## **STATE OF MINNESOTA INTERAGENCY AGREEMENT**

**WHEREAS**, the Minnesota Department of Health (MDH), the Minnesota Department of Commerce (Commerce) and (MMB), as agency for the Minnesota Insurance Marketplace established under Minnesota Laws 2013, Chapter 9 (MNsure) (collectively, "the Agencies") are authorized to enter into this Agreement pursuant to law, including by Minnesota Statutes, § 471.59, subdivision 10; and

**WHEREAS**, Public Law 111-148, known as the Patient Protection and Affordable Care Act (ACA) and rules promulgated thereunder have a number of provisions pertaining to the regulation subject to the jurisdiction of the Agencies; and

**WHEREAS**, Executive Order 11-30 directed the design and development of a Minnesota Health Insurance Exchange to achieve greater access to affordable, high-quality health coverage that maximizes consumer choice and minimizes adverse selection; and

**WHEREAS**, MMB was recently designated to be the lead agency in the design and development of MNsure/Minnesota Insurance Marketplace; and

**WHEREAS**, MMB (or its predecessor, Department of Commerce) has been awarded multiple Health Insurance Exchange Level 1 Establishment Grants by the U.S. Department of Health and Human Services through a Health Insurance Exchange Level 1 Establishment Grant Agreement to design and develop a Minnesota Health Insurance Exchange (Exchange) that includes enrollment, eligibility, small business health options program, plan comparison and provider information, fund aggregation and account management functions that have financial impacts across multiple agencies; and

**WHEREAS**, Minn. Stat. § 62V authorizes the establishment of MNsure/Minnesota Insurance Marketplace; and

**WHEREAS**, the ACA requires every plan sold through MNsure/Minnesota Insurance Marketplace to be certified as a Qualified Health Plan (QHP) or as a "qualified dental plan" (QDP) before being offered for sale by the MNsure/Minnesota Insurance Marketplace; and

**WHEREAS**, the ACA provides that the Secretary of the United States Department of Health and Human Services (HHS) shall, by regulation, establish the criteria for certification of health plans as QHPs and QDPs and specifies certain criteria to be included in such certification; and

**WHEREAS**, MNsure/Minnesota Insurance Marketplace is authorized to certify health plans as QHPs or dental plans as QDPs under Minn. Stat. § 62V.05, subd. 5(c) according to applicable certification requirements.

**WHEREAS**, the Agencies have expertise in and jurisdiction over certain requirements included

in the mandated QHP certification process; and

**WHEREAS**, Minnesota law authorizes MDH to issue certificates of authority to Health Maintenance Organizations (HMOs) following review of network adequacy, quality assurance and improvement standards, enrollee rights and other requirements; and

**WHEREAS**, MDH is required to create and annually update a set of measures by which to assess the quality of health care services offered by health care providers and issue annual public reports on provider quality, and to develop and publish reports on provider cost and quality through the Provider Peer Grouping system; and

**WHEREAS**, Minnesota law directs MDH to conduct data and research initiatives focused on monitoring and improving the efficiency and effectiveness of Minnesota health care (Minn. Stat., § 62J.301) and to evaluate the impact of health reform activities (Minn. Stat. § 62J.311); and

**WHEREAS**, Commerce enforces laws relating to insurance in the State of Minnesota, including but not limited to those relating to insurer certificates of authority, licensure, solvency, rates, benefit forms, marketing and consumer protection; and

**WHEREAS**, the Agencies hold a shared interest in collaborating in the development and implementation of the MNsure/Minnesota Insurance Marketplace, including ensuring that QHPs and QDPs offered through MNsure/Minnesota Insurance Marketplace meet federal and state laws and regulations including but not limited to licensing, network adequacy, and service area standards, evaluating the impact of MNsure/Minnesota Insurance Marketplace on the health insurance market, and in developing options for publicly reporting quality and provider peer grouping information in a consumer-friendly manner on a single, one-stop shopping website while maintaining all relevant administrative and data management rights and regulatory oversight obligations; and

**WHEREAS**, it is the intent of this Agreement to memorialize the Agencies' joint effort and establish the process by which QHP and QDP certification will take place for plans sold within MNsure/Minnesota Insurance Marketplace; and

**WHEREAS**, the Health Insurance Exchange Level 1 Establishment Grant Agreement requires, among other items, funding for the Agencies' staff, contracts and support costs for activities associated with the establishment and implementation of MNsure/Minnesota Insurance Marketplace; and

**WHEREAS**, the Minnesota state accounting system (SWIFT) budgetary and financial management role-based security can be utilized for multiagency access to financial department IDs (FINDEPT IDs) for the purpose of allocating and managing approved federal grants across multiple agencies; and

**WHEREAS**, it is the desire of agencies impacted by the federal Establishment grants to allow each agency to direct charge approved costs and not implement an invoice and payment process

across agencies, as described in this agreed-upon approach:

- Interagency work group plans and approves the state-wide MNsure/Minnesota Insurance Marketplace Project budget, by funding source, and by agency SWIFT expense budget FINDEPT ID.
- FINDEPT ID expense budgets are established in SWIFT only after all applicable federal CCIIO grant award, federal CMS cost allocation, and Minn. Stat. § 3.3005 approvals are obtained.
- Agency responsibility for establishing and maintaining the FINDEPT ID expense budgets in SWIFT corresponds to the underlying funding source. For example, MMB is responsible for entry in SWIFT of the FINDEPT ID expense budgets that are funded by the federal CCIIO grants.
- As an alternative to an interagency billing process, the interagency work group authorizes SWIFT security access to be granted to a limited number of employees at each agency so SWIFT accounting transactions, inquiries and reports may be processed directly against these FINDEPT IDs.

**NOW, THEREFORE,** it is agreed:

## **1. Term of Agreement**

**1.1 *Effective date:*** March 15, 2013 or the date the State obtains all required signatures under Minn. Stat. § 16C.05, subd. 2, whichever is later.

DHS will redact for public viewing a sizeable representative sample of MNSure Orders in accordance with state and federal data privacy laws. The size of the representative sample and the methodology for the sampling will be agreed upon by the parties and specified in the Project Plan.

DHS will carefully review each Order chosen for redaction so as to redact all identifying information on a case-by-case basis, in addition to redacting all standard identifiers. DHS will upload each redacted order to the decisions database designated by MNSure.

6. Sending and Maintaining Correspondence

Upon request, DHS will send all correspondence regarding filed MNSure appeals, including, but not limited to, an acknowledgement of receipt of appeal requests, hearing notices, decisions and MNSure Orders, and reconsideration requests to MNSure, provided, DHS may subcontract with OAH to perform these services. All correspondence related to MNSure appeals will use letterhead approved by MNSure's Authorized Representative, and will use the appropriate MNSure appeals correspondence template. **Correspondence that must be mailed in a "timely" manner will be sent on or before 10(ten) business days. Final Orders will be mailed within 1 (one) business day of finalization and always within 90 (ninety) days of receipt of request, as administratively feasible. Dismissals of expedited appeals and final Orders of expedited appeals will be sent within the timeframes as determined by the Secretary of the United States Department of**

**Health and Human Services.** A copy of all MNSure appeals correspondence will be retained in the case management system, as part of the appeal record. All correspondence related to MNSure appeals will be post-marked no later than one calendar day following the date listed on the MNSure appeals correspondence (i.e., all MNSure appeals correspondence post-marked on Monday will reflect Monday's date on the letter). DHS will investigate all returned MNSure appeals correspondence, and notify MNSure's Authorized Representative of all returned MNSure appeals and their respective resolutions within three business days of return. To the extent that DHS subcontracts the adjudication of certain appeals to OAH, OAH will be responsible for complying with the foregoing terms.

7. Reporting

DHS will submit to MNSure's Authorized Representative, **biweekly** reports to measure various metrics pertaining to MNSure appeals, including, but not limited to, number of appeals; number of hearings; timeliness or pending appeals; timeliness of finalized appeals; caseloads; requests for reconsideration, and any metrics measured by state and/or federal reporting needs or audits.

8. Investigation and Response to complaints

DHS will investigate and respond to all complaints received pertaining to DHS's handling of MNSure appeals and respond to complainant, copying MNSure's Authorized Representative, **within 30 days of receiving complaint**, per the policy and procedure developed according to this Statement.

9. Invoicing

DHS will submit to MNSure's Authorized Representative, **quarterly** itemized invoices unless otherwise stated in this Agreement.

**II. MNSure Tasks.**

1. Consultation, Coordination, and Direction

MNSure shall employ and provide a full-time MNSure Appeals Manager to consult, coordinate, and direct services under this Exhibit E. The MNSure Appeals Manager will coordinate the efforts of the parties under this Agreement; organize weekly meetings; serve as a subject matter expert for MNSure appeals; and generally be available to consult and provide direction on a need-be basis for DHS and OAH. In the absence of the MNSure Appeals Manager (e.g., vacation), an interim replacement will be identified.

2. Public Interfacing for MNSure appeals

MNsured will provide the sole public interfacing for MNsure appeals by making appeal information and materials available on its website and through outreach plans developed by MNsure.

3. Payment

MNsured will pay DHS and OAH upon acceptance by MNsure that the tasks and deliverables have been completed, and in accordance with the invoices of each respective agency and the costs as detailed above.

Legal-Data Privacy	Involves the publication of data privacy policies and enforcement of these policies. This also includes review of separation of duties in the roles in use for the COTS application. Navigator, Assistor, and Broker	MNsure certified Navigators, Assistors and Brokers but they can sign up Medicaid customers as well. Plan/Provider Management	There is no intention to audit Commerce. Rather at some point an attestation will be sought to cover controls over the certification process. ## **Interagency Services Agreement for MNSure Participation in the Administration of the Minnesota State Plan for Services Under Title XIX**

### **Intent of the Agreement**

The Department of Human Services is designated as the Medicaid Agency for the State of Minnesota and, as such, is responsible for management and oversight of Medical Assistance (MA), which is Minnesota's Medicaid program. The day-to-day operations of MNSure play an important role in the Department of Human Services' outreach and enrollment strategies for Minnesotans seeking the services of public health coverage programs and services, including MinnesotaCare and Medicaid. Through this agreement, the Department of Human Services and MNSure are formally recognizing that work performed by MNSure benefits public health programs and MNSure expenditures will be included, as necessary, in the Department of Human Services public assistance cost allocation plan and operational advance planning documents.

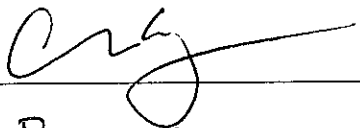

This agreement confirms that the services furnished by MNSure help the Department of Human Services to outreach, identify, intake, accept, determine eligibility for, and formally enroll individuals and their families into the entire range of public and private health insurance programs, including individual qualified health insurance plans, plans for small employers (Minnesota's SHOP plans), the basic health insurance plan (MinnesotaCare), and medical assistance services available for those qualifying for Medicaid. It is understood that the basis for billing will be the operational advance planning document and the quarterly operation of the public assistance cost allocation plan. It is further understood that any billing will be based on the actual cost incurred.

### **Performance**

Beginning January 1, 2015, MNSure shall provide to the Department of Human Services a variety of services related to Medicaid eligibility determination and enrollment activities including, but not limited to application, on-going case maintenance and renewal activities, policy, outreach and post-eligibility activities, and other activities necessary for administration of the state plan for services under Title XIX.

**Consideration**

In consideration for the above described performance the Department of Human Services shall obtain annual appropriations for the ongoing operation of MNsure, and shall claim the federal share of any eligible expenditures via operation of its amended public assistance cost allocation plan and operational advance planning document, beginning January 1, 2015.

### **Audit Objectives**

The objective of your audit is the expression of an opinion about whether MNSure complied, in all material respects, with the requirements contained within Title 45, Part 155, Subparts B, C, D, E, F, K and M of the Code of Federal Regulations: Subparts B, C, D, E and M are included in FY2015 audit scope and subparts D, E, F, K, and M are included in FY2016 audit scope. Your audit will be conducted in accordance with U.S. generally accepted auditing standards and the standards for attestation engagements contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and will include tests of our records and other procedures you consider necessary to enable you to express such an opinion. You will issue a written report upon completion of your audit of MNSure's compliance. Your report will be addressed to Board of Directors of MNSure. You cannot provide assurance that an unmodified opinion will be expressed. Circumstances may arise in which it is necessary for you to modify your opinion or add an emphasis-of-matter or other-matter paragraph. If your opinion on compliance is other than unmodified, you will discuss the reasons with management in advance. If, for any reason, you are unable to complete the audit or are unable to form or have not formed an opinion, you may decline to express an opinion or issue reports, or you may withdraw from this engagement.

You will also provide a report (which will not include an opinion) on internal control over compliance with Title 45, Part 155, Subparts B, C, D, E, F, K, and M of the Code of Federal Regulations, as required by *Government Auditing Standards*. The report on internal control over compliance will include a paragraph that states that the purpose of the report is solely to describe the scope of testing of internal control over compliance, and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control over compliance. The paragraph will also state that the report is not suitable for any other purpose. If during your audit you become aware that MNSure is subject to an audit requirement that is not encompassed in the terms of this engagement, you will communicate to management and those charged with governance that an audit in accordance with U.S. generally accepted auditing standards and the standards for attestation engagements contained in *Government Auditing Standards* may not satisfy the relevant legal, regulatory, or contractual requirements.

### **Management Responsibilities**

Management of MNSure is responsible for establishing and maintaining effective internal controls, including monitoring ongoing activities; helping to ensure that appropriate goals and objectives are met; following laws and regulations; and ensuring that management is reliable. Management is also responsible for implementing systems designed to achieve compliance with applicable laws, regulations, contracts and grant agreements. Management is also responsible for compliance with applicable laws and regulations and the provisions of contracts and grant agreements.

Management is also responsible for providing you with (a) access to all information of which we are aware that is relevant to the audit, (b) additional information that you may request for the purpose of the audit, and (c) unrestricted access to persons within MNSure from whom you determine it necessary to obtain audit evidence.

Management is responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing you about all known or suspected fraud affecting MNSure involving (a) management, (b) employees who have significant roles in internal control, or (c) others where the fraud could have a material effect on compliance with Title 45, Part 155, Subparts B, C, D, E, F, K, and M of the Code of Federal Regulations. Management is also responsible for informing you of our knowledge of any allegations of fraud or suspected fraud affecting MNSure received in communications from employees, former employees, grantors, regulators, or others. In addition, management is responsible for identifying and ensuring that MNSure complies with applicable laws, regulations, contracts, agreements, and grants and for taking timely and appropriate steps to remedy fraud, noncompliance with provisions of laws, regulations, contracts or grant agreements, or abuse that you report.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying for you previous financial audits, attestation engagements, performance audits, or other studies related to the objectives discussed in the Audit Objectives section of this letter. This responsibility includes relaying to you corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or other engagements or studies. Management is also responsible for providing its views on your current findings, conclusions, and recommendations, as well as our planned corrective actions, and for the timing and format for providing that information.

### **Audit Procedures – Internal Control**

Your audit will include obtaining an understanding of MNsure and its environment, including internal control, sufficient to assess the risks of material noncompliance with Title 45, Part 155, Subparts B, C, D, E, F, K, and M of the Code of Federal Regulations and to design the nature, timing, and extent of further audit procedures. Tests of controls may be performed to test the effectiveness of certain controls that you consider relevant to preventing and detecting errors and fraud that are material to Title 45, Part 155, Subparts B, C, D, E, F, K, and M of the Code of Federal Regulations and to preventing and detecting noncompliance resulting from illegal acts and other matters that have a direct and material effect on compliance. We understand your tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in your report on internal control over compliance issued pursuant to *Government Auditing Standards*.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. However, during the audit, you will communicate to management and those charged with governance internal control related matters that are required to be communicated under professional standards.

### **Programmatic Audit**

BerryDunn will examine MNsure's compliance with the federal government regulations for state health insurance exchanges for services, specifically Title 45, Part 155, Subparts B, C, D, E, and M of the Code of Federal Regulations, rendered during the year ended June 30, 2015, and Title 45, Part 155, Subparts D, E, F, K, and M of the Code of Federal Regulations, rendered during the year ended June 30, 2016. Your examination will be conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards for compliance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Accordingly, it will include tests of our records and other procedures you consider necessary to enable you to express an opinion as to whether MNsure is compliant with the requirements described above. If for any reason you are unable to complete the examination, you will not issue a report as a result of this engagement.

The examination will meet the requirements of the Centers for Medicare and Medicaid Services final rule (9957-F) issued August 30, 2013, effective October 1, 2013, and Title 45, Part 155.1200 of the Code of Federal Regulations, *Exchange Establishment Standards and Other Related Standards under the ACA*.

We understand your engagement will not include a detailed inspection of every transaction and cannot be relied on to disclose all material errors, fraud, or other violations of laws or regulations, that may exist. However, you will inform us of any material errors or fraud that comes to your attention. You will also inform us of any other violations of laws or regulations that come to your attention, unless clearly inconsequential.

You understand that we will provide you with the basic information required for your examination and that we are responsible for the accuracy and completeness of that information. You may advise us about appropriate criteria or assist in the development of the subject matter but the responsibility of that subject matter remains with us.

## **Exhibit C**

### **Audit Objectives**

The objective of your audit is the expression of an opinion about whether MNSure complied, in all material respects, with the requirements contained within Title 45, Part 155, Subparts B, C, D, E, F, H, K and M of the Code of Federal Regulations: Subparts B, C, D, E and M are included in FY2015 audit scope, subparts D, E, F, K, and M are included in FY2016 audit scope, and subparts C, D, E, H, K, and M are included in FY2017 audit scope. Your audit will be conducted in accordance with U.S. generally accepted auditing standards and the standards for attestation engagements contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and will include tests of our records and other procedures you consider necessary to enable you to express such an opinion. You will issue a written report upon completion of your audit of MNSure's compliance. Your report will be addressed to Board of Directors of MNSure. You cannot provide assurance that an unmodified opinion will be expressed. Circumstances may arise in which it is necessary for you to modify your opinion or add an emphasis-of-matter or other-matter paragraph. If your opinion on compliance is other than unmodified, you will discuss the reasons with management in advance. If, for any reason, you are unable to complete the audit or are unable to form or have not formed an opinion, you may decline to express an opinion or issue reports, or you may withdraw from this engagement.

You will also provide a report (which will not include an opinion) on internal control over compliance with Title 45, Part 155, Subparts B, C, D, E, F, H, K, and M of the Code of Federal Regulations, as required by *Government Auditing Standards*. The report on internal control over compliance will include a paragraph that states that the purpose of the report is solely to describe the scope of testing of internal control over compliance, and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control over compliance. The paragraph will also state that the report is not suitable for any other purpose. If during your audit you become aware that MNSure is subject to an audit requirement that is not encompassed in the terms of this engagement, you will communicate to management and those charged with governance that an audit in accordance with U.S. generally accepted auditing standards and the standards for attestation engagements contained in *Government Auditing Standards* may not satisfy the relevant legal, regulatory, or contractual requirements.

### **Management Responsibilities**

Management of MNSure is responsible for establishing and maintaining effective internal controls, including monitoring ongoing activities; helping to ensure that appropriate goals and objectives are met; following laws and regulations; and ensuring that management is reliable. Management is also responsible for implementing systems designed to achieve compliance with applicable laws, regulations, contracts and grant agreements. Management is also responsible for compliance with applicable laws and regulations and the provisions of contracts and grant agreements.

Management is also responsible for providing you with (a) access to all information of which we are aware that is relevant to the audit, (b) additional information that you may request for the purpose of the audit, and (c) unrestricted access to persons within MNSure from whom you determine it necessary to obtain audit evidence.

Management is responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing you about all known or suspected fraud affecting MNSure involving (a) management, (b) employees who have significant roles in internal control, or (c) others where the fraud could have a material effect on compliance with Title 45, Part 155, Subparts B, C, D, E, F, H, K, and M of the Code of Federal Regulations. Management is also responsible for informing you of our knowledge of any allegations of fraud or suspected fraud affecting MNSure received in communications from employees, former employees, grantors, regulators, or others. In addition, management is responsible for identifying and ensuring that MNSure complies with applicable laws, regulations, contracts, agreements,

and grants and for taking timely and appropriate steps to remedy fraud, noncompliance with provisions of laws, regulations, contracts or grant agreements, or abuse that you report.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying for you previous financial audits, attestation engagements, performance audits, or other studies related to the objectives discussed in the Audit Objectives section of this letter. This responsibility includes relaying to you corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or other engagements or studies. Management is also responsible for providing its views on your current findings, conclusions, and recommendations, as well as our planned corrective actions, and for the timing and format for providing that information.

### **Audit Procedures - Internal Control**

Your audit will include obtaining an understanding of MNSure and its environment, including internal control, sufficient to assess the risks of material noncompliance with Title 45, Part 155, Subparts B, C, D, E, F, H, K, and M of the Code of Federal Regulations and to design the nature, timing, and extent of further audit procedures. Tests of controls may be performed to test the effectiveness of certain controls that you consider relevant to preventing and detecting errors and fraud that are material to Title 45, Part 155, Subparts B, C, D, E, F, H, K, and M of the Code of Federal Regulations and to preventing and detecting noncompliance resulting from illegal acts and other matters that have a direct and material effect on compliance. We understand your tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in your report on internal control over compliance issued pursuant to *Government Auditing Standards*.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. However, during the audit, you will communicate to management and those charged with governance internal control related matters that are required to be communicated under professional standards.

### **Programmatic Audit**

BerryDunn will examine MNSure's compliance with the federal government regulations for state health insurance exchanges for services, specifically Title 45, Part 155, Subparts B, C, D, E, and M of the Code of Federal Regulations, rendered during the year ended June 30, 2015, and Title 45, Part 155, Subparts D, E, F, K, and M of the Code of Federal Regulations, rendered during the year ended June 30, 2016, and Subparts C, D, E, H, K, and M of the Code of Federal Regulations, rendered during the year ended June 30, 2017. Your examination will be conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards for compliance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Accordingly, it will include tests of our records and other procedures you consider necessary to enable you to express an opinion as to whether MNSure is compliant with the requirements described above. If for any reason you are unable to complete the examination, you will not issue a report as a result of this engagement.

The examination will meet the requirements of the Centers for Medicare and Medicaid Services final rule (9957 MF) issued August 30, 2013, effective October 1, 2013, and Title 45, Part 155, 1200 of the Code of Federal Regulations, *Exchange Establishment Standards and Other Related Standards under the ACA*.

We understand your engagement will not include a detailed inspection of every transaction and cannot be relied on to disclose all material errors, fraud, or other violations of laws or regulations, that may exist. However, you will inform us of any material errors or fraud that comes to your attention. You will also inform us of any other violations of laws or regulations that come to your attention; unless clearly inconsequential.

You understand that we will provide you with the basic information required for your examination and that we are responsible for the accuracy and completeness of that information. You may advise us about appropriate criteria or assist in the development of the subject matter but the responsibility of that subject matter remains with us.

MNSure is a Minnesota state agency established by Minnesota Statutes, chapter 62V as a state health benefit exchange as described in section 1311 of the federal Patient Protection and Affordable Care Act, Public Law 111-148 (“ACA”), and further defined through amendments to the ACA and regulations issued under the ACA. The following clarifications are in addition to the SLA between MNSure and the Office of MN.IT Services (“MN.IT”) and are hereby attached to and incorporated into the SLA. To the extent that provisions of the SLA are in conflict with this Appendix A, the terms of this Appendix control.

Since MNSure’s creation, MNSure and MN.IT have worked collaboratively to implement the MNSure Health Care Exchange IT project and systems. The relationship is collaborative in nature and includes a robust governance structure; MNSure, the Department of Human Services (“DHS”) and MN.IT together created a shared governance structure to oversee the MNSure project.

#### **State statutory exemptions included in chapter 16E**

MNSure is considered a state agency pursuant to Minnesota Statutes chapter 16E and is therefore subject to chapter 16E’s requirements. However, pursuant to Minnesota Statutes, section 62V.03, subdivision (g), MNSure is statutorily exempt from the following sections of chapter 16E: 16E.01, subdivision 3, paragraph (b); 16E.03, subdivisions 3 and 4; 16E.04, subdivision 1, subdivision 2, paragraph (c), and subdivision 3, paragraph (b); 16E.0465; 16E.055; 16E.145; 16E.15; 16E.16; 16E.17; 16E.18; and 16E.22.

Each statutory exemption is outlined below to ensure a continued and shared understanding of MNSure’s unique authority as part of the statewide IT consolidation. The exemptions are outlined with the understanding that both parties intend to continue working collaboratively to ensure best value for the state. However, for the avoidance of doubt, both parties also agree that MNSure’s choice to follow MN.IT policies and practices it would otherwise be exempt from does not waive that exemption generally and MNSure may choose to rely upon the exemptions as outlined in law as needed.

#### **Chapter 16E exemptions:**

- **16E.01, subdivision 3, paragraph (b);** MNSure is exempt from MN.IT determinations which require state agencies generally to use shared information and telecommunications systems and services, reimbursement rates or billings referenced in paragraph b. Therefore, if it is determined by MNSure governance that shared information and telecommunications technology systems and services for the delivery of electronic government services are unable to meet the needs of MNSure, the MN.IT CIO may not require MNSure’s use, nor establish reimbursement rates as further outlined in this section.
- **16E.03, subdivision 3;** MNSure is exempt from written approval by the MN.IT CIO for an information and telecommunications technology project which may be undertaken by MNSure. Therefore, no unencumbered balances of any appropriation allotted for a project may be cancelled by any entity other than MNSure.
- **16E.03, subdivision 4;** MNSure is exempt from the evaluation procedures as described in this section.

- **16E.04, subdivision 1;** MNsure is exempt from MN.IT policies and their enforcement related to the development and purchase of information and telecommunications technology systems, services and training appropriate persons in their use.
- **16E.04, subdivision 2, paragraph (c);** MNsure is exempt from MN.IT approval on requests for grant funding with an information and technology component. MNsure is committed to continued work with MN.IT on any and all grant applications and proposals of this nature moving forward, but MN.IT approval is not required prior to a request for grant funding being submitted.
- **16E.04, subdivision 3, paragraph (b);** MNsure is exempt from the requirement that all applicable risk assessment and mitigation plans be reported to and approved by the chief information officer prior to more than 10% of the proposed budget being spent on the project.
- **16E.0465;** MNsure's appropriation of state or federal funds is not required to divide all technology projects into phases, and is exempt from MN.IT review and affirmative determinations that the project satisfies statutory requirements.
- **16E.055;** MNsure is exempt from the requirement to use the single entry site created by MN.IT for all agencies to use for electronic government services.
- **16E.145;** MNsure is exempt from the requirement that all appropriations for state agency information and telecommunications technology projects be made to the MN.IT CIO.
- **16E.15;** MN.IT is not authorized to sell or license computer software products or services developed by MNsure, or custom developed by a vendor on behalf of MNsure without MNsure's written approval.
- **16E.16;** MNsure is exempt from MN.IT's general statutory authority to require a state agency to adjust its operating management procedures as described and under the circumstance included in this section.
- **16E.17;** MNsure is exempt from MN.IT supervision and control related to MNsure telecommunication facilities and services.
- **16E.18;** MNsure is exempt from these statutory requirements generally as described within this section. Therefore, MNsure reserves the ability to perform the duties outlined within this section and may perform the following duties otherwise reserved for the MN.IT CIO:
  - o arrange for IT and telecommunications services
  - o manage vendor relationships, network function and capacity planning
  - o set rates and fees for services
  - o approve contracts for services, facilities or equipment relating to the system
  - o develop a system plan and annual program and fiscal plans for system
- **16E.22;** MNsure is exempt from the requirements included in the Statewide Electronic Licensing System.

### Interagency Agreement with the Minnesota Department of Human Services

Pursuant to Minnesota Statutes, section 62V.05, subdivision 7, MNSure is required to establish and maintain an agreement with DHS as the designated state Medicaid agency responsible for administering the State's Medicaid Program, a/k/a Medical Assistance ("MA") program, including MinnesotaCare ("MCRE") for cost allocation and services regarding eligibility determinations and enrollment for public health care programs using a modified adjusted gross income standard to determine program eligibility. In addition, MNSure is provided the discretion to establish and maintain an agreement with DHS for additional, other services.

MNSure and DHS have entered into interagency agreements pursuant to Minnesota Statutes, section 471.59, subdivision 10, as needed to facilitate the development, implementation, maintenance, and oversight responsibilities of the Minnesota health care exchange. Additional services MNSure has secured through interagency agreements with DHS include centralized and administrative tasks (i.e. Information Technology support services, accounts payable, purchasing and procurement, Human Resources).

### Agency-based Chief Information Officer

Throughout the SLA, the "agency-based Chief Information Officer (CIO)" is referred to as having various and significant roles regarding the relationship between MNSure and MN.IT. Given that MNSure and DHS have chosen to enter into an interagency agreement that allows for joint development, maintenance, and operation of certain IT applications, and for use of certain IT support services, MNSure and MN.IT agree that DHS's agency-based CIO shall also serve as MNSure's agency-based CIO. However, both parties agree that MNSure reserves the right to request that a separate agency-based CIO be appointed and that MN.IT will proceed with such a request subject to appropriate input from MNSure.

### Federal Compliance

The parties agree that all final decision making authority resides with MNSure regarding how ACA statutes, rules and publications are to be interpreted for purposes of development, implementation, maintenance, and oversight responsibilities of the state health benefit exchange unless otherwise delegated to another party.

In Witness Whereof, the undersigned government entities have caused the Service Level Agreement and all its appendices to be executed by duly authorized officers.
