**1981 DIRECTORY OF
MINNESOTA GROWN FRUITS AND VEGETABLES**

Compiled by:

Minnesota Department of Agriculture
Marketing Services Division

With appreciation to
Specialty Crop Growers
for assistance in
compiling this information

Dear Friend:

The growers and farm markets are listed alphabetically by county. We hope this information helps consumers obtain fresh nutritional produce at reasonable prices and helps the farmer retain a greater share of the food dollar.

The abundance of Minnesota agriculture is evident in the wide variety of fresh fruits and vegetables grown by Minnesota farmers for the fresh produce market. Apples, berries, peas, beans, sweet corn, tomatoes, broccoli, cabbage and cauliflower are only a few of the Minnesota produce offered to you.

This directory was designed to assist consumers in locating farms involved in selling farm-fresh products:

- a) Pick-Your-Own Fruit & Vegetable Farms
- b) Roadside Markets
- c) On-Farm Sales
- d) Greenhouses
- e) Farmers' Markets

Omission or inclusion of farms does not constitute a recommendation. Corrections, omissions or comments relative to this publication should be addressed to the Minnesota Department of Agriculture, Marketing Services Division, 90 West Plato Boulevard, St. Paul, Minnesota 55107.

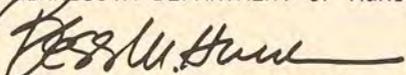

Since the harvest period of specific produce and its availability will vary due to climatic conditions, it is advisable to CONTACT THE GROWER BEFORE GOING TO HIS/HER FARM.

Pack a picnic lunch. Treat yourself, family and friends to a day in the open air and sunshine. Take a "break" to smell the delicious fresh country air, to enjoy the unbeatable fresh flavor of MINNESOTA GROWN PRODUCE and to view the unsurpassed landscape of Minnesota's countryside.

ENJOY! ENJOY! ENJOY!

Sincerely,

MINNESOTA DEPARTMENT OF AGRICULTURE

Bess M. Hum, Marketing Specialist
Marketing Services Division

ANOKA COUNTY

Daniel Whipple* — 11726 Norway St. NW, Coon Rapids, MN 55433. PYO strawberries. (612) 755-6946.
