

# Farm to Foodshelf (F2F)

## Quarterly Reporting

YTD: July 2023 - June 2024

	Pounds	Funds Spent	Remaining Funds	Total Budget	Prop. Of Total Budget
Produce	4,205,909	\$ 924,544	\$ -	\$ 924,544	100%
Milk	2,435,521	\$ 801,550	\$ 48,450	\$ 850,000	94%
Protein	155,760	\$ 169,742	\$ 3,214	\$ 172,956	98%

### Key Notes:

- The entirety of the produce funds were spent by all six food banks in just the first four months of the funds due to high demand for fresh produce. Without extra F2F funds in FY25, SHH was able to raise very few produce item reimbursement rates to farmers.
- SHH was able to negotiate a lower milk price for FY24 with a new vendor, saving an average of \$0.12/lb from FY23 prices. This has allowed more milk to reach MN neighbors with these funds.
- Milk funds were underspent by Northland Food Bank as they focused on integrating the operations of Northern Lakes and North Central Food Banks after the merger this year. They plan to spend the extra funds in FY25.
- Protein funds were underspent due to insufficient remaining funds to order another full truckload of protein. SHH plans to spend the remaining funds in FY25.

### Key Notes:

- F2F funds are tracked based on when product is received from growers and producers. However, distirbutions by county are tracked when the product is physically sent out tothe community. When product is recieved in one quarter and distributed out during the next quarter, it results in a discrepancy in this report.
- Approximately 2,800 gallons of milk were purchased to distribute to the community with the grant funds spent during Q4.
- In Q4 213 agencies were served across 71 Minnesota counties.
