340,000 STUDENTS | 54 CAMPUSES | 47 COMMUNITIES

@MinnStateEdu

#FundMinnesotaState

MINNESOTA STATE

WE ARE Minnesota State

Minnesota State is the most powerful and effective resource that the state has to ensure opportunity and prosperity for its citizens and communities. Our 30 colleges and seven universities contribute to an engaged, equitable, and productive society and serve as catalysts for social and economic vibrancy. They are places of hope and opportunity for Minnesotans who strive to create a better future for themselves, their families, and their communities. Through our work, Minnesota State:

- » Serves 340,000 students annually.
- » Meets the needs of students at all stages of their educational journey—high school students or recent grads, students returning to complete a degree or start another, and adults already in the workforce who need or want additional education or training.
- » Serves more students of color and American Indian students and more low-income students than all other higher education providers in Minnesota combined.
- » Produces more graduates for jobs in critical, high-demand fields such as health care and information technology than anyone else in the state.
- » Serves thousands of businesses and employers each year and over 109,000 employees through customized training and continuing education for business.
- » Forms partnerships with employers across the state to ensure graduates entering the workforce are ready to contribute the first day on the job.

66,412

students of color and
Indigenous students

42,262

first-generation college students

71,385

students aged 25 and older

8,800

veterans and service members

68,553

low-income students

\$8 BILLION

OUR ECONOMIC
CONTRIBUTION TO THE
STATE OF MINNESOTA

In FY2017, the colleges and universities of Minnesota State generated an economic impact of \$8 billion in the state: \$4.1 billion direct and \$3.9 billion indirect and induced. This impact is the result of operational spending, capital spending (10-year average), payroll and benefits paid to employees, student spending, and visitor spending. Based upon this impact, \$1 out of every \$42 in the Minnesota economy is supported by Minnesota State.

Minnesota State

DEVELOPS THE TALENT BUSINESSES AND COMMUNITIES NEED

Minnesota State plays an essential role in delivering the talent employers need to grow and succeed. Each year, your 37 state colleges and universities provide an opportunity to more than 340,000 students to develop the knowledge and skills they need to better their lives. In addition to the 38,000 degrees Minnesota State grants each year, we are by far the state's largest provider of customized training and continuing education for business, serving over 109,000 employees and thousands of businesses and employers each year.

MINNESOTA STATE PARTNERS WITH EMPLOYERS TO EDUCATE AND TRAIN THEIR WORKFORCE

Across Minnesota State, there are examples of partnerships with local and statewide employers to address workforce shortages. On many campuses, this work is done with a local Advisory Council, which seeks input from employers, alumni, and economic development professionals to ensure programming is tied to exactly what local employers need. The consistent focus among campus leaders is to ensure graduates have jobs that encourage them to stay in the region. More than 38,000 students graduate from our colleges and universities each year and use their know-how to help businesses, industries, public-sector organizations, nonprofits, and communities across the state to grow and thrive.

MINNESOTA STATE IS ADDRESSING RACIAL AND ECONOMIC DISPARITIES

The most effective strategy Minnesota has for narrowing its prosperity gap is to ensure all Minnesotans get the education they need to secure a better future for themselves, their families, and their communities. The diversity of our students is one of our greatest strengths. Minnesota State is proud to serve more students of color and American Indian students and more low-income students than all other higher education providers in Minnesota combined.

89.5%

percentage of graduates employed in a field related to their degree program within one year

7,000

number of businesses and organizations partnered with Minnesota State

13,500+

number of customized and specialized training, occupation, and professional classes offered each year

109,000

number of Minnesota employees who take customized training or continuing education courses

FY2022–FY2023 BUDGET REQUEST

\$120 million in new funding over the biennium

CAMPUS RESPONSIVENESS AND STABILIZATION

Supporting Minnesota State is critical for the state of Minnesota's economic recovery

\$75 MILLION to support increases in campus expenses and inflationary costs while providing high-quality programs

By funding inflationary costs each year of the biennium, your investment will enable Minnesota State to:

- » Support the financial health of every campus.
- » Provide on-going campus revenue in order to maintain a core level of programs and services.
- » Continue to meet Minnesota's talent needs by providing high-quality, affordable, and relevant academic programs.
- » Protect our commitment to inclusive excellence and ensure our students receive an extraordinary, affordable, and accessible education.

EQUITY AND AFFORDABILITY

Closing the educational equity gaps across race and ethnicity, socioeconomic status, and geographic location

\$45 MILLION to directly support our students' critical needs

Targeted financial support will help our students succeed:

- » Provide a scholarship program to support economically-vulnerable students.
- » Expand the support for basic student needs including mental health needs and campus student support services.
- » Provide career and technical education support.
- » Expand open educational resources.

Of the \$45 MILLION Equity and Affordability Request:

\$23 MILLION for Minnesota State Access Scholarship

Supporting students with greatest financial need who are:

- » Pell-eligible Minnesota residents;
- » New or transfer students at any Minnesota State college or university;
- » Returning students enrolled at any Minnesota State college or university prior to the start of the Access and Momentum program;
- » Students pursuing an undergraduate diploma, certificate, associate degree, or bachelor degree;
- » Enrollment of at least 3 credits per term, up to 60 credits at two-year colleges and 30 credits at universities; and
- » Students with remaining need after federal and state grants are applied to tuition and fees.

\$15 MILLION for Basic Needs and Support Services

Expansion of support for basic student needs, including:

- » Emergency grants;
- » Stigma-free and online mental health assessment tools and mental health first aid type resources;
- » Easily accessible information hub to connect students to local, county, and state resources that address basic needs; and
- » Training and support for faculty, staff, and administrators to ensure that programs are designed to be easily accessible to all students, specifically focusing on students from racial, ethnic, and indigenous populations, low-income and first generational.

\$6 MILLION for Career and Technical Education

Career and technical education support includes:

- » Short-term education programs and industry-specific training certificates partnering with organizations serving communities of color and indigenous communities;
- » Local partnership efforts with local businesses to help connect high school students with college programs that will get them into in-demand skilled and technical careers; and
- » Career and Technical Teaching program support to address shortages in high school and college teachers in career and technical areas.

\$1 MILLION for Open Educational Resources

Directly reducing students out of pocket costs by removing textbook costs; this effort would include:

- » Searching out new free resources;
- » Expanding current offerings; and
- » Implementing new offerings.

2021 CAPITAL REQUEST

\$188.2 million for capital projects and asset preservation

\$103.6 MILLION Higher Education Asset Preservation and Replacement (HEAPR)

50+ asset preservation projects at 30 colleges and universities

\$84.6 MILLION for major capital projects at 12 colleges and universities

COLLEGE / UNIVERSITY	PROJECT TITLE	REQUESTED AMOUNT
Higher Education Asset Preservation and Replacement	HEAPR	\$103,653,000
Minnesota State University Moorhead	Weld Hall Renovation and Addition	\$17,290,000
Inver Hills Community College	Technology and Business Center	\$14,653,000
Saint Paul College	Academic Excellence Renovation and Renewal	\$937,000
Minneapolis Community and Technical College / Metropolitan State University	Management Education Center Metro Baccalaureate Initiative	\$17,207,000
Northeast Higher Education District / Vermilion Community College	Classroom Building Renovation	\$2,576,000
Central Lakes College	Brainerd Student Services Renovation	\$8,275,000
Northland Community & Technical College	Effective Teaching and Learning Labs	\$2,220,000
Minnesota State University, Mankato	Armstrong Hall Replacement	\$6,691,000
Winona State University	Center for Interdisciplinary Collaboration, Engagement, and Learning	\$3,218,000
Lake Superior College	Integrated Manufacturing Workforce Labs	\$985,000
North Hennepin Community College	Center for Innovation and the Arts at Brooklyn Park	\$6,598,000
Metropolitan State University	Cyber Security Program	\$9,923,000

TOTAL PROGRAM \$188,226,000

INVESTMENT IN CAMPUS BUILDINGS

Higher Education Asset Preservation and Replacement keeps campuses warm, safe, and dry and operating efficiently and effectively

Note: Specific projects and costs will depend on actual funding level and college and university conditions at the time of appropriation.

alextech.edu | Michael Seymour, President

FY20 STUDENT PROFILE: 3,681 Credit-seeking Students | 18.6% Pell Eligible | 10% Students of Color

Request Details

Amounts are estimates and subject to change

- » \$1.3 million of \$75 million in campus responsiveness and stabilization
- » 3,681 students will benefit from direct support for students’ critical needs, including mental health services and affordable textbooks

2021 Capital Request

- » \$5.1 million in asset preservation and replacement to replace HVAC

ABOUT THE COLLEGE

Alexandria Technical and Community College (ATCC) is a two-year comprehensive college offering technical and transfer degrees. ATCC serves regional high school students through PSEO, and Online College in the High School. ATCC graduates work in high-demand fields including manufacturing, health care, public safety, and transportation. Our largest programs include Law Enforcement, Liberal Arts & Sciences, Nursing, and Diesel Mechanics.

SERVICE TO MINNESOTA

- » Each year, ATCC generates \$114.5 million in economic impact, produces more than 700 graduates, and supports and sustains 950 jobs. It’s estimated that more than 12,000 ATCC graduates live and work in the Alexandria area
- » 98% job placement rate provides employers with a skilled workforce
- » PSEO and concurrent enrollment programs serve regional high school students

- » Online College in the High School gives students in rural school districts statewide access to college courses that reduce the cost of college
- » Transfer programs continue to expand and become easier to navigate with the implementation of Transfer Pathways. Four new Transfer Pathways have been launched since 2019
- » ATCC offers unique programs in Cybersecurity, Mechatronics, Speech-Language Pathology Assistant, Communication Art and Design, and Interior Design

PARTNERSHIPS

- » **3M:** Supplies grant money to encourage high school students to enter high-skill, high-demand fields
- » **Ziegler CAT:** Provides diesel mechanic students with sponsorships and internships
- » **Knute Nelson:** Partners with the college and local high schools in providing a certified nursing assistant program
- » **Minnesota Department of Public Safety:** Partners for emergency dispatch training statewide
- » Area industry partners in manufacturing, truck driving, and powersports sponsor matching funds for Minnesota Workforce Development scholarships

FROM A STUDENT:

“Every class I attended at ATCC was relevant to my career path. I walked on stage on graduation day with the friendships, knowledge and support I needed to begin my career.”

— Krystal Beauchane, 2005 Law Enforcement Graduate
Plymouth, MN Police Department

FY20 STUDENT PROFILE: 2,533 Credit-seeking Students | **34.3%** Pell Eligible | **27.6%** Students of Color

Request Details

Amounts are estimates and subject to change

- » \$0.9 million of \$75 million in campus responsiveness and stabilization
- » 2,533 students will benefit from direct support for students' critical needs, including mental health services and affordable textbooks

2021 Capital Request

- » \$1.5 million in asset preservation and replacement to replace a roof on the main campus

ABOUT THE COLLEGE

Anoka Technical College is a career and technical college providing high-quality, skills-based training in fields that meet the demands of the economy and employers. With an average student age of 27, the college serves traditional age students, as well as career changers, displaced workers, and other adults wishing to upgrade technical skills.

SERVICE TO MINNESOTA

- » Each year, Anoka Tech and Anoka-Ramsey generate \$371.7 million in economic impact, as well as produce 2,000 graduates, and support and sustain 3,198 jobs
- » On-site partnerships with Anoka-Hennepin STEP High School and Anoka-Hennepin Technical High School
- » One of the only judicial reporting programs in the Upper Midwest
- » Welding, construction electrician, and occupational therapy assistant programs are fully enrolled

- » Health technology programs graduate needed health care workers in practical nursing, surgical technology, occupational therapy assistant, medical assistant, paramedic and EMS
- » Programs for in-demand trades in robotic engineering technology, machine trades, welding, construction electrician, architectural technology, and automotive, as well as information technology and health information technology
- » 100% job placement rate in advanced welding, judicial reporting, manufacturing technology, and electronic engineering programs

PARTNERSHIPS

- » Minnesota Center of Excellence in Advanced Manufacturing
- » State and county legislators, industry partners, and community leaders who came together to fund a five-axis mill, making Anoka Tech one of the only technical colleges in the country with this equipment
- » Allina Health Systems is an advisory partner and offers clinicals and internships

FROM AN ALUMNUS:

"I can only say good things about Anoka Tech. The college location is intimidating for a person of color like me. But, when you walk into the campus, you meet amazing people. The teachers, security guards and cafeteria workers, all welcome you with open arms and make you feel like home."

— Kodjo Vossah-Messan '19, Electronics Engineering Technology and Biomedical Equipment Technician AAS

FY20 STUDENT PROFILE: 11,367 Credit-seeking Students | **25.5%** Pell Eligible | **26.7%** Students of Color

Request Details

Amounts are estimates and subject to change

- » \$2.5 million of \$75 million in campus responsiveness and stabilization
- » 11,367 students will benefit from direct support for students' critical needs, including mental health services and affordable textbooks

ABOUT THE COLLEGE

Anoka-Ramsey is one of the largest community colleges, by enrollment, in Minnesota State. Its two campuses are located on the banks of the Mississippi River in Coon Rapids, and 40 miles north along the Rum River in Cambridge. A comprehensive higher education institution, it offers associate degrees, liberal arts/general studies certificates, and advanced degrees.

SERVICE TO MINNESOTA

- » Each year, Anoka-Ramsey and Anoka Tech generate \$371.7 million in economic impact, as well as produce 2,000 graduates, and support and sustain 3,198 jobs
- » One of the largest providers of concurrent enrollment and PSEO, allowing students to earn college credit while still in high school

- » Created the first Early College program in Minnesota in partnership with Irondale High School
- » One of the largest nursing programs in the state, preparing graduates for high-demand occupations
- » Numerous opportunities for baccalaureate degree completion on both campuses

PARTNERSHIPS

- » **K–12 School Districts:** Anoka-Ramsey partners with 15 high schools in the delivery of concurrent enrollment courses. Concurrent enrollment students account for 23.5% of the student body at Anoka-Ramsey
- » **Anoka County Workforce Center (ACWC):** ACWC offers a wide variety of employment-related services to both job seekers and employers, supporting Anoka-Ramsey students and academic programs
- » **Allina Health Systems:** Partners with nursing program to provide clinical experiences, scholarships, and service on the program advisory board

FROM AN ALUMNUS:

“Coming from a different country and joining a different culture is difficult. You doubt yourself and often wonder if you will succeed. But, Anoka-Ramsey has resources and great instructors who are invested in helping you succeed, and the entire campus culture reflects that. At Anoka-Ramsey I was introduced to other mentors in science and it opened doors to more research opportunities.”

— Bora Faulkner '08, MnTC General Education; '19 Doctor of Philosophy (PhD) degree in Molecular, Cellular, Developmental Biology and Genetics from the University of Minnesota's College of Biological Sciences

Amounts are estimates and subject to change

- » \$2.5 million of \$75 million in campus responsiveness and stabilization
- » 6,169 students will benefit from direct support for students' critical needs, including mental health services and affordable textbooks

2021 Capital Request

- » \$6.6 million in asset preservation and replacement to replace roof and make mechanical upgrades in Sattgast Hall and Bangsberg Hall

ABOUT THE UNIVERSITY

Bemidji State University provides the academic guidance, education, and personal encouragement students need to exceed their own expectations. BSU offers 60 undergraduate degrees, nine graduate degrees, 15 teacher licensure fields, 14 pre-professional programs, and 10 certificates.

SERVICE TO MINNESOTA

- » Each year, BSU and its aligned college, Northwest Technical College, generate \$321.7 million in economic impact, produce 1,326 graduates, and support and sustain 2,749 jobs
- » Bemidji State is the only U.S. school offering an undergraduate degree in 3-D design for exhibits, conferences, and industry. Thanks to a strong partnership with industry professionals and alumni support, the program is a source of talent for the entire world
- » BSU's innovative biology program has been expanded to include majors in aquatic biology and wildlife biology. Students pursue careers in fish and wildlife management, invasive species eradication, and conservation

- » BSU is a leader in the graduation of American Indian students, including 50 in 2018. In addition, BSU has dual-enrollment agreements with each of Minnesota's four tribal colleges and offers several academic programs focused on Indigenous peoples, including its unique Indigenous environmental studies program

PARTNERSHIPS

- » **Sanford Bemidji Medical Center:** Provides hands-on learning opportunities for nursing students, who serve patients and strengthen the quality of care available to patients
- » **Minnesota State Advanced Manufacturing Center of Excellence:** Serves as headquarters and provides leadership for a consortium of BSU and 14 technical and community colleges to meet the needs of the region's manufacturing employers by preparing individuals for rewarding careers in manufacturing
- » **Marketing Assistance and Research Solutions:** This student-staffed and faculty-led marketing agency creates hands-on learning opportunities while offering affordable analysis and strategic consulting for businesses and non-profit organization

FROM A STUDENT:

"My professors have provided unconditional support. It's like a whole other family that I am so grateful for."

2021 Capital Request

- » \$8.275 million for the renovation of Student Services and Academic Support at the Brainerd campus
- » \$2.9 million in asset preservation and replacement to replace a roof at the Brainerd campus and replace HVAC at the Staples campus

ABOUT THE COLLEGE

Nestled in the premier recreational area of Minnesota, Central Lakes College (CLC) is a comprehensive community and technical college offering a wide range of pathways in both liberal arts/transfer and technical education programs.

SERVICE TO MINNESOTA

- » Each year, CLC generates \$135.8 million in economic impact, as well as produces 970 graduates, and supports and sustains 1,107 jobs
- » Added more than 5,000 graduates to the region over the past five years
- » More than 90% of graduates are employed in a field related to their study, which fuels the economic engine of central and greater Minnesota
- » Partner with approximately 30 area high schools to offer College in the Schools
- » Collaborations with industry leaders and community partners ensure student success and community satisfaction

- » Partnerships with area businesses get students working in the field before graduation

PARTNERSHIPS

- » The Ag & Energy Center supports a robust research platform for our region's farmers through partnerships with USDA, U of M, NDSU and several private research firms
- » **Minnesota DNR Enforcement, DNR Forestry, Camp Ripley, and Crow Wing County:** Partnership for students in the natural resources program
- » **Crow Wing County Fair:** Provides hands-on learning opportunities for students in welding, law enforcement, marine and powersport, and graphic design programs
- » **Crow Stamping, Brunswick, Pequot Tool & Manufacturing, and Ryerson:** Donate steel and supplies to the welding program
- » **University Center:** Four Minnesota State Universities including MSUM, SCSU, SMSU, BSU, and one private college partner
- » **Cragun's Resort and Essentia Health:** Sponsor the theatre and cultural arts programs
- » Local health care clinical partners such as Cuyuna Regional Medical Center, Lakewood Health System, St. Gabriel's Hospital, and more

FROM A BUSINESS PARTNER:

"Partnering with the Central Lakes College welding program is essential to the future of manufacturing. Collaboration between CLC and local businesses ensures curriculum is aligned to industry needs while exposing area manufacturers to trends and technology."

2021 Capital Request

- » \$3.6 million in asset preservation and replacement to replace roofs and relocate HVAC on both the East and West campus

ABOUT THE COLLEGE

Century College is a two-year community and technical college offering degrees, diplomas, certificates, and courses in the areas of applied design, arts and humanities, business, health sciences, human services, industry, science, technology, engineering and mathematics, social and behavioral sciences, and non-credit workforce training.

SERVICE TO MINNESOTA

- » Each year, Century College generates \$368.5 million in economic impact, as well as produces an average of 1,700 graduates and supports and sustains 3,269 jobs
- » Bridging the Minnesota Skills Gap through state-of-the-art facilities, award-winning programs, and thriving partnerships in high-demand fields
- » Contributing to local communities through 9,830 student service learning hours

PARTNERSHIPS

- » **Northeast Metro 916 Intermediate School District, Saint Paul Public Schools, Stillwater Area Public Schools, and White Bear Lake Public Schools:** Strengthening the pipeline from high school to postsecondary education through pre-college student readiness and concurrent enrollment course programming
- » **Delkor Systems, TLC Electronics, 3M, Compass Electronics:** Among 20 Minnesota companies working with Century College to deliver on-site skills development training to hundreds of incumbent workers
- » **Washington and Ramsey County High Schools, Saint Paul and F.R. Bigelow Foundations:** Working together to deliver college credit courses in community engagement and leadership to young African American men and women
- » **Saint Paul Police and Saint Paul Fire:** Providing training to law enforcement and fire through academic programs and specialized non-credit customized training

FROM A STUDENT:

"I returned to college after earning my bachelor's degree ten years ago. Century College provided me with an affordable opportunity to build on and complement my skill set in order to advance in a continually evolving workforce."

— Krista Marette, student

2021 Capital Request

- » \$905,000 in asset preservation and replacement to replace security hardware on the main campus

ABOUT THE COLLEGE

Dakota County Technical College (DCTC) provides highly skilled and technical training through 40 degree programs and more than 60 certificate and diploma programs in areas ranging from construction and manufacturing to health care to visual arts to business and more. In 2020, Military Times ranked DCTC as one of the Best for Vets trade schools in the nation.

SERVICE TO MINNESOTA

- » Each year, DCTC and Inver Hills generate \$334.6 million in economic impact, as well as produce 1,500 graduates, and support and sustain 2,881 jobs
- » 96% of graduates go on to work in a field related to their study (2019)
- » Nationally recognized for Excellence in Voter Engagement
- » The athletic program helps diversify the student population and has various support strategies to help the athletes be successful.

- » TRIO/Student Support Services, Bounce Back, and peer and professional tutoring support student success

PARTNERSHIPS

- » **Scholarship and programming partners:** Ziegler CAT, RDO, Luther Automotive Group, BTM, General Motors and Raytheon Professional Services, Dakota Electric and Uponor
- » **Douglas Differt Difference Makers (D3M):** Partnership between DCTC, Inver Hills, and Metro State for students interested in filling the employment needs in engineering or civil engineering technology
- » **Dakota County Jail and MN Department of Corrections:** Partnerships provides courses and degrees for college credit including information for transitioning to the college after release
- » **High school partnerships:** Burnsville, Sibley, Simley and Southwest Metro high schools to offer Math, Medical Terminology, Biology, Marketing and Photography courses
- » **Post Consumer Brands:** Collaborates with DCTC to provide specialized, advanced manufacturing and mechatronics training for 70 technicians at its Northfield plant

FROM A BUSINESS PARTNER:

"The quality of graduates from the [DCTC electric lineworkers] program is outstanding. We bring in recent DCTC graduates to intern, and quite often our operations supervisors say those interns are excellent, are more mature, and are ready to transition to having a career."

— Greg Miller, CEO and President, Dakota Electric Association

ABOUT THE COLLEGE

Fond du Lac Tribal & Community College (FDLTCC) brings together a tribal college and state community college. FDLTCC offers a postsecondary education to honor the past for those living in the present and dreaming the future through a spirit of respect, cooperation, and unity. FDLTCC provides postsecondary education in a culturally diverse, welcoming environment and looks forward to the new opportunities ahead.

SERVICE TO MINNESOTA

- » Each year, FDLTCC generates \$49.5 million in economic impact, as well as produces 300 graduates, and supports and sustains 448 jobs.
- » The college has added more than 1,200 graduates to the region over the past five years, more than 200 of whom are American Indians.
- » Annually graduate more than thirty law enforcement students who enter careers in public safety and protection.

- » Offer environmental institute programs, including research and land grant extension education featuring a STEM emphasis.

PARTNERSHIPS

- » Fond du Lac Band of Lake Superior Chippewa: Partnership ranging from student preparation to curriculum to employment and occupational training.
- » Sappi Fine Paper: Fond du Lac Tribal & Community College supports training for over 650 mill employees in Knowledge Management and Training System and workforce development.
- » Winona State University: Partnership to provide an American Indian teacher training program in elementary education.
- » Mille Lacs Band of Ojibwe: Provides academic outreach and occupational training via ITV and on-site training.
- » Carlton, Fond du Lac Ojibwe, and South Ridge High Schools: Fond du Lac Tribal & Community College provides College Connect, a college preparation program for students who otherwise would not have access to an introduction to postsecondary education.

FROM AN ALUMNA:

"I would like to give praise to the incredible diversity the college offers. I also would like to thank all the faculty and staff who helped me whenever I was in need—even the littlest question was treated with respect and kindness. It was an amazing experience for me, considering I am not a traditional age student."

— Carrie Kulas, alumna, class of 2016

MINNESOTA STATE

Hennepin Technical College™

LOCATION:
Brooklyn Park
Eden Prairie

hennepintech.edu | Merrill Irving Jr., President

FY20 STUDENT PROFILE: 6,425 Credit-seeking Students | **34.2%** Pell Eligible | **45.3%** Students of Color

Request Details

Amounts are estimates and subject to change

- » \$2.4 million of \$75 million in campus responsiveness and stabilization
- » 6,425 students will benefit from direct support for students' critical needs, including mental health services and affordable textbooks

2021 Capital Request

- » \$2.5 million in asset preservation and replacement to replace roofs on the Eden Prairie and Brooklyn Park campuses

ABOUT THE COLLEGE

Hennepin Technical College (HTC) is the largest technical college in Minnesota State, providing a gateway to promising futures for students from diverse backgrounds, many who are first-generation and lower income. HTC reduces the skills gap and raises the knowledge and expertise of our students as evidenced by our 99% job placement rate.

SERVICE TO MINNESOTA

- » Each year, HTC generates \$237.7 million in economic impact, as well as produces 1,200 graduates annually, and supports and sustains 2,080 jobs
- » HTC is among the best in the nation for conferring associate degrees to minority students, according to *Diverse: Issues in Higher Education*. (HTC's 2020 rankings for engineering technologies and engineering related fields include; #9 for Asian American students and #22 African American students)
- » HTC is named on the 2020 Best Colleges list by *GradReports*, which recognizes colleges for producing graduates who have low student loan debt and earn the high salaries

PARTNERSHIPS

- » **Metro Transit Technician Program:** Students from underrepresented communities earn an associate degree and a pathway to full-time employment as a bus technician with Metro Transit. (Partners: Twin Cities RISE, Metro Transit, Metropolitan Council)
- » **Pathways:** HTC maintains strong partnerships with school districts to provide educational pathways for high school students to pursue careers in technical fields. (Partners: Metro South, Intermediate District 287, Robbinsdale School District 281, MNCAPS, Hennepin West Perkins Consortium)
- » **Industry Consortium for Advanced Technical Training (ICATT):** HTC partners with ICATT, the largest apprenticeship program for high-tech manufacturers and companies with complex technologies
- » **Genesys Works:** This partnership allows underserved high school students to complete an information technology course and earn college credit
- » **Ford ASSET:** Innovative program combines automotive training and internship experiences at sponsoring dealerships and ranked number one program in the nation

FROM A ALUMNUS:

"With the hands-on training and knowledge I gained from HTC, I am confident with my skills and consider myself a successful IT professional."

— Nyphen Sanders, HTC graduate, Information Technology

MINNESOTA STATE

LOCATION:
Hibbing

NOTE: Hibbing Community College is part of the Northeast Higher Education District (NHED).

hibbing.edu | Michael Raich, Interim President

FY20 STUDENT PROFILE: 1,653 Credit-seeking Students | **39.3%** Pell Eligible | **16.6%** Students of Color

Request Details

Amounts are estimates and subject to change

- » \$0.7 million (as part of NHED) of \$75 million in campus responsiveness and stabilization
- » 1,653 students will benefit from direct support for students' critical needs, including mental health services and affordable textbooks

ABOUT THE COLLEGE

Hibbing Community College (HCC) is a two-year comprehensive community college. HCC offers transfer options as well as a wide variety of career programs leading to immediate employment, including nursing, diesel mechanics, culinary arts, dental assisting, law enforcement, IT networking & security, automotive mechanics, and many more.

SERVICE TO MINNESOTA

- » Each year, as part of the Northeast Higher Education District, Hibbing, Itasca, Mesabi Range, Rainy River, and Vermilion generate \$211.3 million in economic impact, producing approximately 1,100 graduates as well as supporting and sustaining around 1,800 jobs
- » Trains highly skilled graduates in technical programs serving local employers
- » Strives to create an inclusive and equitable environment from recruitment through graduation
- » Offers programs such as PSEO, College in the Schools, Applied Learning Institute, and

Upward Bound to foster strong relationships with local high schools

- » Provides student success-focused programs on campus, such as TRIO, to ensure students get the most out of their college experience
- » Prepares students for success in the classroom and their career through campus leadership events, intrusive advising, financial literacy, and Strengths Quest coaching
- » Offers EMPOWER—a program to support women entering non-traditional career pathways, including diesel mechanics, law enforcement, electrical maintenance, and more

PARTNERSHIPS

- » **Fairview Range:** Offers grants, work opportunities, and more to health care programs at Hibbing Community College
- » **University of Minnesota Dental Clinic:** Provides a fully functional dental clinic on Hibbing's campus. Students in HCC's Dental Assisting students work alongside University of Minnesota senior dental students to provide care to area residents

FROM A STUDENT:

"The instructors and staff at HCC have provided every opportunity for me to learn and feel accomplished in the field of study that I have chosen. I feel prepared as I enter into my chosen career because of the great people here."

— Quinn Vork, electrical maintenance student

LOCATION:
Inver Grove Heights

- » \$6.691 million for the design and renovation of Armstrong Hall Replacement, Phase I
- » \$6.7 million in asset preservation and replacement to replace roof, chiller, and lab casework

ABOUT THE UNIVERSITY

Since its founding in 1868, Minnesota State University, Mankato, has been an institution where real-world thinking helps students transform their big ideas into rewarding futures. It is the second largest public university in Minnesota, with more than 130 undergraduate, 85 graduate, and five doctoral programs. The faculty, students, and staff at Minnesota State Mankato are committed to finding solutions that make life better for people in our state, our region, and our world.

SERVICE TO MINNESOTA

- » Each year, Minnesota State Mankato generates \$781.5 million in economic impact, as well as produces 3,400 graduates, and supports and sustains 6,239 jobs
- » Minnesota State Mankato was honored for its commitment to the state’s clean energy goals after completing an energy-savings sustainability project that included 31 buildings, sidewalks, and roadways

- » The Minnesota Educators Partnership works to advance student success from pre-K through college
- » The Maverick Family Nursing Simulation Center partners with health care organizations throughout the state to provide workforce training and professional development

PARTNERSHIPS

- » **Delta Air Lines:** Minnesota State Mankato is one of eight universities nationwide to be part of the Delta Propel Pilot Career Path Program, which allows aviation students to join a defined, accelerated, and customized path from college to Delta
- » **Sanford Health and Orthopaedic and Fracture Clinic:** This partnership provides a holistic approach to sports medicine for student-athletes at Minnesota State Mankato
- » **Recharge Minnesota:** Automotive engineering technology program is partnering with the Olseth Family Foundation and the Mankato Area Foundation to play a lead role in working toward greater adoption of electric vehicles in southern Minnesota

FROM A BUSINESS PARTNER:

“We’ve had a great experience with Minnesota State Mankato, and their work helping us get this [Minnesota Job Skills Partnership] grant—we’ve never done a grant that’s this scale before. As we looked over the future and at all of the training that we needed to do, it seemed like a great partnership for us.”

ABOUT THE COLLEGE

Normandale Community College provides two-year degrees and certificates, is a top transfer school for Minnesota four-year colleges and universities, and partners with Minnesota State University, Mankato, Metropolitan State University, and Southwest Minnesota State University to offer bachelor's degrees on campus.

SERVICE TO MINNESOTA

- » Each year, Normandale generates \$401.2 million in economic impact, as well as produces 1,200 graduates, and supports and sustains 3,474 jobs
- » Developmental education to prepare students for college-level work
- » Partnerships with area high schools to offer PSEO, concurrent enrollment, articulated credit, and other opportunities
- » Programs are closely tied to local, state, and federal workforce agencies to leverage economic development resources

- » Strive to ensure education and training is aligned with the state's changing economy

PARTNERSHIPS

- » **Donaldson Company:** Contributes scholarships to the college's Academy of Math and Science, which provides a financial and advising support system for students pursuing STEM fields
- » **Health Resources and Services Administration:** Grant partnership to help prepare dental hygienists for the charge of expanding scope with new competencies to meet the oral health care needs of vulnerable, underserved, and rural populations
- » **Dakota, Hennepin, and Ramsey Counties:** These employers have joined a unique collaboration where higher education, community-based organizations, and employers work together to uniquely meet the needs of underemployed, adult learners
- » **Medtronic:** Through a three-year grant, Normandale will support the development and delivery of a comprehensive training initiative focused on advancing employee skills in areas like health care data analytics and value creation

FROM AN ALUMNA:

"My time at Normandale was a phenomenal experience. I can't imagine I would be doing what I am or be on the path I am currently on if I had gone to a different school."

— Sheena Jimmick, alumna and 2017 Jack Kent Cooke Scholar, majoring in astrophysics at the University of Minnesota

FY20 STUDENT PROFILE: 9,100 Credit-seeking Students | **33%** Pell Eligible | **49.3%** Students of Color

Request Details

Amounts are estimates and subject to change

- » \$2.1 million of \$75 million in campus responsiveness and stabilization
- » 9,100 students will benefit from direct support for students' critical needs, including mental health services and affordable textbooks

2021 Capital Request

- » \$6.598 million for the Center for Innovation and the Arts
- » \$911,000 in asset preservation and replacement to replace cooling tower

ABOUT THE COLLEGE

North Hennepin Community College (NHCC) is a global-minded, local collegiate community of lifelong learners. We serve 9,000 students from all different backgrounds, and strive for diversity, equity and inclusiveness. We offer more than 70 academic programs via associate degrees and certificates, and bachelor's degrees through four-year university partnerships. In addition, we offer several opportunities for high school students to earn college credit.

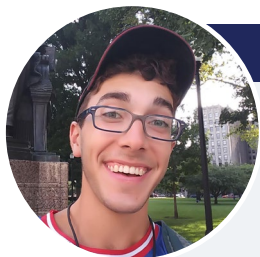

SERVICE TO MINNESOTA

- » Each year, NHCC generates \$272.5 million in economic impact, as well as produces 1,300 graduates, and supports and sustains 2,360 jobs
- » Offer initiatives to help close the opportunity gap, including Equity by Design, Racial Healing community collaborations, and Diversity, Equity and Inclusion programming on campus
- » Deliver 10 bachelor's degree programs on campus via partnerships with four-year universities

- » Growing and developing programming in high-demand fields including phlebotomy, ethnic studies, and weekend and evening degree programs. Collaborate with four high schools to offer concurrent enrollment courses

PARTNERSHIPS

- » **Center for Innovation and The Arts:** Collaboration with the City of Brooklyn Park, Hennepin County, and Osseo Area Schools ISD 279 to bring the arts to the northwest metro
- » **Multiple collaborative partners to identify and address workforce needs:** Hennepin-Carver Workforce Innovation Board, TwinWest Elevate Futures, The Twin Cities Manufacturers Consortium, surrounding cities and chambers of commerce, and more
- » **Disability:IN Minnesota:** Collaboration to provide mentoring and employment opportunities for students with disabilities
- » **Brooklyn Bridge Alliance for Youth:** Collaboration to increase student persistence through existing assets, innovation, and new partnerships
- » More than 30 K–12 high schools participating in PSEO programming with NHCC

FROM A STUDENT:

“North Hennepin’s nursing program felt like the most logical, cost effective step for me to make after high school. I could get an accredited degree while avoiding major student loan debt and NHCC also provides a convenient transition into a bachelor’s program. I am coming away from graduation with the knowledge, skills, and attitudes needed to keep growing as a nurse.”

— Wyatt Smith '20, nursing

Request Details

Amounts are estimates and subject to change

- » \$1.5 million of \$75 million in campus responsiveness and stabilization
- » 4,323 students will benefit from direct support for students' critical needs, including mental health services and affordable textbooks

2021 Capital Request

- » \$2.22 million for Effective Teaching and Learning Labs design and renovation
- » \$2.5 million in asset preservation and replacement to replace a roof at the Thief River Falls campus and to repair and recommission HVAC at the East Grand Forks campus

ABOUT THE COLLEGE

Northland is a comprehensive two-year community and technical college with campuses in East Grand Forks and Thief River Falls, Minnesota. Northland offers over 80 program options, including robust liberal arts and transfer pathway programs and a wide range of career and technical degrees and certificates in nursing and allied health, construction trades, manufacturing, agriculture, aerospace, information technology, and automotive that lead directly to employment. Providing a winning tradition in the classroom and on the field, the Northland Pioneers Athletics field eight NJCAA varsity sports with nearly 175 student-athletes.

SERVICE TO MINNESOTA

- » Each year, Northland generates \$133.6 million in economic impact
- » Partners with business and industry throughout the region to ensure that academic offerings reflect business and industry needs

- » Pathways for students regardless of past academic success, taking some from illiteracy to pursuing an advanced degree
- » Implemented a service learning program designed to foster student engagement by connecting students to communities through a required service experience
- » Actively partner and collaborate with all K–12 schools in the region

PARTNERSHIPS

- » Community partners donate funds and equipment for programs and are the primary employers for many graduates. Partners provide curriculum expertise and offer internship and clinical opportunities
- » **Altru and Sanford Health Systems:** Nursing and allied health programs
- » **American Crystal Sugar, Digi-Key, Textron, Polaris, Philadelphia Macaroni, and Simplot:** Manufacturing and industry programs
- » **United States Air Force, Northrop Grumman, and University of North Dakota:** Aerospace programs

FROM AN ALUMNA:

"I loved my teachers. It was a welcoming place. Classes on campus and online helped if you had a really busy schedule. It was affordable and overall a great experience. I really appreciate the support of the Northland staff who were my teachers at one point, and now coming in as customers. They also help get the word out, which I really appreciate."

Request Details

Amounts are estimates and subject to change

- » \$0.4 million of \$75 million in campus responsiveness and stabilization with Bemidji State University
- » 1,751 students will benefit from direct support for students' critical needs, including mental health services and affordable textbooks

2021 Capital Request

- » \$781,647 in asset preservation and replacement to update doors and locks

ABOUT THE COLLEGE

Northwest Technical College (NTC) is a technologically focused learning environment that is highly responsive to workforce needs in northern Minnesota. Its collaborative relationships are key to meeting the needs of students and employers in the Bemidji region and beyond.

SERVICE TO MINNESOTA

- » Each year, NTC and its aligned university, Bemidji State University, generate \$321.7 million in economic impact, produce 1,326 graduates, and support and sustain 2,749 jobs
- » NTC is a major regional provider of trained professionals for a variety of rapidly growing health-related fields, with about 60% of all NTC students studying practical or associate degree nursing, dental assisting, health care administrative support, and medical coding and transcription
- » Child care and education programs meet a constant need for highly trained child care providers throughout northern Minnesota, with graduates

becoming child care providers and teaching paraprofessionals, or continuing their education

- » NTC responded to industry and employer demand, adding new programs in commercial refrigeration in fall 2018 and in gerontology & aging studies in spring 2020

PARTNERSHIPS

- » **Greater Bemidji:** NTC provides customized, timely mechatronics training for employees of regional manufacturing companies
- » Beltrami County Health and Human Services Department: NTC is the host partner for Workforce Impact, a countywide workforce training initiative
- » **Minnesota State Advanced Manufacturing Center of Excellence:** NTC is a member of a consortium with BSU and 14 other Minnesota State colleges to meet the needs of the region's manufacturing employers
- » **Distance Minnesota:** Lead partner in an online higher education consortium that serves NTC, BSU, and the state colleges in the region

FROM A STUDENT:

"NTC is doing everything they can to help me achieve my dream. The learning environment has been nothing short of fantastic. The teachers and staff have been great at working with me when my schedule has been difficult."

Amounts are estimates and subject to change

- » \$0.6 million of \$75 million in campus responsiveness and stabilization
- » 2,631 students will benefit from direct support for students’ critical needs, including mental health services and affordable textbooks

2021 Capital Request

- » \$226,570 in asset preservation and replacement to replace windows and upgrade security hardware

ABOUT THE COLLEGE

Pine Technical and Community College (PTCC) is a vibrant college and community resource, empowering learners and partnering to strengthen local communities. PTCC offers a diverse program mix, including gunsmithing, automated systems, welding, cybersecurity and IT, machining, automotive, American Sign Language, business, human services eligibility worker and health care sciences.

SERVICE TO MINNESOTA

- » Each year, PTCC generates \$48.6 million in economic impact
- » During the 2019-2020 academic year, PTCC partnered with 33 high schools and served 1,660 high school students through College Credit in High School Programs. Students earned 8,810 credits, saving their families \$1.39 million in tuition cost

- » With assistance from Pine County, within a matter of weeks, PTCC was able to graduate 94 students into the workforce, tuition free, through a new program initiative entitled WorkFast
- » Telework Center in Kanabec County allows students or members of the community to study or work without commuting to campus in the Twin Cities
- » The Pearson Vue-affiliated Testing Center on campus provides supervised exams, reducing travel for students and graduates who are seeking certification and credentialing from another campus

PARTNERSHIPS

- » Frandsen Corporation: A pillar within the PTCC Foundation and has provided a number of scholarships to students in the region.
- » PTCC delivers on-site training to employees of Wyoming Machine, Nexen Corporation, Andersen Windows, Atscott Mfg. Inc., Wyoming Machine, Imperial Plastics, and Parker Hannifin.

FROM A BUSINESS PARTNER:

“Pine Technical and Community College has been a strong partner for many years. Workforce skills are critical to the success of our business and having a strong college partner in our region is incredibly important to us. Administrators to educators at PTCC work to form strong partnerships with industry, they listen, and offer innovative solutions that benefit those seeking education and training and those looking to hire graduates.”

Request Details

Amounts are estimates and subject to change

- » \$0.2 million (as part of NHED) of \$75 million in campus responsiveness and stabilization
- » 302 students will benefit from direct support for students’ critical needs, including mental health services and affordable textbooks

ABOUT THE COLLEGE

Rainy River Community College (RRCC) offers high-quality academics, on-campus housing, athletics, student organizations, and the opportunity for lifelong friendships. Students appreciate the small class sizes and individual attention they get from instructors and staff.

SERVICE TO MINNESOTA

- » Each year, as part of NHED, RRCC, HCC, ICC, MRC (Mesabi Range College), and VCC (Vermilion) generate \$211.3 million in economic impact, as well as produce 1,100 graduates, and support and sustain 1,809 jobs
- » RRCC Partners with HCC to host their Associate in Science degree in nursing. Traditional students and advance standing LPNs are accepted. Clinical experiences are provided in the area community hospitals, clinics, nursing homes, and other community-based health care agencies
- » RRCC partners with ICC to host their Practical Nursing program. This program provides carefully selected course instruction in a face-to-face or web-enhanced

delivery and clinical practice at community health care facilities which enables the student to meet the basic needs of patients and function as a practical nurse

- » RRCC partners with MRC to host their Addiction Studies/Human Services program. This is designed for students interested in helping people to help themselves with problems of psychological or social survival
- » RRCC partners with Normandale Community College to host their hospitality management program. This provides world-class customer service and management training for local partners in the hotel and restaurant industry
- » RRCC is the only higher education provider for over 100 miles with the responsibility to prepare students for the next phase of their education or career

PARTNERSHIPS

- » **Rural Health Care Initiative:** RRCC partners with Essentia Health, Rainy Lake Medical Center, City of International Falls, and the Koochiching County Economic Development Agency, to develop short- and long-term strategies addressing the health care worker shortage in rural Minnesota
- » **Advanced MN:** Providing a variety of training for employees at Packaging Corporation of America

FROM AN ALUMNUS AND BUSINESS PARTNER:

“The community college system is underappreciated for the important work it does. It truly sets the standard for value in postsecondary education. I wish more people took advantage of this opportunity—it’s an effective way to expand people’s horizons, particularly when time and funds are limited.”

— David C. Herman, MD, Essentia Health CEO and alumnus

ABOUT THE COLLEGE

With 642 graduates annually, Riverland serves students, 49% of whom are underrepresented, through Best in Class programs. The college offers 75 Quality Matters™ certified online programs and has received HLC re-accreditation until 2026. Riverland generates \$7.1 million in state and local revenue each year and accounts for \$1.4 million in community contributions.

SERVICE TO MINNESOTA

- » Each year, Riverland generates \$121.4 million in economic impact, as well as produces 642 graduates, and supports and sustains 1,101 jobs
- » More than 60% of radiologic technologists in the southeast Minnesota region are graduates of Riverland's radiography program
- » Criminal justice and corrections program supplies a high percentage of sworn officers in local police departments
- » New agricultural and food science technology program prepares students for the agriculture and food manufacturing industries

- » Farm business management program annually provides customized management and financial consulting to 500+ local farmers
- » Partner with 22 regional high schools in concurrent/PSEO courses, lead an active Perkins Consortium, and support Northfield High School's TORCH program
- » To meet Allied Health demands, Riverland implemented an evening practical nursing program in Owatonna
- » Programs like elementary education and Flex/Pace connect two-year degrees with bachelor's options at universities

PARTNERSHIPS

- » **Habitat for Humanity:** Partner with the construction program to build homes each year
- » **Hormel Foods, Lou-Rich, and Viracon:** Train hundreds of incumbent workers at these companies annually
- » **The Hormel Foundation:** Implementing Gap Scholarships to Austin's graduating high school seniors starting in 2019
- » **Waseca Correctional Facility:** Offers Riverland's cosmetology degree

FROM A BUSINESS PARTNER:

"With the high demand for skilled labor, it is important for Lou-Rich, Inc. to partner with Riverland to enhance the learning environment for the students and better prepare them for the local workforce."

ABOUT THE COLLEGE

Rochester Community and Technical College (RCTC) is the oldest public two-year college in Minnesota, combining the best in liberal arts, technical, and lifelong learning with more than 70 credit-based programs and more than 100 credential options.

SERVICE TO MINNESOTA

- » Each year, RCTC generates \$231.9 million in economic impact, as well as produces 978 graduates, and supports and sustains 2,009 jobs
- » Provides skilled workers ready to enter the fast-growing, high-tech workforce
- » Works with students and area K–12, alternative learning providers and four-year institutions to map educational and career goals and create a plan to best achieve them
- » Programs that can be completed in one semester or one or two years. Students can be

trained and enter the workforce with a smaller investment of time and money

- » Offers counseling, advising, financial assistance, health services, and tutoring all aimed at top priority of seeing students succeed

PARTNERSHIPS

- » **Mayo Clinic School of Health Sciences and Mayo Clinic:** Provides clinical/internship experiences for students, offers annual financial program support, and serves on many program advisory committees
- » **Destination Medical Center:** RCTC leadership serves to align educational opportunities with planned community and economic growth
- » **Rochester Chamber of Commerce:** RCTC sponsors and supports initiatives including Leadership Greater Rochester and the STEAM summit (science, technology, engineering, arts, and math) for high school juniors

FROM A STUDENT:

“As a student at RCTC, I have learned three main attributes: work hard, work as a team, but most of all dream big. I believe every RCTC student and faculty are held to higher academic and moral standards through learning, working, and interacting. In addition, RCTC emphasizes the diversity and the teamwork that is key to innovation and career success. Finally, RCTC is an atmosphere of optimism and dreaming big; through working with students and faculty, I have learned that dreaming big is the key to changing the world one step at a time.”

ABOUT THE COLLEGE

South Central College (SCC) is a comprehensive community and technical college offering programs that prepare students to immediately start a rewarding career after graduation or transfer to a four-year institution to pursue a bachelor's degree. In addition, SCC's Center for Business and Industry provides customized training and continuing education opportunities.

SERVICE TO MINNESOTA

- » Generates \$161 million in economic impact, as well as produces 563 graduates
- » Serves as the lead institution for the Minnesota State Southern Agricultural Center of Excellence
- » One of four Minnesota State colleges chosen to be part of the Minnesota Reconnect Pilot
- » Developed a comprehensive Credit for Prior Learning (CPL) program, created a "How To" manual for other colleges looking at implementing CPL, and piloted an online tool for individuals to use to see how their knowledge

gained in the workplace, military and elsewhere aligns with college courses, with this tool being explored for state-wide roll-out

PARTNERSHIPS

- » **Dual Training and Apprenticeship Program:** Since 2016, SCC has worked with employer partners to receive funding from the PIPELINE Dual Training program funding to support 285 dual trainee spots with grants valued at more than \$1.5 million
- » **Minnesota Job Skills Partnership (MJSP) Program:** SCC partners with companies in applying for MJSP grants from MN DEED to fund on-site training through the college's Center for Business and Industry. To date, SCC has partnered with 591 companies who have received a total of \$9.6 million in MJSP grants
- » **H2C – High School to College and Career:** Collaborating Faribault area education, chamber and healthcare industry leaders, SCC has created an H2C Health Sciences Pathway Program to provide Faribault High School students with college credit, career experience, and preparation to transition into one of six SCC programs. The college plans to introduce the program with other school districts and in other industry fields moving forward

FROM A STUDENT:

"After I got out of the military, I was looking for something that would allow me to leverage the drive and self-discipline I learned there into a new career that would benefit me and my family. Coming to SCC turned out to be a wise decision. The staff were extremely helpful in the enrollment process and helping me utilize my GI benefits, and my instructors are absolutely the best in the business."

- » **Career Force:** Co-located on the SCTCC campus, includes partners Career Solutions and Minnesota DEED’s Job Service and Vocational Rehabilitation

Services teams. All partners collaborate to provide education for dislocated workers. Career Solutions’ annual Summer Youth Employment Program, CareerONE, has introduced hundreds of 14–17-year-old students to SCTCC, with the opportunity to earn transferrable college credits. In 2020, CareerOne served 109 students and partnered with SCTCC to provide laptops to the participants for an online experience

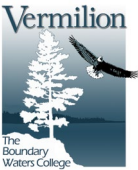

- » **Park Industries:** Employ current students and support them with flexible work schedules and pay incentives for good academic progress. Also provides in-kind equipment and cash donations for scholarships and VEX Robotics
- » **Cold Spring:** Partnered with SCTCC and four local high schools to provide transferable college-level courses to high school students
- » **Coborn’s:** Provides scholarships and student internship opportunities
- » **CentraCare:** Partnership that includes funding to expand biology labs, clinical locations health students, and exploration of addition health career pathway

FROM A STUDENT:

“If you plan on going to college and you feel like there’s a hurdle you can’t overcome, don’t give up. I was really close to giving up because I didn’t know what I was going to do (about purchasing tools for Carpentry). Things just kind of fell into place.”

— Rob Miller, Carpentry Student

LOCATION:
Ely

NOTE: Vermilion Community College is part of the Northeast Higher Education District (NHED).

vcc.edu | Michael Raich, Interim President

FY20 STUDENT PROFILE: 895 Credit-seeking Students | 27.9% Pell Eligible | 20.8% Students of Color

Request Details

Amounts are estimates and subject to change

- » \$0.3 million (as part of NHED) of \$75 million in campus responsiveness and stabilization
- » 895 students will benefit from direct support for students’ critical needs, including mental health services and affordable textbooks

ABOUT THE COLLEGE

Vermilion Community College is located in the heart of Superior National Forest on the doorstep of the Boundary Waters Canoe Area. VCC is nationally recognized for niche programming in natural resource use and natural resource protection. Most popular degrees include fisheries and wildlife biology, natural resource technology, wildland/wildlife law enforcement, wilderness and parks management, outdoor leadership, and watershed science. VCC’s unique location affords students a million-acre outdoor laboratory out the back door. More than three-fourths of the college’s students come from beyond the immediate commuting area.

SERVICE TO MINNESOTA

- » Each year, as part of NHED, VCC (Vermilion), RRCC, HCC, ICC, and Mesabi Range College generate \$211.3 million in economic impact, as well as produce 1,100 graduates, and support and sustain 1,809 jobs

- » Unique programming focused on training students for careers working directly with Minnesota’s natural resources
- » Degree-specific internships with a wide variety of Minnesota and federal agencies, including water districts, state parks, Department of Natural Resources, and forestry offices
- » Vermilion’s new Veterinary Technician program received full accreditation last year. It is the only Vet Tech program north of the Twin Cities

PARTNERSHIPS

- » **National Park Service:** Vermilion is one of six colleges in the country with an accredited pathway to provide National Park Rangers
- » **Minnesota Pollution Control Agency:** For several years, facilitated over \$300K MPCA-funded local river water quality/ research projects for the state
- » **Minnesota Department of Agriculture (MDA):** Over the past four years, VCC has facilitated MDA pesticide monitoring grants for the State

FROM AN ALUMNUS:

“Vermilion showed me there are so many different ways to get involved in the water industry, including: water operations, lab work, field work, construction line location, meter installation, and hydrant testing. The best part of my career is providing clean, fresh water to our local residents.”

— Justin Remien, alumnus, City of Gilbert Public Utilities

LOCATION:
Winona

winona.edu | Scott Olson, President

FY20 STUDENT PROFILE: 8,604 Credit-seeking Students | **24.8%** Pell Eligible | **13.8%** Students of Color

Request Details

Amounts are estimates and subject to change

- » \$4.2 million of \$75 million in campus responsiveness and stabilization
- » 8,604 students will benefit from direct support for students' critical needs, including mental health services and affordable textbooks

2021 Capital Request

- » \$3.218 million for the Center for Interdisciplinary Collaboration, Engagement & Learning
- » \$7.4 million in asset preservation and replacement to replace roofs, HVAC, and entrance steps

ABOUT THE UNIVERSITY

Winona State University (WSU) ensures an exceptional education in a beautiful residential campus environment at an affordable cost. WSU is nationally recognized for innovative integration of technologies in teaching and learning. Regional partners in education, business, and the health industry value WSU's responsiveness to their needs.

SERVICE TO MINNESOTA

- » Each year, WSU generates \$447.9 million in economic impact
- » Minnesota State Healthforce Center of Excellence works to increase and diversify health care workers, integrate education practice and research, and enhance patient care
- » Guiding Warriors Mentoring Program pairs underrepresented students with faculty and student mentors to improve retention and graduation

- » WSU-Rochester's elementary education courses at Riverside Central Elementary School prepare teacher candidates to engage with diverse elementary-age students
- » Bridges Health Winona is a student-led, faculty-guided, interprofessional clinic that provides a variety of free preventative health and wellness services to the Winona community
- » More than 97% of graduates are employed in their field of study within one year of graduation

PARTNERSHIPS

- » Mayo Clinic: WSU is a major provider of nurses and other health professionals
- » Hawthorne Learning Center and Hiawatha Valley Mental Health Center: On-site training allows students to provide supervised counseling
- » Austin 2+2 Teacher Preparation Program: Face-to-face and on-site in partnership with Austin Public Schools and Riverland Community College
- » WSU supplies engineering talent to the composite materials industry cluster in southeastern Minnesota and is a key partner in the southeast Minnesota Enterprise Zone, providing specialized continuing and technical education and customized training

FROM AN ALUMNUS:

"The most important thing WSU taught me was the importance of giving back. Doing things such as assisting with community clinics like Bridges Health or running events sponsored by student clubs, they all had a positive impact on the community by allowing us to engage, educate and empower those around us. I think it's through these opportunities that WSU truly makes a community of learners that seeks to improve our world in their own unique ways."

— Juan Manuel Rojas Cabrera, alumnus

Our core Commitments

Minnesota State plays an essential role in growing Minnesota's economy and opening the doors of educational opportunity to all Minnesotans. Our colleges and universities:

- » Ensure access to an extraordinary education for all Minnesotans
- » Are the partner of choice to meet Minnesota's workforce and community needs
- » Deliver to students, employers, communities, and taxpayers the highest value/most affordable higher education option
