*Guide to Magazines and Newspapers in the Legislative Reference Library* is a complete list of the periodicals received currently by the Library. Local and national publications cover a wide range of public policy issues and provide the basis for one of the Library's most popular services: the **Contents Page Service**.

Library staff will send photocopies of the table of contents from the magazines you choose, as soon as they arrive in the Library. This is an excellent way to monitor issues and to keep up with several more magazines than you would want to purchase personally. You can order articles from the magazines by circling titles and returning the contents page to the Library. We'll photocopy articles and return them by interoffice mail.

To participate in this service:

- review the *Guide to Magazines and Newspapers in the Legislative Reference Library*.
- mark the magazines from which you would like to receive tables of contents.
- return the marked list to the Library.

The Legislative Reference Library's publication, *Introductions*, updates this guide with annotations of newly-received periodicals of interest.

As always, the staff of the Legislative Reference Library are ready to help you locate and track the information you need. Please feel free to contact us at any time.
