Dear Members:

I am pleased to present you this report on the impacts of the projects and programs funded by the counties and Tribal governments with Local Homeless Prevention Aid. This report is mandated alternating years under Minnesota Statute 477A.30, subdivision 6, by January 15 until the aid expires after the final distribution of aids payable in 2028.

This report provides a list of the projects and programs funded by counties and Tribes with this aid. For each project and program, there is an assessment of how it impacts people who are currently experiencing homelessness, or at risk of experiencing homelessness, and the number of people served.

Visit [Local Homeless Prevention Aid](#) on the Minnesota Department of Revenue website for more information about the program, certifications, guidance on use of aid, and annual reporting materials.

Sincerely,

Paul Marquart
Commissioner of Revenue
Minnesota Department of Revenue

Introduction

Local Homeless Prevention Aid was created in 2021 to fund homeless prevention and assistance projects and programs for counties. It was amended in 2023 to include Tribal governments. The purpose of the aid is to help local governments and Tribal governments ensure no child is homeless within a local jurisdiction by keeping families from losing housing and helping those experiencing homelessness find housing.

Each year, \$17.6 million is appropriated from the General Fund to the counties, and \$2.4 million is appropriated to Tribal governments. The first distribution took place in 2023. The program will expire after aid is paid in 2028.

This is the first of three reports to be updated every two years. The final report will be published in 2029.
