

# ANNUAL PLAN FOR DISTRIBUTION METROPOLITAN LIVABLE COMMUNITIES FUND 2024

This annual plan for distribution of the metropolitan livable communities fund, based on the criteria for project and applicant selection, satisfies the requirements of Minn. Stat. 473.25 (d); 1995 Minn. Laws Chap. 255 Art. 1 Sec. 1.

METROPOLITAN  
COUNCIL

The Council's mission is to foster efficient and economic growth for a prosperous metropolitan region

---

### Metropolitan Council Members

Charlie Zelle	Chair	Diego Morales	District 9
Judy Johnson	District 1	Peter Lindstrom	District 10
Reva Chamblis	District 2	Gail Cederberg	District 11
Tyronne Carter	District 3	Susan Vento	District 12
Deb Barber	District 4	Chai Lee	District 13
John Pacheco Jr.	District 5	Toni Carter	District 14
Robert Lilligren	District 6	Tenzin Dolkar	District 15
Yassin Osman	District 7	Wendy Wulff	District 16
Anjuli Cameron	District 8		

The Metropolitan Council is the regional planning organization for the seven-county Twin Cities area. The Council operates the regional bus and rail system, collects and treats wastewater, coordinates regional water resources, plans and helps fund regional parks, and administers federal funds that provide housing opportunities for low- and moderate-income individuals and families. The 17-member Council board is appointed by and serves at the pleasure of the governor.

On request, this publication will be made available in alternative formats to people with disabilities. Call Metropolitan Council information at 651-602-1140 or TTY 651-291-0904.

# PRE-DEVELOPMENT

## Funding

**Available Funding:** \$2,000,000

**Award Limit:** \$300,000 per city per round

**Application Limit:** No more than six per city per round

**Local Match:** None

**Grant Term:** Two years (up to one year extension possible)

**Distribution:** 50% of the award may be disbursed upfront when an agreement is signed between city and project team\*

*\*Not all cities will participate. Contact city staff to learn more.*

## Key Dates

**Round One Due:** April 22, 2024

**Round One Decision:** June, 2024

**Round Two Due:** July 22, 2024

**Round Two Decision:** September, 2024

## Pre-Development Eligible Costs

### WHAT: PROPOSED PROJECT OUTCOMES

#### Environmental Sustainability

- Soil testing to determine feasible land uses (not environmental testing)
- Project-specific or district-wide stormwater management plans, district-wide heating and cooling plans, and district-wide waste management plans that conserve natural resources and mitigate impacts on climate change
- Passive building design and energy efficient improvement planning
- Development of Travel Demand Management Plan or other strategies to reduce emissions in and around the project site
- Landscaping plans that will conserve natural resources, increase greenspace, and prioritize native plants and pollinators
- Sustainability assessments, design and engineering (for example project/district stormwater management and district heating/cooling)

#### Site Planning

- Development of site plans, public realm plans, and/or outdoor recreation plans
- Public art design process to create an intentionally designed piece of public art. The design process should include an artist or arts organization.
- Phasing or staging plans for an identified parcel or multiple contiguous parcels
- Site selection between 2 -3 potential sites
- Additional design work to include Universal Design or other accessibility features beyond local requirements
- Culturally specific site design and planning to best reflect priorities of the community/ies being served by the project
- Alternative Urban Areawide Review (AUAR)
- Architectural design services (schematic design, design development and construction documents)

#### Program Coordinators

stephen.klimek@metc.state.mn.us (Hennepin County)

hannah.gary@metc.state.mn.us (all other counties)

# PRE-DEVELOPMENT

## Eligible Costs

### WHAT: PROPOSED PROJECT OUTCOMES

#### Acquisition and Preservation/Rehab

- Physical or capital needs assessment or energy audits for rehab of affordable housing buildings and/or units (only eligible for units affordable at 60% of AMI with income restrictions in place for a minimum of 15 years) or economic opportunity projects that meet outlined scoring criteria.
- Appraisal for site acquisition
- Strategies for site acquisition

#### Financial Models

- Financial modeling to determine finance structure for project development and long-term management of affordable housing and jobs projects located in low income areas
- Feasibility studies to determine project feasibility, a housing mix that increases housing choice or commercial mix to support living wage jobs, or a market study to determine the demand for the proposed development project or project elements

### HOW AND WHO: PROPOSED PROJECT PROCESS AND PROJECT PARTNERS TO SUPPORT EQUITABLE DEVELOPMENT STRATEGIES

- Design workshops and community engagement activities that center those least represented and most impacted by historic racial inequities (including but not limited to compensation for consultants leading work, participants, advisory committee members, childcare, food for engagement events)
- Community Benefits Agreement, Health Impact Assessment, displacement risk assessment and/or mitigation plan, Displacement prevention planning, equity analysis impact analysis, wealth building planning
- Developer mentoring for new and/or small developers (have completed three or fewer development projects)
- Project management for new and/or small developers (have completed three or fewer development projects OR have a development team of five people or fewer)

## Ineligible Costs

- Corridor, small area or station area plans
- Strategies for land banking
- Permits, legal fees not directly related to producing an eligible activity, or fees for processing construction documents and project applications
- Administrative overhead and soft costs which are not directly related to an awarded grant activity
- Work done before the grant was awarded

#### Program Coordinators

stephen.klimek@metc.state.mn.us (Hennepin County)  
hannah.gary@metc.state.mn.us (all other counties)

# PRE-DEVELOPMENT

## Pre-Development Scoring Table

While we recognize there are different types of inequities based on identity and circumstance, LCA is focused on addressing racial inequity in the region given race is the largest predictor of inequitable outcomes in jobs, housing, and other LCA goals. Projects addressing racial equity will be prioritized in scoring. Projects addressing other inequities will earn points towards how they address those inequities but will not receive full points unless they also consider the intersection of racial inequity.

### What: Pre-Development Project Outcomes

The goals and vision of the proposed project would meet one or more of the following LCA and/or Thrive goals:

Criteria:		Points
<b>LCA and Thrive Goals</b>	Add new housing types and create or preserve affordable housing. Priority for projects with deep affordability and/or serving populations who have barriers to finding housing	<b>16</b>
	Create or preserve long-term living wage jobs or support economic opportunity for communities of historic wealth extraction	
	Increase or preserve (for preservation/rehab projects) density on the site and make it easier for people with mobility barriers to easily access housing, jobs, services, and amenities	
	Minimize climate change and/or environmental impact for residents in areas most negatively impacted by environmental justice	
<b>How: Pre-Development Project Process</b>		
<b>Process</b>	Show an understanding of who will benefit most from the project and in what ways, and use this understanding to shape equitable development strategies and outcomes	<b>14</b>
	The project reflects the culture and needs of the community it is intending to serve	
	The strength of the partnership between the applicant (City/County/HRA/EDA) and development partner(s), including the level of support and engagement the applicant has with the project	
<b>Total</b>		<b>30</b>
<b>Applications must score at least 20 of the 30 points available</b>		

# POLICY DEVELOPMENT

## Funding

**Available Funding & Award Limits:** \$200,000 per round. Limit of \$50,000 per city including match.

**Application Limit:** One per city

**Local Match:** 25% Reimbursable Match

**Grant Term:** Two years (up to one year extension possible)

## Key Dates

**Round One Due:** April 22, 2024

**Round One Decision:** June, 2024

**Round Two Due:** July 22, 2024

**Round Two Decision:** September, 2024

## Eligible Costs

### WHAT: PROPOSED POLICY OUTCOMES

#### Policy Development

- Consultant services to develop an eligible policy that will further LCA and Thrive goals
- Staff time directly related to developing an eligible policy that will further LCA and Thrive goals

## Ineligible Costs

- Work done before the grant was awarded
- General staff time not directly related to policy development

**Program Coordinator**

hannah.gary@metc.state.mn.us

# POLICY DEVELOPMENT

## Policy Development Scoring Table

While we recognize there are different types of inequities based on identity and circumstance, LCA is focused on addressing racial inequity in the region given race is the largest predictor of inequitable outcomes in jobs, housing, and other LCA goals. Projects addressing racial equity will be prioritized in scoring. Projects addressing other inequities will earn points towards how they address those inequities but will not receive full points unless they also consider the intersection of racial inequity.

<b>WHAT: POLICY DEVELOPMENT OUTCOMES</b>		
Criteria:		Points
The goals and vision of the proposed policy would meet one or more of the following LCA and/or Thrive goals associated with physical development:		<b>30</b>
<b>LCA and Thrive Goals</b>	Support affordable housing by allowing for more development of new affordable housing or preservation of existing affordable housing	
	Support wealth building and economic opportunity for communities of historic wealth extraction	
	Minimizing climate impact by reducing greenhouse gas emissions and conserving natural resources	
	Support more equitable development outcomes in physical developments and/or through city process to approve physical developments	
<b>HOW: POLICY DEVELOPMENT PROCESS</b>		
<b>Process</b>	The process will include analysis of who will benefit most from the policy and in what ways, and use findings to influence equitable development strategies and outcomes	<b>10</b>
<b>WHO: POLICY DEVELOPMENT TEAM</b>		
<b>Who Is Involved</b>	The project team has a defined scope of work with tangible goals	<b>10</b>
<b>Total</b>		<b>50</b>
<b>Applications must score at least 25 of the possible 50 points</b>		

# LIVABLE COMMUNITIES DEMONSTRATION ACCOUNT (LCDA) DEVELOPMENT

LCDA  
DEV

## Funding

**Available Funding:** \$9.8 million

**Award Limit:** No more than 40% of funds to Minneapolis and Saint Paul if applications from other cities/counties exceed 60%

**Application Limit:** Three per city

**Grant Term:** Three years (up to two year extension possible)

## Key Dates

**Application Due:** August 12, 2024

**Funding Decision:** Fall, 2024

## Development Eligible Costs Table

- All affordable housing must be affordable for a minimum of 15 years at 60% or lower of AMI for rental, and 80% AMI or lower for ownership
- Design and engineering fees for eligible activities can be up to 10% of the total award amount.
- Site acquisition is only eligible for affordable housing units or for jobs projects that improve access for low-income residents.
  - Support for activities that are eligible only for affordable housing units will be prorated to percentage of affordable units in project
- Holding costs can be up to 5% of the requested site acquisition support or \$100,000, whichever is less

## Eligible Costs

### Environmental Sustainability

- Infiltration swales or tanks
- Landscaping that is an integrated part of the stormwater management system
- Pervious pavement
- Green roofs
- Geothermal heat pumps
- Fuel cells; and Wind turbines
- Project specific or district-wide stormwater management, heating/cooling management, and waste management systems
- EV charging infrastructure or installation costs
- Photovoltaic cells

Development Eligible Costs Table Continued

## Eligible Costs

- Public space that is open to the general public. Elements can include, but are not limited to:
  - lighting
  - landscaping
  - seating and furnishings
  - sidewalks and paths
  - Wayfinding elements
  - public restrooms (does not include SAC charges)
- Public art design process to create an intentionally designed piece of public art which contributes to the identity or sense of place of the development project and/or surrounding neighborhood. The design process should include an artist or arts organization.
- Public art features, including but not limited to murals, mosaics, and sculptures, which contribute to the identity or sense of place of the development project and/or surrounding neighborhood. To be considered public art, it must be led and fabricated by a professional artist and/or art organization.
- Playgrounds or outdoor recreational areas intended to serve residents of affordable housing developments
- Public community gardens or community gardens at affordable housing developments
- Demolition and removal of existing structures.
- Grading and soil correction to prepare a site for construction
- Outdoor resident amenity spaces for affordable housing projects
- General landscaping elements for affordable housing projects
- Construction costs for affordable housing or economic opportunity projects

## Ineligible Costs

### Project Site

- City or neighborhood parks
- Parks, playgrounds, or areas that are primarily for the use of the development project's tenants or residents of market rate residential buildings
- Demolition, abatement, cleanup, removal, hauling or disposal of contaminated materials or debris (this is eligible in the TBRA program)
- Cleanup, removal, hauling or disposal of contaminated soil or debris (this is eligible in the TBRA program)

Development Eligible Costs Table Continued

## Eligible Costs

### Improved Connections

- New streets or street extensions only for local public streets
- Public sidewalks, trails, or bike infrastructure that enhance the pedestrian environment and connect the project to nearby uses and amenities
- Site-integrated transit shelters (work with Metro)
- Transit early if including a transit shelter)
- Bike facilities that are open to the public, are in affordable housing buildings, or in jobs projects
- Extensions or modifications of local public utilities that directly serve the development project
- Publicly available portion of shared-use parking
- Enhanced broadband connections for affordable housing projects
- Universal design elements to improve accessible connections to and within the project site
- Landscaping to improve the experience for people walking, biking, or rolling to/through the site

## Ineligible Costs

- County road improvements
- Private sidewalks, amenities or amenity spaces specifically serving market rate residential development projects
- Surface parking and parking without a shared public component
- Expansion or extension of local public utilities not directly related to the development project
- Transit infrastructure or capital investments e.g., transit stations, station platforms, and park-and-ride facilities.
- Regional parks or trails and trails that would otherwise be included within a city's capital improvement budget
- Trail, sidewalk, or road connections that do not directly connect to or support the project site.

## Eligible Costs

### Design & Community Engagement

- Design workshops and community engagement activities that center those least represented and most impacted by historic racial inequities (including but not limited to compensation for consultants leading work, participants, advisory committee members, childcare, food for engagement events\*)
- Design and engineering fees for grant eligible activities (up to 10% of the total award)

\* Food costs should be within Council limits and prioritize DBE or DBE qualifying vendors when possible

## Ineligible Costs

- Architectural and engineering fees related to the general site or building or not related directly to grant-funded elements specifically listed as "eligible"
- Traditional public meetings or other engagement activities required by law

Development Eligible Costs Table Continued

## Eligible Costs

### Acquisition for Affordable Housing and Economic Opportunity

- Site acquisition for affordable housing projects or projects focused on bringing economic opportunity to low-income areas. Eligible sites acquired after the date of award or for sites acquired within 12 months before the application is due are eligible
- Holding costs up to 5% of the awarded acquisition amount or \$100,000, whichever is less.
  - Eligible holding costs include property maintenance, insurance, and interest.

## Ineligible Costs

- Sites purchased more than 12 months before the application due date
- Acquisition for market rate housing or jobs not in low-income areas
- Sites purchased from a project partner who will gain financially from the purchase
- Site assembly for lands to be used for transit infrastructure.

## Eligible Costs

### Preservation and/or Rehab for Affordable Housing or Economic Opportunity

- Exterior improvements to bring the building to code or improve energy efficiency of the building. Examples include window replacement, roof replacement, exterior finishing replacement (brick siding, etc.), or mechanical system replacement (Savings from energy efficiency should be passed on to the residents or tenants/occupants of commercial buildings))
- Improvements to interior of affordable units or commercial building to bring building to code, increase energy efficiency, and improve the quality of life of current or future residents. Examples include low flow plumbing fixtures or energy savings appliances.
- Improvements to indoor communal spaces. Examples include improvements to community gathering rooms, fitness centers, and areas in which supportive services are offered.
- Improvements to building grounds and outdoor community gathering spaces. Examples include landscaping, playgrounds, greenspace, and community gardens.

## Ineligible Costs

- Legal fees associated with preservation
- Upgrades to market rate units
- Relocation costs

*Affordable and market rate units should be identical and evenly distributed throughout the building(s)*

## Funding

**Available Funding:** \$250,000 per year

**Award Limit:** \$50,000 per project; up to \$250,000 per applicant for multiple sites within a Target Area. Grant funds will be available until expended on a first come first served basis

**Local Match:** 25%

**Grant Term:** 1 Year (single site) 3 years (multi-site)(no extension)

**Application Limit:** Applicants with an open grant for multi-site investigations with less than 80% of the funds awarded expended are ineligible to apply

## Key Dates

**Round One Due:** May 1, 2024

**Round One Decision:** July 2024

**Round Two Due:** November 1, 2024

**Round Two Decision:** January 2025

## Site Investigation Eligible Sites Table

### Eligible Sites

- Properties with contamination that exceeds or is perceived to exceed safe standards set by the Minnesota Pollution Control Agency (MPCA), Minnesota Department of Agriculture (MDA) or the Minnesota Department of Health (MDH) for the intended use.
- Properties that are publicly-owned or privately-owned that will
  - increase the tax base and
  - add or preserve jobs and/or
  - add or preserve affordable housing after redevelopment is completed.

### Ineligible Sites

- A party likely responsible for the contamination has been identified and is also likely financially capable of carrying out the investigation in the foreseeable future
- No known or suspected environmental contamination is demonstrated
- TBRA funding is not needed in order for the redevelopment to proceed
- Redevelopment proposals that will not generate property taxes or payments in lieu of taxes (PILOT/PLT)
- The application does not score at least 50% (35 points) of the total possible points (70 points)

Applications may also be determined ineligible for funding if:

- Individual project sites are not approved by the Council staff prior to incurring eligible costs. Changes to the eligible Target Area will require a grant amendment prior to incurring costs to be reimbursed for grant funds
- adequate investigation funding is available from other public and private sources;
- any part of a redevelopment site that will be funded by the State or Federal Superfund Program in the current or following fiscal year
- the redevelopment requires extensive new regional infrastructure beyond that which is already planned
- the redevelopment is not consistent with the redevelopment component of the municipality's comprehensive plan

**Program Coordinator**

Marcus Martin

marcus.martin@metc.state.mn.us

## Site Investigation Eligible Sites Table

### Eligible Activities

- Creating or updating environmental investigation documents\* including:
  - Phase I environmental site assessment
  - Phase II environmental site assessment work plans
  - Phase II environmental site assessment
  - Hazardous building materials, asbestos or lead based paint assessments\*\*
  - Development of a Response Action Plan\*\*\*
  - Abatement plans
  - Asbestos emissions control plans (ECP)
- limited demolition (as necessary to assess contamination only),
- environmental oversight

### Ineligible Activities

- “soft costs” such as:
  - administrative overhead,
  - travel expenses,
  - legal fees,
  - bonds,
  - insurance,
  - permits,
  - licenses or authorization fees,
  - costs associated with preparing grant proposals or applications or bids,
  - applicant’s project coordination costs, operating expenses, planning costs, and prorated lease and salary costs,
- cleanup or abatement costs,
- construction costs (e.g., geotechnical or structural assessments),
- costs for environmental assessments outside of the redevelopment site or Target Area (as identified in the application).

\* The costs for the investigation work incurred within 180 days before the application submission deadline may be considered as matching funds.

\*\* Costs associated with asbestos and lead-based paint assessments must meet state standards established by the Minnesota Department of Health and Minnesota Occupational Safety and Health Administration (OSHA) as well as federal standards including Asbestos Hazard Emergency Response Act (AHERA) and the Toxic Substances Control Act (TSCA) and the EPA Renovation, Repair and Painting Rule.

\*\*\* Response Action Plan (RAP) - and amendments, if any - must be submitted to the MPCA or MDA for the redevelopment being proposed.

The Council considers the following additional factors when reviewing future costs to be paid using grant funds:

- To minimize the amount of funds needed to replace contaminated soils, applicants are encouraged to design and implement projects in a way that minimizes the amount of backfill needed to replace the contaminated soils (e.g., underground parking, basements). Any underground use must be consistent with the approved RAP.
- Future mitigation costs associated with soil vapor mitigation must be based on data provided that shows soil vapors are over 33 times the MPCA intrusion screening value thresholds.
- Contractor markups for subcontractor costs are eligible but limited to 10% or less.

**Program Coordinator**

Marcus Martin

marcus.martin@metc.state.mn.us

## Site Investigation Scoring Table

WHAT: PROPOSED PROJECT OUTCOMES		
<b>Tax Base</b>	Increase to the city tax base	<b>5</b>
<b>Jobs and Housing</b>	Build or preserve affordable housing with priority given to projects that serve residents who have barriers finding safe, affordable housing or new housing units affordable to households with income at or below 30% of the median income	<b>5</b>
	Create or preserve long-term job opportunities with priority given to projects with living-wage jobs	
<b>Compact, Connected Development</b>	Develop vacant lots or re-use vacant buildings	<b>15</b>
	Increase the use of transit and alternatives such as walking or biking	
	Support efficient growth in the region through adaptive reuse, infill development or redevelopment	
<b>Environmental Impact</b>	Demonstrate a market demand for future redevelopment proposals	<b>5</b>
	Investigate contaminated sites with the greatest potential to improve the environment and reduce risk to human health	<b>12</b>
	Potential to support equitable environmental protection based on project location and potential impact of exposure	<b>6</b>
<b>Subtotal Outcomes</b>		<b>48</b>

Site Investigation Scoring Table continued

HOW: PROPOSED PROJECT PROCESS		
Process	Address a residential and/or workforce need that was identified by or with residents or workers most impacted by inequities	4
	The city is taking steps toward addressing racial and other inequities at the local level, especially efforts to implement equitable development practices	3
<b>Subtotal Process</b>		<b>7</b>
WHO: PROPOSED PROJECT TEAM		
Capacity	Project team's capacity to begin an environmental investigation and commit sources for required matching fund contribution	15
	The team demonstrates a need for public financing	
	The project team, including partners, is designed to reflect and be responsive to those underrepresented and most impacted by the project; or the predevelopment activities will seek to build such partnerships in a meaningful way	
	Demonstrate public applicant's capacity to oversee environmental investigations	
<b>Subtotal Team</b>		<b>15</b>
<b>Total</b>		<b>70</b>
<b>Applicants must score at least 35 of the 70 available points</b>

# TAX BASE REVITALIZATION ACCOUNT (TBRA) CLEANUP

TBRA

## Funding

**Available Funding:** \$2,250,000 per round round

**Award Limit:** 50% of available funding per city and no more than 75% of available funding in Minneapolis and St. Paul

**Local Match:** None

**Grant Term:** Three years (up to two year extension possible)

**Application Limit:** None

## Key Dates

**Round One Due:** May 1, 2024

**Round One Decision:** July 2024

**Round Two Due:** November 1, 2024

**Round Two Decision:** January 2025

## Cleanup Eligible Sites Table

### Eligible Sites

- Properties with contamination that exceeds safe standards set by the Minnesota Pollution Control Agency (MPCA), Minnesota Department of Agriculture (MDA) or the Minnesota Department of Health (MDH) for the intended use.
- Properties that are publicly-owned or privately-owned that will
  - increase the tax base **and**
  - add or preserve jobs **and/or**
  - add or preserve affordable housing after redevelopment is completed
- Total cleanup costs are over 1% of the total development cost excluding the cost of site acquisition

### Ineligible Sites

- A responsible party has been identified and is likely financially capable of carrying out the cleanup in the foreseeable future;
- TBRA funding is not needed in order for the redevelopment to proceed;
- Eligible cleanup costs are equal to one percent or less than the total project development costs excluding the cost of site acquisition;
- Redevelopment proposals that will not generate property taxes or payments in lieu of taxes (PILOT/PLT);
- The application does not score at least 50% (75 points) of the total possible points (150 points)

Applications may also be determined ineligible for funding if:

- adequate cleanup funding is available from other public and private sources;
- any part of a redevelopment site that will be funded by the State or Federal Superfund Program in the current or following fiscal year
- the redevelopment requires extensive new regional infrastructure beyond that which is already planned
- the redevelopment is not consistent with the municipality's comprehensive plan

**Program Coordinator**

Marcus Martin

marcus.martin@metc.state.mn.us

# TAX BASE REVITALIZATION ACCOUNT (TBRA) CLEANUP

TBRA

## Cleanup Eligible Activities Table continued

The Council considers the following additional factors when reviewing future costs to be paid using grant funds:

- Eligible activities for contaminated soil remediation include excavation, transportation, disposal fees for removal of contaminated soil conducted according to the RAP submitted with the application.
- The costs for replacing contaminated fill with clean fill and grading of clean soil are eligible as long as the volume of clean soil requested to be paid with grant funds is equal or less than the volume of contaminated soil removed.
- To minimize the amount of funds needed to replace contaminated soils, applicants are encouraged to design and implement projects in a way that minimizes the amount of backfill needed to replace the contaminated soils (e.g., underground parking, basements). Any underground use must be consistent with the approved RAP.
- Costs associated with soil vapor mitigation must be based on data provided that shows soil vapors are over 33 times the MPCA intrusion screening value thresholds.
- Actions documenting environmental monitoring systems or the successful implementation of a RAP such as technical writing are eligible for reimbursement.
- We recommend applicants use separate line items when bidding work to be paid by grants to simplify the review of reimbursement requests if a grant is awarded.
- Contractor markups for subcontractor costs are eligible but limited to 10% or less.

# TAX BASE REVITALIZATION ACCOUNT (TBRA) CLEANUP

## Cleanup Scoring Table

WHAT: PROPOSED PROJECT OUTCOMES		
Tax Base	Increase to the city tax base	25
	Add tax revenue in the near term.(Projects not in or not expected to be in a Tax Increment Finance district(s) earns 5 points because all the affected tax jurisdictions benefit after construction is complete.)	
Jobs and Housing	Build new affordable housing that helps the city meet their share of the region’s need for affordable housing built between 2020-2030. Priority will be given to new housing units affordable to household with incomes at or below 30% of the area median income (AMI) in census tracts with the most households spending more than a third of their income on housing costs before considering units affordable at other levels of AMI up to 60% <b>OR</b> Preserve and rehabilitate affordable housing, prioritizing cities at highest risk of losing Naturally Occurring Affordable Housing (NOAH) and/or cities with higher rates of housing cost burdened households, <b>AND</b> Build or preserve affordable housing opportunities with priority given to projects that serve populations not currently served by the local housing market with priority given to housing for previously unhoused individuals, individuals with disabilities and housing developed with on-site supportive social services.	25
	Add or preserve long-term job opportunities with priority given to projects with living wage jobs	
	Add jobs in priority high-growth and high-opportunity sectors of the region’s economy for industry sectors that have demonstrated significant growth in recent years compared with the nation as a whole; and/or advance city job growth priorities identified in a public economic development strategy	
	Increase long-term living wage jobs in a qualified Seeding Equitable Environmental Development (SEED) eligible area	
Compact, Connected Development	Support efficient growth in the region through adaptive reuse, infill development or redevelopment	20
	Increase the use of transit and alternatives such as walking or biking	
	Demonstrate a market demand for future redevelopment proposals	5

## Funding

**Available Funding:** \$250,000 per round

**Award Limit:** \$50,000 for investigation; 50% of available funding available for cleanup

**Local Match:** None

**Grant Term:** Two years (no extensions)

**Application Limit:** None

## Key Dates

**Round One Due:** May 1, 2024

**Round One Decision:** July 2024

**Round Two Due:** November 1, 2024

**Round Two Decision:** January 2025

## SEED Eligible Sites Table

### Eligible Sites

- Site must be in an equitable development area (as determined by the Metropolitan Council).
- Properties with contamination that is not safe for the intended future use according to the Minnesota Pollution Control Agency (MPCA), Minnesota Department of Agriculture (MDA) or the Minnesota Department of Health (MDH) for the intended use.
- Properties that are publicly owned or privately owned that have the potential to
  - increase the tax base and
  - add or keep jobs and/or
  - add or keep affordable housing after redevelopment is completed.

### Ineligible Sites

- An individual or organization likely responsible for the contamination has been identified and is also likely financially capable of carrying out the investigation or a cleanup.
- TBRA funding is not needed for the redevelopment to proceed.
- Redevelopment proposals that will not generate property taxes or payments in lieu of taxes (PILOT/PLT).
- The application does not score at least 50% (35 points) of the total possible points (70 points)

Applications may also be determined ineligible for funding if:

- adequate cleanup funding is available from other public and private sources;
- any part of a redevelopment site that will be funded by the State or Federal Superfund Program in the current or following fiscal year
- the redevelopment requires extensive new regional infrastructure beyond that which is already planned
- the redevelopment is not consistent with the municipality's comprehensive plan

**Program Coordinator**

Marcus Martin

marcus.martin@metc.state.mn.us

# TBRA SEEDING EQUITABLE ENVIRONMENTAL DEVELOPMENT (SEED)

## SEED Eligible Costs Table

### Eligible Costs

- Creating or updating environmental investigation\* documents including:
  - Phase I environmental site assessment
  - Phase II environmental site assessment work
  - plans
  - Phase II environmental site assessment
  - Hazardous building materials assessment
  - Abatement plans
  - Asbestos emissions control plans (ECP)
- hazardous building materials abatement or mitigation\*\* (asbestos and/or lead-based paint only) including:
  - Abatement area containment
  - Implementing asbestos emissions control plan
  - Asbestos removal or encapsulation
  - Lead-based paint removal or stabilization
  - Loading, transport, and disposal of asbestos and/or lead-based paint wastes
- For sites with an approved cleanup plan and developer site control:
  - contaminated soil remediation
  - groundwater remediation
  - soil vapor mitigation
- limited demolition (as necessary to assess or access contamination only)
- environmental oversight

### Ineligible Costs

- “Soft costs” such as
  - administrative overhead,
  - travel expenses,
  - legal fees,
  - bonds,
  - insurance,
  - permits,
  - licenses or authorization fees,
  - costs associated with preparing grant proposals or applications or bids,
  - applicant project coordination costs, operating expenses, planning costs, and prorated lease and salary costs.
- non-hazardous wastes, such as household waste, construction debris and solid waste (e.g., old tires)
- regulated materials found in buildings, such as mercury in thermostats, oils in door closers, and other issues related to heating, ventilation, and air conditioning systems
- geotechnical costs
- managing excess clean soil
- construction costs
- costs for assessment or cleanup work outside of the redevelopment site (as identified in the application & cleanup plan)

\* If an application is only for environmental investigation, costs incurred prior to award are not eligible for reimbursement with grant funds. Investigation work incurred within 180 days before the application submission deadline may be considered as matching funds.

\*\* If an application is primarily for abatement and includes some recently incurred investigation costs (within 180 days before the application submission deadline), the costs for the investigation work included in a cleanup abatement grant request will only be reimbursed if the SEED applicant’s overall project is recommended for funding.

Costs associated with asbestos and lead-based paint abatement must be for activities that meet state standards established by the Minnesota Department of Health and Minnesota Occupational Safety and Health Administration (OSHA) as well as federal standards including Asbestos Hazard Emergency Response Act (AHERA) and the Toxic Substances Control Act (TSCA) and the Environmental Protection Agency’s Renovation, Repair and Painting Rule.

The Council will consider the following additional factors when reviewing costs to be paid using grant funds.

- We recommend applicants use separate line items when bidding work to be paid by grants to simplify the review of reimbursement requests, if a grant is awarded.
- Contractor markups for subcontractor costs are eligible but limited to 10% or less.

# TBRA SEEDING EQUITABLE ENVIRONMENTAL DEVELOPMENT (SEED)

## SEED Scoring Table

WHAT: PROPOSED PROJECT OUTCOMES		
Tax Base	Increase the tax base <b>OR</b> Potential to increase the city tax base from expected changes to the property classification <b>OR</b> the preferred land use in a current Request For Proposals for redevelopment	5
Jobs and Housing	Potential to add or preserve living-wage jobs or affordable housing based on the proposed development <b>OR</b> existing land use designation and proximity to existing employment centers	5
Compact, Connected Development	Develop vacant lots or re-use vacant buildings	20
	Potential to increase the use of transit and alternatives such as walking or biking	
	Interim use that increases visibility or improves market potential of the redevelopment opportunity	
	Demonstrate a market demand for the proposed redevelopment <b>OR</b> likelihood of future redevelopment proposals	
Environmental and Livability	Identify or reduce risk to human health from suspected or known environmental contaminants, pollutants, hazardous substances or hazardous building materials and likely impact of risks particularly to vulnerable populations (e.g., infants, children, and elderly) based on the current property use at or adjacent to the subject property	15
	Potential to support equitable environmental protection based on project location and potential impact of exposure from existing environmental risks	6
HOW: PROPOSED PROJECT PROCESS		
Process	Address a residential and/or workforce need that was identified by or with residents or workers most impacted by inequities	4
	The city is taking steps toward addressing inequities at the local level, especially efforts to implement equitable development practices	3
WHO: PROPOSED PROJECT TEAM		
Capacity	Project team's capacity to begin an environmental investigation or cleanup	12
	The team demonstrates a need for public financing	
	The project team, including partners represents the community the project will serve; or predevelopment activities will build a representative team	
	Public applicant's capacity to oversee environmental investigations or cleanup	
<b>Total</b>		<b>70</b>
<b>Applicants must score at least 35 of the 70 available points</b>

- Response for Proposals (RFPs for subject property) (Demonstrating preferred development guidelines) Construction Financing Commitment(s)

Program Coordinator

Marcus Martin

marcus.martin@metc.state.mn.us

## Program Details

**Available Funding:** \$2,500,000

**Local Match:** 100% dollar per dollar

**Grant Term:** Three years

**Award Limit:** None

**Application Limit:** None

## Key Dates

**Consolidated RFP Released:** April, 2024

**Applications Due:** July, 2024

**Awards Made:** January 2025

## Application Process

The Metropolitan Council considers multi-family and single family affordable housing proposals by partnering with Minnesota Housing in their Consolidated Request for Proposals (RFP) process, as well as consulting with cities and counties designated as tax credit suballocators that may have additional recommendations for affordable housing projects eligible for LHIA: Minneapolis, Saint Paul, Washington County and Dakota County. Projects can apply to the Consolidated RFP requesting only state funds, only LHIA funds, or both, however funds must be granted directly to a city or county/port development authority. Funds can then be sub-granted to the project developer.

To confirm this, Consolidated RFP applicants must submit an Acknowledgment of Receptivity form, which certifies that the housing development, for which the application is submitted, is located in a municipality that participates in the Metropolitan Council's Livable Communities program, and that the city or development authority will be the grant recipient. Receptivity forms are provided in Minnesota Housing's applicant portal and on LHIA's Metropolitan Council webpage.

Grantees must match LHIA awards on a dollar-for-dollar basis with a source of funding that is either directly from, or is designated by, the participating city or development authority; sources include CDBG, HOME, TIF, Housing Trust Fund dollars, tax abatements, local housing revenue bonds, and the appraised value of donated land.

## Eligible Costs Table

### Eligible Costs

- Gap financing costs\*, including land acquisition
- Property (structure) acquisition
- Demolition
- Site preparation (e.g., water, sewer, roads)
- General construction/structural additions
- Alterations and rehabilitation
- Interior and exterior finishing
- Roofing
- Electrical, plumbing, and/or heating and ventilation

*\* For single family awards, development gap funds are limited to no more than half of the difference between the purchase price of the home and the total per-unit hard costs, unless a mechanism is in place to ensure a minimum affordability term of 15 years.*

### Ineligible Costs

- Soft costs, or administrative overhead
- Bonds and insurance
- Legal fees
- Permits
- Travel
- Grant/bid preparation costs
- Cleanup/abatement costs
- Resident services and/or operations

**Program Coordinator**

Ashleigh Johnson

ashleigh.johnson@metc.state.mn.us

## Application Scoring

The LHIA helps expand and preserve lifecycle and affordable housing, both rented and owned. The LHIA annual base funding includes \$500,000 transferred from the LCDA tax levy plus \$1 million from the Council's general fund.

### Threshold Criteria

- A significant component of the project must serve households with incomes at or below 60% of Area Median Income (AMI) with a minimum affordability term of 15 years.
- Grantees must have an adopted Fair Housing Policy in order to receive Livable Communities Act funding.
- Projects must have affirmative fair housing marketing plans.

### Competitive Criteria

- Rental proposals creating or preserving affordability for persons at or below 30% of AMI;
- New affordable housing that furthers the City's ability to meet their share of the region's need for affordable housing, considering what the need is across affordability bands **OR**
- Preserved/rehabilitated affordable housing, prioritizing communities at highest risk of losing Naturally Occurring Affordable Housing (NOAH) and/or communities with higher rates of housing cost burdened households.
- Proposals that serve large families by providing three or more-bedroom units;
- Proposals meeting the needs of individuals and households experiencing long-term homelessness;
- Proposals that provide a housing type not currently available or serve a population not currently served in or near the project area.

**Program Coordinator**

Ashleigh Johnson

ashleigh.johnson@metc.state.mn.us

## Funding

**Available Funding:** \$3 million

**Local Match:** Dollar for dollar

**Grant Term:** Two years

**Award Limit:** 50% of eligible project gap costs

**Application Limit:** None

## Key Dates

**Applications Due:** October 1st, 2024

**Awards Made:** December 2024

The Affordable Homeownership program will provide grants to support affordable homeownership development, including acquisition and rehabilitation, for projects that best meet the following two priorities:

- **Racial Equity Priority:** create homeownership opportunities for Black, Indigenous, and other ethnic or racial groups that own homes at disproportionately lower rates than white households in the region; and
- **Geographic Choice Priority:** create affordable homeownership opportunities in parts of the region where it is most challenging to do so.

## Affordable Homeownership Eligibility

Only LCA participating cities will be able to apply for grants through the pilot program.

Additional eligibility criteria includes:

- Ensure a dollar-for-dollar local match
- Provide an affordable homeownership opportunity for a household earning 80% Area Median Income (AMI) or less
- Provide a minimum affordability term of 15 years
- Require Home Stretch or similar homeowner education for first-time homebuyers

## Eligible Costs Table

### Eligible Costs

- Gap financing costs, including land acquisition
- Property (structure) acquisition
- Demolition
- Site preparation (e.g., water, sewer, roads)
- General construction/structural additions
- Alterations and rehabilitation
- Interior and exterior finishing
- Roofing
- Electrical, plumbing, and/or heating and ventilation

### Ineligible Costs

- Soft costs, or administrative overhead
- Bonds and insurance
- Legal fees
- Permits
- Travel
- Grant/bid preparation costs
- Cleanup/abatement costs
- Resident services and/or operations

**Program Coordinator**

Ashleigh Johnson

ashleigh.johnson@metc.state.mn.us

## Affordable Homeownership Scoring

Proposals that meet eligibility requirements are reviewed by a team of Metropolitan Council staff and be scored in the following three categories:

- Program priorities
- Equitable access
- Affordability

The scoring structure includes two steps:

### Program Priorities

Scoring in this section evaluates the project location’s ability to achieve the program’s priorities of racial equity and geographic choice. A minimum score of 5 points, out of a maximum of 18, is required in this section. Council data is available to complete this scoring internally as long as the project location is known.

RACIAL EQUITY		
Criteria		Points
Project is in a city with higher racial disparities in homeownership than the regional average		5
<b>OR</b>	Project is in a census tract with higher racial disparities in homeownership than the regional average	3
<b>OR</b>	Project is in a census tract with a higher share of Black, Indigenous, and other residents of color than the regional average	2
<b>Highest possible subtotal for racial equity</b>		<b>8</b>
GEOGRAPHIC CHOICE		
Criteria		Points
Project is in a city with an average home sale price higher than what is affordable to a household earning 80% AMI		5
<b>OR</b>	Project is in a city with an average home sale price higher than what is affordable to a household earning 60% AMI	3
Project is in a city where the share of single-family housing stock is higher than the regional average		2
Project is in a city with an affordable housing need less than 20 <b>OR</b> more than 50% of their need is in the 51-80% affordability level.		2
Project is located in a city with a net fiscal disparity of \$200 or more per household		1
<b>Highest possible subtotal for geographic choice</b>		<b>10</b>
<b>Highest possible subtotal for both program priorities</b>		<b>18</b>
<i>A minimum of 5 points would be required to ensure the project sufficiently addresses one or both program priorities</i>		

## Equitable Access and Affordability

This section evaluates the individual project’s ability to achieve program goals; ensuring populations with lower homeownership rates than white residents have equitable access to the affordable homeownership opportunity that’s being funded, the proposal’s ability to meet unique local needs, and the proposal’s ability to provide deeper and/or longer affordability.

EQUITABLE ACCESS	
Criteria	Points
Developer or program partner has a demonstrated record of serving Black, Indigenous, and/ or other households of color in homeownership at rates equal to or greater than the city and or region’s homeownership rates for those same groups	3
Developer or program partner has current waiting list consisting of Black, Indigenous, or other households of color at levels equal or greater to the regional and/or city population	3
Project team includes a lender, realtor, or other homebuyer-facing team member that is reflective of the Black, Indigenous, or other households of color that have disparate homeownership rates in the region	2
