Doug Peterson

Minnesota Farmers Union is proud to be the major sponsor of the Minnesota Grown Directory. The reason our relationship works so well is because we both are dedicated to the betterment of rural Minnesota.

Minnesota Farmers Union members believe in sponsoring the Minnesota Grown Directory because it promotes *cooperation* with local farmers by showcasing their farm-fresh food, and *educates* consumers about where they can find quality, local food. Minnesota Farmers Union also fights for *legislation* at the State Capitol that helps the rural economy. Together, we promote the importance of buying farm-fresh, local food, and supporting our rural economy. We hope you discover new things through out this directory, and enjoy!

Doug Peterson  
President, Minnesota Farmers Union

Minnesota Farmers Union is a membership-based organization that works to protect and enhance the economic interests and quality of life of family farmers and rural communities.

MFU offers:

- grassroots, common sense approaches to policies that impact both rural and urban Minnesotans, and fights for them at the State Legislature, and U.S. Congress;
- an insurance agency with a track record of over 60 years experience in protecting you and your family;
- youth leadership camps; and
- campground facilities.

## Minnesota Community Supported Agriculture Farms

Purchasing a share in a Community Supported Agriculture Farm (CSA) is one of the fastest growing ways to purchase directly from the farmer. CSA farms offer a weekly box of products for pickup at the farm or delivery to a drop site. Most CSA's are produce-based but there are also meat and poultry based CSA farms. CSA farms receive payment for membership in advance of the growing season (usually in March and April) and members are sharing the risks and rewards of farming. Every CSA is unique in terms of their products, delivery options and pricing. Check out the CSA farms below and see if one of them is right for you!
