## EXECUTIVE SUMMARY

---

The Campaign Finance and Public Disclosure Act (Minnesota Statutes Chapter 10A) requires lobbyists to report disbursements for lobbying purposes to the Campaign Finance and Public Disclosure Board twice each year. The Act also requires principals to file an annual report disclosing expenditures to the nearest \$20,000. This summary is based on the reports of lobbyists and principals filed for calendar year 2018.

During 2018, 1,430 individuals were registered as lobbyists to represent 1,486 associations and individuals. Lobbyists filed 4,202 periodic reports for the twelve-month period, 95% of which were filed electronically. The lobbyist disbursement reports disclosed a total of \$9,570,158 spent on lobbying activities. This amount does not include salaries and fees paid to lobbyists. Lobbyists are not required to disclose their salaries or fees, although principals do include lobbyist salaries and fees in total lobbying expenditures. Lobbyists and principals are not required to disclose political contributions, which are disclosed by the recipients on periodic campaign finance reports.

Principals filed 1,391 annual reports for 2018, 80% of which were filed electronically. Principal expenditures were disclosed in two numbers: 1) the amount spent to influence administrative action by the Minnesota Public Utilities Commission (MN PUC) in cases of rate setting, power plant and power line siting, and granting of certificates of need; and 2) all other lobbying expenditures in Minnesota not included in number one. Expenditures by principals may be rounded to the nearest \$20,000 for reporting purposes. Principals reported a total of \$78,757,615 in expenditures, with \$15,029,661 of that total being expenditures for lobbying the MN PUC—the highest amount ever reported to the Board for lobbying the MN PUC—and \$63,727,954 in expenditures for all other lobbying. This amount includes lobbyist salaries, advertising and public relations campaigns, and all other lobbying disbursements made by the principals and lobbyists.

Lobbyists reported that 991 (71%) of the 1,395 associations represented made disbursements for lobbying purposes during 2018. The reports disclosed that 84% of lobbying disbursements were made for the purpose of influencing legislative action, 14% of disbursements were made to influence administrative action, and 2% were made to influence the official actions of metropolitan governmental units. See page 5 for a comparison of total lobbying disbursements by type of lobbying reported and total lobbying expenditures reported by principals in 2017 and 2018.

Lobbyists must disclose gifts, loans, items, and services equal in value to \$5 or more given or paid to officials by the lobbyist, the lobbyist's principal, or an employee of the lobbyist. Twenty-five lobbyists reported giving items or benefits totaling \$8,055 to 128 legislators, one constitutional officer, and eight public officials. See page 20 for definitions and see subsequent pages for details of the gifts.

The Minnesota Chamber of Commerce reported the largest total lobbyist disbursements during the period, and the largest total disbursements for legislative action lobbying. Xcel Energy Services, Inc. reported the largest total disbursements for administrative action lobbying. The largest total disbursements for attempts to influence actions of metropolitan governmental units was reported by the Association of Metropolitan Municipalities. The largest total amount spent to influence administrative action by the Minnesota Public Utilities Commission was reported by Enbridge Energy Partners LP. Complete lists of the entities that reported making the largest amounts of disbursements and the largest amounts of disbursements by type of lobbying begin on page 27.

This summary also includes a list of associations and the lobbyists that represented each association during 2018 along with the total disbursements made by each association. See page 37 for this information.

## LOBBYING OVERVIEW

---

---

### **What is lobbying?**

Lobbying is attempting to influence legislative or administrative action or the official action of a metropolitan governmental unit by communicating with or urging others to communicate with public or defined local officials. Any activity that directly supports this communication is considered a part of lobbying.

### **Who is a lobbyist?**

For the purpose of this summary, “lobbyist” means:

1) An individual who is engaged for pay or other consideration of more than \$3,000 from all sources in a year for the purpose of attempting to influence legislative or administrative action or the official action of a metropolitan governmental unit by communicating with or urging others to communicate with public or local officials;

2) An individual who is not compensated more than \$3,000 but spends more than \$250 in any year (not including travel expenses and membership dues) for the purpose of attempting to influence legislative or administrative action or the official action of a metropolitan governmental unit by communicating with or urging others to communicate with public or local officials;

3) A non-elected local official or an employee of a political subdivision who spends more than 50 hours in any month attempting to influence legislative or administrative action or the official action of a metropolitan governmental unit, other than the political subdivision employing the official or employee, by communicating with or urging others to communicate with public or local officials, including time spent monitoring any of the forenamed actions and related research, analysis, and compilation and dissemination of information relating to legislative, administrative, or metropolitan governmental unit policies in Minnesota.

### **Who is not a lobbyist?**

1) An individual who merely communicates with a public official to obtain information or request an interpretation of a law, rule or agency action;

2) An individual who volunteers personal time to work without pay on a lobbying campaign and does not spend more than \$250 on lobbying activities; and

3) An individual who provides administrative support to a lobbyist whose salary and expenses are reported by the lobbyist and who does not actually lobby.

**About lobbyist registration**

A lobbyist must register with the Campaign Finance and Public Disclosure Board on behalf of each association or individual that the lobbyist represents. Registration information includes the name and address of the registrant; the name and address of the association (including officers and directors) or individual represented; the lobbyist’s reporting status; and a general description of subjects on which the lobbyist expects to lobby and the kind of action the lobbyist seeks to influence.

**Principal**

A principal is an individual or association that spends more than \$500 in the aggregate in any calendar year to engage, compensate, or authorize the expenditure of money by a lobbyist; or is not included in the definition above and spends at least \$50,000 in any calendar year in efforts to influence legislative action, administrative action, or the official action of metropolitan governmental units.

**Types of lobbying**

Administrative action

- The adoption, amendment, or repeal of administrative rules by any official, board, commission, or agency of the state executive branch. Administrative action does not include the application or administration of an adopted rule, except in cases of rate setting, power plant and power line siting, and granting of certificates of need under Minnesota Statutes Chapter 216B.

Legislative action

- Action with regard to any bill, resolution, amendment, nomination, appointment, report, or any other matter which may be the subject of action by either house of the legislature or by any legislative committee, subcommittee, or commission. Legislative action includes gubernatorial approval or veto of any bill.

Metropolitan governmental unit action

- Any official action taken by a metropolitan governmental unit.

## Lobbyist Principal Disbursements 2015 - 2018

## **DISCLOSURE OF OTHER SOURCES OF FUNDS FOR LOBBYING PURPOSES**

---

---

**What sources must be disclosed?**

A lobbyist must disclose the source of funds of more than \$500 received for lobbying purposes from any individual or association other than the entity represented by the lobbyist.

**What must be disclosed?**

A lobbyist must report the name, address, employer or, if self-employed, the occupation, and principal place of business of each other individual or other association that paid more than \$500 in a calendar year to be used for lobbying purposes. The actual amount of funds provided is not required to be disclosed.
