

Program Assessment Report

2022

Evaluating Affordable Housing Efforts

2022 BY THE NUMBERS

In 2022, Minnesota Housing reached several milestones. For the first time ever, we served over 100,000 households and disbursed over \$2 billion in housing resources. Our COVID-19 housing recovery programs, RentHelpMN and HomeHelpMN, played a key role in the increase, accounting for a combined 54,000 households and nearly \$370 million in assistance. We also reached our goal of having 40% of our Start Up (first-time homebuyer) mortgages going to Black, Indigenous and homebuyers of color a year ahead of time, when the overall mortgage industry is at 21% of all home purchase mortgages going to Black, Indigenous and homebuyers of color.^a This is a critical first step in closing Minnesota's 13th worst homeownership rate disparity between white/non-Latinx households and Black, Indigenous and households of color, which is an improvement from being the 4th worst two years earlier.^b However, a lot more work is needed to close the gap. In addition, Minnesota has about 590,000 households who are cost burdened by their housing, spending 30% or more of their income on it.^c In Minnesota, an American Indian is 32 times more likely to experience homelessness than a person who is white.^d More than ever, we need to:

Go BIG so everyone can go home

**IN 2022, WE SERVED
109,080 HOUSEHOLDS
AND DISTRIBUTED
\$2.18 BILLION IN RESOURCES**

The increased activity crosses all program areas from rental to homeownership.

^a Minnesota Housing analysis of 2021 Home Mortgage Disclosure Act (HMDA) data.

^b Minnesota Housing analysis of data from the U.S. Census Bureau's American Community Survey (2021, 1-Year sample and 2019 1-Year sample).

^c Minnesota Housing analysis of data from the U.S. Census Bureau's American Community Survey (2021, 1-Year sample).

^d Minnesota Housing analysis of data from the U.S. Department of Housing and Urban Development's 2022 Point-in-Time Count and the U.S. Census Bureau's American Community Survey (2021, 5-Year sample).

Since the pre-pandemic year of 2019, we increased:

- The number of households served from 55,905 to 109,080, and
- The housing resources distributed from \$1.35 billion to \$2.18 billion.

With partners all across the state, the agency deployed two pandemic-related federal emergency housing assistance programs in 2022 while maintaining the Agency’s work in key areas of need for renters, homeowners and those at risk of or experiencing homelessness.

PROMOTING AND SUPPORTING SUCCESSFUL HOMEOWNERSHIP

We finance: (1) pre- and post-purchase counseling, education and coaching; (2) mortgages and downpayment/ closing-cost assistance loans; and (3) home improvement loans. Highlights from 2022 include:

- Increasing our overall homebuyer lending by 15% from \$1.17 billion in 2020 to \$1.35 billion in 2022.
- Delivering 40% of our first-time homebuyer mortgages (Start Up) to Black, Indigenous and households of color (up from 34% in 2020), when the overall mortgage industry in Minnesota only delivers 21%;
- Serving 7,300 homebuyers and owners in 2022 through education, counseling and coaching; and
- Lending to over 1,100 households through our Home Improvement Loan and Rehabilitation Loan Programs in 2022.

FINANCING THE DEVELOPMENT AND PRESERVATION OF RENTAL HOUSING

We finance new rental construction and the preservation of existing rental housing through amortizing first mortgages, housing tax credits and zero-interest, deferred loans. Highlights from 2022 include:

- Overall, 2,784 rental units were produced or preserved in 2022. The bulk of units were rehabilitation projects.
 - 1,587 units were preserved through rehabilitation in 2022 compared to 1,527 units in 2021;
 - 851 rental housing units were produced in 2022 compared to 1,707 units in 2021; and
 - 346 units were refinanced in 2022 compared to 98 units in 2021.

INCREASING HOUSING STABILITY

We provide rental assistance, operating subsidies for supportive housing, homelessness prevention resources and other assistance. Highlights for 2022 include:

- We served 7,700 households with annual incomes typically less than \$13,000. The annual assistance per household is typically in the \$2,100 to \$9,600 range.

ADMINISTERING FEDERAL PROJECT-BASED RENTAL ASSISTANCE

We administer the Section 8 project-based rental assistance program in Minnesota for the U.S. Department of Housing and Urban Development (HUD). Highlights for 2022 include:

- Supporting nearly 30,000 households with rental assistance and contract administration. The federal government has not added housing units to this stock since the 1980s. Our goal is to effectively manage the contracts and preserve the affordability and condition of these units.

COVID-19 HOUSING RECOVERY

Minnesota Housing has implemented three COVID-19 housing assistance programs to help Minnesotans become current on their housing payments: (1) an initial COVID-19 Housing Assistance Program for both homeowners and renters, which made final payments in 2021; (2) the larger RentHelpMN program, which serves just renters, started in 2021 and stopped taking new applications in 2022; and (3) HomeHelpMN, which serves homeowners, started operations in 2022. In 2022:

- RentHelpMN assisted over 53,000 households during this reporting time period.
- HomeHelpMN supported nearly 800 household in the reporting time period as it was ramping up operations.

DETAILED TABLES

Detailed tables encompass the body of this report and include information that must be reported to the State Legislature annually, which is why we provide detailed information for each program. Full descriptions of these programs can be found in Appendix B of the [2022-2023 Affordable Housing Plan](#). The following table provides a quick overview of the programs.

OVERVIEW OF MINNESOTA HOUSING PROGRAMS

Home Mortgages	
Start Up (first time homebuyers)	Amortizing Loans
Step Up (primarily repeat homebuyers)	Amortizing Loans
Downpayment and Closing-Cost Assistance for Homebuyers	
Deferred Payment Loan (DPL)	Deferred Loans
Monthly Payment Loan (MPL)	Amortizing Loans
Homebuyer/owner Education, Counseling & Coaching	
Homeownership Education, Counseling & Training (HECAT)	Grants
Enhanced Homeownership Capacity Initiative (intensive coaching)	Grants
Home Improvement	
Home Improvement Loan Program	Amortizing Loans
Rehabilitation Loan Program (RLP)	Deferred Loans
Single Family Housing Development (New Construction and Rehab)	
Community Homeownership Impact Fund	Deferred Loans and Grants
Workforce Affordable Homeownership Program	Deferred Loans and Grants
Manufactured Home Communities	Grants
Other	
Disaster Recovery	Deferred Loans
Manufactured Home Relocation Trust Fund	Grants
Technical Assistance and Operating Support	Grants
Rental Production – New Construction and Rehabilitation	
Low and Moderate Income Rental (LMIR)	Amortizing First Mortgages
Flexible Financing for Capital Costs (FFCC) Deferred Loans	Deferred Loans

Rental Production – New Construction and Rehabilitation	
Low Income Housing Tax Credits (LIHTC)	Investment Tax Credits
Economic Develop. & Housing/Challenge (EDHC)	Deferred Loans
Housing Infrastructure Bonds	Deferred Loans
Preservation - Affordable Rental Housing Fund (PARIF)	Deferred Loans
HOME	Deferred Loans
National Housing Trust Fund	Deferred Loans
Publicly Owned Housing Program (POHP)	Deferred Loans
Rental Rehabilitation Deferred Loan (RRDL) Program	Deferred Loans
Asset Management	Deferred or Amortizing Loans
Workforce Housing Development	Grants or Loans
Rental Assistance Contract Administration	
Section 8 Project-Based Rental Assistance	Grants
Housing Stability	
Housing Trust Fund – Rental Assistance (HTF-RA)	Grants
Housing Trust Fund – Operating Subsidies	Grants
Bridges – Rental Assistance	Grants
Homework Starts with Home	Grants
Section 811 – Rental Assistance	Grants
Family Homeless Prevention and Assistance Program (FHPAP)	Grants
Housing Opportunities for Persons with AIDS (HOPWA)	Grants
COVID-19 Housing Recovery	
RentHelpMN	Grants
HomeHelpMN	Grants

This report has the seven tables listed below, which includes a brief overview of each.

Table 1 (pages 9-10): Median incomes of households served by each program

We serve the full continuum of low- and moderate-income households. On the low end, the median annual income of people who recently moved into housing funded with Housing Infrastructure Bonds was just \$8,526. On the high end, the median income of people who received Step Up (home mortgages primarily for repeat homebuyers) was \$90,998. For context, the 2022 poverty level for a family of three was \$23,030, and the 2022 median family income in Minnesota was \$104,000.

Table 2 (pages 11-12): Income distribution by type of assisted household

The majority of homebuyers that we served had an income below \$66,000; the majority of homeowners that we served had an income below \$67,000; and the majority of renters had an income below \$15,000.

Table 3 (pages 14-16): Key funding and demographic statistics for each program

The table provides the level of assistance, the number of households served and their characteristics.

- 40% of the first-time homebuyers that we serve are Black, Indigenous and households of color, compared with 21% served by the overall mortgage industry in Minnesota.
- The Homeownership Capacity Program (intensive financial coaching for people who want to become homeowners but do not currently qualify) is reaching a particularly large share of Black, Indigenous and households of color (90%).
- A smaller share of households served by our home improvement programs are Black, Indigenous and households of color (13% to 15%). For context, these underrepresented communities account for 12% of all homeowners in Minnesota who income-qualify for one of these programs.
- The majority of the households served by most of the rental programs are Black, Indigenous and households of color.

Table 4 (pages 17-18): Information about Black, Indigenous and households of color receiving direct assistance from Minnesota Housing by program

In 2022, we provided over \$935 million of direct financial assistance to 54,000 Black, Indigenous and households of color. This only includes loans, rental assistance or other supports provided directly to households. It does not include any of the funding provided to developers for the development and rehabilitation of affordable rental housing. For the programs included in the Table 4 calculation, 46% of the assistance went to Black, Indigenous and households of color.

Project-based Section 8 rental assistance plays a critical role in the overall share of direct assistance going to households of Black, Indigenous and communities of color because it is our largest program in terms of households served. In 2022, 39% of Section 8 assistance went to Black, Indigenous and households of color. Seniors account for 49% of project-based Section 8 tenants, and seniors are a less racially diverse population than younger Minnesotans.

Table 5 (pages 19-20): Distribution of resources by region

We distribute our competitive resources (grants, deferred loans and housing tax credits) fairly evenly across the state. Each region's share of our competitive assistance is close to its share of lower-income households that are cost-burdened by their housing payments (housing payments accounting for more than 30% of gross income). For example, the seven-county Twin Cities metro region has 54.8% of the state's lower-income cost-burdened households and received 52.8% of our competitive funding in 2022 and 55.2% over the last three-years (2020-2022). The Twin Cities metro area received a larger share of our market-driven resources (65.5%), which are our amortizing loans – primarily home mortgages, home improvement loans and first mortgages for rental development. Demand for our amortizing loan products is lower in Greater Minnesota because the U.S. Department of Agriculture's Rural Development also provides these types of products, which are only available in rural areas. Table 5 excludes RentHelpMN and HomeHelpMN, which are one-time COVID-19 emergency programs where demand drives the regional distribution of funds.

Table 6 (pages 21-24): Comparison of assistance levels for each program for the years 2019, 2020 and 2021

Overall, from 2020 to 2022, program funding has increased from \$1.58 billion to \$2.18 billion (a 37% increase). In the same time period, the number of assisted households increased from 56,700 to 109,000 (a 92% increase). Between 2020 and 2022, the number of households or housing units remained stable for most program areas and an additional 51,450 households were assisted through the COVID-19 Housing Recovery programs.

Table 7 (pages 25-26): Characteristics of the households served in 2021

We prioritize serving the communities most impacted by housing instability, which includes people experiencing homelessness, people with a disability, seniors, children, Black, Indigenous and people of color, and the people with the lowest incomes. Table 3 provides data on income levels and Black, Indigenous and households of color. Table 7 provides information on people experiencing homelessness, people with a disability, seniors and families with children. With respect to homeownership, the Rehabilitation Loan Program is particularly effective in reaching senior households and households with a member who is disabled. On the rental side, 78% of households receiving rental assistance through our Housing Trust Fund program have experienced long-term homelessness. In addition, Bridges (rental assistance for people with a mental illness) is designed to serve people with a disability. Of all our programs, the most effective at serving families with children were Homework Starts with Home (100% of households were families), the Home Improvement Loan Program (78% of households were families) and the Homeownership Capacity Program (68% of households were families). As shown in Table 3, the median income of these households was \$16,800, \$83,500 and \$40,800, respectively.

Total	\$1,346,696,701	100.0%	\$3,764,282,769	100%

Notes: Data in this table include non-Section 8 resources Minnesota Housing provided in 2022 and exclude RentHelpMN and HomeHelpMN, which are one-time COVID-19 emergency programs where demand drives the regional distribution of funds.

Competitive funds are generally distributed to developers and service organizations through a competitive process, such as a Request for Proposals.

Grants and deferred loans are state and federal appropriations (other than Section 8), and Minnesota Housing Pool 3 resources.

Housing tax credits reflect Minnesota Housing allocated tax credits in developments for which loans closed with 9% housing tax credits in 2022 (not including suballocators). In past reports syndication amounts were reported, however, beginning 2021 tax credit allocation amounts are reported and the three-year totals have been adjusted to reflect this change.

Amortizing loans involve regular principal and interest payments with borrowers deciding if they want to apply for a Minnesota Housing loan or pursue other lending options.

Regional total amounts include data for Duluth, Minneapolis, and Saint Paul, i.e., the sum of regional shares is 100%.

Share of lower income cost-burdened households is based on estimates of the number of households with income less than \$50,000 who pay more than 30% of income for housing (from the Census Bureau's *American Community Survey, 2017-2021*).

Notes:

*Past reports have included households assisted with Framework in the HECAT totals households. Beginning with the FFY2021 Assessment, Framework households have been excluded from the HECAT totals. For consistency, Framework households have been removed from the 2019 and 2020 HECAT totals in this table.

**Past reports have included LIHTC syndication proceeds in total dollars assisted and have not reported housing tax credit dollars amounts allocated. Starting in FFY2021, only housing tax credit dollars allocated by Minnesota Housing and not syndication amounts are included in total dollars. Adjustments have been made to this table so all three years are consistent with this change.

*** Starting with the 2021 Assessment Report, Workforce Housing Development units and dollars are included once all funds for a project have been disbursed. In the 2020 Assessment Report, one project was included before all funds were disbursed (2nd Avenue Apartments with 37 units and funding of \$455,130). Adjustments have been made to the 2020 and 2021 Workforce Housing Development totals to accurately report the 2nd Avenue Apartment project.

TABLE 7: CHARACTERISTICS OF HOUSEHOLDS SERVED, BY PROGRAM, FFY 2022 (CONTINUED)

Resources ¹	Percentage of households that are:			
	Families with Children	Seniors	With a Disabled Occupant*	Long-term Homeless
Preservation- Affordable Rental Housing (PARIF)	30.0%	29.6%	36.8%	9.4%
Publicly Owned Housing Program (POHP)	12.1%	46.7%	43.4%	2.9%
Rental Rehabilitation Deferred Loan (RRDL) Program	20.0%	40.2%	25.7%	<5
National Housing Trust Fund ⁹	No activity	No activity	No activity	No activity
Project-Based Section 8 Contract Administration	24.0%	49.2%	36.5%	NA
Housing Stability for Populations Needing Extra Support	45.4%	8.1%	NA	33.3%
Housing Trust Fund - Rental Assistance (HTF-RA) ¹¹	48.9%	12.6%	NA	77.9%
Housing Trust Fund - Operating Subsidies	24.9%	13.5%	37.3%	58.7%
Bridges ¹¹	27.8%	9.8%	100.0%	19.4%
Family Homeless Prevention and Assistance Program (FHPAP)	48.2%	6.1%	44.9%	18.5%
Homework Starts with Home	100.0%	0.5%	24.5%	21.2%
Section 811	1.3%	8.9%	100.0%	NA
Housing Opportunities for Persons with AIDS	No detailed household data available	No detailed household data available	No detailed household data available	No detailed household data available
COVID-19 Housing Recovery	46.7%	6.9%	16.1%	NA
HomeHelpMN ¹²	NA	9.4%	21.1%	NA
RentHelpMN ¹³	46.7%	6.8%	16.0%	NA

*For all programs except FHPAP and Homework Starts with Home, disability percentages are based on the disability status of any household member; for FHPAP and Homework Starts with Home, the disability percentage is based on the disability status of the head of household. When interpreting these percentages, one would expect lower percentages when considering only the head of household's disability status.

Seniors= 62 and older

Long-term or high priority homeless= Lacking a permanent place to live continuously for a year, or at least four times in the past three years, or at least four times in the past three years, or households prioritized for permanent supportive housing by the Coordinated Entry System

NOTES

¹Data for all programs include loans and grants purchased, closed, or disbursed during the program year, not loans and grants currently committed but not yet disbursed. For programs in which Minnesota Housing provides second mortgages in conjunction with other Minnesota Housing assistance, total units are shown by program, but are unduplicated in subtotal and total unit counts.

Tenant demographics for rental units are reported to Minnesota Housing by owners of agency-funded developments being monitored for compliance with program rules. Data include characteristics of tenants occupying developments funded prior to the reporting year. These data are proxies for the tenants most likely to move into these units. All percentage calculations are based on households with complete information reported. Household income is based only on tenants with income reported in the last three years.

Tenant characteristics will vary from year-to-year reflecting the number, size, location, and type of developments on which owners report.

²These are households in which the head of the household (borrower or coborrower, in the case of homeownership and home improvement loans) is of a race other than white or is of Latinx/Hispanic origin.

³Data include first mortgages that U.S. Bank Home Mortgage HFA Division purchased during the reporting year.

⁴The number of HECAT households served excludes people who took the online Framework course. HECAT is also funded through other partners; the amount shown includes \$404,409 in funding partners' contributions.

⁵The Community Homeownership Impact Fund includes Single Family's Economic Development and Housing/Challenge Fund resources. This is a count of loans, not households; some households may receive more than one loan under this program.

⁶The demographic information for rental production numbers exclude units that also receive Section 8 Project-Based vouchers.

⁷Flexible Financing for Capital Costs (FFCC) dollars and unit totals include The Glen at Valley Creek (42 units) funded under the Senior Housing Pilot Project which used Pool 3 dollars and EDHC rules.

⁸The total amount of syndication proceeds and tax credit allocation amounts are reported for developments with loans that closed in the reporting year. Projects that only receive Minnesota Housing allocated tax credits and not Minnesota Housing loans are reported in the year the project status reaches 8609. Data do not include suballocator units. Fluctuation in the dollar value of syndication from year to year may be attributable to fluctuation in the number of loan closings occurring in a given year and/or fluctuation in tax credit pricing.

⁹The Economic Development and Housing Challenge Fund and the National Housing Trust Fund both had funds awarded to projects in FFY2022, however, neither program had funds disbursed in FFY2022.

¹⁰Includes Financing Adjustment Factor and Financing Adjustment (FAF/FA) resources.

¹¹Total assistance amount for Bridges and Housing Trust Fund Rental Assistance is the actual voucher, security deposit, and housing expense amounts disbursed during the reporting year. Average assistance per household is estimated for 12 months based on average monthly assistance paid in the reporting year.

¹²HomeHelpMN program does not require household income documentation for households in the lowest income zip code, according to Department of Treasury rules. Therefore, it is likely the median household income for this program is overstated.

¹³RentHelpMN figures exclude Housing Stability Support (HSS) which was just getting launched at the end of the reporting period for this report. The HSS figures will be captured in the FFY2023 Program Assessment Report.

400 Wabasha Street North, Suite 400
