Legislative Auditor - State of Minnesota

Tax Levy Authorizations and Limitations

for

Cities, Villages, Towns, School Districts, Other Districts and Counties in Minnesota

1967

REVISED AFTER 1967 LEGISLATIVE SESSION

Prepared and Published by the Department of Public Examiner State of Minnesota

FOREWORD

The laws shown herein were compiled to meet the need for a single booklet containing citations to statutes and laws specifically dealing with tax levies; laws which at the present time are scattered in many books and under various subjects in indices, and in some cases can only be found after a tedious, painful effort. The laws passed at the 1967 sessions of the Legislature, relating to the subject of tax levies, are included in this publication.

This compilation is not a digest. It is in the nature of an index to both general and special laws passed by our Legislature on the subject. Tax levies for the state government and the cities of the first class are not covered in this report, nor are levies authorized by charter provisions. Citations are to sections in Minnesota Statutes 1965 (which are the same section numbers as appear in Minnesota Statutes Annotated), or to chapters in the various session laws.

It is our hope that county auditors and other public officials, having responsibilities in connection with levies, will find this compilation a ready, comprehensive source of information that will serve as a guide and furnish the answers quickly.

NOTE NO. 1

The amount of money that can be raised through property levies is usually not expressed in dollars in the statutes; generally the limitation is expressed in mills. In computing the dollar figure it must be remembered that homestead property can be given a higher value than is employed to determine the property owners' liability for the tax.

Homestead property should be valued at $331/_{2}\%$ of the assessed full value, in the case of rural real estate, and 40% in the case of all other real estate (except real estate where iron ore is located), in determining the maximum amount of money that can be raised under a mill-rate limitation, the Attorney General said in an opinion dated July 6, 1951. See also M. S. A. Section 273.13, Subd. 7a.

For example, a village having real and personal property, with an assessed full value of \$883,608.00, would be entitled to raise, under the statutory thirty-five mill limitation, \$11,834.00 for general purposes, as shown in the following illustrations.

	Assessed Full Value		ntage of Full for Taxation		ntage of Full le for Levy
Rural real estate: Homesteads up to \$4,000.00 (Class 3c)\$ Remainder	26,980.00 21,243.00	Pér Cent 20 33 ¹ / ₃	Amount \$ 5,396.00 7,081.00	Per Cent 33¼ 33¼	Amount \$ 8,993.33 7,081.00
Other real estate: Homesteads up to \$4,000.00 (class 3c) Remainder Fotal real property	365,320.00 385,455.00 \$ 798,998.00	$\begin{array}{c} 25\\ 40 \end{array}$	91,330.00 154,182.00 \$ 257,989.00	$\begin{array}{c} 40\\ 40\end{array}$	146,128.00 154,182.00 \$ 316,384.33
Personal property	84,610.00	(various)	21,730.00	(various)	21,730.00
Total real and personal property	\$ 883,608.00		\$ 279,719.00		\$ 338,114. 33

Maximum amount of money that can be raised, by a village, for general purposes, under a 35 mill limitation— $$338,114.33 \times 35$ mills = \$11,834.00.

NOTE NO. 2

M. S. A. Section 272.64 permits an increase in mill rate limitations in counties which elect to exempt class 2 (household goods) property in the ratio that class 2 property bears to all taxable property determined as of the last assessment of class 2 property.

NOTE NO. 3

The valuations used in determining the applicability of any tax levy authorization or limitation shall include at its valuation in 1966, all property of any class exempted from taxation by Ex. Laws 1967, Chapter 32.
