PURPOSE

The Minnesota Board of Occupational Therapy Practice exists to protect the public. The Board enforces statute related to ensuring competent, ethical occupational therapy services. Regulation of occupational therapy practitioners began in 1996 under the Minnesota Department of Health and moved to the Board in 2018. The Board carries out its mission by granting qualified applicants the privilege to practice in Minnesota and by investigating complaints related to the statutory obligation of licensed individuals to provide competent, safe, ethical care. The Board has a strong focus on customer service ensuring licensee, applicant, and public inquiries are responded to in a timely manner.

Source: Consolidated Fund Statement

The Board is funded by licensure fees and receives no general fund dollars. Minnesota Statutes section 214.06, subdivision 1(a) compels the Board to collect fees in an amount sufficient to cover direct and indirect expenditures. Funds are deposited as non-dedicated revenue into the state government special revenue fund. From this fund, the Board receives a direct appropriation to pay for agency expenses. It also pays statewide indirect costs through an open appropriation.

In addition to Board operations, licensure fees fund activities that support the health regulatory boards collaborative. These include: The Administrative Services Unit (inter-board), Small Agency Resource Team (SmART), Health Professionals Services Program (inter-board), Office of the Attorney General for legal services, and the Criminal Background Check Program (inter-board).
