

# LRL Checklist

Of Minnesota Government Publications

Vol. 7 No. 12

THE CHECKLIST is divided into several sections. The first section contains a subject index followed by personal author, corporate author, and title indexes. Each index consists of brief entries followed by item numbers. These item numbers correspond to the numbers in the left margin of the main entry section, thus enabling the user to move readily from the brief index entry to the more complete description provided for the item in the main entry section.

MAIN ENTRIES appear in the second section of the Checklist. Main entries contain complete bibliographic information. Entries are arranged in alphabetical order and are assigned item numbers which appear in the left margin and which correspond to the numbers following the index entries.

The final section contains a list of publications which do not receive full cataloging including administrative hearing reports, supreme court opinions, executive orders and tax court decisions. Item numbers for these listings also appear in the left margin.

MEMBERS AND STAFF OF THE MINNESOTA LEGISLATURE can acquire personal copies of publications listed in the Checklist with the exception of those described as AVAILABLE FOR LOAN ONLY. To request a copy of one or more publications note on the request form the item number(s) which appear in the left margin of the main entry section and following entries in the index section. Return the form to the library.

OTHER INDIVIDUALS AND INSTITUTIONS may purchase microfiche copies of MOST publications listed in the Checklist from the State Register and Public Documents Division, 117 University Ave., St. Paul, Mn. 55155. (612-297-3000). Payment must accompany orders.

Publications may also be requested directly from the issuing agency or borrowed from your local library. If your library does not own the publication you want, they should be able to obtain it for you through inter-library loan.
