AT A GLANCE

- Established in 1941, the Department of Iron Range Resources & Rehabilitation was created to diversify the economy within a region largely dependent on the removal of minerals (iron ore and taconite) and other natural resources.
- The agency's service area is defined by Minnesota Statute 273.1341 and encompasses 13,000 square miles in northeastern Minnesota: 53 cities, 134 townships, portions of four tribal nations and 14 school districts. The service area population is 155,081.
- The agency is primarily funded by a portion of local taconite production tax paid by mining companies on each ton of iron ore pellets or concentrates produced. The tax is paid in lieu of property taxes by mining companies located within the agency's service area.
- The Department of Iron Range Resources & Rehabilitation operates on an annual budget established by the commissioner and approved by an eight-member board and the Governor.

PURPOSE

The Department of Iron Range Resources & Rehabilitation is an economic development agency that reinvests local taconite production taxes back into northeastern Minnesota businesses and communities in order to strengthen and diversify the economy. Loans are provided to businesses relocating or expanding in the region. Grants are available to local and tribal units of government, educational institutions and nonprofits. Grants support projects related to business development, infrastructure and broadband, downtown revitalization, worker training and certification, and tourism and recreation.

AGENCY GOALS AND STRATEGIES

The agency's strategic plan aligns its collaborative efforts around long-term economic growth that increases the well-being of all people in northeastern Minnesota. The agency's mission helps focus funding priorities around leveraging capital, improving quality of life and retaining and creating good paying jobs. We align our strategies with four long-term goals related to community development, asset reinvestment, business development and workforce development.

Communities invest in their foundational, business and social assets to ensure quality of life for all residents.

- Infrastructure funding is available to improve, replace and modernize foundational assets such as sewer, water and broadband.
- Redevelopment programs provide funds to improve business assets including interior and exterior renovation, energy efficiency and retrofits.
- Community development grants fund the construction, maintenance and improvement of social assets such as parks, recreation, trails, and arts and culture organizations.
- Opportunities to expand or create new child care facilities and programs are actively pursued.
- Agency broadband investments leverage other resources to increase the number of residents served by the state's 2026 broadband speed goals.
- The agency participates in enterprise sustainability to manage energy, conserve water and reduce waste.
- Access and equity inform outreach efforts and staff and leaders work directly with tribal nation representatives from Bois Forte, Grand Portage, Leech Lake and Fond du Lac helping connect their development priorities with grant and loan resources.

Agency investments in Giants Ridge increase its economic impact and contribute to the quality of life in the region.

- Improve assets that contribute to economic impact.
- Track economic impact over time using independent analysis.
- Maintain Giants Ridge's state and national golf course rankings.

Businesses invest in northeastern Minnesota.

- Respond to business needs with creative and flexible financial solutions.
- Recruit new businesses through lead generation, tradeshows and outreach to targeted industries.
- Track family sustaining wages of businesses served by agency loans.
- Promote energy efficiency for small businesses through the Business Energy Retrofit grant program.

Workers have the education and training to meet business needs.

- Invest in workforce development programs that meet businesses' training and education needs.
 - O Support skills development that increase workers' ability to earn to a family-sustaining income.
- Invest in higher education programs through Iron Range Higher Education.
- Multi-district collaborative efforts increase availability and access to high quality education for the region's students through a Bricks and Mortar Program and an Innovative Academic Program.

RESULTS
