When "<10" is displayed, the data is suppressed to protect student identity.

The following data reflect study abroad participation and incidents of Minnesota students that occurred between August 1, 2014 and July 31, 2016, the first two years of study abroad data reporting.

Overall, 2014-2016

| | |
|---|-------|
| Incidents as a Percentage of Participants | 0.33% |
|---|-------|

Incidents as a Percentage of Participants, By Program Host Type

| | |
|--|-------|
| Program taught by home university faculty or staff | 0.16% |
| All others | 0.84% |

During the 2014-15 and 2015-16 academic years, less than 1 percent of Minnesota student participants in study abroad programs experienced an incident of hospitalization related to program participation.

Incidents as a Percentage of Participants, By Country

| | |
|-----------------------------|------|
| Argentina | 0.2% |
| Australia | 0.3% |
| Austria | 0.5% |
| Chile | 0.2% |
| China, People's Republic of | 0.7% |
| Costa Rica | 0.4% |
| Cuba | 0.4% |
| Czech Republic | 0.4% |
