## Professional and Technical Contract Report

### Introduction

#### Definition

In State government, professional and technical services are typically defined as services that are intellectual in character, including consultation, analysis, evaluation, prediction, planning, programming, or recommendation, and result in the production of a report or the completion of a task. Professional or technical contracts do not include the provision of supplies or materials except by the approval of the commissioner of Administration or except as incidental to the provision of professional or technical services<sup>1</sup>.

#### Report Format

The statutes that define how the governor’s recommended budget is to be presented require a separate line in the detailed budget for each agency representing the total cost of professional and technical services contracts for the previous biennium, current biennium and upcoming biennium<sup>2</sup>. For this biennial budget, according to this definition, the professional and technical contract report displays the following columns:

- Actual expenditures for 2018-2019 (the previous biennium)
- Actual expenditures for fiscal year 2020 added to budgeted expenditures for fiscal year 2021<sup>3</sup> (to represent the current biennium),
- Forecasted expenditures for fiscal years 2022 and 2023 (representing the current law base in the upcoming biennium), and
- Governor’s Recommendations for fiscal years 2022 and 2023 (representing the Governor’s recommendation in the upcoming biennium).

All dollar amounts are expressed to the nearest thousand.

---

<sup>1</sup> Minnesota Statutes 16C.08, subdivision 1

<sup>2</sup> Minnesota Statutes 16A.11, subdivision 3c

<sup>3</sup> FY 2021 data is budgeted data as of November 30, 2020 from the budget system, which was prepared for developing the 2022-23 biennial budget. Agencies may have made additional spending decisions since then; these decisions include potential changes to professional/technical contract spending for the current fiscal year.

The first table in this report displays this information and presents the grand total and total by fund for each agency (in alphabetical order by agency name), satisfying the statutory requirement.

The second table provides the annual total of professional/technical contracts by fund (organized by different types of funds<sup>4</sup>) for the past biennium, current biennium, for the upcoming biennium current law base, and for the upcoming biennium as recommended by the Governor.

A third table provides totals by bill area for the past biennium, current biennium, for the upcoming biennium current law base, and for the upcoming biennium as recommended by the Governor.

### **Other Notes about the Data**

The data in this report are aggregated totals of all transactions coded by each agency's accounting staff to professional and technical account codes<sup>5</sup>.

"All Funds" indicates the total of all funds, state-wide. This presentation includes all governmental (e.g., general fund, special revenue funds, and capital funds) and proprietary funds (e.g. internal service funds, enterprise funds and agency funds).

Percent change is calculated between biennia, and current biennium and Governor's recommendation for the upcoming biennium.

Percent of total is calculated on Governor's recommendation for the upcoming biennium.

Funds and agencies involved in Information Technology consolidation may show significant declines in their professional technical contracts, with a related increase in MN.IT Services' fund and agency.

---

<sup>4</sup> For more detailed information on the State of Minnesota's funds and their purposes, please see the consolidated fund statement on the MMB Website at <https://mn.gov/mmb/budget/current-budget/governors-budget-recommendations/>

<sup>5</sup> Account codes 41130 and 41145 in Statewide Integrated Financial Tools (SWIFT) and the Budget Planning & Analysis System (BPAS).
