**AUTHORITY & PURPOSE:** The Legislative Commission on Long-Term Health Care was established pursuant to Laws 1983, chapter 199. The commission was created to (a) monitor the inspection and regulation activities, including rule developments, of the Departments of Health and Human Services with the goal of improving quality of care; (b) study and report on alternative long-term services and (c) study and report on alternatives to medical assistance funding for providing long-term health care services to the citizens of Minnesota. ## LEGISLATIVE COMMISSION ON PENSIONS AND RETIREMENT

Room 55, State Office Building  
St. Paul, Minnesota 55155

612-296-2750

EXECUTIVE DIRECTOR: Lawrence A. Martin

**AUTHORITY & PURPOSE:** The Legislative Commission on Pensions and Retirement was established initially as an interim commission in 1955 and later as a permanent commission in 1967. The commission is established pursuant to Minnesota Statutes, section 3.85. The commission is directed to make a continuing study and investigation of public employee retirement plans in Minnesota to make recommendations to establish and maintain sound public employee pension legislation. There are at least 700 public employee pension funds and plans in Minnesota, with more than 224,000 active members. The public employee pension funds and plans in the state range from three large statewide retirement funds to over 600 small municipal volunteer firefighters relief associations. While the commission plays no formal role in the legislative process under the rules of either the House or the Senate or the joint rules, it traditionally has functioned as the first legislative entity to consider and make recommendations concerning proposed pension legislation. There is a considerable amount of public employee pension legislation each legislative session because the benefit plans of many of the pension funds are entirely contained in statute.

**SERVICES:** The commission staff can: (1) provide background information on any public employee pension topic, any legislative bill or enactment relating to public employee pension funds or any constituent problem concerning public employee pensions; and (2) assist legislators in preparing legislation or amendments relating to public employee pensions.

**MEMBERSHIP:** The Legislative Commission on Pensions and Retirement is composed of five members of the Senate, appointed by the Subcommittee on Committees of the Senate Committee on Rules and Administration, and five members of the House, appointed by the Speaker of the House of Representatives. The Chair of the commission rotates between House members and the Senate members periodically. The term of membership on the commission is two years, and commences on January 16 of the first year of each regular legislative session.

**SUBORDINATE UNITS:** Subcommittees of the Legislative Commission on Pensions and Retirement are established periodically as the need for special studies arise.

EXECUTIVE DIRECTOR: Maryanne V. Hruby

AUTHORITY & PURPOSE: The Legislative Commission to Review Administrative Rules (LCRAR) was created in 1974 as a bipartisan, joint commission to "promote adequate and proper rules by state agencies and an understanding upon the part of the public respecting them."

The commission also has the authority to suspend an adopted rule.
