The Metropolitan Council is the regional planning organization for the seven-county Twin Cities area. The Council operates the regional bus and rail system, collects and treats wastewater, coordinates regional water resources, plans and helps fund regional parks, and administers federal funds that provide housing opportunities for low- and moderate-income individuals and families. The 17-member Council board is appointed by and serves at the pleasure of the governor.

## Introduction

The Metropolitan Livable Communities Act (LCA) requires the Metropolitan Council to report to the Minnesota Legislature by February 1 of every year which municipalities elected to participate and which did not elect to participate in the local housing incentives account program (“Program”) for that calendar year (Minn. Stat. § 473.254, subd. 9).

### *About the Livable Communities Act*

The LCA supports regional policy for the expansion of opportunities for affordable and life-cycle housing throughout the region; creative development and redevelopment that links jobs, transportation and housing; and revitalization of the region’s older cities. Communities within the seven-county area that participate in the Program may receive grants or loans from the three funding accounts of the LCA: the tax base revitalization account, livable communities demonstration account, and the local housing incentives account. Further, only LCA-participating communities may apply for and receive grants from the polluted sites cleanup program administered by the Minnesota Department of Employment and Economic Development. Finally, the law says the Council “shall give consideration to a municipality’s participation” in the Program when making discretionary funding decisions.

## LCA Participating Communities

As detailed on the following page, there are 76 communities participating in the LCA Program for 2022. Every 10 years, the Council and participating communities re-negotiate affordable and lifecycle housing goals following the completion of the decennial updates to local comprehensive plans required under the Metropolitan Land Planning Act. In 2020, the Council and communities negotiated affordable and lifecycle goals for the 2021-2030 decade. The primary requirement to participate in LCA is to adopt these goals, and communities must do so by November 15 of the prior year to participate through 2030, which is when current goals expire. The list on page 5 of this report includes the communities not participating in 2022. Figure 1 illustrates the geographic extent of participating communities.
