#### EXHIBIT B to Interagency Agreement between the Department of Administration Financial Management and Reporting (Admin) and Administrative Services Unit (Agency)

This agreement is between the following agencies:

# **Department of Administration Financial Management and Reporting (Admin)**

#### Administrative Services Unit (Agency)

Admin agrees to process the following transactions for the Agency:

<u>Payments</u> will be processed in accordance with prompt payment statutory requirements (i.e. within 30 days of the later of the receipt of an invoice or receipt of goods or services).

<u>Purchase orders</u> requiring no bid process will be created within <u>4</u> days of receipt of a properly completed/approved EIOR Purchase Request in FMR. The time required to create orders requiring bid processes is highly variable, thereby precluding one standard target period for order creation.

The following additional terms apply to this agreement and are categorized by the basic steps in the purchasing and payment process:

### **Purchase Request**

An EIOR (or other more current system) purchase request must be completed by the Agency and submitted to Admin for all purchases. The agency is responsible for providing complete and correct specifications and related information on any purchase request forms submitted to Admin. Timely processing of orders is dependent on a correct and complete purchase request. The Agency must allow sufficient lead time when submitting a purchase request to allow for the normal purchasing process and shipment of goods or services.

As an addendum to this Interagency Agreement, the Agency will provide the names of its employees authorized to approve purchases. An updated Exhibit C or other written communication (memo, email, etc.) is required each time the list changes. An updated Exhibit C may be executed without formal amendment of the Interagency Agreement.

### **Purchase Order**

Purchase orders that Admin creates will comply with Authority for Local Purchase (ALP) requirements and other applicable statutory and policy requirements.

Admin will advise the Agency regarding purchasing requirements (i.e. when a state contract purchase is required) as needed.

Admin will transmit purchase orders under this agreement to the Agency. The Agency will

transmit purchase orders to vendors as appropriate. The Agency will not initiate orders by phone calls to vendors or other means prior to the creation of a purchase order or other appropriate encumbering transaction in the state's accounting/procurement system by Admin unless necessary due to an emergency as defined by statute.

M.S. 16C.10 defines an emergency as a threat to public health, welfare, or safety that threatens the functioning of government, the protection of property, or the health or safety of people. The normal solicitation process is not required for emergency purchases, but the Agency must contact Admin as early as possible so that Admin can inform OSP in writing and enlist their assistance as is appropriate. If time permits, this contact should occur before making an emergency purchase, but if time does not permit, the Agency is expected to act promptly to address the emergency.

The Agency is responsible for distribution of pertinent documents to its property management coordinator or other personnel.

### Contract

The Agency must not direct a contractor to begin work until Admin has encumbered funds and the contract or agreement has been executed. Prior to encumbering an Annual Plan Agreement, the Agency will provide a copy of its approved Annual Plan to Admin. The Agency will provide Admin with a fully signed copy of each contract that is executed.

### **Receipt of Goods or Services**

Goods ordered will be shipped directly to the Agency unless the purchase request indicates otherwise.

The Agency must document the date goods or services are received. Packing slips, receiving reports, work orders or other documentation indicating receipt of goods/services must be sent to Admin to support invoices to be paid.

The Agency is responsible for notifying its property management coordinator of receipt of goods when necessary.

# Invoices

Vendors will be instructed to send invoices directly to the Agency unless otherwise agreed or transmitted through the state's accounting/procurement system. After date-stamping invoices upon receipt and applying payment approval as discussed in the next section of this agreement, the Agency will promptly forward invoices to Admin to enable payment within the statutory time period established for prompt payment or any more restrictive payment terms agreed to.

### **Payment Authorization**

The Agency must provide authorization to pay each invoice, which may be indicated on the invoice itself. Invoices for services received under a contractual agreement (i.e., professional technical, grant, and other similar contracts) must be authorized for payment by the person designated in the contract as the state's authorized representative. If the contract does not specify a state's authorized representative, an Agency staff person with delegated authority to

approve invoices will sign the invoice to approve payment.

# **Payment Processing**

Admin will process payments in accordance with the prompt pay requirements established by M.S. 16A.124 Subd 3. Prepayments are not allowed unless permitted by state policy. The Agency and Admin are responsible for meeting the state's prompt payment goal that 98% of invoices are paid within 30 days.

# **Filing of Documents**

All documents must be retained in accordance with applicable records retention policies.

Admin will retain the original purchase request, copy of the purchase order, the original packing slip or other similar documentation, and the original invoice unless otherwise agreed.

### **SWIFT Implementation**

As SWIFT is improved and enhanced, business processes may change. As system expertise increases and future phases are implemented, policy and process changes may continue. Examples include electronic purchase requests, asset management, approvals, signatures, sourcing, and contracts.

SWIFT implementation may affect whether documents are retained in paper or electronic form.

## Policy and Recommendations Regarding Separation of Duties

In accordance with state accounting policy, *agencies shall separate the financial duties of their employees to provide appropriate control in the processing of transactions. In those instances where separation is not feasible, e.g., a small agency or board with limited employees, compensating controls such as independent review must be established.* 

The Agency should separate duties among employees to ensure that no one person has control over the entire order and payment approval process. For optimum internal control:

- The person(s) authorized to approve purchase requests should not also be authorized to approve payments and vice versa.
- If two persons are authorized to approve both purchases <u>and</u> payments, neither person should perform both functions for any one purchase/payment transaction. For any one purchase/payment, one person should approve the purchase, and the other should approve the payment.
- In the event that one person approves purchase requests and payments for the same purchase/payment transaction(s), the Agency must document and implement compensating controls such as independent review of detailed expenditure reports.
- If at any time the Agency cannot maintain optimum separation of duties, the Agency should document the circumstances preventing optimum separation, and identify the compensating controls that will be implemented.

#### **Policy and Recommendations Regarding Separation of Duties**

In accordance with state accounting policy, *agencies shall separate the financial duties of their employees to provide appropriate control in the processing of transactions. In those instances where separation is not feasible, e.g., a small agency or board with limited employees, compensating controls such as independent review must be established.* 

The Agency should separate duties among employees to ensure that no one person has control over the entire order and payment approval process. For optimum internal control:

- The person(s) authorized to approve purchase requests should not also be authorized to approve payments and vice versa.
- If two persons are authorized to approve both purchases <u>and</u> payments, neither person should perform both functions for any one purchase/payment transaction. For any one purchase/payment, one person should approve the purchase, and the other should approve the payment.
- In the event that one person approves purchase requests and payments for the same purchase/payment transaction(s), the Agency must document and implement compensating controls such as independent review of detailed expenditure reports.
- If at any time the Agency cannot maintain optimum separation of duties, the Agency should document the circumstances preventing optimum separation, and identify the compensating controls that will be implemented.
