DEED Annual Report  
10/15/2019

---

Minnesota Statute 116J.549, Subd. 6, requires the Department of Employment and Economic Development (DEED) to report to the chairs and ranking minority members of the senate and house of representatives committees having jurisdiction over taxes and workforce development specifying the projects that received grants under the statute and the specific purposes for which the grant funds were used.

In 2016, the Minnesota Legislature transferred new funding for this program to the Minnesota Housing Finance Agency.
