Legislative Charge

Minnesota Statutes 2024, section 120B.11, subdivision 9, paragraph (c):

The commissioner shall report by January 25 of each year to the committees of the legislature having jurisdiction over kindergarten through grade 12 education the list of school districts that have not submitted their report to the commissioner under subdivision 5 and the list of school districts not achieving their performance goals established in their plan under subdivision 2.

Introduction

Comprehensive Achievement and Civic Readiness (CACR), formerly known as World's Best Workforce (WBWF) under Minnesota Statutes, section 120B.11, means striving to:

- Meet school readiness goals;
- Close the academic achievement gap among all racial and ethnic groups of students and between students living in poverty and students not living in poverty;
- Have all students attain career and college readiness before graduating from high school; and
- Have all students graduate from high school.

A fifth goal, to prepare students to be lifelong learners, was added to the Minnesota Statutes during the 2024 legislative session and will be included in district and charter CACR plans for the first time during the 2024-25 school year.

Under the legislation, school boards must adopt a comprehensive, long-term strategic plan to support and improve teaching and learning that is aligned with creating the world's best workforce. The school board publishes an annual report and holds an annual public meeting to review goals, outcomes and strategies. An electronic summary of the annual report must be sent to the commissioner of education each year. The 2023-24 summaries were due on November 30, 2024. The Minnesota Department of Education (MDE) utilized the Minnesota Education Grant System (MEGS) for districts and charters to use when submitting their summaries this year.

District and charter CACR plans include their own unique locally developed goals and benchmarks for instruction and student achievement. Many districts and charters choose to use local measures, in addition to indicators available at the state level, to set goals and track progress over time. The CACR summary template gives districts and charters the opportunity to self-report whether their goals are met, not met or in progress.

Within the context of local control and oversight, MDE has provided support and information to districts and charters to help in their own CACR planning efforts.

Analysis

The Comprehensive Achievement and Civic Readiness (CACR) law, Minnesota Statutes, section 120B.11, creates baseline strategic planning, community engagement, and reporting requirements for all school districts and charter schools in the state.

Among these are the requirements that each district or charter school adopt and maintain a CACR strategic plan, make an annual report to their community, and provide a summary of that report to MDE. This summary report provides key information about districts' completion of their summaries and progress toward their local CACR goals.

Each local CACR plan must contain at least one goal in the areas outlined in the Introduction section of this document. Each district and charter school can choose the specific measurement used for each local goal as well as the timeline for meeting that goal. A district or charter school can revise its plan, including its goals. Every local plan, including the goals, should be developed and revised with active participation by an advisory committee including teachers, parents, support staff, students and other community residents that, to the extent possible, reflect the diversity of the district. The plan is adopted by the school board and revisions, including revisions of local goals, must be approved by the board.

Districts and charter schools were able to submit the summaries of their reports on the 2023-24 school year within the Minnesota Education Grant System (MEGS) beginning in July of 2024. MDE posted the link to the submission on its CACR webpage along with a template in Microsoft Word format that districts and charter schools could use to prepare their responses prior to submitting.

Districts and charter schools could identify multiple local goals for a given CACR goal area, and the summary submission process allowed for districts and charter schools to identify whether each goal was a one-year or a multi-year goal, as well as the extent to which each goal was met, not met, on track to be met, or not on track to be met.

MDE communicated about this process through the School Leader Mailing in September and again throughout the fall, having set an initial submission deadline of November 30. Districts and charter schools that had not yet submitted by early December received targeted follow-up communication from MDE. This report includes data from the 478 completed summaries submitted through December 13, 2024. For this reporting period, 491 districts and charters were required to submit an annual summary.

Statute requires MDE to submit a report to the Legislature including the list of school districts that have not submitted their annual report summary as well as the list of districts' performances relative to their local goals.

The table that follows lists the independent school districts and charter schools active during the 2023-24 school year and their progress toward their local goals in that school year as reported in their annual report summary. If no information about progress toward goals is provided, the district or charter school did not submit a summary. If a district provided a status for more than one goal, the number of goals in each status is given.

Per Minnesota Session Law 2023, Chapter 55, Article 2, Section 62, eight charter high schools authorized by Pillsbury United Communities are participating in a pilot program and are not required to submit reports under Minnesota Statutes, section 120B.11. This schools' reports are denoted by an asterisk (*) in the table that follows. While exempt from submitting a report, each of the eight schools submitted one for the 2023-24 school year.

Since each district or charter school can set its own goals, including the choice of measurements and timelines, goals and progress toward them cannot be meaningfully compared between individual districts or charter schools.

When a district or charter school reports a status for multiple goals within a goal area, the count of each type of status is provided. To illustrate, consider the following fictional example:

- The Gopherville Public School District set two different achievement gap goals for 2023-24:
 - Math proficiency as measured by the Minnesota Comprehensive Assessments Series III (MCA III) would increase by 6 percent from spring 2023 to spring 2024 for American Indian students (from 23% to 29%).
 - Reading proficiency as measured by the Minnesota Comprehensive Assessments Series III (MCA III) would increase by 4 percent from spring 2023 to spring 2024 for Hispanic students (from 46% to 50%).
- The final results for the year showed the first goal being met but the second goal not being met.
- The district's results for achievement gap closure would read:
 - Goal Met (One-Year Goal) x1
 - Goal Not Met (One-Year Goal) x1

Many different combinations of goal status are possible because of the wide variation in local goal-setting approaches.

Local CACR Goal Results

District Code	District Name	School Readiness	Achievement Gap Closure	Career and College Readiness	All Students Graduate
0001-01	Aitkin Public School District	Goal Not Met (One-Year Goal)	Goal Not Met (One-Year Goal)	Goal Not Met (One-Year Goal)	Goal Not Met (One-Year Goal)
0001-03	Minneapolis Public School District	Not On Track (Multi-Year Goal)	Not On Track (Multi-Year Goal) x2	Not On Track (Multi-Year Goal)	Not On Track (Multi-Year Goal)
0002-01	Hill City Public School District	Goal Met (One-Year Goal)	On Track (Multi-Year Goal)	Goal Met (Multi-Year Goal)	On Track (Multi-Year Goal)
0004-01	McGregor Public School District	Goal Met (One-Year Goal) x1 Goal Not Met (One-Year Goal) x1	Goal Not Met (One-Year Goal)	Goal Not Met (One-Year Goal)	Goal Not Met (One-Year Goal)
0006-03	South St. Paul Public School District	Goal Not Met (One-Year Goal) x1 Goal Met (One-Year Goal) x1	Goal Not Met (One-Year Goal)	Goal Met (One-Year Goal)	Goal Met (One-Year Goal)
0011-01	Anoka-Hennepin Public School District	Goal Met (One-Year Goal)	Goal Not Met (One-Year Goal)	Goal Met (One-Year Goal)	Goal Met (One-Year Goal)
