Dear Friend of Agriculture:

Imagine the mouth watering taste of a fresh vine-ripened tomato, a crunchy-sweet apple right off the tree, a cob of real Minnesota Grown sweet corn, or a well-marbled steak sizzling on the backyard grill. One bite is all it takes to understand the value of these fresh-from-the-farm foods.

Once again, we've made it convenient for you to locate Minnesota Grown products. This directory features a myriad of fresh, healthy, and unique foods from growers in every corner of our great state, but it can also help you locate hardy Minnesota Grown ornamental products such as bedding plants, nursery stock, and real Christmas trees.

Take advantage of Minnesota's agri-tourism opportunities! Trips to an apple orchard, pumpkin or berry patch will provide hours of family fun. Kids, and adults alike, can frolic in open spaces, navigate their way through a corn maze, and pet and feed farm animals. Many farms also offer wagon rides and fun, educational tours for families and other interested groups. Check out your local farmers' market, which offers a fun shopping experience and an opportunity to talk to the growers.

This publication now features more than 470 farm and market listings within Minnesota and even more experiences to enjoy! Let it be your guide to food and fun for all four seasons!

Sincerely,

Gene Hugoson
Commissioner

Region Guide

Your directory is divided into five geographic regions: Twin Cities Metro, Northwest, Northeast, Southwest, and Southeast. Locations are listed by county and alphabetized by company name within those regions. Listings generally include the business name, location, hours of operation, phone number, up to five product icons, and other information as provided by the grower.

Product Icon Key

Product icons are selected by the grower to represent products offered. While not a complete listing of what's available at each location, the product icons and the **Product Icon Index** on page 66 are designed to help you locate products at a glance. If you know the name of a listed farm or market, it may be quicker to find their listing with the alphabetized **Farm/Market Alpha Index** provided on page 64.

Ready, Set, Go...

Tips for visiting a farm or market

1

Call to make sure that the farm or market is open and to verify directions.

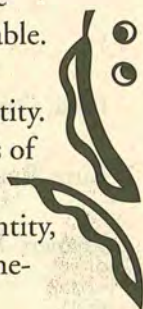

If you are visiting a farmers' market, bring along a large bag with handles, stroller, or wagon for hauling purchases. Carry change or small bills.

4

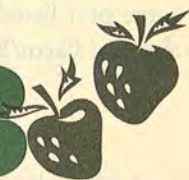

2

Ask if the product you are seeking is available. Also ask about quality & quantity. Different stages of the season affect crop quantity, quality and sometimes price.

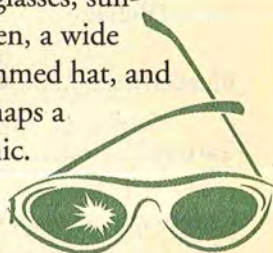

3

Get there early for the best selection.

6

If you are picking your own produce, ask if containers are supplied. Wear comfortable clothes and bring along sunglasses, sunscreen, a wide brimmed hat, and perhaps a picnic.

5

If you plan to bring children or pets, make sure they are welcome. (Not all farms allow children or pets.)

THESE SIMPLE SALSA STEPS WILL HAVE YOU DANCING AROUND THE KITCHEN.

One. Two. Three. The steps to preserving garden-fresh salsa are easy. Simply crank up your favorite Latin music and have some fun. One. Two. Three. Select fresh ingredients. Make your recipe. And heat jars of your savory creation in boiling water. ¡Olé! Just like that, three pints of the ziestiest flavor you ever tasted. But there's solely one way to get this homemade, south of the border soul—by preserving the tangy flavor of tomatoes picked right at their peak. Long after the harvest season is over, you'll still be able to relish that peculiar, piquant flavor that only comes right off the vine. And that's just the beginning

when you get our free *Pure & Simple* booklet filled with other delicious canning recipes and tips. Just call us at 1-800-240-3340. Once you learn the easy steps to capturing the essence of summer, your taste buds will be dancing all year round.

JALAPEÑO SALSA

- 4 to 5 large tomatoes (about 2 lbs.)
- 3 cups chopped jalapeño peppers (about 1-1/2 lbs.)
- 1 cup chopped onion (about 1/2 lb.)
- 6 cloves garlic, minced
- 2 tablespoons cilantro, minced
- 2 teaspoons oregano
- 1-1/2 teaspoons salt
- 1/2 teaspoon cumin
- 1 cup cider vinegar, 5% acidity

MAKE IT!

Measure 3 cups of peeled, cored, seeded and chopped tomatoes. Combine with peppers and onion in a large saucepot. Add garlic, cilantro, oregano, salt, cumin and vinegar. Bring mixture to a boil. Reduce heat and simmer 10 minutes.

PRESERVE IT!

Ladle hot salsa into hot pint Ball® Mason jars to 1/4 inch below rim. Wipe jar rim clean. Place lid on jar and tighten band, just until a point of resistance is met. Process 15 minutes in a boiling-water canner. Cool for 12 to 24 hours. Remove bands. Lids should be concave in middle.

Yield: about 3 pints.

Note: When cutting or seeding hot peppers, wear rubber gloves to prevent hands from being burned.

Congregational Potlucks Encourage Purchase of Minnesota Grown Products

The Rural Life Committee of the Minnesota Council of Churches and the Minnesota Catholic Conference worked to support Minnesota agriculture in several ways in 1999, including our distribution of 5,000 *Minnesota Grown Fresh Produce and More Directories* to interested churches, and calling for a "Minnesota Grown Congregational Potluck" emphasis last fall and winter. The Rural Life Committee worked to produce a Minnesota Grown Congregational placemat that includes information designed to encourage reflection and table conversation about our food production system. The reproducible placemat is available to congregations interested in holding a Minnesota Grown Congregational Potluck, by calling Bob Hulteen at 612-870-3600 x20 or Toby Pearson at 651-227-8777.

If you have the capability to distribute *Directories* to others who will use them, call the Minnesota Grown Answerline at (651) 297-8695 or 1-800-657-3878 and leave a message including your phone number, mailing address, and quantity desired.

**New Ideas &
New Uses**

**For Minnesota's
Farm Commodities**

It takes more than fertile soil to succeed in agriculture. At the Agricultural Utilization Research Institute (AURI), our mission is to help improve the economy of rural Minnesota through the development of new uses and new markets for Minnesota's agricultural commodities. We do this by offering unique services and programs available to businesses, entrepreneurs and cooperatives throughout the state.

AURI services include technical assistance for needs such as new product development, process refinement, technology transfer and feasibility testing. We also provide business assistance for things like market assessments and business planning. Nearly all AURI services are provided at no cost.

Whether it's a new food or industrial product, fertilizer or building material, AURI has the expertise and capabilities to help. We've already assisted hundreds of Minnesota companies in their ventures. So if you're looking for assistance or just information on what AURI is all about, contact the regional office nearest you, or visit our website at www.auri.org for more details.
