

Allocation of CRF funds to Schools

Updated: October 19, 2020

The following table provides each district or charter school's updated and adjusted allocation for the Coronavirus Relief Fund (CRF) funds for the support of district and charter school operations as well as student, family and staff support. District and charter allocations have been adjusted to account for the October 1, deadline whereby we had a few schools not accept their original funds. These funds are allocated based on the following:

- 60% operating costs—Allocated 100% by school average daily membership (ADM) as reported at year end for the 2018-19 school year.
- 40% student, family and staff support costs—Allocated 40% on ADM and 60% on the historically underserved population of students each school serves.

Notes:

- Expenditure of these funds does not need to match the 60%/40% breakdown above.
- These funds may be used to cover any expenses that were incurred during the period that begins on July 1, 2020, and ends on December 30, 2020.
- The costs of diverting educational support staff or faculty to develop online learning capabilities, such as through providing information technology support that is not part of the staff or faculty's ordinary responsibilities is an eligible use of CRF funds. However, a public function does not become a "substantially different use" merely because it is provided from a different location or through a different manner. For example, although developing online instruction capabilities may be a substantially different use of funds, online instruction itself is not a substantially different use of public funds than classroom instruction.
