

STATE OF MINNESOTA
Office of Minnesota Secretary of State
Steve Simon

2025 Summary report on the expenditures from the voting operations, technology, and election resources (VOTER) account in the special revenue fund

COST OF REPORT PREPARATION

Estimated costs to prepare the report are provided in accordance with Minnesota Statutes, section 3.197. The total cost for the Office of the Secretary of State to prepare this report was approximately \$537. These costs are exclusively staff time needed to prepare the written report.

BACKGROUND

Minnesota Statute 5.305, passed in 2023, authorized the voting operations, technology and election resources (VOTER) account which requires the Office of the Secretary of State distribute funds no later July 20th of each year to counties. Counties then may further distribute the funds to cities and townships based on the formula listed in Subdivision 4. Local governments may use the funds for the following purposes that are directly related to election administration:

- (1) equipment;
- (2) hardware or software;
- (3) cybersecurity;
- (4) security-related infrastructure;
- (5) capital improvements to government-owned property to improve access to polling places for individuals with disabilities;
- (6) staff costs for election administrators, election judges, and other election officials;
- (7) printing and publication;
- (8) postage;
- (9) programming;
- (10) local match for state or federal funds; and
- (11) any other purpose directly related to election administration.

On July 20, 2023, the Office of the Secretary of State completed the electronic transfer of \$1.25 million in electronic payments to counties for the VOTER Account. The total amounts were determined for each county by distributing 20 percent of the fund to all 87 counties. Then,

80 percent was allocated based on a proportion of registered voters, using [May 1, 2022 numbers](#). (MN Statutes 5.035) Allocations by county are included in Attachment A, column B.

After the funds were distributed by the Office, counties and local jurisdictions then either came to an agreement as to how the funds were to be distributed or followed the formula in Minnesota Statute 5.305, subdivision 4. All of the allocated funds are to remain in segregated account until spent for any of the authorized purposes.

REPORT OF VOTER ACCOUNT EXPENDITURES

The Office received reports from counties explaining how the funds were spent during the previous fiscal year (July 1, 2023 – June 30, 2024) by December 31, 2024 as required in 5.305, subdivision 6.

Overall, the three most common uses for the funds by counties and local jurisdictions was hardware or software, election equipment, and election related staff costs. While 35 counties had a balance remaining as of June 30, 2024, it is important to note that the deadline for this report is prior to the state primary and general election. The Office anticipates that many of these jurisdictions used all or part of the remaining VOTER account funds to support election administration during the statewide primary and general elections. Additionally, during testimony on the creation of the account, county election administrators noted that some jurisdictions may save several years of allocations to support future large expenses, such as the replacement of voting equipment.

Next year's report will capture spending from county and local jurisdiction VOTER accounts that not only includes the remaining balance shown on this report, but also will incorporate the \$4,836,000 that the Office distributed to counties prior to July 20, 2024.

Attachment A includes summary of all VOTER Account spending by county. Attachment B breaks out spending by county and municipality. If a county did not directly disburse funds to their municipalities, only the county expenditures are reported.

Questions related to this report may be directed to Nicole Freeman, Government Relations Director, 651-201-1334, nicole.freeman@state.mn.us
