RE: Work Zone Speed Management Study

Dear Legislators:

We are pleased to provide the Work Zone Speed Management Study to the legislature.

As directed by the [2021 Laws of Minnesota, 1st Spec. Sess., Chap. 5, Art. 4, Sec. 140](#) this study identified existing strategies and practices currently used in work zones to reduce vehicle speed and provide a safer space for workers in the work zones. A task force consisting of MnDOT and DPS staff, industry representatives, cities, counties and stakeholder groups convened to discuss and recommend actions to create safer work zones in construction areas. These recommendations are provided in the study.

Please let us know if you have any questions.

Sincerely,

A handwritten signature in blue ink that reads 'Margaret Anderson Kelliher'.

Margaret Anderson Kelliher
Commissioner

A handwritten signature in blue ink that reads 'John Harrington'.
