Minnesota State Capitol Building Event Fees

Report for Fiscal Year 2019

Part 1: Events with No Fees Assessed

This list includes events for which no fees have been or will be assessed. Typically, these events occur during regular Capitol building hours of operation. Costs associated with general operations of the Minnesota State Capitol Building during normal business hours, including extended hours during regular or special legislative sessions or other governmental uses of the building, are funded from tenant lease revenues and the In Lieu of Rent appropriation. Operating costs for these Fiscal Year events is estimated to be \$289,667. The authority to collect fees for certain uses of the State Capitol under Minn. Stats. 16B.2405 first became effective August 1, 2017. This report covers events from July 1, 2018 to June 30, 2019.

Part 2: Events with Fees Assessed

This list includes events subject to the Capitol events fee under M.S. 16B.2405. Operating costs incurred for events subject to fees are not tracked by individual event, but rather for fee-based work as a whole. Operating costs for these events is estimated to be \$6,058 and \$11,285 was collected in fees. For the year, fees collected exceeded operating costs because less staff time was required than expected. The Department of Administration plans to reduce the fee schedule to better match the operating costs. The authority to collect fees for certain uses of the Minnesota State Capitol Building under Minn. Stats. 16B.2405 first became effective August 1, 2017.
