Office of the State Auditor

Julie Blaha
State Auditor

HUBBARD COUNTY
PARK RAPIDS, MINNESOTA

YEAR ENDED DECEMBER 31, 2017

Description of the Office of the State Auditor

The mission of the Office of the State Auditor is to oversee local government finances for Minnesota taxpayers by helping to ensure financial integrity and accountability in local governmental financial activities.

Through financial, compliance, and special audits, the State Auditor oversees and ensures that local government funds are used for the purposes intended by law and that local governments hold themselves to the highest standards of financial accountability.

The State Auditor performs approximately 100 financial and compliance audits per year and has oversight responsibilities for over 3,300 local units of government throughout the state. The office currently maintains five divisions:

Audit Practice – conducts financial and legal compliance audits of local governments;

Government Information – collects and analyzes financial information for cities, towns, counties, and special districts;

Legal/Special Investigations – provides legal analysis and counsel to the Office and responds to outside inquiries about Minnesota local government law; as well as investigates allegations of misfeasance, malfeasance, and nonfeasance in local government;

Pension – monitors investment, financial, and actuarial reporting for approximately 600 public pension funds; and

Tax Increment Financing – promotes compliance and accountability in local governments' use of tax increment financing through financial and compliance audits.

The State Auditor serves on the State Executive Council, State Board of Investment, Land Exchange Board, Public Employees Retirement Association Board, Minnesota Housing Finance Agency, and the Rural Finance Authority Board.

INDEPENDENT AUDITOR'S REPORT

Board of County Commissioners
Hubbard County
Park Rapids, Minnesota

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Hubbard County, Minnesota, as of and for the year ended December 31, 2017, including the Heritage Community Enterprise Fund as of and for the year ended September 30, 2017, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Heritage Living Center, Manor, and Cottages, which statements reflect 26 percent and 98 percent, respectively, of the assets and revenues of both the Heritage Community Enterprise Fund, a major fund, and the business-type activities. Those statements were audited by other auditors, whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Heritage Living Center, Manor, and Cottages, is based solely on the report of the other auditors. We have applied audit procedures on the conversion adjustments to the financial statements of the Heritage Living Center, Manor, and Cottages, which conform those financial statements to accounting principles generally accepted in the United States of America. Our opinion, insofar as it relates to the amounts included for the Heritage Living Center, Manor, and Cottages, prior to these conversion adjustments, is based

solely on the report of the other auditors. In addition, we did not audit the financial statements of the Hubbard County Housing and Redevelopment Authority (HRA), which represents the amounts shown as the discretely presented component unit. Those statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for Hubbard County HRA, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Hubbard County as of December 31, 2017, including the Heritage Community Enterprise Fund as of September 30, 2017, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Required Supplementary Information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with

auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Hubbard County's basic financial statements. The Supplementary Information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. The Supplementary Information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 11, 2019, on our consideration of Hubbard County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Hubbard County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Hubbard County's internal control over financial reporting and compliance. It does not include the Heritage Community, which was audited by other auditors.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards (SEFA), as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), is presented for purposes of additional analysis and is not a required part of the basic financial statements. The SEFA is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to

prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the SEFA is fairly stated in all material respects in relation to the basic financial statements as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2017 (Unaudited)

The management of Hubbard County offers readers of the County's financial statements this narrative overview and analysis of the financial activities of Hubbard County for the fiscal year ended December 31, 2017. The Management's Discussion and Analysis provides comparisons with the previous year and is designed to focus on the current year's activities, resulting changes, and currently known facts, and should be read in conjunction with the County's basic financial statements and the notes to the financial statements that follow this section.

FINANCIAL HIGHLIGHTS

The total net position of governmental activities is \$85,753,098, of which \$71,095,650 is the net investment in capital assets, \$7,122,099 is restricted for specific purposes, and \$7,535,349 is unrestricted. The total net position of governmental activities increased by \$3,827,119 for the year ended December 31, 2017.

The total net position of business-type activities is (\$485,256), of which (\$168,968) is the net investment in capital assets, \$2,127,004 is restricted for specific purposes, and (\$2,443,292) is unrestricted. The total net position of business-type activities decreased by \$407,223 for the year ended September 30, 2017.

At the close of 2017, the County's governmental funds reported combined ending fund balances of \$24,559,985, an increase of \$304,305 from the prior year. Of the total fund balance amount, \$844,439 is nonspendable, \$6,182,757 is legally or contractually restricted, \$4,384,410 is committed, \$12,433,017 is assigned for specific purposes, and \$715,362 is noted as unassigned fund balance. Maintaining an adequate fund balance is necessary to provide County services throughout the year.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to Hubbard County's basic financial statements, which are comprised of three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains other information in addition to the basic financial statements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the County's finances. These statements include all assets, deferred outflows of resources, deferred inflows of resources, and liabilities using the full accrual basis of accounting, which is similar to the accounting used by most private-sector businesses. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

The *Statement of Net Position* presents information on all of the County's assets and deferred outflows of resources, and liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *Statement of Activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes).

In the *Statement of Net Position* and the *Statement of Activities*, we divide the County into three kinds of activities:

- Governmental activities – Most of the County's basic services are reported here, including general government, public safety, highways and streets, sanitation, human services, health, culture and recreation, and conservation of natural resources. Property taxes and state and federal grants finance most of these activities.
- Business-type activities – The County charges fees to cover the costs of certain services it provides. Included here are the operations of the Heritage Living Center, Heritage Manor, and Heritage Cottages.
- Component units – The County includes a separate legal entity in its report. The Hubbard County Housing and Redevelopment Authority (HRA) is reported in a separate column. Although legally separate, this "component unit" is important because the County appoints a voting majority of the HRA Board, and the County can impose its will on the HRA.

The government-wide financial statements can be found as Exhibits 1 and 2 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Hubbard County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, fund level financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's short-term financing decisions. Both the Balance Sheet – Governmental Funds and the Statement of Revenues, Expenditures, and Changes in Fund Balance – Governmental Funds provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The County reports four governmental fund types: General, Special Revenue, Debt Service, and Permanent. Information is presented separately in the Governmental Funds Balance Sheet and in the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balance for the General Fund, the Road and Bridge Special Revenue Fund, the Social Services Special Revenue Fund, and the Forfeited Tax Sale Special Revenue Fund, all of which are considered to be major funds. Data from the Solid Waste Special Revenue Fund, the Building Bonds Debt Service Fund, and the Environmental Trust Permanent Fund are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in combining statements after the notes to the financial statements.

Hubbard County adopts annual budgets for its governmental funds, with the exception of the Building Bonds Debt Service Fund. Budgetary comparisons have been provided for these funds to demonstrate compliance with their budgets.

Proprietary Funds: Hubbard County maintains one enterprise fund. The Heritage Community Enterprise Fund accounts for the combined activities of the County's Heritage Living Center, Heritage Manor, and Heritage Cottages facilities, which provide long-term health care, adult day care, memory care, and assisted living senior housing services for the elderly. Financing is provided by user service charges. Proprietary funds provide the same type of information as the government-wide financial statements and are included in the Statement of Net Position and the Statement of Activities as business-type activities.

Fiduciary Funds: Fiduciary funds are used to account for assets held by the County as an agent for individuals, private organizations, or other governments. Hubbard County's fiduciary funds consist of three agency funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. In addition, the fiduciary funds are not reflected in the government-wide financial statements because those resources are not available to support the County's programs. The County is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found beginning on page 31 of this report.

Other information – In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information*. The County also provides combining statements, budgetary comparison schedules, a schedule of intergovernmental revenue, a schedule of expenditures of federal awards, and related notes.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Over time, net position serves as a useful indicator of the County's financial position. The County's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$85,267,842 at the close of 2017. The largest portion of the County's net position (approximately 83 percent) reflects its net investment in capital assets (i.e., land, permanent right-of-way, construction in progress, infrastructure, buildings and improvements, land improvements, and machinery and equipment). It should be noted that this amount is not available for future spending. Approximately 11 percent of the County's net position is restricted and 6 percent of the County's net position is unrestricted. The unrestricted net position amount of \$5,092,057 as of December 31, 2017, may be used to meet the County's ongoing obligations to citizens.

The County's overall financial position increased from last year. Total assets and deferred outflows of resources decreased by \$960,252 from the prior year, and total liabilities and deferred inflows of resources decreased by \$4,380,148 from the prior year, primarily due to decreased deferred outflows and increased deferred inflows of resources related to pensions and a decreased net pension liability in the current year. This resulted in an increased net position of \$3,419,896 from the prior year.

FINANCIAL ANALYSIS OF THE GOVERNMENTS FUNDS

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements, with a focus on short-term inflows, outflows, and balances of spendable resources. In particular, unrestricted fund balance may serve as a useful measure of the County's net resources available for spending at the end of the fiscal year.

Governmental Funds

At the end of 2017, the County's governmental funds reported combined ending fund balances of \$24,559,985. Of this amount, approximately 3 percent constitutes nonspendable fund balance, 25 percent constitutes legally or contractually restricted fund balance, 18 percent constitutes committed fund balance, 51 percent constitutes specifically assigned fund balance, and 3 percent constitutes unassigned fund balance.

The General Fund is the operating fund of the County. At the end of the current fiscal year, the General Fund's total fund balance was \$6,734,288. The General Fund's restricted fund balance was \$1,823,703, committed fund balance was \$4,195,223, and unassigned fund balance was \$715,362. As a measure of the General Fund's liquidity, it is useful to compare both unrestricted fund balance and total fund balance to total fund expenditures for 2017. Unrestricted fund balance represents 38 percent of total General Fund expenditures, while total fund balance represents 52 percent of that same amount.

In 2017, the fund balance amount in the General Fund increased by \$14,193.

The fund balance of the Road and Bridge Special Revenue Fund decreased by \$225,238 in 2017 due to the timing difference between when intergovernmental revenue is received versus when it is spent.

The fund balance of the Social Services Special Revenue Fund increased \$494,398 from the prior year due to increased funding for income maintenance administration and social services.

The fund balance of the Forfeited Tax Sale Special Revenue Fund decreased \$76,460. This decrease was the result of increased forfeiture expenditures.

Proprietary Fund

The Heritage Community Enterprise Fund operating loss in 2017 was \$262,166.

Total resident services and ancillary revenues increased four percent, from \$6,186,197 in fiscal year 2016 to \$6,434,986 in fiscal year 2017. Total revenue increased six percent, from \$6,195,032 in fiscal year 2016 to \$6,589,149 in fiscal year 2017. The increased revenues were a result of increased capacity and an increase in investment earnings in 2017. Resident service expenses increased one percent, from \$6,637,491 in 2016 to \$6,697,152 in 2017.

GENERAL FUND BUDGETARY HIGHLIGHTS

Actual revenues were more than overall final budgeted revenues by \$336,605, with the largest positive variances in intergovernmental, charges for services, and miscellaneous revenues. Actual expenditures were less than overall final budgeted expenditures by \$131,730.

CAPITAL ASSETS AND LONG-TERM DEBT

Capital Assets

The County's investment in capital assets for its governmental activities as of December 31, 2017, and business-type activities as of September 30, 2017, amounted to \$81,579,051 (net of accumulated depreciation). The total increase in the County's investment in capital assets for the current fiscal year was 4.6 percent.

Additional information on the County's capital assets can be found in the notes to the financial statements.

Long-Term Debt

At the end of the current fiscal year, the County had total debt outstanding of \$20,540,720, which is backed by the full faith and credit of the government.

The County's net decrease in debt of \$1,125,455 (5.2 percent) during the fiscal year was due to the payment of debt.

Minnesota statutes limit the amount of debt that a county may have to three percent of its total market value, excluding revenue bonds. At the end of 2017, overall debt of the County is below the three percent debt limit.

Hubbard County's bond rating is "Aa3" from Moody's.

Additional information on the County's long-term debt can be found in the notes to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The County depends on financial resources flowing from, or associated with, both the federal government and the State of Minnesota. Because of this dependency, the County is subject to changes in specific flows of intergovernmental revenues based on modifications to federal and state laws and federal and state appropriations. Revenue from intergovernmental sources, which includes federal and state revenues, totaled \$13,871,848 in 2017. This amounts to 36.8 percent of the total governmental fund revenue received in 2017. This compares to intergovernmental revenues in 2016 of \$12,213,343, or 34.1 percent of the total governmental fund revenue received.

While Hubbard County is progressive in their technology and equipment needs, they also maximize the use of all equipment to assure the taxpayers they are not buying new equipment needlessly. The Commissioners support the department managers in their search for ways to provide better services to the taxpayers at a lesser expense by using technology rather than increasing staff.

The Hubbard County Board of Commissioners, elected officials, and their department managers take very seriously the spending of taxpayer dollars. The departments have reduced their spending as much as possible while still providing the mandatory services to the taxpayers.

The average 2017 unemployment rate for Hubbard County was 5.5 percent in 2017. This is higher than the statewide average rate of 3.4 percent and the national average rate of 4.4 percent.

Hubbard County's population at July 1, 2017, was 21,034, an increase of 606 since 2010 (the last statewide census).

On December 6, 2017, Hubbard County set its 2018 revenue and expenditure budgets.

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND
CHANGES IN FUND BALANCE OF GOVERNMENTAL FUNDS TO THE
GOVERNMENT-WIDE STATEMENT OF ACTIVITIES—GOVERNMENTAL ACTIVITIES
FOR THE YEAR ENDED DECEMBER 31, 2017**

Net change in fund balance – total governmental funds (Exhibit 5) \$ 264,685

Amounts reported for governmental activities in the statement of activities are different because:

In the funds, under the modified accrual basis, receivables not available for expenditure are deferred. In the statement of activities, those revenues are recognized when earned. The adjustment to revenue between the fund statements and the statement of activities is the increase or decrease in revenue deferred as unavailable.

Unavailable revenue – December 31	\$ 2,085,806	
Unavailable revenue – January 1	(2,049,093)	36,713

Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. In the statement of activities, only the gain or loss on the disposal of capital assets is reported; whereas, in the governmental funds, the proceeds from the sale increase financial resources. The difference is the net book value of the assets disposed.

Expenditures for general capital assets and infrastructure	\$ 6,686,509	
Net book value of assets disposed	(13,118)	
Current year depreciation	(2,841,251)	3,832,140

Issuing long-term debt provides current financial resources to governmental funds, while the repayment of debt consumes current financial resources. Neither transaction has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued; whereas, those amounts are deferred and amortized over the life of the debt in the statement of activities.

Principal repayments		
General obligation bonds	\$ 675,000	
Loans payable	192,000	
Leases payable	71,484	
Amortization of premiums	7,858	946,342

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

NOTES TO THE FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2017

1. Summary of Significant Accounting Policies

The County's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (statements and interpretations). The more significant accounting policies established in GAAP and used by the County are discussed below.

A. Financial Reporting Entity

Hubbard County was established February 26, 1883, and is an organized county having the powers, duties, and privileges granted counties by Minn. Stat. ch. 373. The County is governed by a five-member Board of Commissioners elected from districts within the County. The Board is organized with a chair and vice chair elected at the annual meeting in January of each year. The County Coordinator, appointed by the Board, serves as the clerk of the Board but has no vote.

Blended Component Unit

A Joint Governmental Cooperative Fuel Facility was organized in 1997 under the authority of Minn. Stat. § 471.59. The Facility is operated, supervised, and controlled by the County. The governing body of the Facility is a Joint Powers Board, which consists of five members. Two of the members are appointed by the Hubbard County Board of Commissioners, two are appointed by the Park Rapids School Board, and the other member is appointed by the Park Rapids City Council. The County Highway Department is serving as the fiscal agent of the Joint Powers Board.

Although the Facility is legally separate from the County, it is reported as part of the County since it provides service almost entirely to the County. Title to the land, equipment, and structures of the Facility are in the name of the County. The activity of the Facility is recorded in the Road and Bridge Special Revenue Fund of the County. Separate financial statements are not prepared for the Facility.

**HUBBARD COUNTY
PARK RAPIDS, MINNESOTA**

1. Summary of Significant Accounting Policies

A. Financial Reporting Entity (Continued)

Discretely Presented Component Unit

The following component unit of Hubbard County qualifies for inclusion in the financial reporting entity as a discretely presented component unit:

<u>Component Unit</u>	<u>Component Unit to be Included in Reporting Entity Because</u>	<u>Separate Financial Statements</u>
Hubbard County Housing and Redevelopment Authority (HRA) provides services pursuant to Minn. Stat. §§ 469.001-469.047.	The County Board appoints a voting majority of the HRA Board and can impose its will on the HRA.	Separate financial statements can be obtained at: Hubbard County Housing and Redevelopment Authority 312 East 3rd Street Park Rapids, Minnesota 56470

When included as part of the financial reporting entity, GAAP require financial data for discretely presented component units to be presented in separate columns in the government-wide financial statements to emphasize that they are legally separate from the reporting entity.

Joint Ventures and Jointly-Governed Organizations

The County participates in joint ventures and jointly-governed organizations, which are described in Note 6.E. and Note 6.F., respectively.

B. Basic Financial Statements

1. Government-Wide Statements

The government-wide financial statements (the statement of net position and the statement of activities) display information about the primary government and its component units. These statements include the financial activities of the overall County government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external parties for support.

**HUBBARD COUNTY
PARK RAPIDS, MINNESOTA**

1. Summary of Significant Accounting Policies

B. Basic Financial Statements

1. Government-Wide Statements (Continued)

In the government-wide statement of net position, both the governmental and business-type activities columns present all assets, liabilities, deferred inflows and outflows of resources, and net position on a full accrual accounting basis with an economic resource focus. The County's net position is reported in three parts: (1) net investment in capital assets, (2) restricted net position, and (3) unrestricted net position. The County first utilizes restricted resources to finance qualifying activities.

The statement of activities demonstrates the degree to which the direct expenses of each function of the County's governmental and business-type activities are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or activity. Program revenues include: (1) fees, charges, and fines paid by the recipients of goods, services, or privileges provided by a given function or activity; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or activity. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

2. Fund Financial Statements

The fund financial statements provide information about the County's funds, including its fiduciary funds and blended component unit. Separate statements for each fund category—governmental, proprietary, and fiduciary—are presented. The emphasis of governmental and proprietary fund financial statements is on major individual governmental and enterprise funds, with each displayed as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor funds.

The County reports the following major governmental funds:

The General Fund is the County's primary operating fund. It accounts for and reports all financial resources of the general government not accounted for in another fund.

**HUBBARD COUNTY
PARK RAPIDS, MINNESOTA**

1. Summary of Significant Accounting Policies

B. Basic Financial Statements

2. Fund Financial Statements (Continued)

The Road and Bridge Special Revenue Fund accounts for restricted revenues from the federal and state government, as well as assigned property tax revenues used for the construction and maintenance of roads, bridges, and other projects affecting County roadways.

The Social Services Special Revenue Fund accounts for restricted revenues from the federal, state, and other oversight agencies, as well as assigned property tax revenues used for economic assistance and community social services programs.

The Forfeited Tax Sale Special Revenue Fund accounts for all funds received from the sale of land for forfeited taxes and various forest and timber management grants. Monies are held until disbursement to various entities.

The County reports the following major enterprise fund:

The Heritage Community Enterprise Fund accounts for the combined activities of the County's Heritage Living Center, Heritage Manor, and Heritage Cottages facilities, which provide long-term health care, adult day care, memory care, and assisted living senior housing services for the elderly. Financing is provided by user service charges.

Additionally, the County reports the following fund types:

The Solid Waste Special Revenue Fund accounts for restricted special assessment revenues, miscellaneous revenues, and revenue resources from the state for costs relating to disposal of the County's solid waste.

The Building Bonds Debt Service Fund is used to account for the accumulation of restricted resources used for and the payment of principal, interest, and related costs.

The Environmental Trust Permanent Fund is used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for environmental purposes.

**HUBBARD COUNTY
PARK RAPIDS, MINNESOTA**

1. Summary of Significant Accounting Policies

B. Basic Financial Statements

2. Fund Financial Statements (Continued)

Agency funds are custodial in nature and do not present results of operations or have a measurement focus. These funds account for assets that the County holds for others in an agent capacity.

C. Measurement Focus and Basis of Accounting

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the full accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Hubbard County considers all revenues to be available if they are collected within 60 days after the end of the current period. Property taxes are recognized as revenues in the year for which they are levied provided they are also available. Shared revenues are generally recognized in the period the appropriation goes into effect and the revenues are available. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met and are available. Property and other taxes, licenses, and interest are all considered to be susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, compensated absences, and claims and judgments, which are recognized as expenditures to the extent that they have matured. Issuances of long-term debt and acquisitions under capital leases are reported as other financing sources.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or incidental activities.

**HUBBARD COUNTY
PARK RAPIDS, MINNESOTA**

1. Summary of Significant Accounting Policies

C. Measurement Focus and Basis of Accounting (Continued)

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity

1. Cash and Cash Equivalents

The County has defined cash and cash equivalents for the purpose of the statement of cash flows for the proprietary fund to include cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Additionally, each fund's equity in the County's investment pool is treated as a cash equivalent because the funds can deposit or effectively withdraw cash at any time without prior notice or penalty.

2. Deposits and Investments

The cash balances of substantially all funds are pooled and invested by the County Auditor/Treasurer for the purpose of increasing earnings through investing activities. Pooled and fund investments, if any, are reported at their fair value at December 31, 2017. A market approach is used to value all investments other than external investment pools, which are measured at net asset value. Pursuant to Minn. Stat. § 385.07, investment earnings on cash and pooled investments are credited to the General Fund. Other funds receive investment earnings based on state statutes, grant agreements, contracts, and bond covenants. Pooled investment earnings for 2017 were \$197,832.

Hubbard County invests in an external investment pool, the Minnesota Association of Governments Investing for Counties (MAGIC) Fund, which is created under a joint powers agreement pursuant to Minn. Stat. § 471.59. The investment in the pool is measured at the net asset value per share provided by the pool.

**HUBBARD COUNTY
PARK RAPIDS, MINNESOTA**

1. Summary of Significant Accounting Policies

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity (Continued)

3. Receivables and Payables

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (the current portion of interfund loans) or “advances from/to other funds” (the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds.” Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

Property taxes are levied as of January 1 on property values assessed as of the same date. The tax levy notice is mailed in March with the first half payment due on May 15 and the second half due on October 15 or November 15. Unpaid taxes at December 31 become liens on the respective property and are classified in the financial statements as delinquent taxes receivable.

Accounts receivable are shown net of any allowance for uncollectible amounts, if applicable. No allowance for uncollectible taxes/special assessments has been provided because such amounts are not expected to be material.

4. Leveraged Loan Receivable

On December 31, 2014, Hubbard County entered into agreements whereby \$10,091,000 of the proceeds from issuance of G.O. Nursing Home Revenue Bonds were applied to capital costs of the County’s nursing home replacement project, on the premises of the Heritage Community, through a leveraged loan to Twain Investment Fund 65, and related transactions, all for the purpose of obtaining New Market Tax Credit Funding from U.S. Bancorp Community Development Corporation, to complete the funding for the project. This loan will be repaid through annual payments on each December 31 during the life of the leveraged loan.

**HUBBARD COUNTY
PARK RAPIDS, MINNESOTA**

1. Summary of Significant Accounting Policies

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity (Continued)

5. Inventories and Prepaid Items

All inventories are valued at cost using the weighted average method. Inventories in governmental funds are recorded as expenditures when purchased rather than when consumed. Inventories in proprietary funds and at the government-wide level are recorded as expenses when consumed.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

6. Restricted Assets

Certain funds of the County are classified as restricted on the statement of net position because the restriction is either imposed by law through constitutional provisions or enabling legislation or imposed externally by creditors, grantors, contributors, or laws or regulations of other governments. Therefore, their use is limited by applicable laws and regulations.

7. Capital Assets

Capital assets, which include land; permanent right-of-way; construction in progress; infrastructure (e.g., roads, bridges, and similar items); buildings and improvements; land improvements; and machinery and equipment, are reported in the applicable governmental or business-type activities column in the government-wide financial statements and in the Heritage Community Enterprise Fund. Capital assets are defined by the County as assets with initial useful lives extending beyond two years and a dollar amount for capitalization per asset of \$5,000, except all land, which is capitalized regardless of cost. Capital assets are recorded at historical cost or estimated historical cost when purchased or constructed. Donated capital assets are recorded at acquisition value (entry price) on the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized.

7. Capital Assets (Continued)

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. During the current period, the Heritage Community Enterprise Fund had no capitalized interest.

Infrastructure, buildings and improvements, land improvements, and machinery and equipment are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Infrastructure	15 – 70
Buildings and improvements	25 – 40
Land improvements	25 – 30
Machinery and equipment	3 – 15

All capital assets, other than land and construction in progress, of business-type activities are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings and improvements	5 – 25
Land improvements	5 – 15
Machinery and equipment	5 – 20

8. Compensated Absences

The liability for compensated absences reported in financial statements consists of unpaid, accumulated Paid Time Off (PTO) leave balances. The liability is calculated using the vesting method, in which leave amounts for all employees who currently are eligible to receive termination payments and other

employees who are expected to become eligible in the future to receive such payments upon termination are included. Compensated absences are accrued when incurred in the government-wide and proprietary fund financial statements. The current portion of this liability is estimated based on the employee's hourly wage and the employee's PTO accrual rate, which is based on years of service. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

9. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents the consumption of net position that applies to a future period(s) and will not be recognized as an outflow or resources (expenditure/expense) until then. The County has one item, deferred pension outflows, which qualifies for reporting in this category. These outflows arise only under the full accrual basis of accounting and are reported only in the statement of net position.

In addition to liabilities, the statement of financial position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County has three items, prepaid taxes, unavailable revenue, and deferred pension inflows, which qualify for reporting in this category. Prepaid property taxes represent the County's share of tax collections collected prior to year-end that are not due until the following year. Since the property taxes are levied for use in a future year, the revenue is deferred and recognized in the period for which the amount is levied. These amounts arise under both the modified accrual and the full accrual basis of accounting and are reported in both the governmental funds balance sheet and the statement of net position. The County reports unavailable revenue in connection with receivables

for revenues that are not considered to be available to liquidate liabilities of the current period. Unavailable revenues are reported only in the governmental funds balance sheet. This amount is deferred and recognized as an inflow of resources in the period that the amount becomes available. Deferred pension inflows arise only under the full accrual basis of accounting and, accordingly, are reported only in the statement of net position.

10. Pensions

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA, except that PERA's fiscal year-end is June 30. For this purpose, plan contributions are recognized as of employer payroll paid dates, and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Plan investments are reported at fair value. The net pension liability is liquidated by the General Fund, the Road and Bridge Special Revenue Fund, the Social Services Special Revenue Fund, the Forfeited Tax Sale Special Revenue Fund, the Solid Waste Special Revenue Fund, the Environmental Trust Permanent Fund, and the Heritage Community Enterprise Fund.

11. Long-Term Obligations

In the government-wide financial statements and the proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are recognized as an expense in the period incurred.

PARK RAPIDS, MINNESOTA**

1. Summary of Significant Accounting Policies

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity

11. Long-Term Obligations (Continued)

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources when issued. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

12. Net Position and Fund Balance

Net position in the government-wide and proprietary fund financial statements is classified in the following categories:

Net investment in capital assets – the amount of net position representing capital assets, net of accumulated depreciation, and reduced by outstanding debt attributed to the acquisition, construction, or improvement of the assets.

Restricted net position – the amount of net position for which external restrictions have been imposed by creditors, grantors, contributors, or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position – the amount of net position that does not meet the definition of restricted or net investment in capital assets.

In the governmental fund financial statements, the County classifies fund balances as follows:

Nonspendable – amounts that cannot be spent because they either are not in spendable form or are legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash.

**HUBBARD COUNTY
PARK RAPIDS, MINNESOTA**

1. Summary of Significant Accounting Policies

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity

12. Net Position and Fund Balance (Continued)

Restricted – includes fund balance amounts that are constrained for specific purposes which are either externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

Committed – includes fund balance amounts that are constrained for specific purposes imposed by resolution of the County Board (which is the highest level of decision-making authority). To remove the constraint on specified use of committed resources, the County Board shall pass a resolution.

Assigned – includes fund balance amounts that are intended to be used for specific purposes that are neither restricted nor committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the County Auditor/Treasurer who has been delegated that authority by County Board resolution.

Unassigned – includes positive fund balance within the General Fund, which has not been classified within the above-mentioned categories, and negative fund balances in other governmental funds.

The County will maintain an unrestricted fund balance in the General Fund of an amount not less than 35 to 50 percent of next year’s budgeted expenditures of the General Fund. Unrestricted fund balance can be “spent down” if there is an anticipated budget shortfall. If spending unrestricted fund balance in designated circumstances has reduced unrestricted fund balance to a point below the minimum targeted level, as noted above, the replenishment will be funded by tax levies within five years.

12. Net Position and Fund Balance (Continued)

Stabilization arrangements are defined as formally setting aside amounts for use in emergency situations or when revenue shortages or budgetary imbalances arise. The County Board will set aside amounts by resolution as deemed necessary that can only be expended for a natural disaster, human catastrophe, or other unforeseen emergencies, such as a lengthy court trial, as the need for stabilization arises. The need for stabilization will only be utilized for situations that are not expected to occur routinely. The County did not identify an amount for stabilization as of December 31, 2017.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed. When committed, assigned, or unassigned resources are available for use, it is the County's policy to use resources in the following order: (1) committed, (2) assigned, and (3) unassigned.

13. Net Resident Service Revenues

The Heritage Community's Heritage Living Center net resident service revenues include room charges and ancillary services to residents and are recorded at established billing rates, net of contractual adjustments, resulting from agreements with third-party payers.

Provisions for estimated third-party payer settlements are provided in the period the related services are rendered. Differences between the estimated amounts accrued and subsequent settlements are recorded in revenues in the year of settlement. Following is a reconciliation of gross resident service revenues to net resident service revenues:

	<u>Amount</u>
Gross resident service revenues	\$ 5,395,883
Adjustments and allowances	(617,910)
Provisions for uncollectible accounts	<u>(78,476)</u>

14. Third-Party Reimbursement Agreements

Medicaid

The Heritage Community's Heritage Living Center participates in the Medicaid program, which is administered by the Minnesota Department of Human Services (DHS). Medicaid and private-paying residents are classified into one of 48 Resource Utilization Groups (RUG) for purposes of establishing payment rates.

Effective January 1, 2016, nursing facilities are paid under the Value Based Nursing Facility Reimbursement (VBR) system as approved during the 2015 Minnesota State Legislative Session. Under the VBR system, care-related costs are reimbursed at actual cost subject to certain limitations. Other operating costs are reimbursed using a pricing model, which results in the rates of these costs being the same for all nursing facilities in the state. Certain other costs, such as qualifying employer health insurance costs, are reimbursed at an external fixed payment rate and will be cost based with no limitations. Reimbursement for historic property-related costs is a separate component of the rate that has been frozen since 2010. Additional reimbursement for new property-related costs is possible under certain conditions.

The change to the VBR system includes a hold harmless provision which protects nursing home facilities from being paid at rates lower than those in effect December 31, 2015. Nursing facilities are also protected from significant decreases in rates in a single year due to changes in care-related costs.

By Minnesota statute, a nursing facility may not charge private-paying residents in multiple-occupancy rooms per diem rates in excess of the approved Medicaid rates for similar services.

Medicare

The Heritage Community's Heritage Living Center participates in the Medicare program. This federal program is administered by the Centers for Medicare and Medicaid Services (CMS). Heritage Living Center is paid under the Medicare Prospective Payment System (PPS) for residents who are Medicare Part A eligible and meet the coverage guidelines for skilled nursing facility services (SNFs). The PPS is a per diem price-based system. Annual cost reports are required to be submitted to the designated Medicare Administrative Contractor, however, they do not contain a cost settlement.

Nursing facilities licensed for participation in the Medicare and Medicaid programs are subject to annual surveys. If it is determined that a nursing facility is not in substantial compliance with the requirements of participation, CMS may impose sanctions and penalties during the period of noncompliance, which would have a negative impact on the revenues of the nursing facility.

15. Occupancy Percentages

During the year ended September 30, 2017, the Heritage Community's Heritage Living Center's occupancy percentages and the percentages of resident days covered under the Medicaid and Medicare programs were as follows:

	<u>Percentage</u>
Total occupancy (based on 52 beds)	89.8%
Medicaid	61.1
Medicare	12.3

16. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources; and disclosure of contingent amounts at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. Stewardship, Compliance, and Accountability

A. Deficits in Equity Accounts

The Heritage Community Enterprise Fund had a deficit net position of \$485,256 as of September 30, 2017. This deficit will be eliminated with future revenues and transfers if necessary.

B. Land Management

The County manages 137,351 acres of state-owned, tax-forfeited land. This land generates revenues primarily from recreational land leases and land and timber sales. Land management costs, including forestry costs such as site preparation, seedlings, tree planting, and logging roads, are accounted for as current operating expenditures. Revenues in excess of expenditures are distributed to the County and cities, towns, and school districts within the County according to state statute. As of December 31, 2017, the County has \$1,164,219 in contracts receivable from land leases and timber sales.

1. Deposits and Investments (Continued)

a. Deposits

Minnesota Statutes, sections 118A.02 and 118A.04 authorize the County to deposit its cash and to invest in certificates of deposit in financial institutions designated by the Board. Minnesota Statutes, section 118A.03 requires that all County deposits be covered by insurance, surety bond, or collateral. The market value of collateral pledged shall be at least ten percent more than the amount on deposit plus accrued interest at the close of the financial institution's banking day, not covered by insurance or bonds.

Authorized collateral includes treasury bills, notes, and bonds; issues of U.S. government agencies; general obligations rated "A" or better and revenue obligations rated "AA" or better; irrevocable standby letters of credit issued by the Federal Home Loan Bank; and certificates of deposit. Minnesota statutes require that securities pledged as collateral be held in safekeeping in a restricted account at the Federal Reserve Bank or in an account at a trust department of a commercial bank or other financial institution not owned or controlled by the financial institution furnishing the collateral.

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a financial institution failure, the County's deposits may not be returned to it. The County does not have a deposit policy for custodial credit risk. As of December 31, 2017, the County's deposits were not exposed to custodial credit risk.

b. Investments

The County may invest in the following types of investments as authorized by Minn. Stat. §§ 118A.04 and 118A.05:

that securities mature to meet cash requirements of ongoing operations and investing operating funds primarily in shorter-term securities and limiting the average maturity in accordance with the County's cash requirements.

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The County invests only in securities that meet the ratings requirements set by state statute.

Custodial Credit Risk

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities in the possession of an outside party. The County's investment policy limits investments to those allowed by state statute. At December 31, 2017, the County's investments were not exposed to custodial credit risk.

Concentration of Credit Risk

The concentration of credit risk is the risk of loss that may be caused by the County's investment in a single issuer, excluding U.S. guaranteed investments, external investment pools, and mutual funds. The County's investment policy is to minimize this risk by diversifying the investment portfolio so that the impact of potential losses from any one type of security or issuer will be minimized. At December 31, 2017, the County's investments were primarily in an external investment pool and, therefore, not subject to concentration of credit risk disclosure requirements.

MAGIC is a local government investment pool which is quoted at a net asset value (NAV). The County invests in this pool for the purpose of the joint investment of the County’s money with those of other counties to enhance the investment earnings accruing to each member.

MAGIC Portfolio is valued using amortized cost. Shares of the MAGIC Portfolio are available to be redeemed upon proper notice without restrictions under normal operating conditions. There are no limits to the number of redemptions that can be made as long as the County has a sufficient number of shares to meet their redemption request. The MAGIC Fund’s Board of Trustees can suspend the right of withdrawal or postpone the date of payment if the Trustees determine that there is an emergency that makes the sale of a Portfolio’s securities or determination of its net asset value not reasonably practical.

Compensated Absences

Under the County's personnel policies and union contracts, employees are granted vacation in varying amounts based on their length of service. The County's PTO policy was adopted on August 1, 2012. Employees will earn time off according to the PTO policy. PTO accrual varies from 18 to 36 days per year. Leave may be accumulated to a maximum of 60 days of PTO under the County's employment policies. For the governmental activities, compensated absences are generally liquidated by the General Fund, the Road and Bridge Special Revenue Fund, the Social Services Special Revenue Fund, the Forfeited Tax Sale Special Revenue Fund, the Solid Waste Special Revenue Fund, and the Environmental Trust Permanent Fund.

Unused accumulated PTO and severance reserve are paid to employees upon termination. Unvested sick leave, approximately \$281,239 at December 31, 2017, is available to employees in the event of illness-related absences and is not paid to them at termination.

Plan Description

Hubbard County provides a single-employer defined benefit health care plan to eligible retirees and their spouses. The plan offers medical insurance benefits. The County provides for retirees as required by Minn. Stat. § 471.61, subd. 2b. The retiree health care plan does not issue a publicly available financial report.

Effective January 1, 2006, Hubbard County agreed to provide a monetary contribution toward medical and hospitalization insurance coverage under the Hubbard County group health insurance plan to all current or future County employees who have served as an elected official. Upon leaving Hubbard County service, the dollar amount would be calculated based on years of service per elected term. Accrual of paid benefits under this policy sunset December 2014.

The monetary contribution under the adopted plan for elected officials was equal to one year of non-union annual family cafeteria plan contributions for every four years of service completed, with that amount held by Hubbard County and used to provide insurance coverage as chosen by the leaving official. A prorated contribution was calculated for officials that served less than a four-year term. When an official's contribution is exhausted, the official has the choice to remain on the County health insurance plan as provided to all other retired and qualified terminated employees.

Funding Policy

The contribution requirements of the plan and the County are established and may be amended by the Hubbard County Board of Commissioners. The required contribution is based on projected pay-as-you-go financing requirements. Non-elected retirees are required to pay 100 percent of the total premium cost. Since the premium is determined on the entire active and retiree population, the retirees are receiving an implicit rate subsidy. This postemployment benefit is funded on a pay-as-you-go basis, usually paying retiree benefits out of the General Fund. For governmental activities in 2017, there were approximately 177 participants in the plan, with four retirees. For the Heritage Community, there were 54 participants in the plan, with no retirees.

Other postemployment benefits are generally liquidated by the General Fund, the Road and Bridge Special Revenue Fund, the Social Services Special Revenue Fund, the Forfeited Tax Sale Special Revenue Fund, the Solid Waste Special Revenue Fund, the Environmental Trust Permanent Fund, and the Heritage Community Enterprise Fund.

4. Other Postemployment Benefits (OPEB) (Continued)

Annual OPEB Cost and Net OPEB Obligation

For benefits provided as required by Minn. Stat. § 471.61, subd. 2b, the County’s annual OPEB cost (expense) is calculated based on the *annual required contribution of the employer* (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. Additional benefits provided to elected officials have not been included in the calculation of the ARC.

The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial accrued liabilities (or funding excess) over a period not to exceed 30 years. The following table shows the components of the County’s annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the County’s net OPEB obligation to the retiree health plan.

	Governmental Activities December 31, 2017	Business-Type Activities September 30, 2017	Total
ARC	\$ 120,561	\$ 25,463	\$ 146,024
Interest on net OPEB obligation	21,423	4,147	25,570
Adjustments to ARC	(32,712)	(5,802)	(38,514)
Annual OPEB cost (expense)	\$ 109,272	\$ 23,808	\$ 133,080
Contributions made	(193,615)	(16,911)	(210,526)
Increase in net OPEB obligation	\$ (84,343)	\$ 6,897	\$ (77,446)
Net OPEB Obligation – Beginning of Year	748,651	92,149	840,800
Net OPEB Obligation – End of Year	\$ 664,308	\$ 99,046	\$ 763,354

The County’s annual OPEB cost; the percentage of annual OPEB cost contributed to the plan; and the net OPEB obligation for the years ended December 31, 2015, 2016, and 2017, were as follows:

Fiscal Year Ended	Annual OPEB Cost	Employer Contribution	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
2015	\$ 170,060	\$ 109,088	64.1%	\$ 768,110
2016	201,599	128,909	63.9	840,800
2017	133,080	210,526	158.2	763,354

**HUBBARD COUNTY
PARK RAPIDS, MINNESOTA**

4. Other Postemployment Benefits (OPEB) (Continued)

Funded Status and Funding Progress

As of January 1, 2017, the most recent actuarial valuation date for governmental activities, the County had no assets to fund the plan. The actuarial accrued liability for benefits was \$777,762, and the actuarial value of assets was zero, resulting in an unfunded actuarial accrued liability (UAAL) of \$777,762. The covered payroll (annual payroll of active employees covered by the plan) was \$9,142,229, and the ratio of the UAAL to the covered payroll was 8.51 percent.

As of January 1, 2014, the most recent actuarial valuation date for business-type activities, the County had no assets to fund the plan. The actuarial accrued liability for benefits was \$167,483, and the actuarial value of assets was zero, resulting in a UAAL of \$167,483. The covered payroll (annual payroll of active employees covered by the plan) was \$1,721,774, and the ratio of the UAAL to the covered payroll was 9.7 percent.

The projection of future benefit payments for an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the health care cost trend. Amounts determined regarding the funded status of the plan and the annual contributions are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Funding Progress – Other Postemployment Benefits, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

Methods and Assumptions (Continued)

In the January 1, 2017, actuarial valuation used for benefits provided as required by Minn. Stat. § 471.61, subd. 2b, the Projected Unit Credit Actuarial Cost Method was used. The actuarial assumptions include a 3.5 percent investment rate of return (net of investment expenses), which is Hubbard County's implicit rate of return. For governmental activities, the annual health care cost trend is 6.5 percent initially, reduced to an ultimate rate of 5.0 percent over six years. The UAAL is being amortized over 30 years on a closed basis. The remaining amortization period at December 31, 2017, was 20 years.

In the January 1, 2014, actuarial valuation of the business-type activities, the Projected Unit Credit Actuarial Cost Method was used. The actuarial assumptions include a 4.5 percent investment rate of return (net of investment expenses), which is the Heritage Community's implicit rate of return. The annual health care cost trend is 7.5 percent initially, reduced to an ultimate rate of 5.0 percent over ten years. The UAAL is being amortized over 30 years on a closed basis. The remaining amortization period at December 31, 2017, was 21 years.

5. Pension Plans

A. Defined Benefit Pension Plans

1. Plan Description

All full-time and certain part-time employees of Hubbard County are covered by defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA administers the General Employees Retirement Plan, the Public Employees Police and Fire Plan, and the Local Government Correctional Service Retirement Plan (the Public Employees Correctional Plan), which are cost-sharing, multiple-employer retirement plans. These plans are established and administered in accordance with Minn. Stat. chs. 353 and 356. PERA's defined benefit pension plans are tax qualified plans under Section 401(a) of the Internal Revenue Code.

The General Employees Retirement Plan (accounted for in the General Employees Fund) has multiple benefit structures with members belonging to the Coordinated Plan, the Basic Plan, or the Minneapolis Employees Retirement Fund. Coordinated Plan members are covered by Social Security and Basic Plan

and Minneapolis Employees Retirement Fund members are not. The Basic Plan was closed to new members in 1967. All new members must participate in the Coordinated Plan, for which benefits vest after five years of credited service. No County employees belong to either the Basic Plan or the Minneapolis Employees Retirement Fund.

Police officers, firefighters, and peace officers who qualify for membership by statute are covered by the Public Employees Police and Fire Plan (accounted for in the Police and Fire Fund). For members first hired after June 30, 2010, but before July 1, 2014, benefits vest on a prorated basis with 50 percent after five years and increasing ten percent for each year of service until fully vested after ten years. Benefits for members first hired after June 30, 2014, vest on a prorated basis from 50 percent after ten years and increasing five percent for each year of service until fully vested after 20 years.

Local government employees of a county-administered facility who are responsible for the direct security, custody, and control of the county correctional facility and its inmates are covered by the Public Employees Correctional Plan (accounted for in the Correctional Fund). For members hired after June 30, 2010, benefits vest on a prorated basis starting with 50 percent after five years and increasing ten percent for each year of service until fully vested after ten years.

2. Benefits Provided

PERA provides retirement benefits as well as disability benefits to members and benefits to survivors upon death of eligible members. Benefit provisions are established by state statute and can be modified only by the state legislature. Benefit increases are provided to benefit recipients each January. Increases are related to the funding ratio of the plan. General Employees Retirement Plan and Public Employees Police and Fire Plan benefit recipients receive a future annual 1.0 percent for the post-retirement benefit increase, while Public Employees Correctional Plan benefit recipients receive 2.5 percent. For the General Employees Retirement Plan and the Public Employees Police and Fire Plan, if the funding ratio reaches 90 percent for two consecutive years, the benefit increase

will revert to 2.5 percent. If, after reverting to a 2.5 percent benefit increase, the funding ratio declines to less than 80 percent for one year or less than 85 percent for two consecutive years, the benefit increase will decrease to 1.0 percent.

The benefit provisions stated in the following paragraph of this section are current provisions and apply to active plan participants. Vested, terminated employees who are entitled to benefits but are not yet receiving them are bound by the provisions in effect at the time they last terminated their public service.

Benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for General Employees Retirement Plan Coordinated Plan members. Members hired prior to July 1, 1989, receive the higher of a step-rate benefit accrual formula (Method 1) or a level accrual formula (Method 2). Under Method 1, the annuity accrual rate for a Coordinated Plan member is 1.2 percent of average salary for each of the first ten years of service and 1.7 percent for each remaining year. Under Method 2, the annuity accrual rate is 1.7 percent for Coordinated Plan members for each year of service. Only Method 2 is used for members hired after June 30, 1989. For Public Employees Police and Fire Plan members, the annuity accrual rate is 3.0 percent of average salary for each year of service. For Public Employees Correctional Plan members, the annuity accrual rate is 1.9 percent of average salary for each year of service.

For General Employees Retirement Plan members hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90, and normal retirement age is 65. For members hired on or after July 1, 1989, normal retirement age is the age for unreduced Social Security benefits capped at 66. For Public Employees Police and Fire Plan and Public Employees Correctional Plan members, normal retirement age is 55, and for members who were hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90. Disability benefits are available for vested members and are based on years of service and average high-five salary.

3. Contributions

Pension benefits are funded from member and employer contributions and income from the investment of fund assets. Rates for employer and employee contributions are set by Minn. Stat. ch. 353. These statutes are established and amended by the state legislature. General Employees Retirement Plan Coordinated Plan members were required to contribute 6.50 percent, of their annual covered salary in 2017. Public Employees Police and Fire Plan members were required to contribute 10.80 percent of their annual covered salary in 2017. Public Employees Correctional Plan members were required to contribute 5.83 percent of their annual covered salary in 2017.

In 2017, the County was required to contribute the following percentages of annual covered salary:

General Employees Retirement Plan Coordinated Plan members	7.50%
Public Employees Police and Fire Plan	16.20
Public Employees Correctional Plan	8.75

The employee and employer contribution rates did not change from the previous year.

The County's contributions for the year ended December 31, 2017, to the pension plans were:

General Employees Retirement Plan	\$ 758,901
Public Employees Police and Fire Plan	227,351
Public Employees Correctional Plan	142,684

The contributions are equal to the contractually required contributions as set by state statute.

General Employees Retirement Plan

At December 31, 2017, the County reported a liability of \$9,786,570 for its proportionate share of the General Employees Retirement Plan's net pension liability, of which \$2,866,386 was the Heritage Community's portion as of September 30, 2017. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability was based on the County's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2016, through June 30, 2017, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2017, Hubbard County's proportionate share was 0.1533 percent, which was an increase of 0.0034 percent measured as of June 30, 2016. The County recognized pension expense of \$1,325,584 for its proportionate share of the General Employees Retirement Plan's pension expense, of which \$383,000 was the Heritage Community's expense.

The County also recognized \$3,552 as revenue, which results in a reduction of the net pension liability, for its proportionate share of the State of Minnesota's contribution to the General Employees Retirement Plan, which qualifies as a special funding situation. Legislation requires the State of Minnesota to contribute \$6 million to the General Employees Retirement Plan for the fiscal year ended June 30, 2017.

Public Employees Police and Fire Plan

At December 31, 2017, Hubbard County reported a liability of \$1,809,159 for its proportionate share of the Public Employees Police and Fire Plan's net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. Hubbard County's proportion of the net pension liability was based on Hubbard County's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2016, through June 30, 2017, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2017, Hubbard County's proportion was 0.134 percent, which was an increase of 0.001 percent from its proportion measured as of June 30, 2016. The County recognized pension expense of \$694,950 for its proportionate share of the Public Employees Police and Fire Plan's pension expense.

The County also recognized \$12,060 as revenue, which results in a reduction of the net pension liability, for its proportionate share of the State of Minnesota's on-behalf contribution to the Public Employees Police and Fire Plan. Legislation requires the State of Minnesota to contribute \$9 million to the Police and Fire Plan each year, starting in fiscal year 2014, until the plan is 90 percent funded.

Total Pension Expense

The total pension expense for all plans recognized by the County for the year ended December 31, 2017, was \$2,841,377.

5. Actuarial Assumptions

The total pension liability in the June 30, 2017, actuarial valuation was determined using the individual entry age normal actuarial cost method and the following additional actuarial assumptions:

Inflation	2.50 percent per year
Active member payroll growth	3.25 percent per year
Investment rate of return	7.50 percent

Salary increases were based on a service-related table. Mortality rates for active members, retirees, survivors, and disabilitants for all plans were based on RP-2014 tables for males or females, as appropriate, with slight adjustments. For the General Employees Retirement Plan and the Public Employees Police and

Fire Plan, cost of living benefit increases for retirees are assumed to be 1.0 percent through 2044 and 2064, respectively, and 2.5 percent thereafter. Cost of living benefit increases for retirees are assumed to be 2.5 percent for the Public Employees Correctional Plan.

Actuarial assumptions used in the June 30, 2017, valuation were based on the results of actuarial experience studies. The experience study for the General Employees Retirement Plan was dated June 30, 2015. The experience study for the Public Employees Police and Fire Plan was dated August 30, 2016. The experience study for the Public Employees Correctional Plan was dated February 2012.

The long-term expected rate of return on pension plan investments is 7.50 percent. The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness of the long-term expected rate of return on a regular basis using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic stocks	39%	5.10%
International stocks	19	5.30
Bonds	20	0.75
Alternative assets	20	5.90
Cash	2	0.00

6. Discount Rate

The discount rate used to measure the total pension liability was 7.50 percent in 2017, which remained consistent with 2016. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions

6. Discount Rate (Continued)

will be made at the rate specified in statute. Based on that assumption, the fiduciary net position of the General Employees Retirement Plan and the Public Employees Police and Fire Plan were projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

In the Public Employees Correctional Plan, the fiduciary net position was projected to be available to make all projected future benefit payments of current plan members through June 30, 2061. Beginning in fiscal year ended June 30, 2062, when projected benefit payments exceed the Plan's projected fiduciary net position, benefit payments were discounted at the municipal bond rate of 3.56 percent based on an index of 20-year general obligation bonds with an average AA credit rating at the measurement date. An equivalent single discount rate of 5.96 percent for the Public Employees Correctional Plan was determined that produced approximately the same present value of projected benefits when applied to all years of projected benefits as the present value of projected benefits using 7.50 percent applied to all years of projected benefits to the point of asset depletion and 3.56 percent thereafter.

7. Changes in Actuarial Assumptions

The following changes in actuarial assumptions occurred in 2017:

General Employees Retirement Plan

- The Combined Service Annuity (CSA) loads were changed from 0.80 percent for active members and 60 percent for vested and non-vested deferred members (30 percent for deferred Minneapolis Employees Retirement Fund members). The revised CSA loads are now 0.00 percent for active member liability, 15 percent for vested deferred member liability, and 3.00 percent for non-vested deferred member liability.

7. Changes in Actuarial Assumptions

General Employees Retirement Plan (Continued)

- The assumed post-retirement benefit increase rate was changed from 1.00 percent per year for all years to 1.00 percent per year through 2044 and 2.50 percent per year thereafter.
- Minneapolis Employees Retirement Fund plan provisions change the employer supplemental contribution to \$21,000,000 in calendar years 2017 and 2018 and returns to \$31,000,000 through calendar year 2031. The state's required contribution is \$16,000,000 in PERA's fiscal years 2018 and 2019 and returns to \$6,000,000 annually through calendar year 2031.

Public Employees Police and Fire Plan

- The assumed salary increases were changed as recommended in the June 30, 2016, experience study. The net effect is proposed rates that average 0.34 percent lower than the previous rates.
- The assumed rates of retirement were changed, resulting in fewer retirements.
- The CSA load was 30 percent for vested and non-vested, deferred members. The CSA has been changed to 33 percent for vested members and 2.00 percent for non-vested members.
- The base mortality table for healthy annuitants was changed from the RP-2000 fully generational table to the RP-2014 fully generational table (with a base year of 2006), with male rates adjusted by a factor of 0.96. The mortality improvement scale was changed from Scale AA to Scale MP-2016. The base mortality table for disabled annuitants was changed from the RP-2000 disabled mortality table to the mortality table assumed for healthy retirees.

Public Employees Police and Fire Plan (Continued)

- The assumed termination rates were decreased to 3.00 percent for the first three years of service. Rates beyond the select period of three years were adjusted, resulting in more expected terminations overall.
- The assumed percentage of married female members was decreased from 65 percent to 60 percent.
- The assumed age difference was changed from separate assumptions for male members (wives assumed to be three years younger) and female members (husbands assumed to be four years older) to the assumption that males are two years older than females.
- The assumed percentage of female members electing joint and survivor annuities was increased.
- The assumed post-retirement benefit increase rate was changed from 1.00 percent for all years to 1.00 percent per year through 2064 and 2.50 percent thereafter.
- The single discount rate was changed from 5.60 percent per annum to 7.50 percent per annum.

Detailed information about the pension plan’s fiduciary net position is available in a separately issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the internet at www.mnpera.org; by writing to PERA at 60 Empire Drive, Suite 200, St. Paul, Minnesota 55103-2088; or by calling 651-296-7460 or 1-800-652-9026.

B. Defined Contribution Plan

Two employees or elected officials of Hubbard County are covered by the Public Employees Defined Contribution Plan, a multiple-employer, deferred compensation plan administered by PERA. The plan is established and administered in accordance with Minn. Stat. ch. 353D, which may be amended by the state legislature. The plan is a tax qualified plan under Section 401(a) of the Internal Revenue Code, and all contributions by or on behalf of employees are tax deferred until time of withdrawal.

Plan benefits depend solely on amounts contributed to the plan plus investment earnings, less administrative expenses. For those qualified personnel who elect to participate, Minn. Stat. § 353D.03 specifies plan provisions, including the employee and employer contribution rates. An eligible elected official who decides to participate contributes 5.00 percent of salary, which is matched by the employer. Employee and employer contributions are combined and used to purchase shares in one or more of the seven accounts of the Minnesota Supplemental Investment Fund. For administering the plan, PERA receives 2.00 percent of employer contributions and 0.25 percent of the assets in each member account annually.

6. Summary of Significant Contingencies and Other Items

A. Contingent Liabilities

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of the expenditures that may be disallowed by the grantor cannot be determined at this time, although the County expects such amounts, if any, to be immaterial.

The County is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the County Attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the County.

Enbridge, Inc., is currently challenging tax valuations for the years 2012 through 2017 through litigation, which may affect several Minnesota counties. For tax valuations for 2012, 2013, and 2014, these cases are pending judgement. The tax years of 2015, 2016, and 2017 are in the pre-trial stage. Any loss is dependent on the outcome of the lawsuit. The County may be subject to a loss up to \$1,000,000 in future tax revenue.

B. Management Agreement

The Heritage Community is managed by Ecumen. All three facilities are under a three-year agreement which expires June 2018. Heritage Living Center, Heritage Manor, and Heritage Cottages each incur a monthly fee of \$15,800, \$1,920, and \$2,500, respectively. Management fees amounted to \$240,154 for the year ended September 30, 2017.

B. Management Agreement (Continued)

Certain employees of Ecumen perform services for the Heritage Community. The Heritage Community had unpaid amounts pertaining to these services received, presented as Due to Related Parties on the statements at September 30, 2017.

C. Heritage Community Building Project

During 2014 and 2015, Hubbard County entered into various agreements for the purpose of a construction and reconstruction project for the Heritage Community facilities.

Hubbard County issued its G.O. Nursing Home Revenue Bonds in the aggregate amount of \$10,145,000 and applied \$10,091,000 of the proceeds to capital costs of the County's nursing home replacement project on the premises of the Heritage Community, through a leveraged loan to Twain Investment Fund 65 (Twain), and related transactions, all for the purpose of obtaining New Market Tax Credit Funding from U.S. Bancorp Community Development Corporation to complete the overall funding for the project. Twain also received gross proceeds of \$4,159,000 from the sale of its New Market Tax Credits to U.S. Bancorp Community Development Corporation, and those proceeds, together with the proceeds of the leveraged loan, less certain fees, were provided by Twain to a subsidiary of Midwest Minnesota Community Development Corporation, which, in turn, loaned the funds to Heritage Center, LLC, for payment of capital costs of the project.

D. Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees; or natural disasters. To manage these risks, the County has entered into a joint powers agreement with other Minnesota counties to form the Minnesota Counties Intergovernmental Trust (MCIT). MCIT is a public entity risk pool currently operated as a common risk management and insurance program for its members. The County is a member of both the MCIT Workers' Compensation and Property and Casualty Divisions. For group employee health benefits, the County has entered into a joint powers agreement, the Northwest Service Cooperative. For all other risk, the County carries commercial insurances.

There were no significant reductions in insurance from the prior year. The amount of settlements did not exceed insurance coverage for each of the past three fiscal years.

D. Risk Management (Continued)

The Workers' Compensation Division of MCIT is self-sustaining based on the contributions charged, so that total contributions plus compounded earnings on these contributions will equal the amount needed to satisfy claims liabilities and other expenses. MCIT participates in the Workers' Compensation Reinsurance Association with coverage at \$500,000 per claim in 2017 and 2018. Should the MCIT Workers' Compensation Division liabilities exceed assets, MCIT may assess the County in a method and amount to be determined by MCIT.

The Property and Casualty Division of MCIT is self-sustaining, and the County pays an annual premium to cover current and future losses. MCIT carries reinsurance for its property lines to protect against catastrophic losses. Should the MCIT Property and Casualty Division liabilities exceed assets, MCIT may assess the County in a method and amount to be determined by MCIT.

The Northwest Service Cooperative (Service Cooperative) is a joint powers entity which sponsors a plan to provide group employee health benefits to its participating members. All members pool premiums and losses; however, a particular member may receive increases or decreases depending on a good or bad year of claims experience. Premiums are determined annually by the Service Cooperative and are based partially on the experience of the County and partially on the experience of the group. The Service Cooperative solicits proposals from carriers and negotiates the contracts.

Hubbard County Family Services Collaborative (Continued)

Control of the Hubbard County Family Services Collaborative is vested in a governing board. The board consists of one representative from each of the nine members.

In the event of a withdrawal from the Hubbard County Family Services Collaborative, the withdrawing party shall give a 180-day notice. The withdrawing party shall remain liable for fiscal obligation incurred prior to the effective date of withdrawal, but shall incur no additional fiscal liability beyond the effective date of withdrawal. In the event of dissolution of the Hubbard County Family Services Collaborative, the net assets of the Collaborative at that time shall be divided among the member counties in the same proportion as their contributions paid.

Financing is provided by state grants and contributions from its members. Hubbard County, in an agent capacity, reports the cash transactions of the Hubbard County Family Services Collaborative as an agency fund on the County's financial statements. During 2017, Hubbard County contributed \$72,640 to the Collaborative.

Kitchigami Regional Library

The Kitchigami Regional Library was formed pursuant to Minn. Stat. § 134.20. It was formed January 1, 1992, and includes Beltrami, Cass, Crow Wing, Hubbard, and Wadena Counties, and nine separate cities. Control of the Library is vested in the Kitchigami Regional Library Board, which is composed of 19 members with three-year terms made up of the following: one member appointed by each City Council and two members appointed by each County Board, consisting of one County Commissioner and one lay person. Hubbard County appropriated \$200,000 to the Library for the year ended December 31, 2017. Separate financial information can be obtained from the Kitchigami Regional Library, PO Box 84, Pine River, Minnesota 56474.

purpose of the Board is to prepare, adopt, and implement a comprehensive land use plan designed to protect and enhance the Mississippi River and related shoreline areas within the counties. The Board consists of eight members, one appointed from each participating county.

Financing is provided by federal, state, and local grants and appropriations from member counties. During 2017, Hubbard County contributed \$1,500 to the Board. Crow Wing County maintains the accounting records of the Board. Complete financial information can be obtained from the Mississippi Headwaters Board, Land Services Building, 322 Laurel Street, Brainerd, Minnesota 56401.

North Country Community Health Service

The North Country Community Health Service was formed in 1979 under the authority of the Joint Powers Act, pursuant to Minn. Stat. § 471.59, and includes Beltrami, Clearwater, Hubbard, and Lake of the Woods Counties. The purpose of the Health Service is to develop and implement policies and procedures to promote efficiency and economy in the delivery of community health services.

Control of the Health Service is vested in the North Country Health Service Board of Health, which is composed of three members appointed by Beltrami County and two members appointed by each of the other member counties, as provided in the Health Service's bylaws.

In the event of dissolution of the North Country Community Health Service, the net assets of the Health Service at that time shall be divided among the member counties in the same proportion as their allocated share of subsidy funds as determined by the Minnesota Department of Health.

The Health Service has no long-term debt. Financing is provided by state and federal grants and appropriations from member counties. Clearwater County, in an agent capacity, reports the cash transactions of the Health Service as an agency fund on its financial statements.

Northwest Minnesota Regional Emergency Communication Board

The Northwest Minnesota Regional Emergency Communication Board (formerly known as the Northwest Minnesota Regional Radio Board) was formed in 2008, pursuant to the authority conferred upon the member parties by Minn. Stat. §§ 471.59 and 403.39, and includes the City of Moorhead; Becker, Beltrami, Clay, Clearwater, Hubbard, Kittson, Lake of the Woods, Mahnommen, Marshall, Norman, Pennington, Polk, Red Lake, and Roseau Counties; and the White Earth Reservation.

The purpose of the Northwest Minnesota Regional Emergency Communication Board is to provide for regional administration of enhancements to the Statewide Public Safety Radio and Communication System (ARMER) owned and operated by the State of Minnesota and to enhance and improve interoperable public safety communications along with coordination of 911 and public safety broadband data services within the region.

The Northwest Minnesota Regional Emergency Communication Board is composed of one Commissioner of each county appointed by their respective County Board, one City Council member from the City appointed by its City Council, and one representative appointed by the Tribal Council from each tribal party to the agreement, as provided in the Northwest Minnesota Regional Emergency Communication Board's bylaws.

In the event of dissolution of the Northwest Minnesota Regional Emergency Communication Board, all property, assets, and funds of the Board shall be distributed to the parties of the agreement upon termination in direct proportion to their participation and contribution. Any city, county, or tribal entity that has withdrawn from the agreement prior to termination of the Board shall share in the distribution of property, assets, and funds of the Board only to the extent they shared in the original expense.

Northwest Service Cooperative

The Northwest Service Cooperative (NWSC) was established in February 1977, pursuant to Minn. Stat. §§ 471.59 and 123.582 (now Minn. Stat. § 123A.21). The NWSC is located in State Development Regions One and Two, which include 12 counties covering a total of 14,853 square miles. These are the most sparsely populated regions of the state, with only 11 persons per square mile. The regions are known as "Pine to Prairie." The NWSC provides service to all school districts and many cities, counties, and other governmental agencies in the northwest region. The NWSC's purpose is to meet or exceed the needs of participating members by developing and delivering high quality, cost-effective services and programs that will support the activities of its members.

The NWSC is governed by a Board of Directors consisting of school board members elected at large by their peers, one city representative, with a maximum of three at-large appointees and three ex-officio superintendents. The NWSC charges adequate rates so that the participating members experience no additional financial benefit or burden. Hubbard County contributed \$250 to the NWSC for the year ended December 31, 2017. Northwestern Counties Data Processing Security Association

The Northwestern Counties Data Processing Security Association (NCDPSA) was formed in 1994 under the authority of the Joint Powers Act, pursuant to Minn. Stat. § 471.59, and includes Becker, Beltrami, Clay, Clearwater, Hubbard, Kittson, Lake of the Woods, Mahnomen, Marshall, Pennington, Polk, Roseau, and Wadena Counties. Mahnomen County withdrew from the NCDPSA in 2017. The purpose of the NCDPSA is to provide a mechanism whereby the counties may cooperatively provide for a data processing disaster recovery plan and backup system.

Control of the NCDPSA is vested in the NCDPSA Joint Powers Board, which is composed of one County Commissioner appointed by each member County Board. In the event of dissolution, the net position of the NCDPSA at that time shall be distributed to the respective member counties in proportion to their contributions.

The NCDPSA has no long-term debt. Financing is provided by grants from the State of Minnesota and appropriations from member counties when needed. Hubbard County did not contribute to the NCDPSA for the year ended December 31, 2017. Clearwater County, in an agent capacity, reports the cash transactions of the NCDPSA as an agency fund on its financial statements. Complete financial information can be obtained from the Clearwater County Auditor/Treasurer's Office, 213 North Main Avenue, Bagley, Minnesota 56621.

Northwestern Minnesota Juvenile Center

The Northwestern Minnesota Juvenile Center was formed under the authority of the Joint Powers Act, pursuant to Minn. Stat. § 471.59, effective August 1971, and includes Beltrami, Cass, Clearwater, Hubbard, Kittson, Lake of the Woods, Pennington, and Roseau Counties. The purpose of the Center is to provide rehabilitation and other services to juveniles under the jurisdiction of the court system. The offices of the Center are located in Bemidji, with satellite homes at various locations.

Control of the Center is vested in the Northwestern Minnesota Juvenile Center Joint Powers Board, which is composed of at least one member appointed by each participating county, as provided in the Center's bylaws. At present, there are 13 directors: Beltrami, Cass, Hubbard, Pennington, and Roseau Counties have two directors each; the other member counties have one director each.

PrimeWest Health

The PrimeWest Central County-Based Purchasing Initiative (since renamed PrimeWest Health) was established in December 1998 by a joint powers agreement with Big Stone, Douglas, Grant, McLeod, Meeker, Pipestone, Pope, Renville, Stevens, and Traverse Counties under the authority of Minn. Stat. § 471.59. Beltrami, Clearwater, and Hubbard Counties were later added to PrimeWest Health. Pipestone County has since joined Southwest Health and Human Services for public health and human services functions. The partnership is organized to directly purchase health care services for county residents who are eligible for Medical Assistance and General Assistance Medical Care as authorized by Minn. Stat. § 256B.692. County-based purchasing is the local control alternative favored for improved coordination of services to prepaid Medical Assistance programs in complying with Minnesota Department of Health requirements as set forth in Minn. Stat. chs. 62D and 62N.

Control of PrimeWest Health is vested in a Joint Powers Board of Directors, composed of two Commissioners from each member county (one active and one alternate). Each member of the Joint Powers Board of Directors is appointed by the County Commissioners of the county he or she represents.

In the event of termination of the joint powers agreement, all assets owned pursuant to this agreement shall be sold, and the proceeds, together with monies on hand, will be distributed to the current members based on their proportional share of each member's county-based purchasing eligible population.

Financing is provided by Medical Assistance and General Assistance Medical Care payments from the Minnesota Department of Human Services, initial start-up loans from the member counties, and by proportional contributions from member counties, if necessary, to cover operational costs. Hubbard County did not contribute to PrimeWest Health during 2017. Complete financial information can be obtained from its administrative office at PrimeWest Health, 3905 Dakota Street, Suite 101, Alexandria, Minnesota 56308.

7. Component Unit Disclosures – Hubbard County Housing and Redevelopment Authority (HRA)

The Hubbard County Housing and Redevelopment Authority (HRA) was created in 1995 by the Hubbard County Board and operates as a local governmental unit for the purpose of providing housing and redevelopment services to the citizens of Hubbard County. The governing body consists of a five-member Board appointed by the Hubbard County Board.

A. Summary of Significant Accounting Policies

1. Measurement Focus

The HRA is reported using the economic resources measurement focus and the full accrual basis of accounting. Revenues are recognized when earned, and expenses are recognized when a liability is incurred, regardless of the timing of related cash flows.

2. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position

Cash and Cash Equivalents

The HRA's cash and cash equivalents consist of checking accounts and do not include restricted accounts. Cash and cash equivalents are defined as short-term, highly liquid investments with maturity dates of three months or less at the time of purchase. Available cash balances are maintained in demand deposit accounts.

Capital Assets

Capital assets with useful lives of more than one year are stated at estimated historical cost and comprehensively reported in the statement of net position. Donated assets are stated at estimated fair market value on the date donated. The HRA generally capitalizes assets with a cost of \$5,000 or more (excluding stoves and refrigerators). The costs of normal maintenance and repairs that do not add to the asset value or materially extend useful lives are not capitalized. Capital assets are depreciated over the estimated useful lives of the assets using the straight-line method.

Depreciation is recorded using the straight-line method over the various lives of the assets, which range from 3 to 40 years.

PARK RAPIDS, MINNESOTA**

7. Component Unit Disclosures – Hubbard County Housing and Redevelopment Authority (HRA)

A. Summary of Significant Accounting Policies (Continued)

3. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

B. Detailed Notes on All Funds

1. Deposits and Investments

The HRA's cash and investments at year-end were comprised of the following:

Demand and time deposits	\$ 360,317
--------------------------	------------

Deposits

In accordance with Minnesota statutes, the HRA maintains deposits at those depository banks authorized by the Board. All such depositories are members of the Federal Reserve System. The HRA is required by Minnesota statutes to protect HRA deposits with insurance, surety bond, or collateral. The market value of collateral pledged shall be at least ten percent more than the amount on deposit at the close of the financial institution's banking day, not covered by insurance or bonds.

Authorized collateral includes treasury bills, notes and bonds; issues of U.S. government agencies; general obligations rated "A" or better and revenue obligations rated "AA" or better; irrevocable standby letters of credit issued by the Federal Home Loan Bank; and certificates of deposit. Minnesota statutes require that securities pledged as collateral be held in safekeeping in a restricted account at the Federal Reserve Bank or in an account at a trust department of a commercial bank or other financial institution not owned or controlled by the financial institution furnishing the collateral.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2017

1. Budgetary Information

A. Budget Policy

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for all governmental funds, except the Building Bonds Debt Service Fund. All annual appropriations lapse at fiscal year-end.

In July, budget sheets are distributed to department managers and must be returned to the Auditor's Office by the end of July. In August, preliminary budgets are distributed to the Board, and budget hearings are scheduled from August to December. On or before September 15, proposed levies must be set by the County Board. A final budget must be prepared and adopted no later than December 31.

The appropriated budget is prepared by fund, function, and department. The County's department heads may make transfers of appropriations within a department. Transfers of appropriations between departments require approval of the County Board. The legal level of budgetary control (the level at which expenditures may not legally exceed appropriations) is the departmental level.

B. Excess of Expenditures Over Budget

The following departments had expenditures in excess of budget for the year ended December 31, 2017:

	Expenditures	Final Budget	Excess

2. Other Postemployment Benefits (OPEB)

Governmental Activities

Since the last actuarial valuation as of January 1, 2014, the following actuarial assumptions have changed:

- The health care trend rates were changed to better anticipate short-term and long-term medical increases.
- The mortality table was updated from RP 2000 Combined Healthy Table projected to 2014 with Scale BB (with Blue Collar adjustment for Police and Fire) to the RP-2014 adjusted to 2006 White Collar Mortality Tables with MP-2016 Generational Improvement Scale (Blue Collar Tables for Police and Fire personnel).
- The withdrawal and retirement tables for all employees were updated.
- The retiree plan participation assumption was changed from 50 percent to 40 percent.
- The discount rate was changed from 4.50 percent to 3.50 percent.

Since the last actuarial valuation as of January 1, 2014, the following plan provisions have changed:

- A subsidy was added for Elected Officials with service as an elected official prior to December 31, 2014.
- The years of service required to be eligible for a benefit (implicit rate subsidy) was increased from three years to five years.

Currently, three years of actuarial data is available. For more information, refer to Exhibit A-5 of this section and the Notes to the Financial Statements, Section 4, Other Postemployment Benefits.

Business-Type Activities

Since the last actuarial valuation as of January 1, 2011, the health care trend rates were changed to better anticipate short-term and long-term medical increases, and there have been no changes to the plan provisions. Currently, three years of actuarial data is available. For more information, refer to Exhibit A-5 of this section and the Notes to the Financial Statements, Section 4, Other Postemployment Benefits.

3. Defined Benefit Pension Plans – Changes in Significant Plan Provisions, Actuarial Methods, and Assumptions

The following changes were reflected in the valuation performed on behalf of the Public Employees Retirement Association for the year ended June 30:

General Employees Retirement Plan

2017

- The Combined Service Annuity (CSA) loads were changed from 0.80 percent for active members and 60 percent for vested and non-vested deferred members (30 percent for deferred Minneapolis Employees Retirement Fund members). The revised CSA loads are now 0.00 percent for active member liability, 15 percent for vested deferred member liability, and 3.00 percent for non-vested deferred member liability.
- The assumed post-retirement benefit increase rate was changed from 1.00 percent per year for all years to 1.00 percent per year through 2044 and 2.50 percent per year thereafter.
- Minneapolis Employees Retirement Fund plan provisions change the employer supplemental contribution to \$21,000,000 in calendar years 2017 and 2018 and returns to \$31,000,000 through calendar year 2031. The state's required contribution is \$16,000,000 in PERA's fiscal years 2018 and 2019 and returns to \$6,000,000 annually through calendar year 2031.

2016

- The assumed post-retirement benefit increase rate was changed from 1.00 percent per year through 2035 and 2.50 percent per year thereafter, to 1.00 percent for all future years.
- The assumed investment rate was changed from 7.90 percent to 7.50 percent. The single discount rate was also changed from 7.90 percent to 7.50 percent.

PARK RAPIDS, MINNESOTA**

3. Defined Benefit Pension Plans – Changes in Significant Plan Provisions, Actuarial Methods, and Assumptions

General Employees Retirement Plan

2016 (Continued)

- Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed payroll growth and inflation were decreased by 0.25 percent. Payroll growth was reduced from 3.50 percent to 3.25 percent. Inflation was reduced from 2.75 percent to 2.50 percent.

Public Employees Police and Fire Plan

2017

- The assumed salary increases were changed as recommended in the June 30, 2016, experience study. The net effect is proposed rates that average 0.34 percent lower than the previous rates.
- The assumed rates of retirement were changed, resulting in fewer retirements.
- The CSA load was 30 percent for vested and non-vested, deferred members. The CSA has been changed to 33 percent for vested members and 2.00 percent for non-vested members.
- The base mortality table for healthy annuitants was changed from the RP-2000 fully generational table to the RP-2014 fully generational table (with a base year of 2006), with male rates adjusted by a factor of 0.96. The mortality improvement scale was changed from Scale AA to Scale MP-2016. The base mortality table for disabled annuitants was changed from the RP-2000 disabled mortality table to the mortality table assumed for healthy retirees.
- The assumed termination rates were decreased to 3.00 percent for the first three years of service. Rates beyond the select period of three years were adjusted, resulting in more expected terminations overall.
- The assumed percentage of married female members was decreased from 65 percent to 60 percent.

PARK RAPIDS, MINNESOTA**

3. Defined Benefit Pension Plans – Changes in Significant Plan Provisions, Actuarial Methods, and Assumptions

Public Employees Police and Fire Plan

2017 (Continued)

- The assumed age difference was changed from separate assumptions for male members (wives assumed to be three years younger) and female members (husbands assumed to be four years older) to the assumption that males are two years older than females.
- The assumed percentage of female members electing joint and survivor annuities was increased.
- The assumed post-retirement benefit increase rate was changed from 1.00 percent for all years to 1.00 percent per year through 2064 and 2.50 percent thereafter.
- The single discount rate was changed from 5.60 percent per annum to 7.50 percent per annum.

2016

- The assumed post-retirement benefit increase rate was changed from 1.00 percent per year through 2037 and 2.50 percent per year thereafter, to 1.00 percent for all future years.
- The assumed investment rate was changed from 7.90 percent to 7.50 percent. The single discount rate was changed from 7.90 percent to 5.60 percent.
- The assumed payroll growth and inflation were decreased by 0.25 percent. Payroll growth was reduced from 3.50 percent to 3.25 percent. Inflation was reduced from 2.75 percent to 2.50 percent.

PARK RAPIDS, MINNESOTA**

3. Defined Benefit Pension Plans – Changes in Significant Plan Provisions, Actuarial Methods, and Assumptions (Continued)

Public Employees Correctional Plan

2017

- The base mortality table for healthy annuitants was changed from the RP-2000 fully generational table to the RP-2014 fully generational table (with a base year of 2006), with male rates adjusted by a factor of 0.96. The mortality improvement scale was changed from Scale AA to Scale MP-2016 and is applied to healthy and disabled members. The base mortality table for disabled annuitants was changed from the RP-2000 disabled mortality table to the RP-2014 disabled annuitant mortality table (with future mortality improvement according to Scale MP-2016).
- The CSA load was 30 percent for vested and non-vested, deferred members. The CSA has been changed to 35 percent for vested members and 1.00 percent for non-vested members.
- The single discount rate was changed from 5.31 percent per annum to 5.96 percent per annum.

2016

- The assumed investment rate was changed from 7.90 percent to 7.50 percent. The single discount rate was changed from 7.90 percent to 5.31 percent.
- The assumed payroll growth and inflation were decreased by 0.25 percent. Payroll growth was reduced from 3.50 percent to 3.25 percent. Inflation was reduced from 2.75 percent to 2.50 percent.

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED DECEMBER 31, 2017

1. Reporting Entity

The Schedule of Expenditures of Federal Awards presents the activities of federal award programs expended by Hubbard County. The County's reporting entity is defined in Note 1 to the basic financial statements. The schedule does not include \$34,878 in federal awards expended by the Hubbard County Housing and Redevelopment Authority component unit, which was audited by other auditors.

2. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of Hubbard County under programs of the federal government for the year ended December 31, 2017. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of Hubbard County, it is not intended to and does not present the financial position, changes in net position, or cash flows of Hubbard County.

3. Summary of Significant Accounting Policies

Expenditures reported on the schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Hubbard County has elected to not use the ten percent de minimis indirect cost rate allowed under the Uniform Guidance.

4. Reconciliation to Schedule of Intergovernmental Revenue

Federal grant revenue per Schedule of Intergovernmental Revenue	\$	2,970,077
Grants received more than 60 days after year-end, considered unavailable revenue in 2018		
Formula Grants for Rural Areas (CFDA No. 20.509)		23,850

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Independent Auditor's Report

Board of County Commissioners
Hubbard County
Park Rapids, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Hubbard County, Minnesota, as of and for the year ended December 31, 2017, including the Heritage Community Enterprise Fund as of and for the year ended September 30, 2017, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated June 11, 2019. Our report includes a reference to other auditors who audited the financial statements of the Heritage Living Center, Manor, and Cottages, included in the Heritage Community Enterprise Fund, and the Hubbard County Housing and Redevelopment Authority discretely presentment component unit, as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Hubbard County's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying Schedule of Findings and Questioned Costs, we did identify a deficiency in internal control over financial reporting that we consider to be a material weakness and deficiencies that we consider to be significant deficiencies.

A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying Schedule of Findings and Questioned Costs as item 2015-002 to be a material weakness and deficiencies 1996-002 and 2007-001 to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Hubbard County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Minnesota Legal Compliance

The *Minnesota Legal Compliance Audit Guide for Counties*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, contains seven categories of compliance to be tested in connection with the audit of the County's financial statements: contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and tax increment financing. Our audit considered all of the listed categories, except that we did not test for compliance with the provisions for tax increment financing because the County administers no tax increment financing districts.

In connection with our audit, nothing came to our attention that caused us to believe that Hubbard County failed to comply with the provisions of the *Minnesota Legal Compliance Audit Guide for Counties*, except as described in the Schedule of Findings and Questioned Costs as item 2015-012.

However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the County's noncompliance with the above referenced provisions.

Hubbard County's Response to Findings

Hubbard County's responses to the internal control and legal compliance findings identified in our audit are described in the Corrective Action Plan. The County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting, compliance, and the provisions of the *Minnesota Legal Compliance Audit Guide for Counties* and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE

Independent Auditor's Report

Board of County Commissioners
Hubbard County
Park Rapids, Minnesota

Report on Compliance for Each Major Federal Program

We have audited Hubbard County's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2017. Hubbard County's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

Hubbard County's basic financial statements include the operations of the Hubbard County Housing and Redevelopment Authority (HRA) component unit, which expended \$34,878 in federal awards during the year ended December 31, 2017, which are not included in the Schedule of Expenditures of Federal Awards. Our audit, described below, did not include the operations of the Hubbard County HRA because the HRA was audited by other auditors.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Hubbard County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether

noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Hubbard County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Basis for Qualified Opinion on Medical Assistance Program (CFDA No. 93.778)

As described in the accompanying Schedule of Findings and Questioned Costs, Hubbard County did not comply with requirements regarding CFDA No. 93.778, Medical Assistance Program, as described in finding number 2015-007 for Eligibility, and finding number 2015-010 for Procurement, Suspension, and Debarment. Compliance with such requirements is necessary, in our opinion, for the County to comply with the requirements applicable to that program.

Qualified Opinion on Medical Assistance Program (CFDA No. 93.778)

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion paragraph, Hubbard County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on the Medical Assistance Program for the year ended December 31, 2017.

Unmodified Opinion on the Other Major Federal Program

In our opinion, Hubbard County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on the other major federal program identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs for the year ended December 31, 2017.

Other Matter

The results of our auditing procedures disclosed an other instance of noncompliance, which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying Schedule of Findings and Questioned Costs as item 2016-002. Our opinion on each major federal program is not modified with respect to this matter.

Hubbard County's responses to the noncompliance findings identified in our audit are described in the accompanying Corrective Action Plan. The County's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

Report on Internal Control Over Compliance

Management of Hubbard County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of

expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit the attention of those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control over compliance, described in the accompanying Schedule of Findings and Questioned Costs as items 2015-007 and 2015-010, that we consider to be material weaknesses, and deficiency 2016-002 that we consider to be a significant deficiency.

Hubbard County's responses to the internal control over compliance findings identified in our audit are described in the accompanying Corrective Action Plan. The County's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

INTERNAL CONTROL

PREVIOUSLY REPORTED ITEMS NOT RESOLVED

Finding Number 1996-002

Segregation of Duties

Criteria: Management is responsible for establishing and maintaining internal control. Adequate segregation of duties is a key internal control in preventing and detecting errors or irregularities. To protect County assets, proper segregation of the record-keeping, custody, and authorization functions should be in place; and, where management decides segregation of duties may not be cost effective, compensating controls should be in place.

Condition: The limited number of personnel within several Hubbard County offices results in a lack of segregation of accounting duties necessary to ensure adequate internal accounting control. The smaller offices that collect fees generally have one staff person who is responsible for billing, collecting, recording, and depositing receipts, as well as reconciling bank accounts.

Context: This is not unusual in operations the size of Hubbard County; however, the County's management should constantly be aware of this condition and realize that the concentration of duties and responsibilities in a limited number of individuals is not desirable from an internal control point of view.

Effect: Inadequate segregation of duties could adversely affect the County's ability to detect misstatements in a timely period by employees in the normal course of performing their assigned functions.

Cause: Due to limited economic resources, the County informed us that it is impractical to hire enough staff to achieve a desirable level of segregation of duties in every department.

**HUBBARD COUNTY
PARK RAPIDS, MINNESOTA**

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
FOR THE YEAR ENDED DECEMBER 31, 2017

Recommendation: We recommend Hubbard County's elected officials and management be mindful that limited staffing increases the risks in safeguarding the County's assets and the proper recording of its financial activity and, where possible, implement oversight procedures to ensure that internal control policies and procedures are being followed by staff.

View of Responsible Official: Acknowledged

Finding Number 2007-001

Documenting and Monitoring Internal Controls

Criteria: County management is responsible for developing and monitoring its internal controls. This responsibility requires performing a risk assessment of existing controls over significant functions of the accounting system used to produce financial information for members of the County Board, management, and for external financial reporting. The risk assessment is intended to determine if the internal controls established by management are still effective or if changes are needed to maintain a sound internal control structure. Changes may be necessary due to such things as organizational restructuring, updates to information systems, or changes to services being provided.

Condition: The County has documented policies over significant functions and controls; however, there are no formal risk assessment and monitoring procedures in place to determine if the internal controls established by County management are still effective or if changes are needed to maintain a sound internal control structure.

Context: While internal controls may be established, it is not uncommon in operations the size of Hubbard County to fail to periodically review those controls. Monitoring of internal controls is necessary to ensure they are in place, appropriate, and operating effectively.

Effect: Changes may have taken place that reduce or negate the effectiveness of internal controls, which may go unnoticed without formal risk assessment and monitoring procedures in place.

Cause: Due to limited time and resources, the County has been unable to establish a formal process for assessing risk and monitoring controls.

**HUBBARD COUNTY
PARK RAPIDS, MINNESOTA**

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
FOR THE YEAR ENDED DECEMBER 31, 2017

Recommendation: We recommend that a formal plan be developed to assess risk and monitor the significant internal controls on a regular basis, no less than annually. The monitoring should be documented to show the results of the review, changes required, and who performed the work.

View of Responsible Official: Acknowledged

Finding Number 2015-002

Audit Adjustments

Criteria: A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements of the financial statements on a timely basis. Auditing standards define a material weakness as a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

Condition: Material audit adjustments were identified that resulted in significant changes to the County's financial statements.

Context: The inability to detect material misstatements in the financial statements increases the likelihood that the financial statements would not be fairly presented. The adjustments were found in the audit; however, independent external auditors cannot be considered part of the County's internal control.

Effect: The following audit adjustments were reviewed and approved by management and are reflected in the financial statements:

- The General Fund required adjustments to assets, including an adjustment to increase cash for amounts due from the Taxes and Penalties Agency Fund for prepaid tax collections of \$244,492, an adjustment to increase due from other governments by \$191,837 for intergovernmental revenue items received within the 60-day accrual period, and an adjustment to increase accrued interest receivable by \$130,007 for pooled investment earnings received within the 60-day accrual period.

**HUBBARD COUNTY
PARK RAPIDS, MINNESOTA**

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
FOR THE YEAR ENDED DECEMBER 31, 2017**

- The Road and Bridge Special Revenue Fund required an adjustment of \$713,498 to record the receivable and deferred inflows of resources – unavailable revenue relating to highway allotment activity (\$632,113) and highway planning and construction federal grant (\$81,385).
- The Social Services Special Revenue Fund required an adjustment to increase due from other governments by \$292,280 for intergovernmental revenue items received within the 60-day accrual period of \$163,023, and deferred inflows of resources – unavailable revenue by \$129,257 for items not received within the 60-day accrual period.
- The Forfeited Tax Sale Special Revenue Fund required an adjustment to increase accounts payable by \$289,047 for the portion of contracts receivable that belongs to other taxing districts, increase timber permit revenues by \$192,580 for the portion of contracts receivable that belongs to the County and are available resources, and decrease deferred inflows of resources – unavailable revenue by \$481,627 for those resources that are either County resources that were received in the period of availability or will not be County resources.
- The Forfeited Tax Sale Special Revenue Fund required an adjustment of \$700,841 to reduce land and timber sales revenue and transfers out for activity that was due to other taxing districts.
- The Heritage Center Project Enterprise Fund required an adjustment to remove October through December 2017 general ledger activity for the September 30, 2017, reporting period. This included reducing expenses by \$636,017, reducing revenues by \$310,454, and increasing assets by \$325,563.
- The Heritage Center Project Enterprise Fund required an adjustment to include October through December 2016 general ledger activity for the September 30, 2017, reporting period. This included increasing expenses by \$65,000, increasing revenues by \$274,578, and increasing assets by \$209,578.

Cause: This activity was overlooked when financial statement information was prepared.

**HUBBARD COUNTY
PARK RAPIDS, MINNESOTA**

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
FOR THE YEAR ENDED DECEMBER 31, 2017

Recommendation: We recommend County staff implement procedures over financial reporting that include review of balances, disclosures, and supporting documentation by a qualified individual to ensure the information is complete and accurate so the County's financial statements are fairly presented in accordance with GAAP.

III. FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARD PROGRAMS

PREVIOUSLY REPORTED ITEMS NOT RESOLVED

Finding Number 2015-007

Eligibility

Program: U.S. Department of Health and Human Services' Medical Assistance Program (CFDA No. 93.778), Award Nos. 05-1705MN5ADM and 05-1705MN5MAP, 2017

Pass-Through Agency: Minnesota Department of Human Services

Criteria: Title 2 U.S. *Code of Federal Regulations* § 200.303 states that the auditee must establish and maintain effective internal control over the federal award that provides reasonable assurance that the auditee is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the federal award.

Condition: The Minnesota Department of Human Services (DHS) maintains the computer system, MAXIS, which is used by the County to support the eligibility determination process. In the case files reviewed for eligibility, not all documentation was available or updated in MAXIS to support participant eligibility. In a sample of 40 cases tested:

- For four case files, the asset information was not verified and was not updated in the MAXIS system.
- For four case files, the asset information in MAXIS did not match the supporting documentation provided by the participant.

**HUBBARD COUNTY
PARK RAPIDS, MINNESOTA**

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
FOR THE YEAR ENDED DECEMBER 31, 2017

- One case file had a program application, but it was not signed by the participant and did not record the receipt date of the form.
- For one case file, a re-determination of eligibility was not performed.

There is also no documented process to perform periodic reviews of the Medical Assistance Program case files.

Questioned Costs: Not applicable. The County administers the program, but benefits to participants in this program are paid by the State of Minnesota.

Context: The State of Minnesota contracts with the County to perform the “intake function” (meeting with the social services client to determine income and categorical eligibility), while the DHS maintains MAXIS, which supports the eligibility determination process and actually pays the benefits to the participants.

The sample size was based on guidance from chapter 11 of the AICPA Audit Guide, *Government Auditing Standards and Single Audits*.

Effect: The lack of updated information in MAXIS and verification of eligibility-determining factors increases the risk that a program participant will receive benefits when they are not eligible.

Cause: Program personnel entering case information into MAXIS did not ensure all required information was input or updated correctly.

Recommendation: We recommend the County implement additional review procedures to provide reasonable assurance that all necessary documentation to support eligibility determinations exists and is properly input or updated in MAXIS and issues are followed up on in a timely manner. In addition, consideration should be given to providing additional training to program personnel.

Procurement, Suspension, and Debarment

Program: U.S. Department of Health and Human Services' Medical Assistance Program (CFDA No. 93.778), Award No. 05-1705MN5ADM, 2017

Pass-Through Agency: Minnesota Department of Human Services

Criteria: Federal regulations provided in Title 2 U.S. *Code of Federal Regulations* § 200.318(i) state that the non-federal entity must maintain records sufficient to detail the history of procurement. These records will include, but are not necessarily limited to, the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price. Non-federal entities must follow further federal guidance over full and open competition as provided in Title 2 U.S. *Code of Federal Regulations* § 200.319 and verifying debarment, suspension, and exclusions as provided in Title 2 U.S. *Code of Federal Regulations* §§ 180.300, 200.213, and 200.318(h).

Condition: Three procurement transactions were tested for compliance with federal regulations, and three instances were noted where the history of the procurement, including selection of the contract, was not documented. In one instance, the County did not have documentation to support that its procurement provided full and open competition. For the two items selected for testing over \$25,000, there was no verification performed by the County to determine whether vendors were debarred, suspended, or whether other exclusions existed.

Questioned Costs: None.

Context: Three of seven procurement transactions over \$3,000 were tested for compliance with federal regulations, including both of the two purchases over \$25,000.

The sample size was based on guidance from chapter 11 of the AICPA Audit Guide, *Government Auditing Standards and Single Audits*.

Effect: The County is not in compliance with federal regulations.

Cause: The County was unaware of these requirements.

**HUBBARD COUNTY
PARK RAPIDS, MINNESOTA**

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
FOR THE YEAR ENDED DECEMBER 31, 2017

Recommendation: We recommend the County document the history of procurement transactions, including contract selection, and full and open competition in accordance with federal regulations. The County should verify vendors are not debarred or suspended or that other exclusions apply.

Report Submission

Programs: U.S. Department of Transportation's Highway Planning and Construction (CFDA No. 20.205), Award No. 00029, 2017, and U.S. Department of Health and Human Services' Medical Assistance Program (CFDA No. 93.778), Award No. 05-1705MN5ADM, 2017

Pass-Through Agencies: Minnesota Department of Transportation (CFDA No. 20.205) and Minnesota Department of Human Services (CFDA No. 93.778)

Criteria: Title 2 U.S. *Code of Federal Regulations* § 200.512(a)(1) states that the audit must be completed and the data collection form and reporting package submitted to the Federal Audit Clearinghouse within the earlier of 30 calendar days after receipt of the auditor's report(s), or nine months after the end of the audit period.

Condition: Hubbard County's data collection form and reporting package were not submitted to the Federal Audit Clearinghouse within the required time frame.

Questioned Costs: None.

Context: The County's 2017 audit, which was due to the Federal Audit Clearinghouse no later than September 30, 2018, was not submitted until 2019.

Effect: The County was not in compliance with the report submission requirements of the Uniform Guidance.

Cause: The County changed auditors in late 2018, and it was determined that the September 30, 2018, deadline could not be met. The audit was put on hold until 2019.

IV. OTHER FINDINGS AND RECOMMENDATIONS

MINNESOTA LEGAL COMPLIANCE

PREVIOUSLY REPORTED ITEM NOT RESOLVED

Finding Number 2015-012

Bylaws of the Heritage Living Center Board

Criteria: The Heritage Living Center Board was established under Minn. Stat. §§ 376.55 through 376.60. Minn. Stat. § 376.58, subd. 1, states, “The county board of any county establishing a county nursing home and facility for supportive services may designate any board under the jurisdiction and control of the county board to supervise the nursing home and facility, and that board shall constitute the nursing home’s administrative board for that county.”

Condition: In 2007, the bylaws of the Heritage Living Center Board were amended to remove the County Board’s jurisdiction and control over the Heritage Living Center Board.

Context: Under the current bylaws, Hubbard County does not have jurisdiction and control over the Heritage Living Center Board, as required by the state statutes.

Effect: Noncompliance with the “under the jurisdiction and control” of the County Board requirement of Minn. Stat. § 376.58, subd. 1.

Cause: The County Board approved amendments to the bylaws of the Heritage Living Center Board that they did not realize were not in compliance with state statutes.

**HUBBARD COUNTY
PARK RAPIDS, MINNESOTA**

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
FOR THE YEAR ENDED DECEMBER 31, 2017**

Recommendation: We recommend the Heritage Living Center Board bylaws be amended to recognize the jurisdiction and control of the County Board over the Heritage Living Center Board.

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE YEAR ENDED DECEMBER 31, 2017

Finding Number: 1996-002

Finding Title: Segregation of Duties

Summary of Condition: The limited number of personnel within several Hubbard County offices results in a lack of segregation of accounting duties necessary to ensure adequate internal accounting control. The smaller offices that collect fees generally have one staff person who is responsible for billing, collecting, recording, and depositing receipts, as well as reconciling bank accounts.

Summary of Corrective Action Previously Reported: Department heads will meet to discuss internal controls and review of segregation of duties; we will revise procedures and/or re-assign duties as we find improvements.

Status: Not Corrected. Management is aware of the condition noted and continues to evaluate to ensure segregation of duties is in place where possible and feasible.

Was corrective action taken significantly different than the action previously reported?

Yes _____ No X

Finding Number: 2007-001

Finding Title: Documenting and Monitoring Internal Controls

Summary of Condition: The County has documented policies over significant functions and controls; however, there are no formal risk assessment and monitoring procedures in place to determine if the internal controls established by County management are still effective or if changes are needed to maintain a sound internal control structure.

Page 155

Summary of Corrective Action Previously Reported: Department heads meet periodically to discuss and monitor internal controls; we revise procedures and/or re-assign duties as we find improvements. It is our goal to document internal controls and share with all department heads for consistency across departments.

Status: Not Corrected. We are in the process of reviewing and formalizing our policies and procedures for internal controls and monitoring.

Yes _____ No X

Finding Number: 2015-002

Finding Title: Audit Adjustments

Summary of Condition: Material audit adjustments were identified that resulted in significant changes to the County's financial statements.

Summary of Corrective Action Previously Reported: County staff will implement procedures over financial reporting that include review of balances, disclosures, and supporting documentation by a qualified individual to ensure the information is complete and accurate so the County's financial statements are fairly presented in accordance with GAAP.

Status: Not Corrected. Improvements to year end procedures and journal entries will continue to be reviewed to ensure the financial statements are accurate, complete, and fairly represented in accordance with generally accepted accounting principles.

Was corrective action taken significantly different than the action previously reported?
Yes _____ No X

Finding Number: 2015-003

Finding Title: Fund Balance Reporting

Summary of Condition: The County reported committed fund balances for various categories in the General Fund and special revenue funds, for which County Board resolutions could not be located. In addition, the County had various restricted fund balances that were not identified with the correct restricted classification or for which the County had no documentation to support that the restrictions were externally imposed.

Summary of Corrective Action Previously Reported: County staff developed procedures to ensure all fund balance commitments and restrictions comply with GASB 54 requirements.

Status: Fully Corrected. Corrective action plan was taken.

Yes _____ No X

Finding Number: 2015-006

Finding Title: Uniform Guidance Written Procurement Policies and Procedures

Programs: Highway Planning and Construction Program (CFDA No. 20.205) and Medical Assistance Program (CFDA No. 93.778)

Summary of Condition: The County's written procurement policies did not have the required components of a procurement policy in accordance with Title 2 U.S. *Code of Federal Regulations* § 200.318, including provisions for written standards of conduct and suspension and debarment. The County did not enact the waiver offered by the Uniform Guidance for implementation of the new procurement standards.

Summary of Corrective Action Previously Reported: In December of 2017, the County implemented a new comprehensive procurement policy addressing the specific components of the Uniform Guidance requirements. The County also began to implement procedures to provide assurance that staff are aware of changes to federal award requirements. The Procurement Policy is currently being revised by department heads to ensure that all departments can operate effectively within the requirements.

Status: Fully Corrected. Corrective action plan was taken.

Finding Number: 2015-007

Finding Title: Eligibility

Program: Medical Assistance Program (CFDA No. 93.778)

Summary of Condition: The Minnesota Department of Human Services (DHS) maintains the computer system, MAXIS, which is used by the County to support the eligibility determination process. In the case files reviewed for eligibility, not all documentation was available or updated in MAXIS to support participant eligibility.

Summary of Corrective Action Previously Reported: The County has implemented additional review procedures to provide reasonable assurance that all necessary documentation to support eligibility determinations exists and is properly input or updated in MAXIS and issues will be followed up on in a timely manner. The County has also implemented supervisor reviews and peer reviews. In addition, the County also provided additional training to the Eligibility workers that work in this area.

Status: Not Corrected. This was noted in 2018. Once it was noted in the audit, the Corrective Action Plan was implemented at that time. It would be our goal that this will no longer be a finding after 2018. We did review the findings with the Eligibility Worker Staff and we provided training to the personnel that work in this area.

Finding Number: 2015-010

Finding Title: Procurement, Suspension, and Debarment

Program: Medical Assistance Program (CFDA No. 93.778)

Summary of Condition: Two procurement transactions were tested for compliance with federal regulations, and two instances were noted where the history of the procurement, including selection of the contract, was not documented. Additionally, for one item selected for testing, there was no verification performed by the County to determine whether vendors were debarred, suspended, or whether other exclusions existed.

Summary of Corrective Action Previously Reported: The County will verify vendors are not debarred or suspended or that other exclusions apply. Each Department Manager will keep a log of when they checked and the outcome. The County will distribute its micro-purchases among qualified suppliers to the extent practicable.

Status: Not Corrected. This finding was noted in 2018. Once it was noted in the audit the Corrective Action Plan was implemented at that time. It would be our goal that this will not longer be a finding after 2018.

Finding Number: 2015-012

Finding Title: Bylaws of the Heritage Living Center Board

Summary of Condition: In 2007, the bylaws of the Heritage Living Center Board were amended to remove the County Board's jurisdiction and control over the Heritage Living Center Board.

Summary of Corrective Action Previously Reported: The Hubbard County Board will work with the Heritage Living Center Board to amend the bylaws to recognize jurisdiction and control of the County Board over the Heritage Living Center Board.

Status: Not Corrected. Due to time constraints, the bylaws did not change during the audit year. The Board and County Attorney are working on an approach to correct the issue.

Yes _____ No X

Finding Number: 2016-001

Finding Title: Activities Allowed and Unallowed, Allowable Costs/Cost Principles, and Reporting

Program: Medical Assistance Program (CFDA No. 93.778)

Summary of Condition: A \$100,000 payment to the Hubbard County Housing and Redevelopment Authority (HRA) was identified on the first quarter DHS-2556 Report. The County indicated it had received a grant for \$100,000 from PrimeWest Community Health, which was later passed on to the HRA. The DHS confirmed that the County acted as a pass-through grantor for the transaction; therefore, the payment was not allowable activity, and should not have been reported on the DHS-2556 Report.

Summary of Corrective Action Previously Reported: This was a one-time pass through of grant monies. The Fiscal Supervisor was informed of it being coded incorrectly. We will monitor in the future.

Status: Fully Corrected. Corrective action plan was taken.

Finding Number: 2016-002

Finding Title: Report Submission

Programs: Highway Planning and Construction Program (CFDA No. 20.205) and Medical Assistance Program (CFDA No. 93.778)

Summary of Condition: Hubbard County's data collection form and reporting package were not submitted to the Federal Audit Clearinghouse within the required time frame.

Summary of Corrective Action Previously Reported: Hubbard County has engaged the OSA to provide audit services, thus ensuring data and reports will be submitted to the Federal Audit Clearinghouse in accordance with the Title 2 U.S. *Code of Federal Regulations* § 200.512.

Status: Not Corrected. Complications during the course of the prior year audit imposed by an external oversight agency delayed the completion of the 2017 audit report.
