## Teacher Preparation Program Report

### December 2022

---

A report submitted in accordance with Minn. Stat. § 122A.091, Subd. 2

The Minnesota Professional Educator Licensing and Standards Board is submitting this report in accordance with Minn. Stat. § 122A.091, Subd. 2.

## Interpretive Cautions and Notes

All demographic information is self-reported by examinees during the exam registration process. For the purpose of this report, the data of candidates who identified as “other” or “undeclared” is not disaggregated but is included in the total. For the “other” and “undeclared” data, refer to the MTLE Technical Reports posted on the [PELSB website](#).

Additionally, the preparation provider data is also self-reported by test takers. To qualify for a Tier 2 or a Tier 1 renewal, some individuals who never enrolled in a teacher preparation program identify the college where they completed their baccalaureate degree.

All pass rates are based on best attempt, defined as the percent of candidates who achieved a score equal to or higher than the passing score during the reporting period. If there are multiple attempts in the program year, the highest retake score is used in the calculation of the pass rate.

When there were fewer than 10 candidates who completed an exam at an individual preparation provider of a particular race or for a particular program area, only the pass rate is included and low n is indicated in the table below. When there were 10 or more candidates who took an exam at an individual provider of a particular race or by a particular program area, the pass rate and number of test takers is included.

Caution should be used when interpreting data for a small number of candidates.

## Basic Skills Exam Data

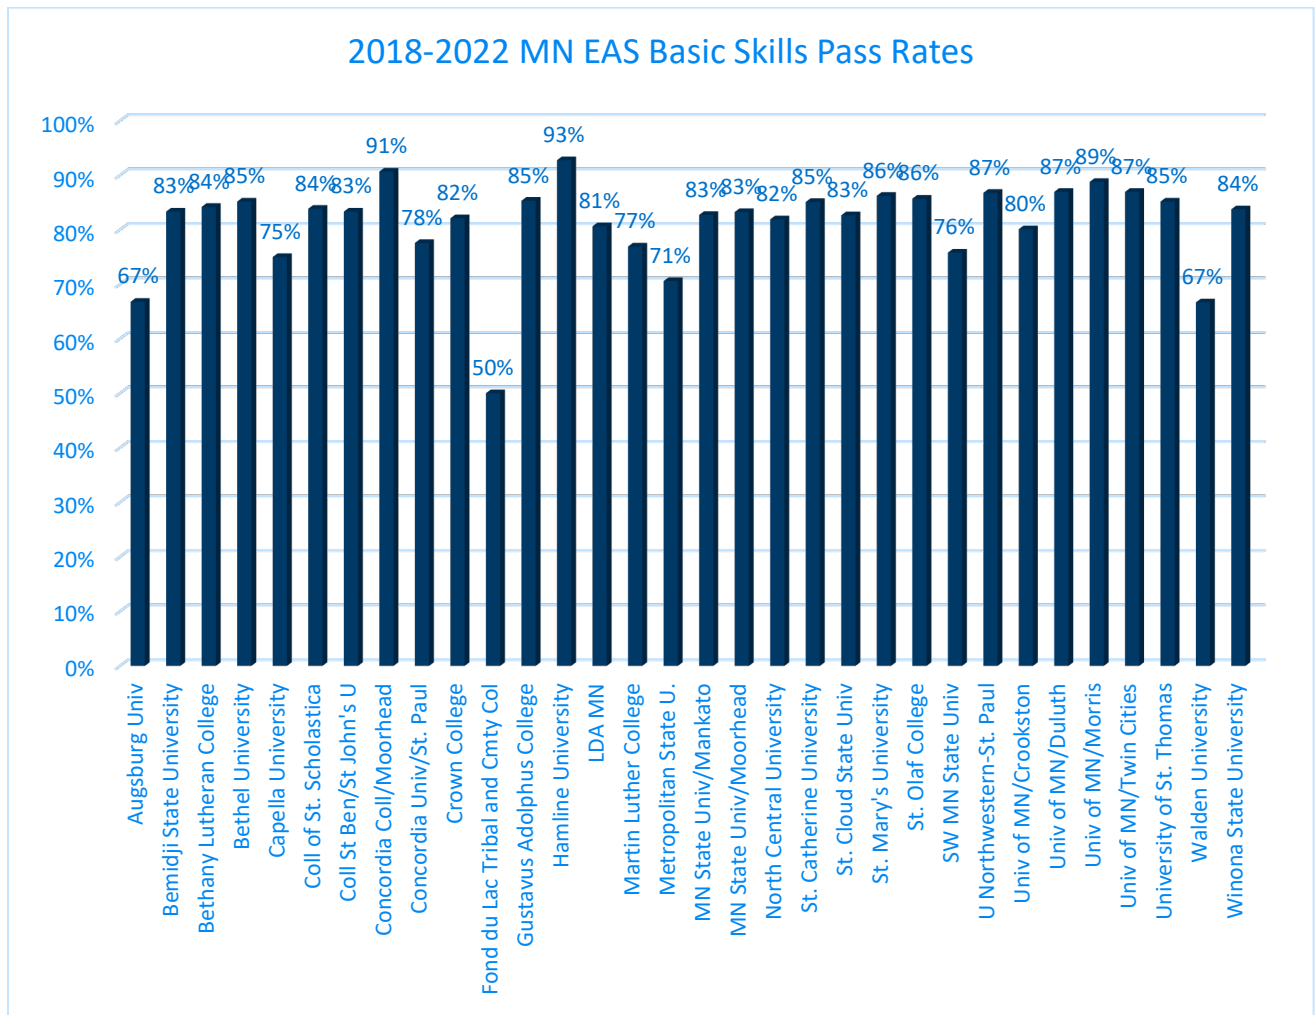

To qualify for a Tier 4 license, teachers may pass any one of the Board-adopted skills examinations. The following table represents the data of one of the Board-adopted skills examinations, the MN NES Essential Academic Skills (EAS). To pass the test, a candidate must pass the entire battery, which includes an exam in math, reading, and writing.

	2018-2019	2019-2020	2020-2021	2021-2022
<i>Number taking MN NES EAS basic skills test</i>	5,924	3,640	3,562	2,780

Percentage of Multiracial who passed	81.2%	79.6%	88.1%	79.5%

The following graph disaggregates the MN NES exam data by preparation provider. Some preparation providers accept other Board-approved basic skills exams, and some do not require that candidates take a basic skills exam.

The following table includes all pass rate data for one of the Board-adopted basic skills exams, the MN EAS from 2018-2022 disaggregated by race/ethnicity and teacher preparation provider. Four years of data was provided to more frequently meet the threshold of 10 for reporting.

## Pedagogy Exam Data

The decline in number of exams taken in 2019-2020 corresponds to test center shutdowns at the beginning of the COVID-19 pandemic. In accordance with [MN Law, Chapter 116, Art. 4 Sec. 1\(b\)](#), PELSB issued over 1,000 conditional Tier 3 licenses to candidates who were unable to meet the testing requirements in MN. Stat. 122A.183 and 122A.183 due to COVID-19 related testing center closures and cancellations.
