This report is filed by the Emergency Medical Services Regulatory Board (EMSRB) to fulfill requirements outlined under Subdivision 6 of Section 23 of HF4065, which was signed into law on June 2, 2022. This report is being transmitted to the Chairs and Ranking minority member of the respective Health and Human Services Finance and Policy Committees as required by law. It is also being transmitted to the legislative ex-officio members of the EMSRB.

All information contained in this report is true and correct as of 07:00 A.M. on September 26, 2022. The next required report is due December 31, 2022

Process to Date

HF 4065 was signed into law on June 2, 2022, a portion of this bill provided EMS agencies across Minnesota with more flexible options from a regulatory perspective in the areas of minimum staffing, the use of expired medications and equipment, and the ability to on a temporary basis utilize expired personnel to meet minimum staffing requirements. Utilization of any such waiver required notification to the EMSRB, and subsequent reporting to specific members of the legislature.

On June 3, 2022, the effective date of the legislation the EMSRB emailed a memo to all ambulance agencies in the state information on the implementation of these waivers, including all forms that would need to be completed and sent to the EMSRB.
