Minnesota Grown...What Does It Mean?

Dear Friend of Minnesota Agriculture:

Thank you for your interest in this book. Buying direct from the more than 400 Minnesota farms and markets listed can provide economic, social, and environmental benefits. What can you expect from the great variety of Minnesota Grown products these farms offer?

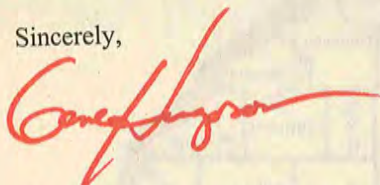

Fresh. First and foremost, Minnesota Grown means fresh from the farm. You know what we mean by "fresh" if you've ever experienced a healthy summer salad with greens and other veggies from a local farmers' market or savored a slice of angelfood cake smothered with sweet berries plucked from an area pick-your-own farm.

Quality. Growers that sell directly to the consumer take great pride in the quality of their products. Contact a rancher to stock your freezer with your favorite meats for a summer full of grilling pleasure, and you'll understand Minnesota Grown quality. Ornamental products grown locally have been bred especially for their hardiness—a quality that's sure to beautify your garden and landscape.

Fun. Plan a weekend getaway at a farm Bed and Breakfast. Take a child on a farm tour where they'll gain an understanding of where their food originates and have fun at the same time. Experience an exhilarating hayride while picking your own berries or apples, or enjoy the satisfaction and tradition of cutting your own real and renewable Minnesota Grown Christmas tree. Visit an area pumpkin patch to witness the priceless joy of a child carting their own pumpkin home for carving. Join a Community Supported Agriculture farm and really get in touch with the healthy bounty of a Minnesota farm!

This book is your personal guide to fresh, quality, fun Minnesota Grown agricultural products. Whether you're looking for the hardiest ornamental products, agri-tourism opportunities, or any of the fine food products featured, you can be assured that our state's growers offer the best.

Sincerely,

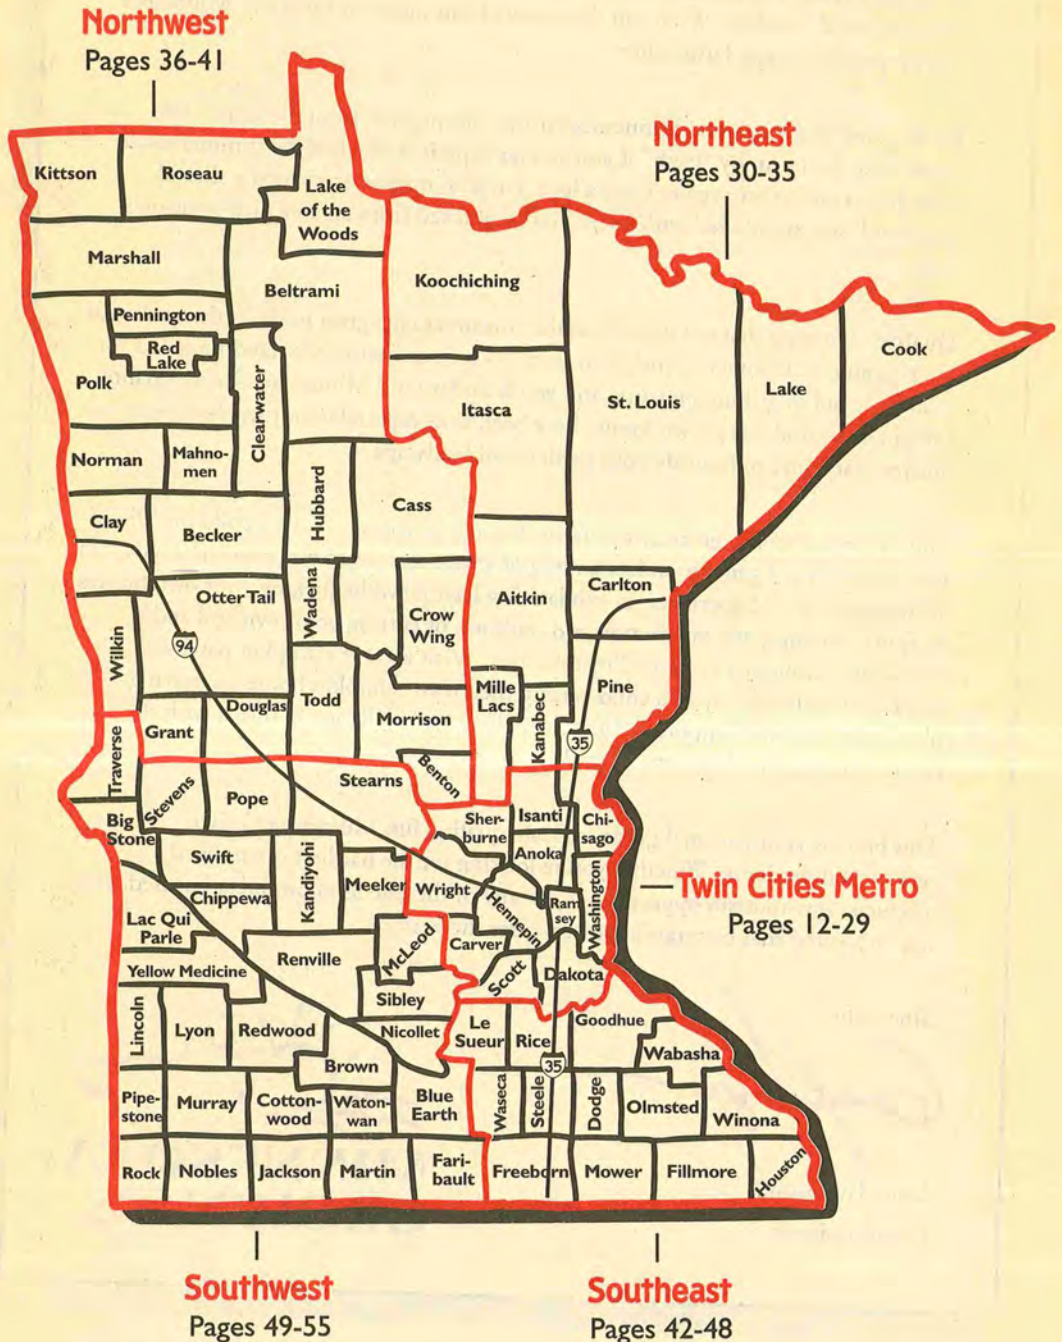

Gene Hugoson
Commissioner

Region Guide

Your directory is divided into five geographic regions: Twin Cities Metro, Northwest, Northeast, Southwest, and Southeast. Locations are listed by county and alphabetized by company name within those regions. Listings generally include the business name, location, hours of operation, phone number, up to five product icons, and other information as provided by the grower.

Product Icon Key

Product icons are selected by the grower to represent products offered. While not a complete listing of what's available at each location, the product icons and the **Product Icon Index** on page 58 are designed to help you locate products at a glance. If you know the name of a listed farm/market, it may be quicker to find their listing with the alphabetized **Farm/Market Alpha Index** provided on page 56.

Ready, Set, Go...

Tips for visiting a farm or market

1

Call to make sure that the farm or market is open and to verify directions.

If you are visiting a farmers' market, bring along a large bag with handles, stroller, or wagon for hauling purchases. Carry change or small bills.

4

2 Ask if the product you are seeking is available. Also ask about quality & quantity. Different stages of the season affect crop quantity, quality and sometimes price.

5

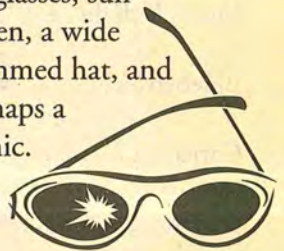

If you plan to bring children or pets, make sure they are welcome. (Not all farms allow children or pets.)

3

Get there early for the best selection.

If you are picking your own produce, ask if containers are supplied. Wear comfortable clothes and bring along sunglasses, sunscreen, a wide brimmed hat, and perhaps a picnic.

6

Need Travel Information?

PICKLING MADE EASY BY HEINZ VINEGAR

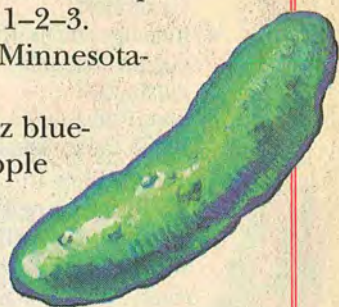

Get the most from your Minnesota
Farmers' Market Produce

If you've ever tasted a homemade salsa, chutney or pickle, you know there's nothing quite so delicious. And now, recipes for making these delectable dishes are as easy as 1-2-3. We've included some favorite recipes that use fresh Minnesota-grown produce.

Essential to the success of every recipe are Heinz blue-ribbon quality vinegars. Our Distilled White and Apple Cider Vinegars all have the 5% acidity level recommended for home food preservation—and are made from all natural ingredients.

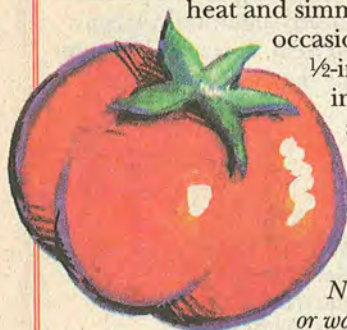

And now—get pickling!

Mexican Salsa

- | | |
|---|---|
| 5 pounds ripe tomatoes | 1 cup Heinz Apple Cider or Apple Cider Flavored Vinegar |
| 3 cups chopped onions | 2 tablespoons minced garlic (about 6 cloves) |
| *1 1/4 cups chopped, seeded chili peppers | 1 tablespoon salt |
| 1 cup snipped fresh cilantro | |

Dip tomatoes in boiling water for 30 to 60 seconds until skins loosen. Dip in cold water and slip off skins. Core and chop tomatoes. In a 6-quart saucepot, combine tomatoes and remaining ingredients. Bring to a boil, stirring occasionally. Reduce heat and simmer about 30 minutes or to desired thickness, stirring occasionally. Immediately fill hot pint jars with mixture, leaving 1/2-inch headspace. Carefully run a nonmetallic utensil down inside of jars to remove trapped air bubbles. Wipe jar tops and threads clean. Place hot lids on jars and screw bands on firmly. Process in boiling water canner for 15 minutes. Makes about 5 pints.

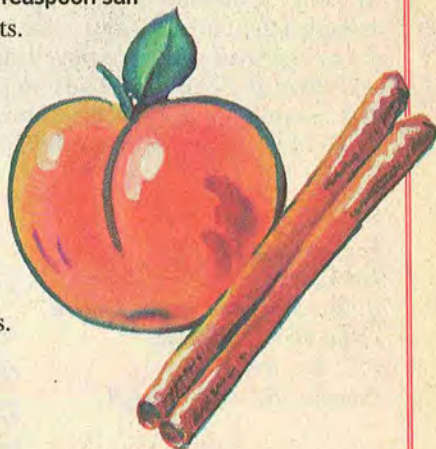

**This quantity of peppers makes a medium-hot salsa. Use more or less according to level of heat desired.*

NOTE: When handling hot peppers, wear plastic or rubber gloves or wash hands with soap and hot water before touching face.

Apple Chutney

- | | |
|--|---|
| 4 pounds tart red cooking apples, cored, chopped | 1 cup Heinz Apple Cider or Apple Cider Flavored Vinegar |
| 2 medium onions, chopped | 2 tablespoons grated fresh ginger root |
| 2 cups golden raisins | 1 teaspoon ground mace or nutmeg |
| 1 1/2 cups firmly packed brown sugar | 1/2 teaspoon salt |

In an 6 to 8-quart saucepot, combine all ingredients. Bring to a boil. Reduce heat and simmer for 30 to 35 minutes or until thickened, stirring frequently. Immediately fill hot pint jars with mixture, leaving 1/2-inch headspace. Carefully run a nonmetallic utensil down inside of jars to remove trapped air bubbles. Wipe jar tops and threads clean. Place hot lids on jars and screw bands on firmly. Process in boiling water canner for 10 minutes. Serve as an accompaniment to curries or beef, pork, chicken or turkey main dishes or sandwiches. Makes 4 to 5 pints.

Bread and Butter Pickles

- | | |
|--|----------------------------------|
| 3 pounds (3 to 4-inch) pickling cucumbers | 2 cups firmly packed brown sugar |
| 4 medium onions, thinly sliced | 2 tablespoons mustard seed |
| 1/2 cup pickling salt | 1 teaspoon celery seed |
| 6 cups water | 1 teaspoon ground cloves |
| 3 cups Heinz Apple Cider or Apple Cider Flavored Vinegar | 1 teaspoon turmeric |

Wash cucumbers and remove 1/6-inch from the blossom end. Cut into 1/4-inch slices and measure 10 cups. In a large bowl, combine cucumbers, onion, salt and water. Mix well. Cover and let stand for 2 hours. In a 6 to 8-quart saucepot, combine vinegar and remaining ingredients. Bring to a boil, stirring occasionally. Drain vegetables and rinse well. Add vegetables to vinegar mixture. Bring to a boil. Immediately fill hot, sterilized pint jars, leaving a 1/2-inch headspace. Carefully run a nonmetallic utensil down inside of jars to remove trapped air bubbles. Wipe jar tops and threads clean. Place hot lids on jars and screw bands on firmly. Process in boiling water canner for 10 minutes. Makes 4 to 5 pints.

Sweet and Easy Pickled Beets

- | | |
|-----------------------------------|---|
| 3 cans (16 ounces each) cut beets | 1/2 cup Heinz Apple Cider or Apple Cider Flavored Vinegar |
| 1 tablespoon mixed pickling spice | |
| 1 1/4 cups granulated sugar | |

Drain beets, reserving 1 cup liquid. Tie pickling spice in a spice bag or cheesecloth. In a 3-quart saucepan, combine spice bag, reserved beet liquid, sugar and vinegar. Bring to a boil over high heat, stirring occasionally. Reduce heat, cover and simmer for 15 minutes. Add beets; simmer 5 minutes. Remove spice bag. Cover and chill overnight, stirring once or twice. Makes about 5 cups.

NOTE: Pickled beets can be stored in refrigerator up to 1 month.

Sweet Pepper Relish

- | | |
|--|-----------------------------|
| 12 medium green, red or yellow bell peppers or combination | 1 1/2 cups granulated sugar |
| 3 medium onions | 1 tablespoon pickling salt |
| 1 1/2 cups Heinz Apple Cider or Apple Cider Flavored Vinegar | 1 tablespoon mustard seed |
| | 1 tablespoon celery seed |
| | 2 cloves garlic, minced |

Wash, core and seed peppers. In a food processor or food grinder, grind peppers and onions. In a 6 to 8-quart saucepot, combine vegetables and remaining ingredients: Mix well. Bring to a boil over medium-high heat, stirring occasionally. Boil for 25 to 30 minutes or until thickened, stirring frequently to prevent sticking. Immediately fill hot pint or half-pint jars with mixture, leaving 1/2-inch headspace. Carefully run a nonmetallic utensil down inside of jars to remove trapped air bubbles. Wipe jar tops and threads clean. Place lids on jars and screw bands on firmly. Process pints or half-pints in boiling water canner for 15 minutes. Makes 3 to 4 pints or 6 to 8 half-pints.

Not Sure. . .

. . . Where to turn?

Finding the help you need when you need it can be a real challenge, especially when it comes to pursuing an idea. At the **Agricultural Utilization Research Institute (AURI)**, we help entrepreneurs, businesses and cooperatives develop new uses from the commodities grown here in Minnesota.

We are a nonprofit corporation that offers assistance in new product feasibility and development, technology transfer, marketing assistance and more. Our mission is to improve the economy of rural Minnesota. We do that by helping to develop new, innovative products made from our state's abundant agricultural commodities.

*Start a Real
Holiday
Tradition!*

Use this directory to locate a nearby Christmas tree farm and start a new family tradition. With proper care, a real Christmas tree will add lasting beauty and a wonderful aroma to your home during the holidays.

FOLLOW THESE TIPS TO GET THE MOST OUT OF YOUR MINNESOTA GROWN TREE.

- A freshly-cut tree will give better house life and needle retention.
- The stem heals over shortly after being cut, plugging water absorbing passages. To avoid this, cut at least 1/4" off the stem just before placing your tree in a stand.
- Keep water in the tree stand at all times to prevent the stem from healing over. A 7'- 8' tree can absorb over one gallon of water each day. A tree stand that holds 1-2 gallons of water is best.
- Place your decorated tree away from fireplaces, heat registers or direct sunlight to keep it from drying out.

Dodge County

Callister Farm West Concord

Honey

COOKING TIPS

For best results, use recipes developed for using honey.

When you substitute honey for granulated sugar in recipes:

-  Substitute honey for up to 1/2 of the sugar. With experimentation, honey can be substituted for all the sugar in some recipes.
-  Reduce the amount of liquid in the recipe by 1/4 cup for each cup of honey used in baked goods.
-  Add 1/4 to 3/4 teaspoon baking soda for each cup of honey used.
-  Reduce oven temperature by 25° F. to prevent over browning of baked goods..
-  Honey absorbs & retains moisture readily so baked goods will stay fresh longer.

BUYING TIPS

-  Select mildly flavored honeys, such as clover, for use in cooking where delicate flavors predominate.
-  Use strongly flavored honeys in spreads or recipes where a distinct honey flavor is desired.

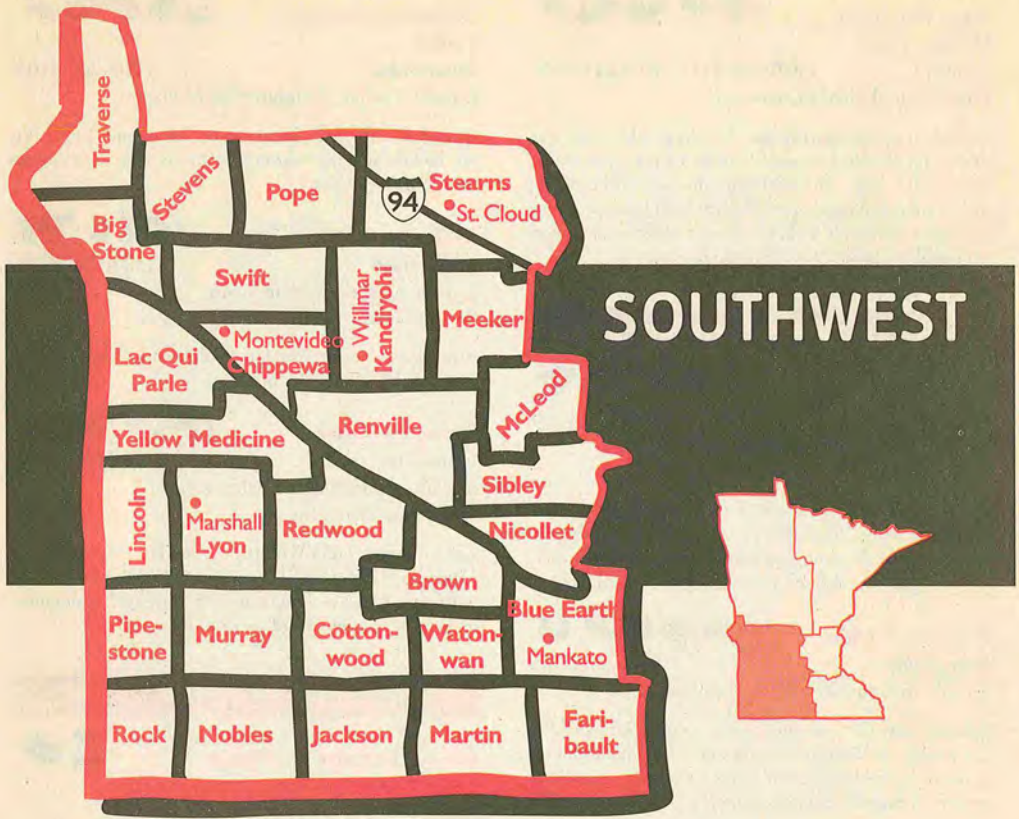

STORAGE TIPS

Store honey at room temperature. When honey crystallizes, remove lid and place jar in warm water until crystals dissolve. Or, microcook 1 cup of honey in microwave-safe container at HIGH (100%) 2 to 3 minutes or until crystals dissolve; stir every 30 seconds. Do not boil or scorch.

Minnesota Honey
Producers Assn.
c/o Cathy Jo Rufer
3499 75th Street SW
Waverly, MN 55390
Phone: (612) 658-4645

PLEASE DO NOT GIVE HONEY TO CHILDREN 1 YEAR OF AGE OR YOUNGER.

1999 Specialty Meats Directory

Your guide to direct marketers of beef,
bison, pork, lamb, farm-raised venison,
ostrich, emu, poultry and rabbit.

The directory also includes several recipes
and tips for buying from the farmer.

To request your free copy, call the
Minnesota Grown Answerline at
1-800-657-3878 or 651-297-8695.

Get Your Free Sample of Summer

Call for your free copy of the Minnesota Explorer newspaper filled with
timely travel ideas and a comprehensive calendar of statewide events.
