Serving the Legislature Since 1969

A Guide to Magazines and Newspapers in the Legislative Reference Library is a complete list of the periodicals received by the Library. Local and national publications cover a wide range of public policy issues and provide the basis for two of the Library's most popular services for legislators and legislative staff: Inside Issues and the Contents Page Service.

Inside Issues: This popular service alerts legislators and staff to the latest magazine articles and books on topics they choose. You can choose from an extensive list of issues. Library staff scan magazines and new books daily and notify subscribers of articles that match their interests. Each week, subscribers receive a customized list of citations from which they can request books or copies of articles.

Contents Page Service: Subscribers receive the tables of contents for journals they select and can then order copies of any articles of interest.

If you are interested in or have any question regarding either of these services please call the Library at 296-3398.

The Legislative Reference Library's publication, *Just In*, updates this guide with annotations of newly received periodicals of interest. In addition to the magazines listed in this guide, legislative members and staff have Web access to many topical magazine databases that include full-text.

As always, the staff of the Legislative Reference library is ready to help you locate and track the information that you need. Please feel free to contact us at any time.

A list of the Library's current magazine subscriptions can be found at:
