s)	FY 2020	FY 2021	FY 2022	FY 2023
General Fund				
Expenditures	76	56	56	56
Revenues	0	0	0	0
Other Funds				
Expenditures	0	0	0	0
Revenues	0	0	0	0
Net Fiscal Impact = (Expenditures – Revenues)	76	56	56	56
<b>FTEs</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>

#### Recommendation:

The Governor recommends additional funding of \$76 thousand in FY 2020 and \$56 thousand each year thereafter to maintain the current level of service delivery at the Department of Administration (Admin). This funding will support increased rent costs and prospective retirement costs at Admin.

Admin's direct appropriated general fund base budget is \$24.396 million annually in the FY 2020-2021 biennium. This additional funding represents a 0.3% increase in FY 2020 and 0.2% increase in FY 2021.

#### Rationale/Background:

Each year, the cost of doing business rises—employer-paid health care contributions, FICA and Medicare, along with other salary and compensation-related costs increase. Other operating costs, like rent and lease, fuel and utilities, and IT and legal services also grow. This cost growth puts pressure on agency operating budgets that remain flat from year to year.

While the department continuously seeks and finds ways to become more efficient with existing resources, base appropriation amounts assume no inflationary increases. Efficiencies alone do not offset the need for operating appropriation increases in order to maintain current service levels expected by Minnesotans and partner agencies.

#### Proposal:

The Governor recommends increasing agency operating budgets to maintain the delivery of current services. For Admin, this funding will pay for increases in rent each year, \$2,000 in FY 2020 and \$5,000 in FY 2021. This increase will also support retirement costs – \$74,000 in FY 2020 and \$56,000 in FY 2021. Admin has 131 staff eligible to retire during the FY 2020-2021 biennium, with a total estimated payout of \$1.9 million. This funding will be used to pay the General Fund share, approximately 11%, of those retirement costs, assuming that about 30% of those eligible to retire will do so each year.

#### Equity and Inclusion:

N/A

#### IT Related Proposals:

N/A

**Results:**

This proposal is intended to allow agencies to continue to provide current levels of service and information to agency partners and the public.

### FY 2020-21 Biennial Budget Change Item

#### Change Item Title: 2020 Census Mobilization and Outreach

Fiscal Impact (\$000s)	FY 2020	FY 2021	FY 2022	FY 2023
General Fund				
Expenditures	1,600	0	0	0
Revenues	0	0	0	0
Other Funds				
Expenditures	0	0	0	0
Revenues	0	0	0	0
Net Fiscal Impact = (Expenditures – Revenues)	1,600	0	0	0
<b>FTEs</b>	<b>3.5</b>	<b>0</b>	<b>0</b>	<b>0</b>

#### Recommendation:

The Governor recommends additional, one-time funding of \$1.6 million in FY 2020 for the State Demographic Center at the Department of Administration (Admin) to implement an outreach and engagement plan for the 2020 Census in Minnesota.

The FY20 base budget for the State Demographic Center is \$739 thousand. This includes \$190 thousand annually from FY 2018 to FY 2021 for additional staff at the State Demographic Center for the State's participation in the 2020 Census and to meet federal reporting requirements. The FY 2020 recommended funds will increase the budget for the State Demographic Center by 217 percent. Up to 50 percent of this funding will be passed on to community organizations as grants and the remainder will cover staff augmentation, technical tools, and other resources.

#### Rationale/Background:

An accurate 2020 Census is essential to the state because it serves as the basis for the distribution of more than \$8 billion dollars of federal funds to Minnesota each year, it determines the number of Congressional Districts the state will have in the coming decade, and it directs the distribution of political representation within the state through legislative redistricting.

The characteristics of people that tend to be missed by censuses are well-established by past research. Historically undercounted groups include renters, low-wealth communities, immigrants, people of color and indigenous people, highly-mobile residents, college-age students, children under five, and rural residents. While the primary responsibility of conducting the census falls on the U.S. Census Bureau, the state has the ability to boost participation in the census by making sure that local communities, governments, and organizations are fully supported to engage historically undercounted groups with whom they are connected.

These funds are aimed at reducing the number of Minnesota residents that are missed by the 2020 Census, as measured by U.S. Census Bureau post-enumeration surveys and demographic analyses after the census occurs. The census undercount varies from decade to decade, depending upon a number of factors that change over time. In 2020, these factors are expected to include declining survey response rates, a highly mobile population, underfunding of the U.S. Census Bureau, and increasing mistrust of governmental institutions—especially among immigrants whose fear has grown due to the proposal to add a citizenship question to the census.

**Proposal:**

The Governor recommends additional funding to increase the capacity of the State Demographic Center to support outreach and engagement activities in FY 2020. This will be done by hiring additional communications and program staff to organize and implement the various initiatives and deliverables, by purchasing the electronic tools that support census engagement and promotion statewide, and by administering grants to local governments and community organizations to implement the initiatives in their communities. The specific initiatives include:

- A Census Response Table initiative that will enable community groups to bring the census to historically undercounted communities by provide community tabling kits that can be brought to gathering places and events across the state (e.g. schools, community centers, libraries, grocery stores, etc.);
- A “Commit to Census” initiative to educate community members about the census and organize residents to commit to participate. This is the first census that people will be allowed to respond online or by telephone, and this initiative will deliver the information for people to fill out their census form in April 2020 by text/email;
- Communications to increase awareness of the census among Minnesota’s apartment building managers, owners, and renters;
- A job sourcing recruitment initiative to increase the likelihood that census takers hired by the U.S. Census Bureau in Minnesota come from the communities they are enumerating;
- A grant to support planned community efforts to engage historically undercounted communities; and
- Other shared services, including: the translation of educational materials, digital communications and e-organizing tools into additional languages, a P.O. Box mailing to rural Minnesota residents on how to participate in the Census, and the purchase of Census 2020 promotional items.

**Equity and Inclusion:**

The census initiatives are aimed at increasing participation by people of color, indigenous people and immigrants, and other historically-undercounted groups. Inclusion in the census will increase the visibility, funding, and political power to these communities.

Representatives of Minnesota’s historically-undercounted communities have been involved with on-going census efforts through the Minnesota Complete Count Committee, local complete count committees, and the Minnesota Census Mobilization Partnership.

**IT Related Proposals:**

N/A

**Results:**

The aim of these initiatives is to increase participation in the 2020 Census, especially among historically undercounted groups. Data for the following measures are produced and published by the Census Bureau.

<i>Type of Measure</i>	<i>Name of Measure</i>	<i>Previous</i>	<i>Current</i>	<i>Dates</i>
Results	Percent of census omissions		4.4%	2010
Results	Census self-response rate	81%	81%	2000, 2010

**Statutory Change(s):**

N/A

## Administration

### FY 2020-21 Biennial Budget Change Item

#### Change Item Title: MN Senate Building (MSB) Building Replacement Fund

Fiscal Impact (\$000s)	FY 2020	FY 2021	FY 2022	FY 2023
General Fund				
Expenditures	0	0	0	0
Revenues	0	0	0	0
Plant Management Fund				
Transfer Out	0	0	0	0
Special Revenue Fund				
Transfer In	0	0	0	0
Net Fiscal Impact = (Expenditures – Revenues)	0	0	0	0
<b>FTEs</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>

#### Recommendation:

The Governor recommends a no-cost, technical change to create a Minnesota Senate Building (MSB) Building Replacement Fund in statute to properly account for monies that are already being collected through lease rates to pay future asset-preservation costs for the Minnesota Senate Building. This change would align with other non-general obligation bond funded buildings on the Capitol Complex.

#### Rationale/Background:

2013 Minnesota session law, chapter 143, article 13, section 21 allows the Department of Administration (Admin) to set aside a portion of MSB lease rates in order to pay for future building repairs. This authority ensures proper care and maintenance of the building through at least 2039, when the building's Certificates of Participation debt obligation will be met. The session law also directs Admin to transfer these funds to an account in the special revenue fund.

#### Proposal:

The Governor recommends codifying the 2013 session law in statute by establishing a dedicated account in the special revenue fund to hold funds collected from MSB lease rates for future repairs and replacements. Funding in this account will be used to address future projects, such as those that address life-safety hazards, building code violations, structural defects, hazardous material abatement, and the repair or replacement of major building components, such as roofs and HVAC systems.

This recommendation will not impact the lease rate at the Minnesota Senate Building. Beginning in FY 2016, the MSB lease rate has included \$1 per square foot for future building repairs. As of the end of FY 2018, \$352 thousand has been collected for future repairs at MSB, and Admin anticipates approximately \$141,000 will be collected annually through 2039.

#### Equity and Inclusion:

N/A

#### IT Related Proposals:

N/A

#### Results:

This change would codify Admin's authority for collecting funds for facility repairs at the Minnesota Senate Building.

**Statutory Change(s):**

M.S. 16B.24

## Administration

### FY 2020-21 Biennial Budget Change Item

#### Change Item Title: Office of School Trust Lands Funding

Fiscal Impact (\$000s)	FY 2020	FY 2021	FY 2022	FY 2023
General Fund				
Expenditures (ADM)	(187)	(187)	(187)	(187)
Expenditures (DNR)	187	187	187	187
Other Funds (Perm School)				
Expenditures (ADM)	(300)	(300)	(300)	(300)
Expenditures (DNR)	300	300	300	300
Net Fiscal Impact = (Expenditures – Revenues)	0	0	0	0
<b>FTEs</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>

#### Recommendation:

The Governor recommends moving the responsibilities of fiscal agent for the Office of School Trust Lands (OSTL) from the Department of Administration (ADM) to the Department of Natural Resources (DNR). This proposal does not alter the mission or work of the OSTL. It moves funding for the Office of School Trust Lands to the DNR at the same level that it currently exists at ADM. This proposal is, therefore, budget neutral.

#### Rationale/Background:

Since 2014, current law appropriates funding for OSTL to the ADM. Additionally, DNR, Department of Education and OSTL entered into a Memorandum of Understanding (MOU) that facilitates the OSTL working relationship with DNR. The multi-agency MOU establishes that ADM will be the primary fiscal agent for OSTL (consistent with current law) and that DNR will provide office space and operations support (fleet, IT, contract review, etc.). Although this operating structure works, it creates administrative inefficiencies as it requires DNR to bill ADM quarterly for the services provided to OSTL. This proposal seeks promote administrative efficiency by discontinuing the dual accounting and quarterly billing between OSTL, ADM and DNR.

#### Proposal:

This proposal moves the appropriations for OSTL from ADM to DNR. It does not change the purpose or function of the OSTL or request additional appropriations. It merely seeks to gain operational efficiencies by reducing the number of fiscal agents for OSTL.

#### Equity and Inclusion:

OSTL has not identified any protected class or group that this proposal would negatively impact.

#### IT Related Proposals:

Not applicable.

#### Results:

This proposal will increase administrative efficiencies to the OSTL, ADM and DNR.

#### Statutory Change(s):

None

## Administration

### FY 2020-21 Biennial Budget Change Item

#### Change Item Title: MN Emergency Alert and AMBER Alert System Upgrades (MPR)

Fiscal Impact (\$000s)	FY 2020	FY 2021	FY 2022	FY 2023
General Fund				
Expenditures	200	200	200	200
Revenues	0	0	0	0
Other Funds				
Expenditures	0	0	0	0
Revenues	0	0	0	0
Net Fiscal Impact = (Expenditures – Revenues)	200	200	200	200
FTEs	0	0	0	0

#### Recommendation:

The Governor recommends additional grant funding to Minnesota Public Radio, Inc. (MPR) for upgrades to Minnesota's Emergency Alert and AMBER Alert Systems. The current, base grant to MPR is \$310 thousand annually in FY 2020 and FY 2021. In FY 2018, MPR received a one-time grant of \$400,000 for similar upgrades.

#### Rationale/Background:

This funding ensures that Minnesota Public Radio, as the backbone for the Minnesota Emergency Alert System (EAS), can continue to provide this essential service. This funding will support needed equipment repairs and replacements in rural Minnesota that are essential to radio broadcasts and emergency signals. Minnesota's radio, television, and cable broadcasters rely on and monitor MPR's radio network 24 hours a day. In the event of an emergency, the appropriate warnings and information can be broadcast by all media organizations to audiences across the state. These broadcasts may include state or federal emergencies, a nuclear disaster, a natural disaster, Emergency alert, or an AMBER (child-abduction) Alert.

MPR has built a statewide radio network with more than 80 stations and translators throughout the region. MPR's signal reaches 95% of the state and over 900,000 listeners tune in each week. There is no other media organization in Minnesota that has this statewide reach, which is why MPR has been designated as the backbone for the EAS. This network allows MPR to distribute the EAS signal statewide to all MN broadcasters.

The maintenance of this critical network faces a variety of problems that state funding eases. Much of the network was built thirty to forty years ago and key infrastructure now needs to be updated, repaired, or in some cases replaced. Minnesota weather can also cause unexpected and large scale equipment damage. In addition, as technology continues to change, MPR's stations need to be kept up to date to ensure maximum working order and coverage.

#### Proposal:

Many of the MPR stations cover smaller communities in Greater Minnesota, and these stations are not financially self-supporting. No general fund dollars are spent on metro stations or any MPR employee salaries.

The Governor recommends additional funding to MPR for upgrades to Minnesota's Emergency Alert and AMBER Alert Systems. The increase will provide necessary funding for infrastructure updates, repairs, and, in some cases, replacement. Many of the MPR stations cover smaller communities in Greater Minnesota, and these stations are not financially self-supporting. No general fund dollars from these equipment grants are spent on metro stations

or any MPR employee salaries. Up to 5% of the amount appropriated can be used by the Department of Administration for their costs to administer the grant.

**Equity and Inclusion:**

N/A

**IT Related Proposals:**

N/A

**Results:**

At the federal level, EAS is overseen by the Federal Emergency Management Agency (FEMA), the Federal Communications Commission (FCC), and the National Oceanic and Atmospheric Administration (NOAA). The EAS is tested through MPR on a monthly basis, and the FCC also conducts periodic EAS testing. These tests ensure that the system is working properly and identifies issues that need to be corrected. MPR must comply with all EAS laws and regulations. MPR's components of the system must properly function during all tests and fully disseminate and coordinate alerts and warning messages during actual emergencies. This additional funding will help ensure important, necessary information is successfully disseminated across the state, and that MPR remain compliant with federal regulations.

In Minnesota, the Department of Public Safety oversees the Integrated Public Alert and Warning System (IPAWS) – EAS is a part of this system.

**Statutory Change(s):**

N/A

## Administration

### FY 2020-21 Biennial Budget Change Item

#### Change Item Title: Ford Building Deficit

Fiscal Impact (\$000s)	FY 2020	FY 2021	FY 2022	FY 2023
General Fund				
Expenditures	0	0	(190)	(190)
Transfer Out	0	0	190	190
Other Funds				
Transfer In	0	0	190	190
Expenditures	0	0	190	190
Net Fiscal Impact = (Expenditures – Revenues)	0	0	0	0
<b>FTEs</b>	<b>0</b>	<b>0</b>	<b>(1.4)</b>	<b>(1.4)</b>

#### Request:

The Governor recommends repurposing \$190,000 per year from the Department of Administration's (Admin) general fund base budget for the operation and maintenance deficit of the vacant Ford Building, beginning in FY22. The General Fund appropriation will be transferred to the Lease Fund and used to pay down the deficit until it is eliminated, estimated to be in FY28.

#### Rationale/Background:

Minnesota Session Laws of 2017, First Special Session, Chapter 4, Article 1, Sec. 11, Subdivision 2 appropriates \$190,000 per year to the state demographer for the 2020 census. Since the 2020 census efforts will conclude in FY 2021, the funding will not be needed for this purpose and the Governor recommends redirecting the funding to cover previous financial losses and cover the cost of maintaining the Ford Building going forward.

The costs to operate and maintain Capitol complex buildings are financed through an internal service fund that relies on the collection of lease payments (rent) from building tenants, and from In Lieu of Rent funding. The Ford building, located at 117 University Ave, St. Paul, MN, has been vacant since 2003 with no source of revenue. As of June 30, 2018, with no funding source to pay for building costs, the building has accumulated an operating deficit of \$989,000. This deficit is growing each year.

The Ford Building was constructed in 1912, and was purchased by the state in the late 1960's. The building was most recently used for office space until 2003, but was decommissioned in 2004. It has remained vacant since that time, but has experienced significant distress and deterioration over the last 15 years. The distress is global to the building and includes both structural concrete and exterior wall cladding (brick, terracotta and tile) deficiencies.

#### Exterior:

Admin first discovered concrete/stucco debris falling off portions of the east-building wall in 1999. By 2005, the south elevation brick, terra cotta, and tile masonry had undergone additional deterioration, and significant brick masonry cracking, and outward bulging of wall sections, were potential safety hazards. Repairs in 2005 removed the loose and hazardous masonry.

A 2009 review revealed additional distress at the south elevation masonry. An assessment in 2012 identified additional distress to an areaway below the south sidewalk. Repairs to the building were completed after each condition assessment, including:

- Adding a supplementary supporting angle below the east concrete masonry stair tower wall;
- Anchoring chain link fence to portions of the east and west walls;
- Removal of loose masonry and salvage of brick for future reuse;
- Removal of steel lintels over windows; and
- Replacement of structural support members over the fuel storage tank.

Known issues with the interior of the building include: efflorescence indicative of water transmission can be observed on the most northwestern column in the stairwell on all three levels, and there is visible distress in the mechanical area at the basement level below the south sidewalk and overhead concrete spalling, efflorescence, and deteriorated reinforcing bars were observed at a few locations. Another condition assessment will be completed over the next several months.

**Proposal:**

The Governor recommends redirecting \$190,000 per year, beginning in FY 2022, from the Department's base budget to cover previous financial losses and cover the cost of maintaining the Ford Building going forward.

**Results:**

These funds will cover financial losses from previous years and provide funds for future building maintenance.

**Statutory Change(s):**

N/A

**Program:** Government and Citizen Services

**Activity:** Council on Developmental Disabilities

<http://mn.gov/mnddc> and <http://mn.gov/mnddc/pipm>

### AT A GLANCE

The Council provides information, education, and training including:

- Dissemination of more than 1 million publications and downloads about developmental disabilities during the past biennium.
- Reached milestone of 1,000 Minnesota Partners in Policymaking® graduates in May 2018.
- Creation of the largest online archive of Minnesota and national developmental disabilities history.
- More than 100,000 downloads of Emergency Planning App for people with autism spectrum disorder.

### PURPOSE & CONTEXT

The Minnesota Governor's Council on Developmental Disabilities fulfills the requirements of the federal Developmental Disabilities Act (DD Act--P.L. 106-402) for Minnesota. The mission of the Council is to provide information, education and training to people with developmental disabilities and their families in order to increase their independence, productivity, self-determination, integration and inclusion (IPSI) into community life.

Developmental disabilities are significant disabilities that begin during the developmental period, impact three major areas of functioning, and last throughout a person's lifetime. Approximately 1.8% of Minnesotans have a developmental disability. The Council was first appointed in 1971 and the Department of Administration has served as the federally designated state agency since 1991.

### SERVICES PROVIDED

The DD Act requires that 70% of the federal allocation must be spent on program goals approved by the federal government. These program goals or services include:

- Leadership training through the Partners in Policymaking program (an 8 month leadership training course designed for people with developmental disabilities (self-advocates) and family members);
- Free training materials, publications, resource materials, and online courses;
- Sponsorship of training conferences;
- Grant funds to assist self-advocates to advocate for themselves;
- Outreach to diverse racial and ethnic communities;
- Innovative employment opportunities for people with developmental disabilities; and
- Customer research studies on topics critical to the field.

The Legislature provided one-time Legacy funding in 2017 for a project to archive developmental disabilities history from 2000-2018. This project archived over 750 documents, 25 interviews with disability advocates, and 120 stories about critical issues and developments.

After approval of Minnesota's Olmstead Plan in 2015, the Legislature provided Olmstead funding to assist in conducting research studies; increase community engagement activities with five racial and ethnic communities; assist in tracking Olmstead Plan results; provide assistance for the statewide Quality of Life study and provide historical archiving of resource materials used in developing and implementing the Olmstead Plan.

## RESULTS

<i>Type of Measure</i>	<i>Name of Measure</i>	<i>Previous</i>	<i>Current</i>	<i>Dates</i>
Quantity	Number of copies of Council publications distributed and number of downloads from Council websites.	94,118	1.05 M	2008, 2017
Quality	Customer satisfaction	97%	98%	2011, 2017
Results	Increased independence, self-determination, productivity, integration and inclusion (IPSII)*	3.0-4.6	4.1-4.8	2011, 2017

\*The DD ACT defines federal outcomes of increased independence (making decisions); self-determination (taking control of one's life); productivity (volunteering or working at a paid job); and integration and inclusion (being part of a community) for people with developmental disabilities. The above measures show the range of pre- and post-results for Council-sponsored training programs. The participants (trainees) assess themselves on a scale of 1-5 (5 being the highest) before and after the training to determine if the federal outcomes (IPSII) increased.

---

The legal authority for the Council is provided in the Developmental Disabilities Assistance and Bill of Rights Act (P.L. 106-402) and M.S. 16B.053 and M.S. 16B.054

- Manage a fleet of approximately 2,055 vehicles
- Utilize vehicle telematics to increase safety, efficiency, and effectiveness of fleet management
- 88 percent of managed vehicles are capable of using alternative fuels and/or are hybrid vehicles
- Increased number of electric and hybrid vehicles from 56 in FY15 to 496 in FY18
- Increased fuel efficiency by 10 MPG, on average, for vehicle replacements since FY16
- Assist state and local governments with the distribution and disposal of surplus property
- Repurposed nearly 23,242 items through the Surplus Property Distribution Center in FY18
- Returned \$17 million to agencies from surplus property sales in FY18
- Sold 5,756 lots of property through the State Auction Program last year in FY18

### PURPOSE & CONTEXT

Fleet and Surplus Services strives to ensure that state agencies have access to critical logistical services related to transportation and state and federal surplus property recapture and reuse or disposal.

Our Fleet Services unit provides safe, cost effective transportation solutions for official government business. We ensure a cost effective operation by tailoring services to actual agency usage. We monitor key data points such as mileage and fuel consumption in order to advise agencies on the best vehicle to meet their needs, how long vehicles should be kept, and other transportation options.

In addition, our green fleet choice initiative aims to reduce vehicle life-cycle costs and greenhouse gas emissions and petroleum consumption. We help agencies transition to “greener” vehicles through scheduled replacement of existing fleet inventory. Forty-six electric vehicle charging stations were added to admin parking facilities in FY17 to support state and public adoption of electric vehicles.

The Surplus Services unit provides assistance to state agencies and local governments to distribute surplus property in an environmentally and financially responsible manner. Additionally, we maximize the public investment in equipment through redistribution to other public entities or sale. We return approximately 90 percent of sale proceeds to the agencies that dispose of surplus property.

Our primary customers are state agencies, local governments, nonprofit organizations, and the public. Fleet Services is organized as an internal service fund and generates its revenue through the fleet vehicle leasing program. Surplus Services is an enterprise fund and generates its revenue through the resale of goods.

### SERVICES PROVIDED

The work of Fleet and Surplus Services can be divided into two primary categories: Fleet Services and Surplus Services.

Specific services provided include: full service long-term vehicle rental program; vehicle maintenance service; fuel card program; statewide fleet reporting and information management system; telematics; agency assistance with vehicle utilization and lifecycle management; vehicle usage policy guidance, guidelines and procedures for the management and disposal of state surplus property; management of a surplus redistribution center for state and federal surplus property; live and online auction program; surplus exchange program; and storage services.

## RESULTS

**Measure (Quantity):** Number of fuel efficient vehicles by Year. We measure fuel efficiency with a goal of reducing fossil fuels by utilizing alternative fuels and fuel efficient vehicles. Since 2015 we improved fuel efficiency by an average of 10 MPG on vehicle replacements.

**Measure (Quantity):** Number of online auction lots sold. MinnBid, our online auction site, is a cost-effective means to dispose of state surplus property. From 2013-2018, the number of items sold online increased 18%.

Type of Measure	MEASUREMENT GOAL	Previous	Current	Dates
Quality	<b>Reduction of agency owned vehicles by converting to Admin leased vehicles.</b> Controlling the life cycle of a vehicle is critical to safety, dependability, and cost effectiveness. Admin's leasing program provides a managed life cycle for vehicles to meet these three objectives. State agencies are converting agency owned vehicles to Admin leased vehicles for management and control of life cycles. Approximately 192 agency-owned vehicles were converted to lease vehicles in FY 17 and FY18. It is dependent on agency participation to convert remaining agency vehicles to lease vehicles during their vehicle replacement planning.	943	751 FY20 Goal is 500	2016, 2018
Quantity	<b>Increase Surplus Services program active donee customer participation.</b> Over 325 government entities and eligible non-profit organizations (donees) utilized the Surplus Services programs in FY18. Our goal is to bring awareness to the surplus property disposal and reuse programs and increase our donee and auction sales participation. We track the number of new active organizations participating in the Surplus Services re-purposing program with a goal of increasing participation by 7% over the next year.	320	436	2016, 2018

<i>Type of Measure</i>	<i>MEASUREMENT GOAL</i>	<i>Previous</i>	<i>Current</i>	<i>Dates</i>
Quantity	<b>Increase the total number of electric/hybrid vehicles in Admin fleet.</b> The Admin fleet currently has 496 electric and hybrid vehicles. Adding more energy and fuel efficient hybrid and electric vehicles as we replace current vehicles will help us meet our sustainability goals of reducing greenhouse gas emissions and petroleum consumption.	39	496	2016, 2018

**Program: Government and Citizen Services**

**Activity: Data Practices Office**

<https://mn.gov/admin/data-practices/>

### AT A GLANCE

- Provides data practices and open meeting law technical assistance and in-person or webinar training to over 3,300 customers each year
- Maintains a website with data practices and open meetings informational pages and training materials, including 1,000 advisory opinions drafted on behalf of the Commissioner of Administration
- Issued 14 Advisory Opinions in FY 2018
- Hosted or attended 38 training or outreach events across the state in FY 2018
- Receives over 100,000 webpage views each year

### PURPOSE & CONTEXT

The Data Practices Office is a statewide resource on Minnesota's data practices and open meeting laws. We help ensure government transparency and accountability by promoting compliance with those laws by issuing Advisory Opinions and by providing accurate and conveniently accessible information, participating in training, responding to technical inquiries received via telephone calls or emails, and maintaining an informational website and library of over 1,000 relevant Advisory Opinions.

We promote compliance with and understanding of these laws by providing technical consultation and training resources to state and local government, members of the public, the media, and the Legislature. This activity is primarily funded through a general fund appropriation.

### SERVICES PROVIDED

#### Technical Assistance and Consultation

- Assist government, public, media, and legislative customers with questions about data practices and open meeting laws
- Informally resolve formal advisory opinion requests when possible

#### Training and Resource Development

- Develop resource materials (for example: model policies and guides)
- Present training on data practices and open meeting laws

#### Statutory Duties

- Assist the Commissioner of Administration by drafting advisory opinions
- Assist the Commissioner in handling requests for temporary classification of government data
- Provide services related to appeals of challenges to the accuracy and completeness of government data
- Review law enforcement agencies automated license plate reader audits

All of these functions help promote government accountability and efficiency by providing government entities with resources to ensure compliance with the laws and providing the public, media, and legislature with an understanding of their rights and implications of the laws.

## RESULTS

Our performance measures show consistently high ratings for the usefulness of training and we remain committed to reaching even more people who need our help. We will continue to collect data and measure the success of training by having attendees rate their increase in knowledge about data practices and open meeting laws and whether they can utilize the information they receive at training in their day-to-day job tasks. We will work to maintain high numbers of customer contacts both through informal consultations (e.g. phone calls, emails, in-person meetings) and training events.

**Program: Government and Citizen Services**

**Activity: Office of State Procurement**

[mn.gov/admin/osp](http://mn.gov/admin/osp)

#### AT A GLANCE

- Oversee Minnesota state agency purchasing valued over \$2.3 billion in FY17 and \$2.5 billion in FY18
- Established the Office of Equity in Procurement (OEP) in FY16 to promote equity in contracting
- Manage about 2,300 contracts offering volume discounts to state agencies, counties, cities, and school districts in FY18
- Review about 7,100 professional/technical contract documents prepared by agencies annually
- Negotiate over \$21 million in contract savings for government entities in FY17 and FY18

#### PURPOSE & CONTEXT

The Office of State Procurement strives to achieve the best value for taxpayers through strategic contracting and purchasing of goods and services. We oversee and facilitate purchasing across the enterprise valued at over \$2 billion annually.

Our primary customers are state agencies, counties, cities, school districts, public health care facilities, the public, and vendors doing business with the state and competing for state contracts.

A general fund appropriation funds the contracting and purchasing services we provide to state agencies. Vendor-paid contract administration fees fund the services we provide to other government entities and health-related facilities.

#### SERVICES PROVIDED

The Office of State Procurement utilizes four key strategies to achieve best value in state procurement:

- Statewide procurement policy and process leadership
- Objective competitive vendor solicitations
- Contracting expertise
- Targeted procurement with small women, minority, disabled and veteran owned businesses toward eliminating contract disparities

Specific services provided include:

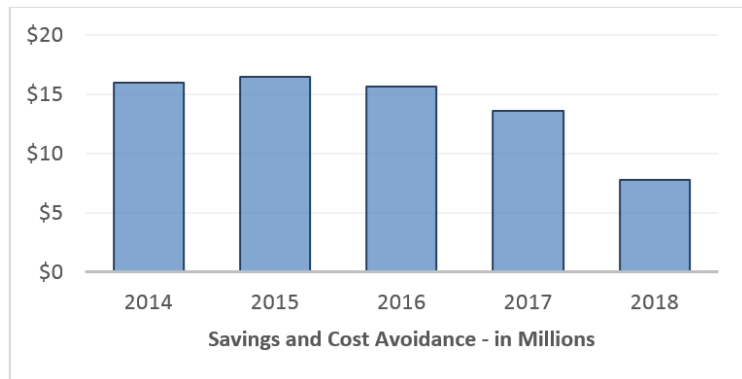

- Purchasing and contracting for goods, services, utilities, and construction;
- Promoting equity in contracting and environmentally responsible purchasing;
- Providing oversight of professional/technical contracts;
- Working with businesses to ensure fair and open competition;
- Managing procurement functions manually and through the Statewide Integrated Financial Tools (SWIFT);
- Monitoring compliance with state procurement law and policy;
- Conducting training for state agencies, vendors, and other customers;
- Operating a cooperative purchasing program for almost 1,400 local units of government; and
- Operating the Minnesota Multi-State Contracting Alliance for Pharmacy (MMCAP), a pharmaceutical/medical supplies purchasing program on behalf of thousands of participating facilities in all 50 states and the District of Columbia.

## RESULTS

We use a variety of quantity, quality and result metrics to monitor our success.

**Performance Measure (Result of Program):  
Dollars saved through our contract negotiations.**

In FY18 we tracked savings and cost avoidance of \$7.8 million, which is more than three times greater than our general fund appropriation of \$2.4 million for the same period.

**Performance Measure (Quality of Program):  
Average time it takes to provide a legal review.**

Agencies need prompt turnaround on the nearly 7,100 contract documents they send us annually for compliance review. We measure our work quality by assessing the average time it takes to provide a legal review with the goal being less than 3 days.

**Performance Measure (Quantity of Program): The number of local governments and healthcare facilities that use our contracts.**

We track this measure because local governments and healthcare facilities can choose among a wide variety of purchasing programs and contract options that they determine provides the best value to their organization.

**Program: Government and Citizen Services**

**Activity: Continuous Improvement**

[mn.gov/admin/continuous-improvement/](http://mn.gov/admin/continuous-improvement/)

### AT A GLANCE

- Worked with 96% of cabinet-level agencies on problem solving projects, consulting, or specialized training
- Implemented the second biennial CI Index, a survey tool that assists agencies in measuring whether their employees feel they have the tools and abilities to improve services and products
- Trained more than 480 managers in nearly every cabinet-level state agency in how to champion and lead continuous improvement efforts during FY17
- Facilitated the Governor's Better Government awards, reviewing a near-record 60 continuous improvement project nominations

### PURPOSE & CONTEXT

The Minnesota Office of Continuous Improvement (MNCI) works with state agencies, boards, and commissions to improve Minnesota government operations, consistent with the Department of Administration's mission: to benefit all Minnesotans by leading innovation, creating solutions, and providing exceptional services. Local government and federal agency staff may also attend trainings.

MNCI's focus is on enterprise level improvements that have the greatest impact on services across state government. MNCI's goal: implement work that significantly and sustainably impacts the efficiency and effectiveness of government services for Minnesotans. This work helps prepare for and respond to challenges facing state government including:

- An aging state population
- Public pressure for greater accountability and transparency
- Increasing customer expectations, declining or static budgets
- Increasing employee retirement rate

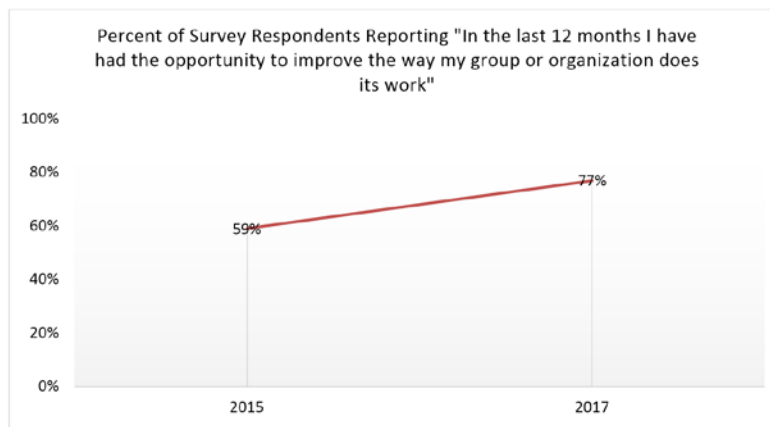

This program is funded by the general fund.

### SERVICES PROVIDED

Specific services provided to all cabinet-level agencies include:

- Providing innovation and continuous improvement training to all new state managers/supervisors
- Highlighting best practices and new practices in the public sector
- Leading training courses in how to implement (or use) continuous improvement, problem solving, and design thinking concepts, methodologies, and tools (state, county, and local government teams may attend)
- Working with agencies to help them utilize continuous improvement to achieve strategic goals
- Managing enterprise-wide projects from initial scoping through implementation
- Supporting state agency improvement projects with consulting and project management
- Facilitating the annual Governor's Continuous Improvement Awards

## RESULTS

The chart above shows the percentage of respondents to the CI Index of cabinet agency staff at all levels who worked on improvement projects. Our goal is to create the culture for change within each agency.

The chart above shows the percentage of cabinet agencies with staff participating in the MN CI training. Our goal is to build a foundation for continuous improvement and create the capacity for change within each agency.

The chart above shows the impact of our training across the enterprise: how many respondents reported doing at least one of the following activities within the six months after their trainings:

- Used what I learned to analyze a problem in a new way
- Independently made an improvement to my individual work area or process
- Sponsored, led, facilitated, or co-facilitated an improvement effort

M.S. 16B (<https://www.revisor.mn.gov/statutes/?id=16b>) provides the statutory authority for this activity.

**Program: Government and Citizen Services**

**Activity: Office of Grants Management**

<https://mn.gov/admin/government/grants/>

#### AT A GLANCE

- Provide guidance to state grant making entities through the administration of 13 comprehensive grant policies to improve state grant-making
- Maintain two websites that provide information and assistance to grant-makers and grant-seekers
- Provide consultation and technical assistance for over 400 inquiries annually
- Our web-based resources received more than 65,000 visits in the last year

#### PURPOSE & CONTEXT

The Office of Grants Management (OGM) provides policy leadership and direction to promote consistent grants administration between state agencies, funders, and grantees. This increases access to state grant opportunities and state grants policies and leads to greater program accountability and transparency.

Overtime, OGM has also been assigned responsibility for administering certain public broadcasting and other legislatively named grants. The number of grants administered by OGM has increased from 19 in 2009 to 90 today. The agency received administrative funding for 37 grants. Although we strive best practice grants administration to all grantees, oversight for some grants is necessarily limited to basic compliance.

Our primary customers are state and local government, nonprofit organizations, private foundations, and citizens. This activity is funded through the general fund.

#### SERVICES PROVIDED

We provide the following services to promote more efficient and effective management of state grants and to provide access to state-wide grant opportunities:

- Policy development and state grants leadership
- Training, consulting, and development
- Technical assistance

Specific services include: develop, enhance, and revise state grants management policies to create greater oversight, consistency, and transparency for state grant expenditures; develop policies that promote equity and inclusion in grantee selection; convene governance committee to provide guidance and promote cooperation between state agencies, grantees, and community partners; create and share information and resources about best practices in state grants management through in-person and web-based training, presentations, and consulting; and provide and manage two informational websites that provide a complete listing of state grant opportunities and resources for grant-makers. OGM is also a granting agency and provides grant administration for a \$25.8 million portfolio (\$5.6 million from the general fund and \$20.1 million from the Arts and Cultural Heritage Fund for the FY18/19 biennium) representing 37 grantees.

**Program: Government and Citizen Services**

**Activity: State Archaeologist**

<https://mn.gov/admin/archaeologist/>

#### AT A GLANCE

- Oversees and licenses archaeological work on Minnesota's public (non-federal) land
- Maintains files for all recorded archaeological sites in Minnesota
- Works closely with the Indian Affairs Council to preserve American Indian cemeteries and archaeological sites
- Records archaeological sites and un-platted cemeteries, and recovers human remains
- Fosters collaboration between professional archaeologists, tribal communities, governmental agencies, and the public

#### PURPOSE & CONTEXT

The Office of the State Archaeologist (OSA) is the enterprise archaeology function. With 2 FTEs, we strive to preserve archaeological sites and un-platted burials, encourage communication between state agencies, foster collaboration between the archaeological and tribal communities, and promote archaeological research and education in Minnesota. We work with developers, tribal representatives, governmental agencies, and the public to preserve, protect, and interpret our archaeological resources. Other agencies also employ in-house archaeologists in order to comply with state and federal law and meet their agency missions.

Our primary customers are landowners, state and local governments, developers, tribal communities, professional archaeologists, students, and the public. The office is funded by the general fund.

#### SERVICES PROVIDED

The OSA works closely with the Indian Affairs Council, State Historic Preservation Office, tribal representatives, professional and amateur archaeologists, and agencies to discuss proposed development projects, un-platted cemetery sites, and the future of archaeology in Minnesota.

The OSA serves Minnesota by:

- Promoting collaboration between cultural resource professionals, state and local agencies, and tribal representatives, by answering questions, giving presentations, and providing cultural resource-related training opportunities
- Compiling and maintaining up-to-date information on recorded archaeological sites and un-platted cemeteries in the site files and via the internet on the OSA Portal
- Educating the public about cultural resources by meeting with individuals, answering questions, giving public presentations, and organizing Minnesota Archaeology Month
- Facilitating research activities by prioritizing, promoting, and managing the Legacy-funded Statewide Survey of Historical and Archaeological Sites
- Reviewing development plans to limit harm to archaeological sites and cemeteries cost-effectively and efficiently
- Evaluating professional qualifications and licenses of professionals working on public lands

## RESULTS

**Program: Government and Citizen Services**

**Activity: Facilities Management**

[mn.gov/admin/government/buildings-grounds](http://mn.gov/admin/government/buildings-grounds)

#### AT A GLANCE

- Maintain 4.7 million square feet of office, laboratory, ceremonial, meeting, and other space in 23 buildings, including State Capitol building public spaces
- Maintain the grounds of the 140 acre Capitol Complex
- Maintain 25 monuments and memorials
- Operate and maintain over 600 parking stalls in 31 facilities
- Issue 450 special event permits annually
- Processed 17 million pieces of mail and achieved \$1.7 million in postage savings in FY18
- Serve over 45,000 Minnesota Bookstore customers
- Reduced energy consumption by 21 percent from 2008 to 2018 even while building portfolio and occupancy increased.
- Oversee a 'Toward Zero Waste' recycling program.

#### PURPOSE & CONTEXT

Facilities Management's (FMD) maintains facilities and grounds on the State Capitol Complex and other select locations in the State of Minnesota while keeping lease and parking rates low. We seek innovative solutions for parking asset management and to ensure sustainability through energy management and environmental stewardship. FMD operates as an internal service fund with revenue generated from building lease rates charged to state agencies, the in-lieu-of-rent appropriation, and other tenants. Revenue also comes from central mail postage rates, parking fees, and bookstore sales. There is a general fund appropriation for processing federal mail and for interagency mail delivery.

Additionally, our mail processing, publishing and distribution services through Central Mail and Minnesota's Bookstore provide cost-effective solutions critical to state agency functions. Our publication of the State Register provides the public a convenient way to find critical state information.

Our primary customers are state agencies and their customers, state employees, the Governor's Office, the Legislature, and visitors to the Capitol Complex. Minnesota's Bookstore serves state and local governments, school districts, and higher education entities.

#### SERVICES PROVIDED

FMD provides services in four primary categories:

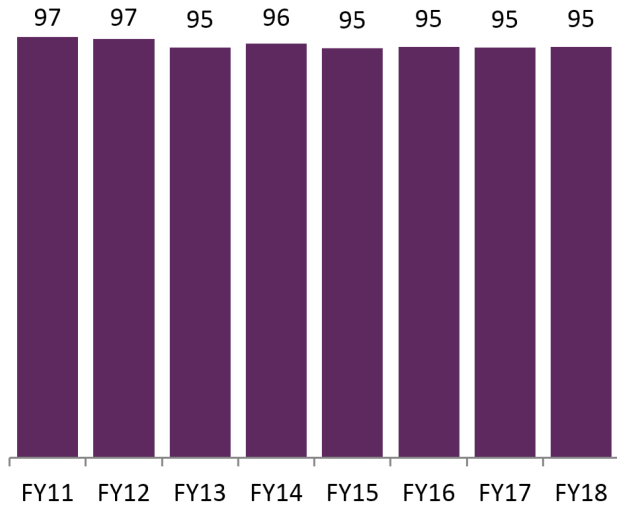

- Facilities
- Parking and alternative transportation
- Grounds
- Centralized mail service for agencies located in St. Paul

Specific services provided include: provide clean, safe, and environmentally-sound facilities; energy management; recycling; event permitting and coordination; Capitol Complex food service oversight; maintenance of green spaces including monuments and memorials; process federal and inter-office mail for state agencies; maintain and manage parking facilities; and publish the State Register.

## RESULTS

We measure performance in multiple ways including: customer satisfaction, service disruptions, work completion rates, recycling rates, energy consumption, and carbon reduction. We also continually monitor the conditions of the buildings we manage by conducting annual facility condition audits.

### Result: Customer Satisfaction

**Customer Satisfaction:** Data is taken from Building Occupant Annual Survey results. The percentage identifies consistently high tenant satisfaction with Admin managed facilities.

### Quality: Work Order Completion Percentage

**Best Value:** Percentage of work orders completed on-time statistics show improved timeliness of work order completions.

### Quality: FMD-caused Service Disruptions

**Best Value:** Our goal is to have zero FMD caused-service disruptions. A service disruption is any change or interruption in a building service such as heating, cooling, plumbing, or electrical service that degrades an occupant's ability to accomplish their mission.

### Result: Sustainability

**Sustainability:** Although we have exceeded the state's recycling goal of 75% by 2030, we will strive to improve on our current rate of 78% as of CY 2017.

**Result: Capitol Complex Annual Energy Use (MMBTU) and CO2e Emissions (Tons)**

**Sustainability:** All Capitol Complex energy sources for all facilities in millions of British Thermal Units (MMBTUs). The current energy reduction of 21% has been normalized for weather.

M.S. 16B.24-28 (<https://www.revisor.mn.gov/statutes/?id=16B>) provides the legal authority for Facilities Management Division's services.

[mn.gov/admin/government/real-estate/](http://mn.gov/admin/government/real-estate/)

[mn.gov/admin/government/construction-projects/](http://mn.gov/admin/government/construction-projects/)

#### AT A GLANCE

- Managed 850 non-state-owned and state-owned real property leases in FY18
- Leased 3.8 million useable square feet of non-state-owned space at an annual cost of \$70 million
- Managed over 280 construction projects for state-owned facilities in FY18
- Oversaw \$117 million in capital appropriations in FY18.

#### PURPOSE & CONTEXT

Real Estate and Construction Services delivers project management and leasing services to achieve facility solutions that help state agencies deliver efficient and effective services. Through development of building sustainability guidelines in partnership with the Department of Commerce and the University of Minnesota, our construction services team increases sustainability standards in buildings constructed or renovated with state funds.

Additionally, by utilizing statutory contracting preferences, subcontracting goals, and sheltered market contracts, we are increasing the participation of women, minority, disabled, and veteran-owned small businesses in public construction projects.

Our effective lease negotiations ensure that agencies receive competitive rates in the market. We also help agencies get the most functionality and efficiency from their space through implementation of space standards and oversight of space lease terms and conditions.

Our activities are primarily funded through general fund and capital appropriations.

#### SERVICES PROVIDED

##### Construction

- Project management of new, remodel, and asset preservation building projects
- Management of capital asset preservation and replacement funds
- Management of predesign program
- Capital improvement planning
- Management and oversight of the Minnesota Sustainable Building Guidelines and Benchmarking Tool

##### Real Estate

- Acquiring and selling real property
- Coordination of transfers of real property between agencies
- Space utilization services for efficient facility management
- Negotiation and drafting of easements and permits

##### Leasing

- Negotiation and drafting of lease documents
- Management of state-owned and non-state-owned real property leases

## RESULTS

Performance Measure (Result of the Program): Key performance areas include: 1) Diversity and Inclusion; 2) Sustainability and, 3) Best Value.

<i>Type of Measure</i>	<i>Name of Measure</i>	<i>Previous</i>	<i>Current</i>	<i>Dates</i>
Quality	Achieve at or below market rental rates for all office / warehouse lease renewals and new leases	100%	100%	FY2017, FY2018
Quality	Incorporate at least one new sustainability measure into all lease renewals and new leases	0%	100%	FY2017, FY2018
Quantity	Review Capital Improvement projects to determine if eligible for a limited bid to qualified TGBs (Targeted Group Businesses)	0%	Implemented for 100% of projects	FY2017, FY2018
Quantity	Send 10% or more of professional / technical services solicitations to Targeted Group vendors	0%	Implemented for 100% of solicitations	FY2017, FY2018

**Program: Government and Citizen Services**

**Activity: Enterprise Real Property Program**

[mn.gov/admin](http://mn.gov/admin)

#### AT A GLANCE

- Manages data for approximately 6,000 state owned buildings consisting of more than 36 million square feet, and more than 3.1 million acres of land
- Preserves a catalog of floorplans for more than 87% of state-owned space
- Performs standardized and consistent Facility Condition Assessments on 80% of state owned space
- Tracks approximately 125,000 maintenance and work orders annually for state facilities
- Manages and tracks more than 850 active leases
- Inventories more than 78,000 facility-supporting assets and equipment
- Facilitates employee relocations that will allow for the most effective use of space

#### PURPOSE & CONTEXT

Enterprise Real Property provides the tools and information necessary for data-driven facility investment and management across state government.

By leading collaboration and data analysis among the 19 state agencies that maintain state-owned property, we help operate state facilities more cost-effectively. Our consistent real-time data also allows policymakers the opportunity to understand a space's condition, occupancy, how it is used, operated, and maintained.

The Enterprise Real Property Program, Archibus, consolidates data from 19 agencies that maintain state-owned property into one database and one application. We utilize this data to standardize real property management across state government. We direct collaborative efforts for developing and establishing policies, procedures, consistent standards, and guidelines for operating, sustaining, and managing the state's real property portfolio. This data is also used to help determine state asset preservation funding needs and the fiscal impact of deferring needed facility maintenance.

Our system modules track space management, building operations, Facility Condition Assessments, employee moves, project management, asset management, and lease management to manage the state's real property.

#### SERVICES PROVIDED

Services provided include:

- Data management
- Maintaining standards, policies, and processes to ensure consistency
- User training to maximize program results
- Maintain functionality of existing technology
- Research new technologies to leverage data and optimize operations
- Application installations and new technology implementations
- Implementation of agency work plans and agency consultation
- Issue resolution and system fixes within staff expertise
- System enhancements for functionality
- Manage implementation of real property system upgrades
- Create enterprise-level facility reports and assist agencies with specific reports

## RESULTS

**Program: Government and Citizen Services****Activity: Risk Management**[mn.gov/admin/risk](http://mn.gov/admin/risk)**AT A GLANCE**

- Provide cost-effective management of the state's property, auto, general liability and workers' compensation self-insurance program
- Insure \$16.5 billion in state property and 13,616 vehicles for auto liability
- Manage 3,500 new liability, property and workers' compensation claims annually
- Cover over 60,000 employees in the executive, legislative, and judicial branches of state government, the Minnesota State Colleges and Universities, and quasi-state agencies such as the Minnesota Zoo
- Lead MnSAFE, the statewide injury reduction effort, which has helped prevent more than 2,500 injuries to state employees
- Provide \$1 million Disaster Management Services coverage for natural and man-made disasters on state owned or leased properties that result in 3 or more critical injuries – services include counseling, victim assistance, behavioral health and communications management

**PURPOSE & CONTEXT**

The Risk Management Division serves as the state's insurance expert by providing risk management advice and property, liability, and workers' compensation insurance services to all of Minnesota state government, quasi-state agencies, and the Minnesota State Colleges and Universities.

We help our customers understand their operational risks and maintain financial stability through insurance or the use of other risk management strategies. In addition, we help state agencies develop and promote a safe, productive workplace that helps protect state employees and state resources. We deliver comprehensive, cost-effective property, liability, and workers compensation services through proactive and innovative risk, loss-control, and claims management practices. The Workers' Compensation Program operates as a special revenue fund and the Property and Casualty Program operates as an internal service fund.

**SERVICES PROVIDED**

Risk Management helps state agencies and employees return to serving Minnesota citizens following unexpected events or accidents.

The services provided by Risk Management include:

- Advising customers about how to best control operational and contractual risks
- Helping customers acquire cost specialty insurance coverage when self-insuring the risk is not cost-effective
- Protecting state property and the public through loss control efforts
- Preventing injuries to employees and providing benefits when injuries occur that are work related
- Returning employees to work as soon as possible following workplace injuries
- Resolving property damage and injuries to the public caused by our customers
- Repairing our customers' damaged property and vehicles

## RESULTS

**Performance Measure (Result of the Program):** The number of workplace injuries is declining

**Performance Measure (Result of the Program):** The number of lost time injury claims is declining

**Performance Measure (Quality of the program):** To ensure cost effective services, we routinely compare our costs with those of private and public employers. Our workers' compensation cost per every \$100 of payroll is less than that of other Minnesota employers.

**Performance Measure (Quality of the Program):** We strive to keep our administrative expenses low and measure our costs annually against insurance market averages. Our property and casualty operating expenses are less than the average insurance industry operating costs.

M.S. 16B.85 (<https://www.revisor.mn.gov/statutes/?id=16B.85>) and M.S. 176.541 (<https://www.revisor.mn.gov/statutes/?id=176.541>) provide the legal authority for Administration’s Risk Management Division.

**Program: Government and Citizen Services**

**Activity: Small Agency Resource Team (SmART)**

[mn.gov/admin/government/small-agency/](http://mn.gov/admin/government/small-agency/)

#### AT A GLANCE

- Serves 20 diverse agencies, boards, and councils
- Financial guidance for budgets totaling \$76 million in FY18
- Human resource services for approximately 300 employees in FY18

#### PURPOSE & CONTEXT

The Small Agency Resource Team (SmART) provides accounting, budgeting, and human resources services to small agencies, boards, and councils. SmART agencies retain ultimate human resource, financial and budget decision making authority.

Staff learn the needs of state agency customers being served and provide expert technical knowledge of policies, procedures, and best practices to help customers maximize their effectiveness. We eliminate the need for these agencies, boards, and councils to hire dedicated administrative staff to handle transactional functions so that they can focus on delivering their core missions. Through SmART's work, customers more accurately and easily navigate the complexities of performing state government financial and human resources functions.

Our program is required by statute to serve the state's three ethnic councils, the Indian Affairs Council, and the Minnesota Council on Disability. By directing resources to these entities, they are able to dedicate their resources to supporting the state's goals surrounding diversity and inclusion in public programs and services. Currently, we serve 15 additional agency customers ranging from the Minnesota Racing Commission to the Minnesota Department of Human Rights. This work is supported by a combination of general fund resources and pay agreements. Under either funding source, SmART delivers high value services at a lower cost than hiring administrative staff for each program.

#### SERVICES PROVIDED

SmART provides customers with the financial and human resources information and services they need to operate effectively and efficiently:

##### Financial Management

- Budget support
- Biennial budget guidance and entry
- Fiscal note assistance and processing
- Budget entries
- Processing of purchase orders, professional/technical contracts, grant contracts, inter-agency agreements annual plans and employee business/travel reimbursements
- Payment processing
- Deposits
- Reporting
- Training

##### Human Resources

- Affirmative action planning
- Payroll services
- Personnel transactions entries
- Benefits administration
- Performance management and labor relations
- Classification and compensation analysis
- Vacancy filling
- Reporting
- Training

**Program: Government and Citizen Services**

**Activity: State Assistive Technology (STAR) & State Accommodation Reimbursement**

[mn.gov/star](http://mn.gov/star)

### AT A GLANCE

During FY18, STAR provided:

- 187 long-term loans of assistive technology that saved Minnesotans with disabilities \$351,997
- 702 short-term loans of assistive technology for trial or temporary use
- 203 demonstrations of assistive technology
- Facilitated a cross-agency collaboration to create [Minnesota's Guide to Assistive Technology](#)

During FY18, the State Accommodation Reimbursement Fund approved:

- 112 accommodation reimbursement requests from 13 State Agencies totaling \$143,691

### PURPOSE & CONTEXT

STAR is Minnesota's Assistive Technology Act program and is 100% federally funded.

We help Minnesotans of all ages who have disabilities find and get the assistive technology (AT) they need to function more independently at home, school, work, and in their communities. AT can be any item or product that helps an individual with a disability perform a task. Examples of assistive technology include, communication devices, handheld magnifiers, software that reads text aloud, assistive listening devices, adapted eating utensils, and grab bars.

STAR also administers the State's Accommodation Reimbursement Fund which was approved during the 2015 legislative session to provide support to applicants with disabilities applying for state jobs and to provide a more inclusive workplace for current state employees with disabilities.

### SERVICES PROVIDED

STAR provides the following **free** services to Minnesotans with disabilities so they may function more independently at home, school, work, and in their communities:

- Device loans
- Device demonstrations
- Information and Assistance
- Public awareness

We also provide technical assistance and training to state agencies.

Demonstrations and short-term loans (30-days or less) help Minnesotans better understand product features and gain hands-on experience with assistive technology before selecting and buying a device. STAR's services minimize the possibility that Minnesotans will buy an item that doesn't meet their needs. Minnesotans may also borrow AT to use while waiting to receive a new device or while their device is being repaired. Long-term loans allow Minnesotans to borrow older devices for as long as needed to use in school, at work or for essential daily living needs.

The Minnesota Department of Administration (Admin) is authorized to reimburse up to 50% of the cost of expenses incurred by the Executive Branch for reasonable accommodations.

## RESULTS

In addition to providing 120 short-term device loans for temporary use, STAR loaned 582 devices for short-term trial during FY18. Below is the percentage of borrowers who were able to determine if a device would meet their needs based on their experience during the loan period.

<i>Type of Measure</i>	<i>Name of Measure</i>	<i>Previous</i>	<i>Current</i>	<i>Dates</i>
Result	Percentage of device loans that resulted in borrowers determining if AT would meet their <b><u>educational</u></b> needs	98.21% (112 loans)	95.11% (348 loans)	2017, 2018
Result	Percentage of device loans that resulted in borrowers determining if AT would meet their <b><u>employment</u></b> needs	100% (17 loans)	97.22% (36 loans)	2017, 2018
Result	Percentage of device loans that resulted in borrowers determining if AT would meet their <b><u>community living needs</u></b>	97.69% (131 loans)	96.95% (198 loans)	2017, 2018

Agencies submitted the following number of requests for reimbursement.

<i>Type of Measure</i>	<i>Name of Measure</i>	<i>Previous</i>	<i>Current</i>	<i>Dates</i>
Result	One-time expenses (e.g., assistive technology) for a state employee that totals more than \$1,000.	4	9	2017, 2018
Result	Expenses for current state employee for services provided on a periodic or ongoing basis (e.g., American Sign Language interpreter)	104	101	2017, 2018
Result	Combination of one-time expenses and services for current state employee	1	1	2017, 2018
Result	Number of individual job applicants agencies submitted expenses for reimbursement from the Accommodation Fund	5	1	2017, 2018

**Program: Government and Citizen Services**

**Activity: State Demographer**

[mn.gov/admin/demography/](http://mn.gov/admin/demography/)

### AT A GLANCE

- Act as a liaison to the U.S. Census Bureau to ensure a complete and accurate Census count
- Prepare estimates of people and households for all counties, cities, and townships in the state
- Produce updated data projections about people by age and gender for Minnesota, its Economic Development Regions, and all counties — to guide planning in the coming decades
- Provided data to state agencies, local government, the Legislature, businesses, nonprofits, researchers, and others on 428 occasions in FY18
- Delivered 95 presentations about critical issues, reaching 6,500 listeners in FY18

### PURPOSE & CONTEXT

The MN State Demographic Center, a part of the Community Services Division, plays a lead role in coordinating Minnesota's Decennial Census response and assists state and local leaders in making informed decisions by providing timely and reliable demographic information. We help leaders locate and understand the best data available so that they can match their policies and programs to the state's ever-changing needs and be wise stewards of their resources.

Our assistance helps legislators anticipate and plan for the future, helps state government and nonprofit leaders understand and serve their clients, aides business in understanding their markets and workforce, and helps media raise awareness to key issues shaping our state.

### SERVICES PROVIDED

The work of the State Demographer's Office can be divided into three broad categories:

- Facilitate Minnesota's 2020 Census Complete Count Committee and support the independent efforts of local governments and non-governmental entities to champion the Census
- Data production and Data analysis
  - Prepare annual estimates of the number of people and households in all counties, cities, and townships in the state to assist with planning and distributing resources
  - Create projections of the population and labor force by age, gender, race, and location to plan for impacts to the state budget, economy, and services in the coming decades
  - Produce new data for Minnesota's unique needs and populations — such as on our immigrant groups and languages spoken in Minnesota homes, moving patterns of people by education and income, and different age patterns among Minnesota's communities
- Public awareness
  - Convene state-level Census Complete Count Committee to plan and implement promotional and engagement strategies for Minnesota
  - Support cities and counties to do their own census promotion and engagement for the Census
  - Work with the U.S. Census Bureau and local grant-making and non-profit leaders to create a Minnesota-specific Census plan

## RESULTS

**Activity: State Historic Preservation Office**

[mn.gov/admin/shpo](http://mn.gov/admin/shpo)

### AT A GLANCE

- There are 1,707 National Register of Historic Places properties in Minnesota. In FY17, the State Historic Preservation Review Board nominated 13 properties to the Register
- SHPO reviewed 3,822 federal and 307 state projects to protect historic and cultural resources during FY17
- In FY17, the total estimated economic impact of the Minnesota Historic Rehabilitation Tax Credit was \$66.4 million and an estimated 285 full-time jobs were created
- Supports the work of 44 Certified Local Governments who have agreed to conduct preservation activities based on federal and state standards and practices

### PURPOSE & CONTEXT

The State Historic Preservation Office (SHPO) administers federal and state programs aimed at preserving historic and cultural resources important to all Minnesotans. The SHPO was transferred to the Department of Administration on March 1, 2018 as a result of 2017 legislation, prior to this the SHPO was part of the Minnesota Historical Society.

The SHPO, as outlined in the National Historic Preservation Act of 1966, plays a lead role in identifying, evaluating, and registering historic properties; administering federal and state historic rehabilitation tax credits; consulting with federal and state agencies to ensure historic properties are taken into consideration at all levels of planning and development; and advising and assisting federal and state agencies and local governments in carrying out historic preservation responsibilities.

The SHPO is also responsible for creating and implementing a comprehensive statewide historic preservation plan. To develop the comprehensive plan, the SHPO partners with federal, state and local agencies, local Heritage Preservation Commissions, Tribal Historic Preservation Offices, tribal communities, professional organizations, nonprofit and preservation groups, owners and developers of historic properties, and county and local historical organizations. SHPO activities are generally funded through the federal Historic Preservation Fund (HPF), state general fund appropriation, and Historic Rehabilitation Tax Credit funds.

### SERVICES PROVIDED

The State Historic Preservation Office provides services in the following program areas:

- Statewide Historic Preservation Planning
- Disaster Planning for Historic Resources
- National Register of Historic Places
- Environmental Review Program for Both Federal and State Projects
- Federal and State Historic Rehabilitation Tax Credit Programs
- Certified Local Government Program, Including Grants to Heritage Preservation Commissions
- Statewide Survey and Inventory Program for Historic and Cultural Resources
- Education, Training, and Technical Assistance
- Historic Preservation Easements and Covenants

## RESULTS

SHPO was moved to the Department of Administration in March, 2018 and continues reporting program results as stipulated by the National Park Service. A division work planning process is underway with goal setting that addresses the organizational transition into state government.

<i>Type of Measure</i>	<i>Name of Measure</i>	<i>Previous</i>	<i>Current</i>	<i>Dates</i>
Quality	Meet the 30 day response time for federal and state environmental compliance reviews and requests for technical assistance	N/A	96%	2018
Result	Increase amount of public participation to inform the statewide historic preservation program for the next 5 to 10 years	200		2011
Quality	Through three phase development of an online portal, increase the public's online access to statewide survey of standing structures	Study Complete	Phase 1	2017, 2018

### Federal Legislation:

National Historic Preservation Act of 1966, as amended ([54 USC 302101 et seq](#))

State Historic Preservation Officers and National Register Review Boards ([36 CFR 61.4](#))

Certified Local Government Program ([54 USC 302501-302305](#)) ([36 CFR 61](#))

**Program:** Strategic Management Services

**Activity:** Executive Leadership/Partnerships

<https://mn.gov/admin/about/who-we-are/commissioners-office.jsp>

#### AT A GLANCE

- Provide executive leadership to the agency
- Establish and lead implementation of agency strategic vision to implement statutory responsibilities and meet the needs of Minnesotans
- Ensure a safe, inclusive, and productive work environment
- Leadership of statewide efforts on sustainability
- State Historic Preservation Officer
- Agency-wide executive, legislative, and public communications and transparency

#### PURPOSE & CONTEXT

Executive Leadership and Partnerships drives the agency mission, vision, and values. Providing leadership and strategic direction across the agency we set aggressive goals, expect a high level of customer service, and hold ourselves and the agency accountable. We oversee and manage the administrative functions of other executive branch state agencies, including their purchasing and contracting, facilities management and more. We also manage strategic planning efforts for the state and investigate and study the management of state agencies, reorganizing them when necessary to ensure effective and efficient operations.

#### SERVICES PROVIDED

##### Executive Leadership

- Executive Management Support
- Internal and External Communications
- Data Practices Compliance
- Website Management

##### Partnerships

- Intra-agency and inter-agency coordination
- Legislative Coordination
- Media Relations
- Continuity of Operations – Emergency Preparedness
- Enterprise Sustainability

**Program: Strategic Management Services**

**Activity: Financial Management and Reporting**

<https://mn.gov/admin/about/contact-us/fmr.jsp>

#### AT A GLANCE

- Financial management, accounting, and purchasing support of the agency's \$217 million expenditures in FY17
- Produce more than 75 monthly, quarterly, and annual financial statements each year
- Serve each of the agency's 19 divisions
- Support the financial management and accounting needs of 17 SmART agencies
- Coordinate internal control activities

#### PURPOSE & CONTEXT

Financial Management and Reporting (FMR) provides administrative services within the agency, overseeing strategic and operational planning, performance management, financial management, internal controls, and budget planning.

#### SERVICES PROVIDED

FMR serves as the agency's financial liaisons and consultants conforming to Generally Accepted Accounting Principles (GAAP). Fiscally responsible utilization of available resources, as governed by applicable laws, policies, and procedures, are achieved through effective financial management. FMR provides the following agency services:

- Annual, biennial, capital, and supplemental budget preparation
- Purchasing
- Transaction review and approval
- Financial reporting
- Internal control coordination
- Financial statement preparation for proprietary funds
- Billing and accounts receivable management
- Cash and asset management
- Business plan and rate review oversight
- Fiscal note management
- Policy and procedure development and training (e.g. training new managers on travel policies and expense reimbursement)
- Financial analysis
- Accounts payable
- SWIFT security management
- Assurance review
- Financial verification
- State accounting system coordination, implementation, and maintenance

## RESULTS

**Program: Strategic Management Services**

**Activity: Human Resources**

[mn.gov/admin/employees/hr/](http://mn.gov/admin/employees/hr/)

#### AT A GLANCE

- 292 vacancies filled for customers, including the Departments of Administration, Minnesota Management and Budget, Human Rights and small agencies in fiscal year 2018
- 95% of labor grievances for fiscal years 2017 and 2018 were resolved without arbitration
- 4,181 total transactions processed for fiscal year 2018
- In 2018, established Administration's Joint Labor-Management Committee to help maintain open communication between employees and management concerning safety and health.
- More than 200 FMLA requests processed per year
- Provide services for 1,130 employees, supervisors, and managers

#### PURPOSE & CONTEXT

The Human Resources Division provides human resources services to the employees, prospective employees, and management of the Department of Administration, Minnesota Management and Budget, Department of Human Rights, and SmART Agencies, Boards and Commissions, by actively recruiting, hiring, developing, and retaining a productive, diverse, and highly competent workforce. The division's work is subject to compliance with federal and state law as well as internal policies and procedures.

#### SERVICES PROVIDED

The Human Resources Division provides the following services:

- Recruitment and staffing
- Fringe benefits enrollment and administration
- Labor contract administration and employee relations
- Employee training and develop
- Bi-weekly payroll processing
- Performance management
- Compensation/wage administration
- Worker's compensation administration
- Safety administration, including Occupational Safety and Health Administration (OSHA) compliance and general safety and wellness program administration
- Consultation on human resources management issues

## RESULTS

<i>Type of Measure</i>	<i>Name of Measure</i>	<i>Previous</i>	<i>Current</i>	<i>Dates</i>
Result	Our workforce represents Minnesota's diverse population	19.1%	20.3%	2017, 2018

**Program: Strategic Management Services**

**Activity: School Trust Lands**

#### AT A GLANCE

- Developed first School Trust Land Strategic Plan 2018-2028, available at <https://mn.gov/school-trust-lands/projects/strategic-planning/>
- Completed school trust land asset evaluation of 2.5 million acres with an estimated market value of \$1.9 billion in real estate value alone
- Initiated research and analysis projects related to school trust land management costs and accounting structures, and future economic opportunities on school trust lands
- Presentations to numerous stakeholder and beneficiary groups on the history of school trust lands, benefits of school trust lands to public education, and future management plans

#### PURPOSE & CONTEXT

The 2012 legislature established the purpose for the School Trust Lands Director/Office of School Trust Lands in Minn. Stat. sec. 127A. 351. The School Trust Lands Director is to “recommend management policies for Minnesota’s school trust lands in accordance with the provisions of the Minnesota Constitution, Article XI, Section 8.”

During the strategic planning project the Office of School Trust Lands created the following mission statement **“Advocate for sustainable asset management strategies that maximize revenue for Minnesota’s public schools.”** The Office of School Trust Lands and School Trust Lands Director serves as a co-trustee by advising the executive and legislative branches with respect to legislative initiatives and management policies. The School Trust Lands Director also acts as a liaison for school trust beneficiary representatives and beneficiary stakeholder groups.

#### SERVICES PROVIDED

- Established strategic plans and goals for future management of school trust lands. Reviewed and made recommendations on management proposals and legislation to ensure the long-term best interests of school trust land beneficiaries were being met. Researched and analyzed current management structures in an effort to maximize current revenues without negatively impacting future economic opportunities.
- Developed and initiated implementation of School Trust Strategic Plan. Valuation analysis of 2.5 million acres of school trust lands. Project-specific analysis of proposals involving school trust land assets. BWCAW (Boundary Waters Canoe Area Wilderness) project management and recommendations to resolve 40-year management issue with the USDA Forest Service.
- Advised the Permanent School Fund Commission and the Legislature on various legislative initiatives that could affect school trust land management.
- Advised the Department of Natural Resources on management of school trust timber resources in the Sustainable Timber Harvest Analysis.
- Collaborated with the Department of Natural Resources to create an Operating Agreement between the Office of School Trust Lands and the DNR.

## RESULTS

<i>Type of Measure</i>	<i>Name of Measure</i>	<i>Previous</i>	<i>Current</i>	<i>Dates</i>

**Program:** Fiscal Agent  
**Activity:** Public Broadcasting

[mn.gov/admin](https://mn.gov/admin)

#### AT A GLANCE

- Administered and managed 25 public broadcasting general fund grant contracts in FY18
- Administered and managed 45 arts and cultural heritage fund grant contracts to public broadcasting stations in FY18
- Conducted 55 financial reconciliations and monitoring visits with grantees in FY18

#### PURPOSE & CONTEXT

The fiscal agent function ensures that grants and other special funding received through specific appropriations are distributed and managed according to all applicable laws, statutes, policies, and procedures. Administration of these funds allows us to provide value to the recipients and public by ensuring resources are used as intended.

The fiscal agent function serves a variety of entities representing public television and radio; arts and cultural heritage fund grantees representing museums, zoos, small theatres and local government; and other funds appropriated by the legislature.

#### SERVICES PROVIDED

The fiscal agent function oversees funding for:

- Administered and managed 25 public broadcasting general fund grant contracts to 24 grantees in FY18
  - 24 Grants to public broadcasting stations (M.S. 129D.11-16)
  - One Grant to Pioneer Public Television per Minnesota Laws, 2017, First Special Session, Chapter 8, Article 1, Section 11, Subdivision 4, to purchase equipment for a newly constructed facility
- Administered and managed 45 arts and cultural heritage fund grant contracts to public broadcasting entities (M.S. 129D 17-19)
- Conducted 45 financial reconciliations and site visits with public broadcasting grantees in FY18

Specific services provided include: administer grants and ensure state grant policies and procedures are followed; provide consultation and technical assistance to grantees; conduct focus groups with grantees to improve effectiveness; and maintain information on the state's Legacy website (<https://www.legacy.mn.gov/>).

#### RESULTS

<i>Type of Measure</i>	<i>Name of Measure</i>	<i>Previous</i>	<i>Current</i>	<i>Dates</i>
Quantity	Percent of required reports from grantees received in a timely manner	96%	100%	2016, 2018

M.S. 16B (<https://www.revisor.mn.gov/statutes/?id=16B>) provides the legal authority for this program.

**Program:** Fiscal Agent

**Activity:** In Lieu of Rent (ILR)

#### AT A GLANCE

- Used to fund the space costs of the: the legislature, veterans' organizations, and ceremonial space on the Capitol Complex
- ILR funded space is billed in the same manner, and at the same rate per square foot, as other tenant-occupied space in the same buildings.

#### PURPOSE & CONTEXT

The In Lieu of Rent (ILR) appropriation is essential to the proper stewardship and operation of buildings that are integral to the State's democratic process, as well as offices that provide support and advocacy on behalf of Minnesota's veterans and vocational opportunities for the blind. ILR is used to fund space costs of the legislature, veterans' organizations, ceremonial space, the capitol grounds, and statutorily free space. Rent is funded by ILR in areas that are either ceremonial or where occupants do not directly pay rent. More specifically, the ILR appropriation covers rent for:

- **Ceremonial Space** – space in the Capitol Building such as the Rotunda, Governor's Residence, ceremonial grounds, and monuments/memorials in the Capitol area.
- **State Services for the Blind** – Space occupied by State Services for the Blind to operate vending operations and convenience stores at eleven sites (M.S. 248.07 Subd. 7).
- **Rent Waived** – Space in the State Capitol Building, the State Office Building, or Veterans Service Building that is occupied by the House of Representatives, Senate, Revisor of Statutes, Legislative Reference Library, and Congressionally-chartered veterans' organizations (M.S. 197.55 – 197.58). The newly created public areas in the restored Capitol are also included in this area.

The core of state government is located in buildings on or near the State Capitol Complex, including the entire Legislative Branch, the Supreme Court and Court of Appeals, most Executive branch functions, and state employees. In general, the funding required to operate and maintain state-owned buildings in the Capitol Complex comes through rents paid from the operating budgets of the state government entities that occupy that space. Lease rates are determined by the Commissioner of Administration and approved by the Commissioner of Minnesota Management and Budget. In contrast, the costs to operate and maintain certain legislative and other space defined in law is funded by ILR which is a direct appropriation to the Commissioner of Administration. ILR funded space is billed in the same manner, and at the same rate per square foot, as other tenant-occupied space in the same buildings.

#### SERVICES PROVIDED

Provide the staffing and maintenance necessary to care for many of the State's most valuable real property assets, including the state's recent investment in the restoration of the State Capitol. These services are intended to provide clean, safe, and environmentally-sound facilities and include: energy management, recycling, event permitting and coordination, Capitol Complex food service oversight, and maintenance of green spaces including monuments and memorials.

## RESULTS

We measure performance in multiple ways including: customer satisfaction, service disruptions, work completion rates, recycling rates, energy consumption, and carbon reduction. We also continually monitor the conditions of the buildings we manage by conducting annual facility condition audits.

### Result: Customer Satisfaction

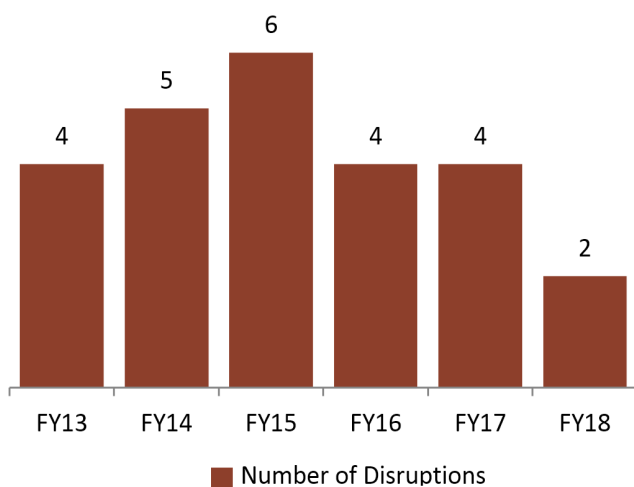

**Customer Satisfaction:** Data is taken from Building Occupant Annual Survey results. The percentage identifies consistently high tenant satisfaction with Admin managed facilities.

### Quality: Work Order Completion Percentage

**Best Value:** Percentage of work orders completed on-time statistics show improved timeliness of work order completions.

### Quality: FMD-caused Service Disruptions

**Best Value:** Our goal is to have zero FMD caused-service disruptions. A service disruption is any change or interruption in a building service such as heating, cooling, plumbing, or electrical service that degrades an occupant's ability to accomplish their mission.

### Result: Sustainability

**Sustainability:** Although we have exceeded the state's recycling goal of 75% by 2030, we will strive to improve on our current rate of 78% as of CY 2017.

**Result: Capitol Complex Annual Energy Use (MMBTU) and CO2e Emissions (Tons)**

**Sustainability:** All Capitol Complex energy sources for all facilities in millions of British Thermal Units (MMBTUs). The current energy reduction of 21% has been normalized for weather.

M.S. 197.55-197.58 (<https://www.revisor.mn.gov/statutes/cite/197.55>) and M.S. 248.07, Subd. 7 (<https://www.revisor.mn.gov/statutes/cite/248.07>) provide the legal authority for In Lieu of Rent.

**Program: Fiscal Agent****Activity: Misc Grants/Studies/Others****AT A GLANCE**

- This activity has been established to administer certain grants and other appropriations the agency receives through legislative appropriations.

**PURPOSE & CONTEXT**

Each of the activities within this program is established and operated under specific state legislation.

Many of the grants in this activity are made from the Arts and Cultural Heritage Fund. Grants managed by this activity include past grants to the Como Zoo, Lake Superior Zoo, the Science Museum, Minnesota Public Television, Wilderness Inquiry, Minnesota Public Radio, and Minnesota Outdoors Unlimited.

**SERVICES PROVIDED**

Processes have been established and maintained for handling financial transactions, tracking information, and reporting the information as required by the legislature. Contracts and agreements are an integral function of this activity.

## Narrative

### Developmental Disability Council

The Governor's Council on Developmental Disabilities (DDC) receives an annual formula grant from the U.S. Department of Health and Human Services, under a federal program, with state participation, to provide assistance to state councils for the benefit of individuals with developmental disabilities and their families in the state (Developmental Disabilities Assistance and Bill of Rights Act of 2000, P.L. 106-402). This program requires maintenance of efforts (MOE) by the states. The federal share of the cost of all program and operating activities cannot be more than 75% of the aggregate costs of such activities. The remaining 25% share of aggregate costs is the non-federal share that is provided by the state and sub-grantees. The federal act requires reasonable participation by the state. The DDC currently receives a \$74,000 general fund appropriation each fiscal year. Federal funding is expected to remain at its current level through FY 2023. Spending estimates are based on historical expenditures plus changes in demographics.

### Assistive Technology

STAR is Minnesota's Section 4 Assistive Technology (AT) Act Program and is 100% federally funded under a discretionary formula grant award by the U.S. Department of Health and Human Services. STAR works with

community partners to provide free statewide AT services to Minnesotans of all ages who have a disability or functional need.

#### **Procurement Technical Assistance Center**

The Procurement Technical Assistance Center (PTAC) receives federal funding from the Defense Logistics Agency through an annual cost sharing cooperative agreement. State matching funds are required. Federal funds cover 50% of the cost of work benefiting non-distressed areas of the state, and 75% of costs for distressed areas. The fiscal year 2019 agreement also includes 100% federal funding for a small amount of training and travel costs. State match includes a portion of operating costs for the Office of Equity in Procurement and limited leadership and administrative support costs. The level and percentage of future federal funding may vary, but changes cannot be accurately predicted at this time, so future available federal funds are anticipated to remain at the current level.

#### **Historic Preservation Fund**

The State Historic Preservation Office (SHPO) receives an annual formula grant from the U.S. Department of the Interior, National Park Service. Since 1976, the Historic Preservation Fund (HPF) has supported SHPOs and Tribal Historic Preservation Offices (THPOs) throughout the U.S. to help recognize, save, revitalize and protect America's historic places. The HPF is funded by revenue from federal offshore drilling (non-tax dollars) and has been authorized through 2023, however, each year the HPF must be allocated and approved.

States are required to match at least 40% of the funding they receive from the HPF. The combined funds allow SHPO to carry out their federal and state mandated responsibilities of identifying and protecting historic resources as well as evaluating the impact of federal and state projects upon them. The SHPO's are also required to pass-through at least 10% of the HPF to local governments (sub-grantees) that have preservation programs that are certified by SHPO. The 40% matching share is provided by the state general fund (through the Minnesota Historical Society and State) and sub-grantees.

Each annual SHPO award has a two-year time period and only 25% can be carried over into the second year. A waiver must be requested and approved if more than 25% is carried over into the second year of the grant agreement. During federal fiscal year 2018, the SHPO was authorized \$986,092 HPF with a minimum matching share of \$657,428.

#### **Census Bureau Count Review Program**

The Minnesota State Demographic Center (SDC) serves as the State of Minnesota's liaison to the Census Bureau in the U.S. Department of Commerce. For the 2020 Census, the SDC will be assisting the Census Bureau with its Count Review program which helps ensure that the Census Bureau has an accurate list of Minnesota addresses. The U.S. Census Bureau will reimburse the state for up to \$50,000 in costs related to conducting this review. No matching grant is required. In addition, the Census Bureau may have additional funds and in-kind materials that they offer states to help with the promotion of the 2020 Census. We anticipate that these funds and in-kind materials could amount to up to \$25,000.

Facilities Management - MN Bookstore

Fund 4500

### Brief Narrative

---

**Background:**

Minnesota's Bookstore, an enterprise fund, provides publishing and retail services to state agencies, publishes the State Register, and manages the sale of public data from select state agency licensing files.

**Detail of any loans from the general fund, including dollar amounts:**

None

**Proposed investments in technology or equipment of \$100,000 or more:**

None

**Explanation of changes in net assets (formerly retained earnings increases, operating losses):**

Effective FY18, GASB issued Statement No. 75 to establish new accounting and financial reporting requirements for Other Post Employment Benefits other than pensions, this resulted in a Change in Accounting Principle of \$(37,000). In FY18, the total operating loss was \$(106,447.72).

**Explain any reasons for rate changes:**

To reduce retained earnings, State Register billable page fees were waived through FY 2017.

**Impact of rate changes on affected agencies:**

## Department of Administration

Central Motor Pool - Fleet Services

Fund 5100

### Brief Narrative

---

**Background:**

Fleet Services provides long term vehicle leasing services and fleet management.

**Detail of any loans from the general fund, including dollar amounts:**

None

**Proposed investments in technology or equipment of \$100,000 or more:**

None

**Explanation of changes in net assets (formerly retained earnings increases, operating losses):**

The implementation of GASB 68, "Accounting and Financial Reporting for Pensions," which required the recording of the net pension liability and the deferred inflows and outflows of resources associated with pensions, has caused many funds to end the fiscal year in a deficit net position. The actuarially determined amounts are likely to vary significantly from year to year and are managed by the retirement systems and state Legislature to ensure the defined benefit plans are adequately funded to pay plan benefits to employees participating as they become due. For these reasons, the state does not include the pension-related liabilities or deferred inflow and outflows of resources in the rate-setting process for managing these funds as long as the funds are contributing the monitored by the retirement systems administering these plans and the state Legislature statutory required contributions. The amounts will continue to be monitored by the retirement systems administering these plans and the state Legislature.

Effective FY18, GASB issued Statement No. 75 to establish new accounting and financial reporting requirements for OPEB other than pensions. This new requirement resulted in reporting additional \$77k Net OPEB Obligation, \$3k deferred OPEB outflows, \$3k deferred inflows, and salary expenses in FY18 comparing to FY17. These changes contribute to the net position balance for Fund 5100 as well.

**Explain any reasons for rate changes:**

Individual Fleet vehicle rates are based on vehicle type, acquisition cost, fuel economy, and life cycles. Actual expenses will vary based on contract parking, vehicle type, and lease terms. Fleet administration rates for leased vehicles will decrease in FY19.

**Impact of rate changes on affected agencies:**

Fleet's rates should favorably impact customer by the reduction in administration rates, and, where applicable, charging "actual costs" empowers agencies to manage their expenses respectively.

Central Mail

Fund 5203

### Brief Narrative

---

**Background:**

Central Mail provides the following mail services to state agencies: Inserting, addressing, folding, postage automation services, postage metering and processing outgoing USPS mail.

**Detail of any loans from the general fund, including dollar amounts:**

An amount of \$1,803,431.99 is due to other funds due to the cash overdraft position of the fund on June 30, 2018.

**Proposed investments in technology or equipment of \$100,000 or more:**

With the assistance of an external business analyst, a solution was identified for improvements to Central Mail's billings system. The estimated costs of this improved billing system is \$400,000.

**Explanation of changes in net assets (formerly retained earnings increases, operating losses):**

Effective FY18, GASB issued Statement No. 75 to establish new accounting and financial reporting requirements for Other Post Employment Benefits other than pensions, this resulted in a Change in Accounting Principle of \$(38,000). In FY18, the total operating loss was \$(313,702.68).

**Explain any reasons for rate changes:**

Central Mail is proposing an overall revenue increase of 12% in FY2019. The folding rate will increase and bar code credits will be reduced. The folding rate is changing on order to be more competitive with the current market prices. All other rates will remain the same.

**Impact of rate changes on affected agencies:**

With the new OCR and the ability to sort to the 5-digit zip code, the historical method for calculating bar code credits resulted in credits exceeding bar code sorting charges. Therefore we will reduce the average credit per piece provided to customers so it is equal to the historical credit per piece. In addition, the minimum pieces to qualify for this credit is being raised from 500,000 to 750,000. DHS will no longer qualify for this credit based on the change in minimum.

### Risk Management - Property & Casualty

#### Fund 5300

#### Brief Narrative

---

**Background:**

The property and casualty program operates as an internal service fund, charging fees based on insurance options requested by customers.

**Detail of any loans from the general fund, including dollar amounts:**

None

**Proposed investments in technology or equipment of \$100,000 or more:**

None

**Explanation of changes in net assets (formerly retained earnings increases, operating losses):**

The implementation of GASB 68, "Accounting and Financial Reporting for Pensions," which required the recording of the net pension liability and the deferred inflows and outflows of resources associated with pensions, has caused many funds to end the fiscal year in a deficit net position. The actuarially determined amounts are likely to vary significantly from year to year and are managed by the retirement systems and state Legislature to ensure the defined benefit plans are adequately funded to pay plan benefits to employees participating as they become due. For these reasons, the state does not include the pension-related liabilities or deferred inflow and outflows of resources in the rate-setting process for managing these funds as long as the funds are contributing the monitored by the retirement systems administering these plans and the state Legislature statutory required contributions. The amounts will continue to be monitored by the retirement systems administering these plans and the state Legislature.

Effective FY18, GASB issued Statement No. 75 to establish new accounting and financial reporting requirements for OPEB other than pensions. This new requirement resulted in reporting additional \$59k Net OPEB Obligation, \$4k deferred OPEB outflows, \$3k deferred inflows, and \$11k salary expenses in FY18 comparing to FY17. These changes contribute to the net position for Fund 5300 as well.

**Explain any reasons for rate changes:**

In FY19 no standard rate change, but a 9% increase in the hourly fee for non-insured tort claims management; and 5% reduction to Minnesota State general liability due to a "A" rating.

**Impact of rate changes on affected agencies:**

Due to favorable loss experience, Risk received a rate guarantee for property reinsurance program (three year through FY17 and a three year through FY20). This rate guarantee creates stability to customers. In addition, Customer with favorable claims experiences will receive dividend payments in FY19. Minnesota State a 5% reduction because of A rating.

### Facilities Management - Leases, Repair and Other Jobs Plant Management

#### Fund 5400

#### Brief Narrative

---

**Background:**

The PMD internal service fund (ISF) is made up of two activities: leases, and repair and other jobs. The predominant customers are state agencies located in custodial control buildings that pay for space through lease rental rates.

**Detail of any loans from the general fund, including dollar amounts:**

None

**Proposed investments in technology or equipment of \$100,000 or more:**

\$100,000 for John Deere 4 WD Loader replacement in FY2020.

**Explanation of changes in net assets (formerly retained earnings increases, operating losses):**

The implementation of GASB 68, "Accounting and Financial Reporting for Pensions," which required the recording of the net pension liability and the deferred inflows and outflows of resources associated with pensions, has caused many funds to end the fiscal year in a deficit net position. The actuarially determined amounts are likely to vary significantly from year to year and are managed by the retirement systems and state Legislature to ensure the defined benefit plans are adequately funded to pay plan benefits to employees participating as they become due. For these reasons, the state does not include the pension-related liabilities or deferred inflow and outflows of resources in the rate-setting process for managing these funds as long as the funds are contributing the monitored by the retirement systems administering these plans and the state Legislature statutory required contributions. The amounts will continue to be monitored by the retirement systems administering these plans and the state Legislature.

Effective FY18, GASB issued Statement No. 75 to establish new accounting and financial reporting requirements for OPEB other than pensions. This new requirement resulted in reporting additional \$1,188k Net OPEB Obligation, \$87k deferred OPEB outflows, \$70k deferred inflows, and \$13k salary expenses in FY18 comparing to FY17. These changes contribute to the deficit net position for Fund 5400 as well.

**Explain any reasons for rate changes:**

Building life expectancy, vacant space, breakeven rates, positive/negative retained earnings, planned construction projects, and working capital are factors that are considered when developing each building's rate. The difference between actual revenues and expenses versus budgeted amounts will be reflected in future lease rates. The proposed rates reflect overall rate increases of 0.3% in FY 2020 and 1.6% in FY 2021. There is a rate decrease for the MSB and rate increases in 9 buildings. The rate increase of 5% each year for the Judicial Center is due in large part to ongoing water intrusion repairs. It is important to note, this building has had previous rate decreases for reasons described in the historical section on page 8. The FY 2021 rate of \$22.00 reflects an 11% decrease over the 18 year period from FY 2003 when the rate was \$24.63.

**Impact of rate changes on affected agencies:**

In FY2020, the lease for Dept of Human Services, Dept of Agriculture, Dept of Revenue, and Dept of Transportation will be increased; the lease for Dept of Health, MN Senate, and Dept of Public Safety will be decreased. In FY2021, the lease for Dept of Human Services and Dept of Public Safety will be increased.
