Minnesota  
Farmers  
Union

Minnesota Farmers Union works to protect and enhance the economic interests and quality of life for family farmers, ranchers and rural Minnesotans. Our policy and outreach initiatives are determined by the grassroots efforts of our strong membership. Minnesota Cooks is our educational outreach program celebrating our state's family farmers and the value brought to them by local foods-minded chefs and restaurants who work tirelessly to provide delicious farm-fresh food on their menus. We do this with an annual recipe calendar and a program at the Minnesota State Fair. It's just one of the ways MFU works to connect consumers to their food and the people who raise it.

## Gin Cured Lake Superior Mackinaw with Lightly Pickled Summer Vegetables

Far North Spirits (Hallock) & The Bird (Minneapolis)

### For Mackinaw

Yield: 8 small plates

1 fillet Lake Superior Mackinaw\* (lake trout), roughly 1.5 lb  
 ½ c kosher salt  
 ½ c sugar  
 3 oz Far North Navy Strength Gin

Place fish on a clean work surface and remove any small pin bones with pliers or tweezers. Place fish on a sheet pan with a wire rack. Mix salt and sugar together and evenly sprinkle mixture over fish. Lightly sprinkle gin over fish. Loosely cover with plastic wrap and place in the refrigerator for 3 days.

After three days, remove fish from the refrigerator and lightly rinse off any visible salt. Pat dry with a paper towel and slice as thinly as possible.

For lightly pickled vegetables:

2 lb small summer vegetables like cucumbers, carrots, turnips, radishes, etc.  
 1 c white vinegar  
 2 c water  
 1 c sugar  
 1 T salt

Wash and clean all vegetables. Trim and cut so they are all roughly the same size.

Place all ingredients for pickling liquid in a medium-size saucepot and bring to a boil. Rotating among vegetables, gently blanch each vegetable separately in pickling liquid. When vegetables are lightly cooked, place them in a bowl of ice to cool and stop the cooking process. Once cooled, place vegetables on a plate lined with a paper towel until ready to complete the dish.

### For Garnish

4 slices rye bread, diced small and toasted  
 1 container crème fraîche  
 inside leaves of one head of celery  
 high quality extra virgin olive oil, to taste  
 lemon juice, to taste  
 To complete the dish:

Place thinly sliced pieces of fish on the center of a plate or platter. Carefully arrange pickled vegetables around fish. Strategically place dots of crème fraîche around the plate or platter (about 1 oz crème fraîche per serving). Garnish by sprinkling toasted rye and celery leaves on vegetables.

Complete the dish with a drizzle of olive oil and lemon juice. Enjoy!

\*A note from Chef Rawitzer: "100 years ago or so, the natives of Lake Superior referred to the lake trout as Mackinaw. I like the term Mackinaw; it has a better sound to it and keeps a bit of history alive."

Minnesota Farmers Union works to protect and enhance the economic interests and quality of life for family farmers, ranchers and rural Minnesotans. Our policy and outreach initiatives are determined by the grassroots efforts of our strong membership. Minnesota Cooks is our educational outreach program celebrating our state's family farmers and the value brought to them by local foods-minded chefs and restaurants who work tirelessly to provide delicious farm-fresh food on their menus. We do this with an annual recipe calendar and a program at the Minnesota State Fair. It's just one of the ways MFU works to connect consumers to their food and the people who raise it.

Minnesota Farmers Union works to protect and enhance the economic interests and quality of life for family farmers, ranchers and rural Minnesotans. Our policy and outreach initiatives are determined by the grassroots efforts of our strong membership. Minnesota Cooks is our educational outreach program celebrating our state's family farmers and the value brought to them by local foods-minded chefs and restaurants who work tirelessly to provide delicious farm-fresh food on their menus. We do this with an annual recipe calendar and a program at the Minnesota State Fair. It's just one of the ways MFU works to connect consumers to their food and the people who raise it.

## Jules' Bistro Dill Pickle Soup

Jules' Bistro (St. Cloud) & Stony Creek Dairy (Melrose)

### Jules' Bistro Dill Pickle Soup

Yield: 8-10 bowls

½ T oil, butter, or bacon fat  
2 c diced carrot  
2 c diced celery  
2 c diced yellow onion  
1 ½ c diced dill pickles  
2 lbs diced Yukon Gold potatoes  
1 c diced cooked bacon  
5 c chicken broth  
1 ½ t Old Bay seasoning  
½ t salt  
½ t black pepper  
¼ t cayenne  
1 t dill weed  
1 c sour cream  
2 c heavy cream  
½ c unsalted butter  
½ c all-purpose flour

Dice carrots, celery, onions, and dill pickles into small pieces to create a mirepoix, or in this case, "pickle poix." Combine in a bowl and set aside.

Dice potatoes and soak in cold water for 10 minutes. Drain off water and transfer potatoes to boiling water to cook. Cook al dente (almost fully cooked but still firm to touch).

Dice strips of cooked bacon and add to pickle poix.

Combine Old Bay, salt, pepper, cayenne, and dill weed in a small dish and set aside.

Whisk sour cream and heavy cream together well; store in refrigerator.

In a small sauce pot, melt ½ cup unsalted butter and gradually add flour to create a roux. Continue to cook and stir, incorporating all the flour until roux looks like a soft cookie batter.

Heat a large soup pot on medium high heat and add oil, butter or bacon fat, along with your pickle poix. Sauté vegetables until softened, but do not caramelize them.

Add seasonings to your pickle poix and stir thoroughly. Pour in chicken stock and bring to a rapid boil.

Add potatoes. Reduce heat to a simmer and allow to cook until potatoes soften.

Add roux and whisk vigorously, incorporating it completely. The soup should thicken slightly.

Remove from heat and allow soup to cool to room temperature. Whisk in cream mix. Refrigerate for later use or bring slowly back up to serving temperature.

Enjoy!

## Summer Market Vegetable Panzanella

Young Joni (Minneapolis) & Untiedt's Vegetable Farm (Waverly)

### For Sherry Vinaigrette

Yield: about 1 cup

1 shallot, finely minced  
3/4 T chopped parsley  
1 t chopped thyme  
1/2 T Dijon mustard  
1/4 t kosher salt  
1/8 t black pepper  
2 T sherry vinegar  
3/4 c olive oil

Combine all ingredients except olive oil in a mixing bowl. Slowly drizzle in oil and whisk briskly until dressing starts to emulsify. Adjust salt and pepper to taste; set aside. (There may be extra dressing.)

### For Garlic Crostini

1 baguette  
2 garlic cloves, peeled and slightly crushed  
olive oil

Preheat oven to 375°F. Slice baguette into 1/2-inch thick slices and drizzle with olive oil on cookie sheet. Bake crostini until crispy and lightly golden, 10-12 minutes, flipping mid-way through cooking. Keep an eye on crostini to prevent burning. Cool to room temperature, then gently rub garlic cloves on each piece. (There may be extra crostini. Store in Ziploc bag. Excellent with cheese and salami, on its own, or in a Caesar salad.)

### For Summer Vegetable & Herb Panzanella

Yield: 8 servings

2-3 \*Kirby cucumbers, sliced into 1/2-inch cubes  
2 medium zucchini, thinly sliced or put through a mandoline for strings of zucchini  
1/4 c Castelvetrano olives, pitted and halved  
1 small handful dill (about 1/4 c), de-stemmed, roughly torn into bite size pieces  
1 small handful mint (about 1/4 c), de-stemmed, roughly torn into bite size pieces  
1 small handful Thai basil (about 1/4 c), de-stemmed, roughly torn into bite size pieces  
a few pinches kosher salt  
a few pinches black pepper (or to taste)  
1 c heirloom cherry tomatoes  
8 homemade garlic crostinis, roughly broken into bite size pieces  
homemade Sherry Vinaigrette  
1/2 c feta cheese (about 4 oz)

Combine cucumbers, zucchini, olives, torn herbs, salt, pepper, and 1/2 cup vinaigrette in a large bowl. Gently toss until coated. Add tomatoes, crostini, and feta; toss again lightly until dressing is fully incorporated. Crostini bites should be dressed but still have crunch. Top with more broken crostinis and vinaigrette, if desired.

\*Ann's notes: I prefer Kirby pickling cucumbers because I like to leave the skin and seeds intact. They're plentiful in the markets throughout the summer. You can also substitute one English cucumber. Add more or less of the fresh herbs to suit your taste.

Minnesota Farmers Union works to protect and enhance the economic interests and quality of life for family farmers, ranchers and rural Minnesotans. Our policy and outreach initiatives are determined by the grassroots efforts of our strong membership. Minnesota Cooks is our educational outreach program celebrating our state's family farmers and the value brought to them by local foods-minded chefs and restaurants who work tirelessly to provide delicious farm-fresh food on their menus. We do this with an annual recipe calendar and a program at the Minnesota State Fair. It's just one of the ways MFU works to connect consumers to their food and the people who raise it.

## Ben's Organic Brown Bread

River Rock Kitchen & Bakery (St. Peter) & Ben Penner Farms (Belle Plaine)

### Ben's Organic Brown Bread

Yield: 2 loaves

5  $\frac{3}{4}$  c (750 g) Ben Penner's organic whole wheat flour

1  $\frac{3}{4}$  c (250g) Bakersfield bread flour

3  $\frac{1}{2}$  c (800g) water (90-95 degrees F)

1 T +1 t (22g) kosher sea salt

$\frac{3}{4}$  t (3g) instant dried yeast

In a large bowl, mix Ben Penner's organic whole wheat flour and Bakersfield bread flour by hand. Add 750g of the water and mix by hand until incorporated. Cover and let rest 20-30 minutes.

Sprinkle yeast over top of dough and mix by hand, squeezing and pinching dough until yeast disappears. Dissolve the kosher salt in the remaining 50g of water and pour over the top of the dough. Using both hands, squeeze and pinch the dough until it absorbs the salt water and becomes a cohesive mass. Be sure to wet your hands so that the dough does not stick to you. Cover the bowl with plastic wrap or a clean towel and let rise. Set a timer for 30 minutes.

This dough needs 3 folds, each 30 minutes apart. At the end of 30 minutes, pull the side of the dough closest to you up and away from the bowl towards you. Only pull as far as it will go without ripping, and then fold over the top of itself. Do this with all four

sides of the dough, then flip it upside down so all the seams are now on the bottom of the bowl. Do this twice more, 30 minutes apart each time.

After the final fold, let dough rise for 2 hours or until it is triple its original volume. Dust your work surface liberally with flour and tip the dough out. Using a dough knife or plastic dough scraper, cut dough into two equal pieces. Line two proofing baskets or bowls with clean cotton towels, then dust with flour. Shape each piece into a tight ball and place seam side down in its proofing basket. Cover with a kitchen towel and set aside to rise for 1-1  $\frac{1}{4}$  hours.

At least 45 minutes before baking, put a rack in the middle of the oven and put 2 Dutch ovens on the rack with their lids on. Preheat the oven to 475 degrees F.

Carefully remove heated Dutch oven from the oven and place the proofed loaf inside, making sure that the seam side is up. Replace lid and put the Dutch oven into the oven. Bake for 30 minutes, then carefully remove lid and bake another 20 minutes, or until loaf is dark brown all over. Remove from the Dutch oven and let cool on a cooling rack.

Minnesota Farmers Union works to protect and enhance the economic interests and quality of life for family farmers, ranchers and rural Minnesotans. Our policy and outreach initiatives are determined by the grassroots efforts of our strong membership. Minnesota Cooks is our educational outreach program celebrating our state's family farmers and the value brought to them by local foods-minded chefs and restaurants who work tirelessly to provide delicious farm-fresh food on their menus. We do this with an annual recipe calendar and a program at the Minnesota State Fair. It's just one of the ways MFU works to connect consumers to their food and the people who raise it.

Manoomin is a cousin of the rice often found in Asian cuisine, and is full of healthy protein, minerals, fiber, and B Vitamins. Pay close attention to the suggested cooking time and watch for tender kernels that have opened to show a cream-colored interior as a sign that cooking has finished. # CSA FARMS

Thompson Produce, 636

Community Supported Agriculture (CSA) farms are a popular way to buy fresh, local food. Customers pay before the season starts and then receive a weekly "share" of produce during the growing season. The amount of food in and price of a "share" will vary depending on size. Some farmers have customers pick-up their share at the farm and some have other designated sites where you can pick-up your share.

CSAs begin selling memberships to their farm in late winter/early spring, before planting begins. Since CSA farms comes in many different styles, spend time researching which is the right fit for you. Know that CSA membership involves sharing risks and reward with your farmer. During any year, some crops will be bountiful and others may struggle or fail.

Use this list to find a CSA farm near you!

# CHRISTMAS TREE

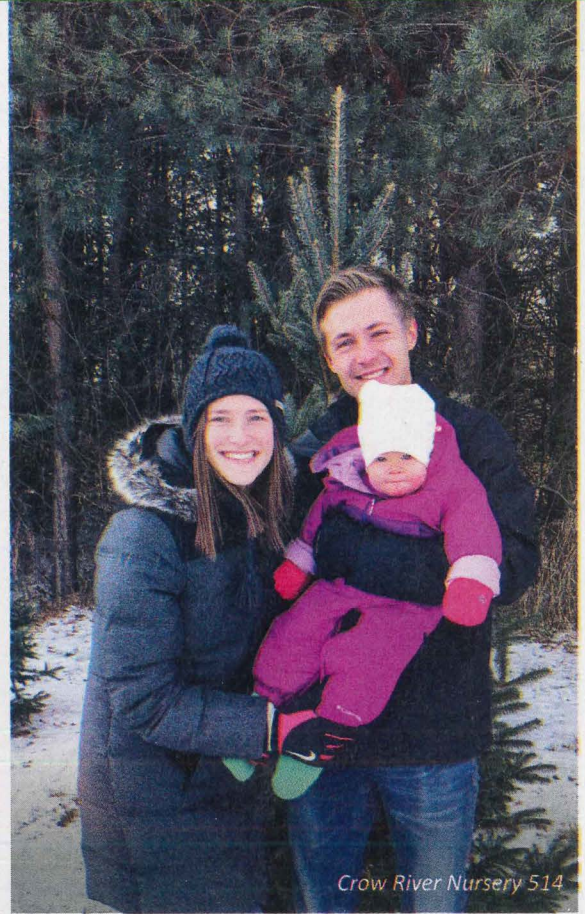

# farms and grower-owned retail lots

Bringing home a real, locally grown Christmas tree is about more than just the tree. It's about the experience you have, creating memories with family or friends. Some farms and grower-owned lots offer additional activities to help make those memories too, like sleigh rides, warm cider, and visits with Santa.

Once you bring home your special tree, be sure to keep your tree fresh by making a fresh cut and removing at least a ½ inch portion from the trunk. This will help your tree better absorb water. Avoid whittling the sides of the trunk to make it fit your stand since these layers help the tree take-up and retain water. Check the water multiple times during the first days home and at least once daily after that, since trees drink the most water in their first days at home.
