## Teacher Mentorship & Retention of Effective Teachers Grant Program Narrative

Due to the shift to distance learning in response to COVID-19, we postponed our grant activities until the 2020-2021 school year. Our teachers received training and support in distance learning, but the goals of the grant project will be more effective if applied from the beginning of next school year. We will be developing training and support for teachers this summer, with more time to prepare for the scenarios that we may encounter.

## Teacher Mentorship & Retention of Effective Teachers Grant Program Data

Please provide the total expected numbers and percentages of total participants for each of the following groups that your program will involve. Numbers may reflect teachers in multiple categories being counted more than once. Each category's percentage is of the total number of teachers being mentored under this grant.

## Teacher Mentorship & Retention of Effective Teachers Grant Additional Reporting Requirements

### Retention Strategies

Per Minn. Stat. § 122A.70, a school district that receives a grant must negotiate additional retention strategies for teachers who are of color or who are American Indian in their beginning years of employment, such as financial incentives for working in the school/district for at least five years or providing collegial support through teacher placement. Please describe the strategies your organization developed.

We have included negotiation proposals to mitigate the application of seniority and unrequested leaves of absence if their application would result in any violation of affirmative action, which shall include race, ethnicity and/or color, the loss of a licensed/certified employee in a shortage area, or the retention of a licensed/certified employee on an improvement plan. We have provided financial incentives by offering a signing bonus for teachers in shortage areas.

We have developed a "grow your own" program, our West Metro Partnership, to identify and recruit current non-licensed educational. We provided coaching to beginning teachers in core instructional and classroom management strategies. We are developing racial affinity groups, focus groups for staff of color, and recruitment of staff of color to leadership teams.

### Additional Funding

Please list any and all additional funding you used to support teacher mentorship and retention efforts. Specify if these funds were used to support teachers new to the profession or district, including teaching residents, teachers of color, teachers who are American Indian, teachers in license shortage areas, teachers with special needs, and/or experienced teachers in need of peer coaching.

\$41,175 in stipends for mentors for teachers and educational assistants.  
\$110,104.30 in reimbursements to teacher in our grow your own program.

These funds have supported teachers new to the profession or district, teachers of color, teachers in license shortage areas and experienced teachers in need of coaching,
