Teacher Mentorship & Retention of Effective Teachers Grant Program Narrative

Grant funds were intended to pay stipends to paraprofessionals serving students with special needs in the public charter school setting. The goal was to provide training and mentoring to these individuals within a cohort model. Our hope was that by creating a community of practitioners with an increased level of skill and resources, the individuals would remain in the field of special education, either as paraprofessionals or move to the role of a teacher.

Our agency was not able to make progress on our goal due to the presence of COVID-19.
