INDEPENDENT AUDITOR'S REPORT

**Board of Directors
Minnesota State High School League**

We have audited the accompanying basic financial statements of the Minnesota State High School League as of and for the year ended July 31, 2000, as listed in the table of contents. These financial statements are the responsibility of the Minnesota State High School League's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

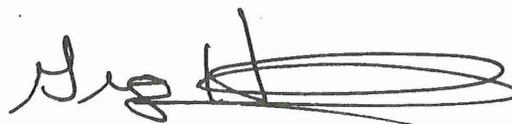

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the Minnesota State High School League as of July 31, 2000, and the results of its operations and its cash flows for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying schedules listed as supplemental information in the table of contents are presented for additional analysis and are not a required part of the basic financial statements. The information in these schedules has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We have also issued our separate management letter report dated December 19, 2000, which includes a Schedule of Findings and Recommendations and our report on internal controls and compliance.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JULY 31, 2000**

1. Summary of Significant Accounting Policies

Nature of Operations - The Minnesota State High School League (MSHSL) is a nonprofit corporation whose Articles of Incorporation and Constitution were filed with the Secretary of State on May 27, 1960. The MSHSL is a voluntary association of high schools whose governing boards have delegated their control of extracurricular activities to the MSHSL. These activities include statewide athletic programs for both able-bodied athletes and athletes with disabilities, music, drama, speech, and debate.

Reporting Entity-The Board of Directors is responsible for the management of the affairs of the MSHSL. The League's Constitution directs the Board of Directors to divide the state into regions and to have control of all region and section contests. Each Administrative Region Committee is charged with the immediate management of the activities assigned by the Board. The Administrative Region Committees must adhere to the League's Constitution, Articles of Incorporation, and policies developed by the Board of Directors. They do not have the authority to determine or interpret eligibility bylaws nor may they penalize a school for bylaw infractions. Because the Administrative Regions are not legally separate entities, the July 31, 2000, financial statements of the MSHSL include the financial information of all 16 Administrative_Regions.

Basis of Accounting - The financial statements are prepared on the accrual basis of accounting. Revenues are recognized when they are earned. Expenses are recognized when they are incurred.

Cash and Cash Equivalents - For purposes of the statement of cash flows, all highly liquid investments with a maturity of three months or less when purchased, excluding investments held for retirement benefits, are considered to be cash equivalents.

Investments - Investments are stated at fair value. Certain investments have been designated by the Board of Directors for the payment of retirement benefits.

Property and Equipment - Property and equipment are stated at cost. Replacements or improvements are capitalized. The capitalization threshold is \$250. Maintenance and repairs which do not improve or extend the lives of the assets are expensed as incurred. Depreciation is recorded using the straight-line method over the assets' estimated useful lives:

Land improvements	40 years
Buildings and building improvements	40 years
Furniture and equipment	5-10 years
Computer equipment	3 years

School Expense Reimbursement - A liability is set up to report the proportionate return of excess nonappropriated funds to member schools based on their participation in MSHSL-sponsored tournaments.

Sick Pay Policy - The MSHSL employees are entitled to 15 days of paid sick leave per year. Employees are not compensated for unused sick leave upon termination of employment; however, unused sick leave enters into the calculation of deferred compensation for qualified employees.

Tax-Exempt Status - The MSHSL is a nonprofit organization exempt from income taxes under Section 501 (c) (3) of the Internal Revenue Code and applicable state statutes.

2. Deposits and Investments

A. Deposits

As of July 31, 2000, the carrying value of the bank accounts for the MSHSL and Administrative Regions was \$1,448,982. Bank balances were \$1,687,948 of which \$1,516,270 was covered by federal depository insurance and \$171,678 was uncollateralized.

B. Investments

The MSHSL's investments are authorized by state law and its own internal policies. Generally accepted accounting principles have determined three levels of custodial credit risk for investments:

- (1) Insured or registered, or securities held by the MSHSL or its agent in the MSHSL's name;
- (2) Uninsured and unregistered, with securities held by the counterparty's trust department or agent in the MSHSL's name; and
- (3) Uninsured and unregistered, with securities held by the counterparty, or by its trust department or agent, but not in the MSHSL's name.

The MSHSL's investment in negotiable certificates of deposit is categorized in level 3 of custodial credit risk for investments. Fair value is the same as the carrying amount for the negotiable certificate of deposit.

The MSHSL's investment in mutual funds is not required to be classified by custodial credit risk. Fair value is the same as the carrying amount for the mutual fund.

Compensatory time	1,648
	<hr/>
Total Current Liabilities	<u>\$ 61,038</u>
Long-Term Liabilities	
Retirement benefits	<u>\$ 188,090</u>

7. Retirement Benefits Payable

The MSHSL has a retirement plan that provides certain deferred compensation and post-retirement health care and life insurance benefits for eligible employees.

Following 15 years of service to the MSHSL and after the employee reaches age 55, the employee may receive a payment for unused sick leave at the time of separation from the MSHSL. Said payment shall be calculated by multiplying the number of unused sick leave days times the daily rate of pay at separation. The maximum deferred compensation payment shall not exceed one year's salary.

Following retirement, if the employee has reached the age of 60 and has been employed by the MSHSL for 20 years, payment of medical, hospitalization, dental, term life, and long-term disability insurance premiums will be made by the MSHSL as if the individual were still on staff until the conclusion of the fiscal year the employee reaches age 65, subject to the approval of the insurance carriers.

Retirement benefits payable at July 31, 2000 is \$188,090. Costs associated with employees who have earned benefits but whose benefits have not vested because they have not yet met the requirements of the plan have not been accrued because the ultimate cost to the MSHSL cannot be reasonably estimated. The MSHSL has designated certain investments to be used for payment of future retirement benefits. These amounts exceeded the accrued liability by \$154,327 for the year ended July 31, 2000.

Post-retirement health care and life insurance benefits are provided through insurance companies whose premiums are based on the benefits paid during the year. The MSHSL recognizes the cost of providing those benefits in the year paid. The MSHSL's cost was \$7,494 for year ended July 31, 2000.

8. Fund Balance

The reserved for future expenses represents that portion of fund balance to be used to cover future expenses.

The reserved for future building expenses represents that portion of fund balance to be used to cover the cost of future building repairs.

The reserved for gymnastics equipment represents that portion of fund balance to be used to purchase gymnastics equipment.

The reserved for retirement benefits represents the excess of assets set aside for payment of future retirement benefits over the retirement benefits payable at July 31.

The net equity in fixed assets portion of fund balance represents the net property and equipment.

9. MSHSL 403(b) Plan

The MSHSL participates with eligible employees, who so elect, in a 403(b) plan. Employees must contribute at least six percent of their gross wages to receive the MSHSL's contribution.

The MSHSL contributed eleven percent of the participating employees' wages. The only obligation of the MSHSL is to make contributions for the term of the participating employees' employment. In accordance with the plan terms, each employee's share of the MSHSL's contribution is fully vested with the employee. The MSHSL's contributions were \$105,306 for the year ended July 31, 2000.

10. Deferred Compensation

The MSHSL established, in the year ending July 31, 1992, a deferred compensation plan under Section 457 of the Internal Revenue Code for the executive staff. Under the provisions of the plan, the MSHSL contributes four percent for each of the executive staff's salary to the plan. The MSHSL established, in the year ending July 31, 1993, a whole life insurance policy, under Section 457(f) of the Internal Revenue Code, for the Executive Director. Under the provisions of the plan, the MSHSL contributes three percent of the Executive Director's annual salary for the insurance premium.

The assets in the plan are held by the MSHSL, subject to the claims of its general creditors, until the employee becomes eligible for withdrawals as provided in the plan agreement. The assets (held in investment options in accordance with the employee's selection) and the related liability are shown on the MSHSL's balance sheet at July 31, 2000.

11. Risk Management

The MSHSL is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees; natural disasters; and catastrophic injury. To cover its liabilities, the MSHSL purchases commercial insurance. There were no significant reductions in insurance coverage from coverage in the prior year. The amount of settlements did not exceed insurance coverage for each of the past three fiscal years.
