### Key Notes:

- This grant is administered by Second Harvest Heartland on behalf of the six Feeding America food banks who serve MN. Each food bank is responsible for distributing the food to the counties they serve.
- All of the produce and protein funds have now been spent for the year.
- The milk funds are allocated up front to food banks based on food insecurity rates in the counties they serve. Milk is procured by each food bank separately. Both Second Harvest Heartland and Channel One Food Bank spent their entire milk grant allocations by the end of Q1. The remaining food banks traditionally wait until October to begin using their milk grant allocations.
- Approximately 154,023 gallons of milk have been distributed to the community with the grant funds spent during the first three quarters.
