A Guide to Magazines and Newspapers in the Legislative Reference Library is a directory of the periodicals received currently by the library. These journals cover a wide range of subject areas of interest to legislators and legislative staff members.

The main body of the guide is an alphabetical listing of periodicals. Each entry contains a title, the frequency of publication, the issuing agency and a request number. Several titles have a brief annotation.

After the listing of periodicals, you will find a list of newspapers and a subject index.

Enclosed with this publication, you will find a request form for the Contents Service offered by the library. On this form, list the request number of the magazines in which you are interested. Return the form to the library, and we will send you contents pages for each title as it arrives. (The "contents page" may be a photocopy of the table of contents, a photocopy of the title page in the absence of a table of contents, or a copy of the whole publication, subject to availability and permission of the publisher.) If you participate in this service presently and wish to make no changes, do nothing. Your current selections will remain in effect.

The Legislative Reference Library's bimonthly publication, *Introductions*, updates this guide with annotations of newly received periodicals of interest.

As always, the staff of the Legislative Reference Library are ready to help you locate and track the information you need. Please feel free to contact us at any time.
