A Guide to Magazines and Newsletters in the Legislative Reference Library is a directory of the periodicals currently received by the library. These journals cover a wide range of subject areas of interest to legislators and legislative staff members.

This publication is grouped into three separate sections.

The first section is an alphabetical listing of periodicals. Each entry contains a periodical number, title, frequency of publication, and the issuing agency. Several titles have a brief annotation.

The second section contains the Issuing Agency Index and the third section the Subject Headings Index.

Enclosed with this publication, you will find a request form for the Contents Service offered by the library. On this form, list the periodical number of the magazines/newsletters in which you are interested. Return the form to the library, and we will notify you of the specific Contents Service for each title. The Contents Service may be a photocopy of the table of contents, a photocopy of the title page in the absence of a table of contents, or a copy of the whole publication (subject to availability and copyright laws).

Please note: If you have participated in this service in the past, please complete and return the request form in order to guarantee continued service.

As always, the staff of the Legislative Reference Library is ready to help you locate and track the information you need. Please feel free to contact us at any time.
