

STATE OF MINNESOTA
Office of Minnesota Secretary of State
Steve Simon

Postal Verification Card Report for elections held between August 1, 2021 – December 31, 2021

Cost of Report Preparation

The total cost for the Office of the Secretary of State to prepare this report was approximately \$325. Most of these costs involved staff time in gathering the data and preparing the written report.

Estimated costs are provided in accordance with *Minnesota Statutes*, section 3.197, requiring the cost for preparing a report to be provided at the beginning of a report to the legislature.

Required Report

This report was prepared in accordance with *Minnesota Statutes*, section 201.121, subd. 3, which was updated during the 2021 First Special Session to require that this report be made each year and must include each election that may occur in a county. This statute states:

Within ten days after an election, the county auditor shall send the notice required by subdivision 2 to a random sampling of the individuals registered on Election Day. The random sampling shall be determined in accordance with the rules of the secretary of state. As soon as practicable after the election, the county auditor shall mail the notice required by subdivision 2 to all other individuals registered on Election Day. If a notice is returned as not deliverable, the county auditor shall attempt to determine the reason for the return. A county auditor who does not receive or obtain satisfactory proof of an individual's eligibility to vote shall immediately notify the county attorney of all of the relevant information. By February 15 of each year, the county auditor must notify the secretary of state of the following information for each election held in the previous year by each precinct:

- (1) the total number of all notices that were returned as nondeliverable;
- (2) the total number of nondeliverable notices that the county auditor was able to determine the reason for the return along with the reason for each return; and

(3) the total number of individuals for whom the county auditor does not receive or obtain satisfactory proof of an individual's eligibility to vote.

(b) By March 1 of every year, the secretary of state shall report to the chair and ranking minority members of the legislative committees with jurisdiction over elections the following information for each election held in the previous year by each precinct and each county:

(1) the total number of all notices that were returned as nondeliverable;

(2) the total number of nondeliverable notices that a county auditor was able to determine the reason for the return along with the reason for each return; and

(3) the total number of individuals for whom the county auditor does not receive or obtain satisfactory proof of an individual's eligibility to vote.

Whenever voters register to vote for the first time or update their registrations, county auditors send them postcards, called Postal Verification Cards or PVCs. These postcards serve the dual purpose of notifying voters of their polling place and of providing the county with a verification of the voter's address. The postcards are sent as non-forwardable mail, so that if the voter does not reside at the address at which they registered, it is returned to the county auditor as undeliverable.

These postcards are sent for other purposes as well, such as to notify voters that their polling place has changed or to update voters of their new districts after re-districting. The records of voters who have postcards that are returned as undeliverable and which do not provide a forwarding address for the voter are flagged as "challenged." As a result, if these voters try to vote from this address they will be asked questions under oath about where they reside before being allowed to vote.

For voters who register to vote on Election Day whose postcards are returned as undeliverable, the process is somewhat different. In this case, the county auditor must attempt to determine the reason for the return. For example, was there a typo in the voter's name or address that made the postcard undeliverable? Has the voter moved since Election Day? The county auditor must also obtain proof that the individual was eligible to vote. If they cannot find satisfactory evidence of the voter's eligibility, the county auditor is required to turn the matter over to the county attorney for further investigation and potential prosecution. Starting with the 2010 general election, county auditors are also required to report the number of notices referred to their county attorneys to the Secretary of State.

This report is a compilation of the reports that this office received from the county auditors and provides the numbers by precinct and county, as required by statute. In the event any additional information is gathered from county auditors, this report will be updated.
