### AT A GLANCE

- Oversees the finances of approximately 3,300 local units of government.
- Issue local government financial and compliance audit reports annually as well as the State's single audit for Minnesota Management and Budget and various agreed-upon procedures reports.
- Investigates allegations of unlawful use of public funds and property.
- Conducts continual outreach and provides educational resources to state and local elected officials, local government finance professionals, and the public.
- Reviews investment and financial reporting and compliance of approximately 520 local public pension plans.
- Reviews expenditures and compliance of approximately 1,670 tax increment financing (TIF) districts.
- Maintains financial reporting database on local government entities.
- Supports service by the State Auditor on six state boards and Executive Council.
- Publishes educational resources and provides ongoing training opportunities on local government finance and legal compliance issues.

### PURPOSE

The mission of the Office of the State Auditor (OSA) is to oversee local government finances for Minnesota taxpayers by helping to ensure financial integrity and accountability in local governmental financial activities.

### BUDGET

**Spending by Category  
FY 2023 Actual**

Source: Budget Planning & Analysis System (BPAS)

**Historical Spending**

*FY 14 – 17 the Audit Practice Division funds were moved to the State Auditor's Enterprise Fund*

Source: Budget Planning & Analysis System (BPAS)

The OSA is organized into seven divisions: Audit Practice, Government Information (GID), Legal/Special Investigations (SI), Operations (OPM), Pension, Tax Increment Financing (TIF), and Constitution. There are approximately 80 employees in six offices. We are primarily funded by a general fund appropriation, with the TIF Division being funded by a statutory appropriation. Since FY 2018, audit fees collected by the Audit Practice Division for auditing services are deposited in the general fund as non-dedicated receipts.

## STRATEGIES

The OSA oversees over \$40 billion in annual local government finances by auditing local government financial statements and reviewing documents, data, reports, and reported complaints. The financial information collected from local governments is analyzed and serves as the basis of the statutory reports we issue.

Primary statutory citations regarding the State Auditor's office are in Chapter 6 of Minnesota Statutes (<https://www.revisor.mn.gov/statutes/cite/6>).

#### Recommendation:

The Governor recommends additional funding of \$225,000 in FY 2026 and \$456,000 in each subsequent year from the general fund to help address operating cost increases at the State Auditor.

#### Rationale/Background:

The cost of operations rises each year due to increases in employer-paid health care contributions, FICA and Medicare, along with other salary and compensation-related costs. Other operating costs, like rent and lease, fuel and utilities, and IT and legal services also grow. This cost growth puts pressure on agency operating budgets that remain flat year to year.

This recommendation provides additional resources to help address these cost pressures and pay for the State Auditor's operations.

#### Proposal:

The Governor recommends increasing agency operating budgets to support current services. For the State Auditor, this funding will help cover expected growth in employee compensation and insurance, IT services, and other operating costs.

**Program: State Auditor****Activity: Audit Practice**<https://www.osa.state.mn.us/>**AT A GLANCE**

- Serves the State and its citizens by performing financial and compliance audits of local governments with the highest level of independence and transparency of how public funds are used.
- Supports accountability of local government finances with unbiased and objective oversight.
- Promotes quality standards in local government audits.
- Performs the State's single audit for Minnesota Management and Budget.
- Shares education and technical assistance with local governments, state officials, and other auditors.

**PURPOSE AND CONTEXT**

We have the legal authority to audit local government finances, including those of counties, cities, and other political subdivisions of the state. We also have the authority to audit local governments that have been audited by other auditors if we determine that it is in the public's best interest. This unique authority gives taxpayers and other stakeholders confidence in the integrity of local government finances. To meet our responsibilities and professional standards, we provide audit staff with the necessary training to achieve excellence and proficiency in their field.

Through an agreement with Minnesota Management and Budget, we audit the State of Minnesota's major federally assisted programs. Under this agreement, we issue audit and compliance reports on the State's federally assisted programs to meet federal single audit requirements.

We are committed to helping local government work at its best and to maintain public trust. To this end, we strive to expand our outreach. We have done this by establishing a working group consisting of representatives from the Office of the State Auditor (OSA) Audit Practice Division, counties, and CPA firms that audit counties to work together toward consistent treatment in applying accounting principles and other regulations. We also participate with national, federal, state, and local officials to address accounting, auditing, and accountability issues as they arise.

In addition to OSA-sponsored training to local government employees, we partner with statewide and regional groups to provide training.

We are funded by an appropriation from the general fund. Audit fees collected for auditing services are deposited in the general fund as non-dedicated receipts.

**SERVICES PROVIDED**

We work to maintain accountability in local government finances by providing the following services:

- Issue financial audit reports of local governments, other governmental entities, and related organizations that provide transparency and accountability to taxpayers, the State of Minnesota, federal agencies, and other stakeholders;
- Ensure professional, unbiased, objective assessments of whether public resources are being managed, reported, and administered in accordance with applicable financial standards and in compliance with relevant laws and grant requirements;

- Report on the fair presentation of local governments' financial statements, comment on irregularities and deficiencies in local governments' internal controls and compliance with relevant laws, and recommend changes for improvements in local government accounting practices and procedures;
- Report on the State of Minnesota federal program internal control and compliance and recommend changes for federal grant administration improvement;
- Perform agreed-upon procedures engagements and report on the results;
- Share knowledge and experience with audit clients to make the audit process as efficient and effective as possible;
- Provide annual continuing professional education training for Audit Practice Division staff to maintain proficiency and meet required industry standards, and provide training for local government accounting professionals on new accounting principles and compliance issues;
- Conduct periodic desk reviews of county audit reports and work paper reviews of county audits performed by private CPA firms to determine that the quality standards for reporting and performing audit procedures in conformance with auditing standards are met;
- Convene and lead the local working group to promote consistency in county accounting and auditing;
- Collaborate with representatives from all levels of government in addressing emerging issues;
- Coordinate technical accounting and auditing research and guidance with other Office of the State Auditor divisions, further promoting efficiency and effectiveness.

### Notes:

We participate in the National State Auditor's Association Peer Review Program. Maintenance of an appropriate internal quality control system is essential to performing effective audits that comply with professional standards. The results of the two previous Peer Reviews concluded that we met professional requirements. The Peer Review is performed every three years with the last ones being performed in 2018 and 2021.

**Program: State Auditor****Activity: Legal/Special Investigations**

<https://www.osa.state.mn.us/>

**AT A GLANCE**

- Provides legal expertise to all divisions within the office.
- Responds to numerous questions and inquiries from the public, local government officials and employees, policymakers, and auditors on issues related to legal compliance that are within the Office of the State Auditor's (OSA) purview.
- Investigates allegations of unlawful use of public funds and property, working with law enforcement when requested.
- Annually publishes the Minnesota Legal Compliance Audit Guides by entity type.
- Publishes and updates Statements of Position to provide guidance on legal compliance, finance, and internal controls for local government officials and employees, and other interested parties.
- Provides training to assist local government officials and employees in protecting public assets.
- General Counsel serves as State Auditor's designee on the following boards: State Board of Investment, Minnesota Housing Finance Agency, and Public Employee Retirement Association.

**PURPOSE AND CONTEXT**

We work to help Minnesota's approximately 3,300 local units of government, 600 local pension plans, and 400 development authorities that receive and use public funds, do so in compliance with state law. Our work is relied upon by local governments, members of the public, auditors, law enforcement, statewide local government associations, and attorneys. We receive and respond to statutorily required reports of theft, embezzlement, and unlawful uses of public funds or property involving local governments. When requested by law enforcement, we work with them on financial investigations. We use specialized financial investigative and legal expertise to respond to questions and concerns. We meet our statutory duty to publish a legal compliance audit guide for use in auditing local governments. In addition, we support all divisions within the office by providing legal expertise and by conducting legal reviews of all audits performed by the Audit Practice Division. We are funded by an appropriation from the general fund.

**SERVICES PROVIDED**

We work to improve legal compliance in the use of local government funds by providing the following services:

- Perform reviews and investigations of local government financial issues, as appropriate, based on concerns that we receive; provide corrective recommendations to local governments;
- Review statutorily required reports of possible misuse of public funds to ensure that appropriate investigations have been performed, appropriate referrals to law enforcement have been made, and internal control modifications have been implemented as warranted;
- Provide targeted training on legal compliance and on the prevention and detection of fraud to local government officials and employees, private and public sector auditors, and other interested parties;
- Update and publish annually seven Minnesota Legal Compliance Audit Guides, which set the current minimum legal compliance procedures and scope for local government audits; and
- Research, revise, and publish Statements of Position on a variety of topics related to local government legal compliance, finance, and internal controls and publish weekly Avoiding Pitfalls items on issues we identify during audits, inquiries, reviews, and investigations.

## RESULTS

Our work improves legal compliance and transparency in the use of local government funds and serves as a deterrent against misuse of public funds.

**Program: State Auditor****Activity: Government Information**<https://www.osa.state.mn.us/>**AT A GLANCE**

- Collects, reviews, compiles, and analyzes financial information on approximately 3,300 local units of government.
- Prescribes reporting requirements, the data to be collected, and the way the data is collected.
- Issues 10 to 12 reports annually on local government finances.
- Certifies to the Department of Revenue all cities eligible to receive Local Government Aid and Small Cities Assistance.
- Responds daily to financial questions from local government employees and officials.
- Conducts and issues Best Practices Reviews of local government operations.
- Provides support as well as ongoing training to local government employees and officials throughout the state for the internally developed Small Cities and Towns Accounting System (CTAS) software program.
- Leads annual technology updates and collaborates with users to continue to improve the CTAS program.
- Certifies to the Department of Revenue additional local government aid for cities and counties participating in the Performance Measurement Program.

**PURPOSE AND CONTEXT**

We provide comprehensive, comparable financial information from over 3,300 local governments to assist state and local policymakers with policy and spending decisions and to help the public make informed decisions about local governments. We collect and analyze local government financial data including asset forfeitures and forfeiture expenditures. The financial information received is available upon request, through our Office's website, and through regularly published reports provided to the legislature and to the public. We also conduct best practices reviews of local government operations as resources allow. We are funded by an appropriation from the general fund.

**SERVICES PROVIDED**

We work with local governments to collect and analyze their financial information on a timely basis. We provide transparency of local government finances by providing the following services:

- Respond to local government financial questions;
- Create and provide electronic reporting forms to collect statutorily required data and update forms and instructions as funding sources/uses and statutes change;
- Follow up with entities to improve accuracy and timeliness in statutorily required reporting;
- Provide on-demand online training and support to help local governments successfully complete electronic reporting forms;
- Review data submitted through electronic reporting for consistency and accuracy in reporting;
- Maintain, support, and upgrade the Small Cities and Towns Accounting System (CTAS) software, user manual, and online resources used by over 1,400 small cities and towns throughout Minnesota;
- Teach basic accounting and instruct local government employees and officials throughout the state on how to use CTAS;

- Prescribe the chart of accounts and reporting requirements for cities, towns, and special districts;
- Partner with local government associations to provide training and outreach to members;
- Maintain an extensive database of historical and current local government financial data;
- Provide a user-friendly comparison tool of local government financial information;
- Compile and publish 10 to 12 reports annually;
- Prepare and compile customized data for use by legislative researchers and the media; and
- Conduct special studies as requested by the legislature.

**Program: State Auditor****Activity: Pension**<https://www.osa.state.mn.us/>**AT A GLANCE**

- Monitors approximately 520 local public pension plans with assets of over \$596 million and membership of over 15,000. The majority of these plans provide pensions to volunteer and paid on-call firefighters.
- Responds to thousands of phone calls and emails yearly from firefighters, local government officials, pension plan trustees, and pension plan auditors and advisors.
- Issues an annual financial and investment performance report.
- Certifies individual public pension plans for state aid distributions totaling over \$25 million.
- Convenes the Fire Relief Association Working Group, a stakeholder group that identifies ongoing issues and forwards suggested legislative changes to the Legislative Commission on Pensions and Retirement.
- Called upon for guidance and input in various ad-hoc government workgroups on pension issues.
- Serves as sole authoritative source of local public pension plan information..

**PURPOSE AND CONTEXT**

There are approximately 520 fire relief associations and other types of local public pension plans in Minnesota. We oversee compliance by these plans with various state laws governing plan administration and investment activity. We also provide guidance and information to the plans to support their compliance efforts.

The pension plan data collected, analyzed and reported on by us is relied upon by pension plan boards, plan members, municipal representatives, auditors, investment professionals, policy makers, and the public. We are funded by an appropriation from the general fund. Pension state aid is reduced based on the cost of compliance reviews done by the Pension Division.

**SERVICES PROVIDED**

We promote the consistent interpretation and application of state laws and local pension plan bylaws by providing the following services:

- Monitor pension plan operations and the administration of pension benefits;
- Collect and review annual reporting forms;
- Issue Statements of Position, monthly newsletters, and legislative updates to inform and educate pension plan trustees;
- Create and publish Sample Bylaw Guides and an annual Selected Relevant Statutes booklet to assist pension plan trustee in meeting statutory requirements;
- Convene the annual Fire Relief Association Working Group, bringing together stakeholders to identify and discuss pressing pension issues and to suggest legislative changes; and
- Publish an annual report on pension plan finances, investments, and administration.
- Provides expert feedback to the legislative Pension Commission on potential fire relief association legislation.

We also have been increasingly called-upon to provide expertise and input on other, ad-hoc committees and workgroups convened at the request of the legislature to address specific public pension issues.

## RESULTS

The degree of compliance of local public pension plans with state laws and local bylaws, as measured annually, is excellent, as evidenced by the percentage of pension plans certified for fire state aid shown below.

**AT A GLANCE**

- Provides accounting services, facilities management, technology support, and human resources services for approximately 80 employees in six offices, two worksites, and client sites.
- Prepares and maintains the biennial budget for the Office.
- Updates and maintains the Small Cities and Towns Accounting System (CTAS) that helps small local governments follow standard accounting practices and maintain accurate accounting records.
- Updates, collects, and processes local government electronic reporting forms submitted to the Office.
- Maintains the central database for the Office.
- Hosts and maintains a website to increase transparency in local government finances that serve approximately 10,000 unique visitors each month

**PURPOSE AND CONTEXT**

We support all activities within the office by providing accounting, facilities management, technology support, and human resource services for all divisions. We are funded by an appropriation from the general fund. The Tax Increment Financing (TIF) Division funding is accounted for in the Miscellaneous Special Revenue Fund, and costs related to supporting the TIF division are allocated directly to that appropriation.

**SERVICES PROVIDED**

We support all divisions within the office enabling each division to pursue identified strategies and to achieve desired results by providing the following services:

- Prepare and maintain the office's biennial budget;
- Process payroll for approximately 80 employees;
- Prepare purchase orders and pay invoices;
- Bill for and deposit payments for audit services;
- Maintain furniture and equipment inventory;
- Coordinate the lease renewals for and maintenance of six offices;
- Manage all the technology needs of the office;
- Maintain an integrated database for all divisions;
- Update and maintain the Small Cities and Towns Accounting System for local governments;
- Work with each division to collect, process, and improve electronic reporting forms;
- Provide research and strategic planning support on technology needs;
- Implement new software solutions and enhance the functionality of existing applications.
- Provide network and personal computer installation, support, and maintenance;
- Install, configure, and maintain servers, operating systems, and cloud infrastructure;
- Procure, track, and manage IT equipment, software, and licenses;
- Coordinate the recruitment and hiring of employees;
- Educate employees on benefit options; and
- Work to ensure the office follows state bargaining agreements.

## RESULTS

We leverage technology to help the office perform its work more effectively and efficiently.

**Program: State Auditor****Activity: Constitutional**<https://www.osa.state.mn.us/>**AT A GLANCE**

- Conducts continual outreach and provides educational resources to state and local elected officials, local government finance professionals, and the public.
- Works closely with the legislature and governor on appropriations and policy issues to ensure effective Office of the State Auditor (OSA) oversight of over \$60 billion in state and local funding to increase transparency of local government finances.
- Maintains contact with statewide media to help Minnesotans better understand the critical role and responsibilities of the OSA and to raise public awareness of local government.
- Provides direct administrative support to the State Auditor.
- Provides support to each OSA Division: Audit, TIF, Pension, Government Information and Special Investigations.
- Supports the State Auditor's service on six state boards and the Executive Council.
- Supports the office's work as liaison to Governor's office and other government entities.
- Supports General Counsel's work as proxy on the following boards: State Board of Investment and Minnesota Housing Finance Authority.
- Convene stakeholders in working groups to address issues in local government oversight.

**PURPOSE AND CONTEXT**

The State Auditor is an independent constitutional officer elected statewide to provide oversight of over 4,300 units of local government. She oversees over \$60 billion in annual local and state government finances. The Auditor helps to ensure integrity and accountability in local government financial activities.

The Constitution Division provides senior-level management and leadership, supports the State Auditor on six state boards and the State Executive Council, and ensures that stakeholders and the public are kept updated on our work. We are funded by a general fund appropriation.

**SERVICES PROVIDED**

We accomplish our goal of providing effective oversight of local government finances through the following services:

- Disseminate the extensive knowledge of local government finances and accounting expertise of OSA to policy makers, the media, stakeholders, and the public;
- Provide outreach to stakeholders to proactively address emerging finance and compliance issues;
- Communicate consistently with the public to provide a better understanding of local government and instill confidence in local government finances. The State Auditor maintains an active public schedule to support this effort;
- Propose, pursue, advocate, and testify for legislation that increases accountability, transparency, and the understanding of local government finances;
- Work with statewide media to communicate the work of the OSA and provide transparency of local government finances;

- Improve the understanding of the role and responsibilities of the OSA and the State Auditor for legislators, public finance officials, other stakeholders and the public.
-

**Program: State Auditor****Activity: Tax Increment Financing**<https://www.osa.state.mn.us/>**AT A GLANCE**

- Provides compliance oversight of approximately 1,670 Tax Increment Financing (TIF) districts administered by approximately 385 development authorities.
- Collects and reviews approximately 1,670 annual TIF reports, 125 TIF plans, and 200 other filings annually.
- Publishes annual TIF Legislative Report.
- Provides training to local government officials, such as county auditors, city clerks or administrators, and economic development professionals.
- Provides resources to promote TIF compliance through the TIF County Guide, Statements of Position, webinars, instructional videos, and articles

**PURPOSE AND CONTEXT**

Tax increment financing was created to help businesses and communities redevelop blighted areas, expand tax base, create jobs, construct housing, and assist development that would not otherwise occur “but for the use of tax increment.” Tax increment funding comes from public dollars. We support local government compliance with the Tax Increment Financing (TIF) Act, which provides the parameters and controls around proper handling, use and reporting of tax increment funds. We are the sole source of comprehensive comparable data on TIF activity in Minnesota. Some of this data is used in the annual TIF Legislative Report to inform lawmakers and the public on the uses of TIF. Our oversight work serves as a deterrent to misuse of TIF. We are funded by a special revenue fund statutory appropriation.

**SERVICES PROVIDED**

We work to support local government compliance with the TIF Act by providing the following services:

- Collect and review financial information annually to identify non-compliance and to help communities come into legal compliance;
- Educate a broad audience, including local officials, lawmakers, financial consultants, state agencies, the public, and the media, on the TIF Act by publishing Statements of Position, and articles in the State Auditor’s Weekly Update; providing online training videos; conducting trainings and webinars; speaking at conferences; providing administrative resources; and responding to requests for information;
- Publish a Tax Increment Financing County Guide to assist county officials in meeting their responsibilities under the TIF Act;
- Consult with local government associations, legislative staff, and others regarding amendments to the TIF Act to ensure ongoing effective oversight; and
- Provide expert feedback to legislative tax committees on potential TIF legislation.
