Organizational Profile

The Minnesota Department of Human Rights is the state's civil rights enforcement agency. We are charged with upholding the civil rights of Minnesotans in every county of the state under the [Minnesota Human Rights Act](#).

Vision

Create a world where everyone can lead lives full of dignity and joy.

Mission

Make Minnesota discrimination free.

Goals

1. Create a more equitable Minnesota
2. Create a more inclusive culture
3. Identify and eliminate discrimination

The Minnesota Human Rights Act is the foundation of our work.

The Minnesota Department of Human Rights enforces the Minnesota Human Rights Act, which prohibits discrimination.

The law powerfully states, "**Discrimination threatens the rights and privileges of the inhabitants of this state and menaces the institutions and foundations of democracy.**"

Passed into law in 1967, it is one of the strongest civil rights laws in the country.

The law prohibits discrimination in employment, housing, public places, public services, education, credit, and business based on protected class, such as race, religion, disability, national origin, sex, marital status, familial status, age, gender identity, and sexual orientation.

The Minnesota Human Rights Act tasks the Department with three primary duties:

1. Investigate charges of discrimination
2. Equity and inclusion for state contracting
3. Educate to reduce discrimination and disparate outcomes

Civil rights enforcement is essential to building a thriving Minnesota.

As Minnesota's communities grow older and the population becomes more racially diverse, the Minnesota Department of Human Rights is committed to creating an equitable and inclusive Minnesota, eliminating discrimination, and ending disparities and inequities.

The Department works to break down policies and practices that perpetuate structural barriers, such as, racism, ableism, homophobia, and ageism to build strong communities.

Workforce Composition Analysis

Minnesota Administrative Rules, part 3905.0600, subpart 2, items A to C, subpart 3, items A to D, subpart 4. Subpart 5, and subpart 6.

Job Category Review

The agency conducted a Job Category Analysis to determine the percent of protected group employees in each job category. The job category analysis lists job class titles in each Equal Employment

Opportunity (EEO) job category at the agency. A job classification is a group of one or more positions with similar duties and responsibilities. These classifications help clarify positions within the class so the same schedules of pay can be applied with equity to all positions in the class that fall under the same, or substantially the same, employment conditions.

Determining Availability

The agency used the United States Census Bureau’s EEO Tabulation 2014-2018 American Community Survey (ACS) statistical data for external availability. The feeder job statistics of employees are used for internal availability (refer to Appendix D. Feeder Jobs for details). These external and internal factors are weighted according to the agency’s past hiring patterns and/or future recruitment focus to obtain the final availability (Refer to Appendix E. Determining Availability for details).

Progress Reports

The progress report examines hiring goals established in the prior Affirmative Action Plan. As a part of the agency’s monitoring practices, the agency evaluated if it met the hiring goal(s) established in the prior Affirmative Action Plan (refer to [Appendix A. Progress Report](#)).

[Appendix A. Progress Report](#) includes only job categories that have hiring goal(s) established in the prior Affirmative Action Plan and it evaluates if the agency attained the hiring goal(s).

Where the indication of the “Goal Met?” column is:

- “Yes”: the agency met the goal established in the prior Affirmative Action Plan.
- “No”: the agency did not attain the goal established in the prior Affirmative Action Plan.
- “No Hire/Prom”: there were no opportunities in the prior Affirmative Action Plan period.

Professionals	-	-	-

Separations Analysis

[Appendix B. Separation Analysis](#) shows the results by separation type and the protected group during the prior affirmative action plan period to evaluate and identify potential action area(s) for retention strategies for the 2024-2026 plan year.

Table 3. Separation Analysis

Separation Type	Women	Persons with Disabilities	Race or Ethnicity
Dismissal or Non-Certification	0.00%	0.00%	**.*%*
Resignation	**.*%*	**.*%*	**.*%*

Lay-off	**.*%*	0.00%	0.00%
Termination without Rights	**.*%*	**.*%*	0.00%
Total Separations	**.*%*	**.*%*	**.*%*

Overall, there were only 15 separations at MDHR and eight resignations in total. The numbers are too small to provide a meaningful analysis.

Utilization and Comparison of Employees to Availability

Utilization is an analysis of affirmative action and equal opportunity employment data used to assess *the available workforce for a given state*.

Underutilization Analysis worksheets are attached in the appendices. Numbers less than 10 are indicated with “<10” in accordance with Minnesota Management and Budget’s guidance on data *privacy*.

Through the utilization and availability analysis, the agency has determined which job categories are underutilized for protected groups (women, race and ethnicity, persons with disabilities) in the agency and has set hiring goals for the next two years. Hiring goals are objective and used for making good faith efforts for all aspects of the affirmative action plan. Effective hiring goals are strategic, actionable, and measurable efforts the agency is committed to pursuing and implementing in 2024-2026.

The goals are not quotas, nor do they require protected group status-based hiring preferences. They are aspirational goals so that the agency makes good faith efforts to remove barriers to equal employment opportunity.

The agency used the whole person rule to establish a hiring goal. This means *when the actual representation percentage of protected groups (women, race and ethnicity, persons with disabilities) is less than* reasonably would be expected given the workforce participation in the labor market area or reasonable recruitment area and that difference is at least one whole person (more than 1), then a goal is established for that job category.

When a hiring goal for a job category is established, a percentage goal equals to the final availability percentage is calculated for protected groups (women, race and ethnicity, persons with disabilities) in that job category.

In Appendix F. the Utilization Goals indicates if a job category by protected group is underutilized. Area(s) in the agency’s workforce that require further monitoring appear in the “Establish Goals?” column as:

- “Yes”: there is underutilization.
- “Monitor”: the agency needs to monitor the job it may be underutilized where employee movement occurs.

In Table 2. Hiring Goals by Job Category and Protected Group, if a protected group in a job category shows “Monitor,” the agency will proactively make good faith efforts to recruit external qualified protected groups. The agency will also train and retain employees in the job category to help prevent underutilization due to an employee move or attrition.

Refer to Appendix F. Utilization-Goals for details for underutilization and hiring goals. [

The agency has a summary of hiring goals by job category and protected group. The actions the agency will take to address these hiring goals will be described in the goals, objectives, and timetables section.

Goals, Objectives, and Timetables

Minnesota Administrative Rules, section 3905.0400, subpart 1, item G and item H, Minnesota Administrative Rules, section 3905.0600, subpart 4, subpart 5, and subpart 6.

Goals:

This Affirmative Action Plan shall establish goals for each goal unit by protected group. The goals must be based on a comparison of the composition of the agency or agency subdivision work force with the composition of the relevant civilian labor force in an identified labor market area. If the comparison shows that a goal unit underutilizes a protected group, the agency head shall establish a goal for that group in that goal unit.

Definition: Goal is a broad statement about the long-term expectation of what should happen as a result of your program (the desired result). Serves as the foundation for developing your program objectives.

Objectives:

The agency's affirmative action plan will identify and describe the methods for developing programs and program objectives designed to meet affirmative action goals. to implement the provisions of this affirmative action plan and meet requirements found in These Action-Oriented Programs are carried out throughout this affirmative action plan period.

Definition: Objectives are statements describing the results to be achieved, and the manner in which they will be achieved. You usually need multiple objectives to address a single goal.

Timetables:

This Affirmative Action plan also establishes timetables for meeting goals and objectives. Timetables must be based on turnover and hire rates within each goal unit in the agency or within each agency subdivision

Goals, Objectives, and Timetables by Protected Group

Women:

Goals	Objectives	Timetables
Technicians, Paraprofessionals, Administrative Support (Monitor) These are small job groups that will continue to be monitored.	These job groups are very small. We will continue to monitor our hiring practices and exit surveys for any barriers to hiring and retention. HR will also provide training on the hiring process over this plan period and ensure that hiring supervisors have completed the Implicit bias training.	Ongoing

Persons with Disabilities:

Goals	Objectives	Timetables
Technicians (Monitor)	This job group is very small. We will continue to monitor our hiring practices and exit surveys for any barriers to hiring and retention. HR will also provide training on the hiring process over this plan period and ensure that hiring supervisors have completed the Implicit bias training.	Ongoing

Race or Ethnicity:

Goals	Objectives	Timetables
Paraprofessionals (Monitor)	This job group is very small. We will continue to monitor our hiring practices and exit surveys for any barriers to hiring and retention. HR will also provide training on the hiring process over this plan period and ensure that hiring supervisors have completed the Implicit bias training.	Ongoing

Barriers to Achieving Goals and Objectives:

The agency has constraints to address underutilization and areas for monitoring identified in the previous section.

- Limited opportunities to hire in the categories of Technicians, Paraprofessionals, and Administrative Support because they are such small groups, but we will continue to monitor.
- Limited budget to conduct recruiting and outreach.

Recruitment, Retention, and Training

Minnesota Statutes 2023, section 43A.191, subdivision 3, (c), (1) and (2).

Recruitment

The agency will demonstrate a good faith effort to build a coordinated plan to recruit and retain qualified protected groups (women, race and ethnicity, persons with disabilities).

- The agency will continue to place advertisements of job opportunities through [the State of MN Career site](https://mn.gov/mmb/careers/search-for-jobs/) (https://mn.gov/mmb/careers/search-for-jobs/).
- Continue to consider protected groups (women, race and ethnicity, persons with disabilities) applicants for all positions for which they qualify.

Retention

The agency will take the following actions to improve retention of protected groups (women, race and ethnicity, persons with disabilities):

- Our overall 2-year retention rate is at 67%% which is lower than the One Minnesota goal of 75%. ADM-HR is working to launch a more robust onboarding experience starting with New Employee Orientation so that MDHR employees know where they can access additional support; from there MDHR will explore what other supports we can put in place to create great opportunities for learning on the job and feeling supported while learning, such as peer mentors, accommodations, training supports, etc.
- MDHR and ADM-HR will work with managers and supervisors to learn how to build a more psychologically safe work environment and promote employee well-being. To us, the most important thing we can do is create sense of community.
- Continue to promote MMB's IDEAL Committee to encourage learning and growth and community.
- MMB will continue to use our exit and MMB new employee survey data and work to increase the percentage of team members who respond to those surveys. MDHR and ADM-HR will work together to assess whether compensation ranges for MDHR's positions are competitive for the type of work that is done if we determine pay, is a concern.
- Develop and amplify the leadership competencies and continuous learning for all employees and communicate to employees' leadership ladder/succession planning.
- Continue to emphasize, promote and foster an inclusive workplace by modeling and holding every team member accountable to the same behavioral standards.
- Continue to improve the Individual Development Plan process to make it meaningful for team members and supervisors.

Disability Recruitment, Hiring, and Advancement

Minnesota Statutes 2023, section 43A.191, subdivision 2 (d), subdivision 2a (b) (1) and (2), (c) (1) to (5).

This section identifies ways the agency will provide assurances, procedures, and commitments to provide adequate hiring, placement, and advancement opportunities for persons with disabilities. It must describe specific actions to ensure that a broad range of persons with disabilities will be aware of and be encouraged to apply for job vacancies when eligible:

1. The use of programs and resources that identify job applicants with disabilities who are eligible to be appointed under a hiring authority that takes disability into account, consistent with the demonstration program under section [43A.15, subdivision 14](#).

MDHR uses the Connect700 program and works closely with STAR to assist with accommodations.

2. Establishment and maintenance of contacts, that may include formal agreements, with organizations that specialize in providing assistance to persons with disabilities in securing and maintaining employment.

ADM-HR works with those on master contract to provide interpreting services; we also work with the Deaf and Hard of Hearing Services Division to do deaf culture training periodically and have done this with MDHR over the past AAP plan period. We have reached out to and worked with STAR on many occasions for assistance with technology or assistive equipment, we work closely with MMB's Accessibility Coordinator when needed for accessibility questions and we maintain relationship with Vocational Rehabilitation Services and reach for advice from time to time or to promote job opportunities.

3. The plan must ensure that the agency has designated sufficient staff to handle any disability-related issues that arise during the application and selection process, and shall require the agency to provide staff with sufficient training, support, and other resources to carry out the responsibilities.

ADA coordinator, HR Director, Assistant HR Director, Staffing Director, Staffing Consultant and we also provide training to supervisors and managers in particular on the accommodation process this AAP plan year.

4. Ensuring that disability-related questions from members of the public regarding the agency's application and selection processes are answered promptly and correctly, including questions about reasonable accommodations needed by job applicants during the application and selection process and questions about how individuals may apply for positions under hiring authorities that take disability into account

MMDHR and ADM-HR will ensure that individuals know who to reach out to when we post jobs if assistance is needed in the application process; we also provide accommodations for the interview process and often provide questions ahead of time as a best practice.

Accepting applications for a position under hiring authorities that take disability into account such as Connect 700.

MDHR aligns with the requirements for job posting and application, including offer Connect-700 as appropriate.

5. If an individual has applied for appointment to a particular position under a hiring authority that takes disability into account, determining whether the individual is eligible for appointment under such authority and if so, forwarding the individual's application to the relevant hiring officials with an explanation of how and when the individual may be appointed, consistent with all applicable laws.

MDHR uses the Connect700 program.

6. Overseeing any other agency programs designed to increase hiring of individuals with disabilities.

MDHR would utilize appropriate programs when possible, including the supported employment program, and the internship programs like Step-Up, Star of the North or others available to increase our hiring of persons with disabilities.

Supported Employment (Worker) Program

This section identifies ways the agency will identify any positions in the agency that can be used for supported employment as defined in section [268A.01, subdivision 13](#), of persons with significant disabilities. The agency shall report this information to the Commissioner or head of the agency. An agency that hires more than one supported worker in the identified positions must receive recognition for each supported worker toward meeting the agency's affirmative action goals and objectives.

MDHR will continue to evaluate where we can use supported employment.

Reasonable Accommodations

This section identifies ways the agency:

1. Provides reasonable accommodations in the hiring and promotion of qualified persons with disabilities.
2. Complies with accessibility standards under 16E.03, Subd. 9
3. Methods and procedures for providing timely access to reasonable accommodations during the application process, throughout current employment, and when seeking promotion.
4. Provisions for funding reasonable accommodations; and

- 5. The number of requests made, the number of requests approved, and the number of requests reimbursed from the state accommodation account under section [16B.4805](#).

A. Statewide ADA Reasonable Accommodation Policy Statewide HR/LR Policy #1433: ADA Reasonable Accommodation Policy

OVERVIEW

Objective

The goals of this policy are:

- To ensure compliance with all applicable state and federal laws;
- To establish a written and readily accessible procedure regarding reasonable accommodation, including providing notice of this policy on all job announcements;
- To provide guidance and resources about reasonable accommodations;
- To provide a respectful interactive process to explore reasonable accommodations; and
- To provide a timely and thorough review process for requests for reasonable accommodation.

Policy Statement

State agencies must comply with all state and federal laws that prohibit discrimination against qualified persons with disabilities in all employment practices. All state agencies must provide reasonable accommodations to qualified applicants and employees with disabilities unless to do so would cause an undue hardship or pose a direct threat. Agencies must provide reasonable accommodation when:

- A qualified applicant with a disability needs an accommodation to have an equal opportunity to compete for a job;
- A qualified employee with a disability needs an accommodation to perform the essential functions of the employee's job; and
- A qualified employee with a disability needs an accommodation to enjoy equal access to benefits and privileges of employment (e.g., trainings, office sponsored events).

Scope

This policy applies to all employees of the Executive Branch and classified employees in the Office of Legislative Auditor, Minnesota State Retirement System, Public Employee Retirement System, and Teachers' Retirement System.

Definitions

Applicant - A person who expresses interest in employment and satisfies the minimum requirements for application established by the job posting and job description.

Americans with Disabilities Act (ADA) Coordinator - Each agency is required to appoint an ADA coordinator or designee, depending on agency size, to direct and coordinate agency compliance with Title I of the ADA.

Direct Threat - A significant risk of substantial harm to the health or safety of the individual or others that cannot be eliminated or reduced by reasonable accommodation.

The determination that an individual poses a direct threat shall be based on an individualized assessment of the individual's present ability to safely perform the essential functions of the job.

Essential Functions - Duties so fundamental that the individual cannot do the job without being able to perform them. A function can be essential if:

- The job exists specifically to perform the function(s); or
- There are a limited number of other employees who could perform the function(s); or
- The function(s) is/are specialized, and the individual is hired based on the employee's expertise.

Interactive Process - A discussion between the employer and the individual with a disability to determine an effective reasonable accommodation for the individual with a disability. To be interactive, both sides must communicate and exchange information.

Individual with a Disability - An individual who:

- Has a physical, sensory, or mental impairment that substantially limits one or more major life activities; or
- Has a record or history of such impairment; or
- Is regarded as having such impairment.

Qualified Individual with a Disability - An individual who:

- Satisfies the requisite skill, experience, education, and other job-related requirements of the job that the individual holds or desires; and
- Can perform the essential functions of the position with or without reasonable accommodation.

Major Life Activities - May include, but are not limited to, caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working.

Major life activities also include the operation of a major bodily function, including but not limited to, functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

Medical Documentation - Information from the requestor's treating provider which is sufficient to enable the employer to determine whether an individual has a disability and whether and what type of reasonable accommodation is needed when the disability or the need for accommodation is not obvious. Medical documentation can be requested using the standardized [Letter Requesting Documentation for Determining ADA Eligibility from a Medical Provider](#).

Reasonable Accommodation - An adjustment or alteration that enables a qualified individual with a disability to apply for a job, perform job duties, or enjoy the benefits and privileges of employment. Reasonable accommodations may include:

- Modifications or adjustments to a job application process to permit a qualified individual with a disability to be considered for a job; or
- Modifications or adjustments to enable a qualified individual with a disability to perform the essential functions of the job; or
- Modifications or adjustments that enable qualified employees with disabilities to enjoy equal benefits and privileges of employment.

Modifications or adjustments may include, but are not limited to:

- Providing materials in alternative formats like large print or Braille;
- Providing assistive technology, including information technology and communications equipment, or specially designed furniture;
- Modifying work schedules or supervisory methods;
- Granting breaks or providing leave;
- Altering how or when job duties are performed;
- Removing and/or substituting a marginal function;
- Moving to a different office space;
- Providing telework;
- Making changes in workplace policies;
- Providing a reader or other staff assistant to enable employees to perform their job functions, where a reasonable accommodation cannot be provided by current staff;
- Removing an architectural barrier, including reconfiguring work spaces;
- Providing accessible parking;
- Providing a sign language interpreter; or
- Providing a reassignment to a vacant position.

Reassignment - Reassignment to a vacant position for which an employee is qualified is a “last resort” form of a reasonable accommodation. This type of accommodation must be provided to an employee, who, because of a disability, can no longer perform the essential functions of the position, with or without reasonable accommodation, unless the employer can show that it will be an undue hardship.

Support Person - Any person an individual with a disability identifies to help during the reasonable accommodation process in terms of filling out paperwork, attending meetings during the interactive process to take notes or ask clarifying questions, or to provide emotional support.

Undue Hardship - A specific reasonable accommodation would require significant difficulty or expense. Undue hardship is always determined on a case-by-case basis considering factors that include the nature and cost of the accommodation requested and the impact of the accommodation on the operations of the agency. A state agency is not required to provide accommodations that would impose an undue hardship on the operation of the agency.

GENERAL STANDARDS AND EXPECTATIONS

Individuals who may request a reasonable accommodation include:

- Any qualified applicant with a disability who needs assistance with the job application procedure or the interview or selection process; or
- Any qualified agency employee with a disability who needs a reasonable accommodation to perform the essential functions of the position; or
- A third party, such as a family member, friend, health professional or other representative, on behalf of a qualified applicant or employee with a disability, when the applicant or employee is unable to make the request for reasonable accommodation. When possible, the agency must contact the applicant or employee to confirm that the accommodation is wanted. The applicant or employee has the discretion to accept or reject the proposed accommodation.

The agency must abide by the [Minnesota Government Data Practices Act, Chapter 13](#), in obtaining or sharing information related to accommodation requests.

How to request a reasonable accommodation

An agency applicant or employee may make a reasonable accommodation request to any or all of the following:

- Immediate supervisor or manager in the employee's chain of command;
- Agency Affirmative Action Officer/Designee;
- Agency ADA Coordinator;
- Agency Human Resources Office;

- Any agency official with whom the applicant has contact during the application, interview and/or selection process.

Timing of the request

An applicant or employee may request a reasonable accommodation at any time, even if the individual has not previously disclosed the existence of a disability or the need for an accommodation. A request is any communication in which an individual asks or states that he or she needs the agency to provide or change something because of a medical condition.

The reasonable accommodation process begins as soon as possible after the request for accommodation is made.

Form of the request

The applicant or employee is responsible for requesting a reasonable accommodation or providing sufficient notice to the agency that an accommodation is needed.

An initial request for accommodation may be made in any manner (e.g., writing, electronically, in person or orally).

The individual requesting an accommodation does not have to use any special words and does not have to mention the ADA or use the phrase "reasonable accommodation" or "disability."

Oral requests must be documented in writing to ensure efficient processing of requests.

Agency request forms can be found at: "[Employee/Applicant Request for Reasonable Accommodation Form](#)".

When a supervisor or manager observes or receives information indicating that an employee is experiencing difficulty performing the job due to a medical condition or disability, further inquiry may be required. Supervisors or managers should consult with the agency ADA Coordinator for advice on how to proceed.

When an employee needs the same reasonable accommodation on a repeated basis (e.g., the assistance of a sign language interpreter), a written request for accommodation is required the first time only. However, the employee requesting an accommodation must give appropriate advance notice each subsequent time the accommodation is needed. If the accommodation is needed on a regular basis (e.g., a weekly staff meeting), the agency must make appropriate arrangements without requiring a request in advance of each occasion.

The interactive process entails

Communication is a priority and encouraged throughout the entire reasonable accommodation process. The interactive process is a collaborative process between the employee and/or applicant and the agency to explore and identify specific reasonable accommodation(s). (For information on the Interactive Process see the U.S. Department of Labor, Job Accommodation Network at <http://askjan.org/topics/interactive.htm>). This process is required when:

- The need for a reasonable accommodation is not obvious;

- The specific limitation, problem or barrier is unclear;
- An effective reasonable accommodation is not obvious;
- The parties are considering different forms of reasonable accommodation;
- The medical condition changes or fluctuates; or,
- There are questions about the reasonableness of the requested accommodation.

The interactive process should begin as soon as possible after a request for reasonable accommodation is made or the need for accommodation becomes known.

The process should ensure a full exchange of relevant information and communication between the individual and the agency. An individual may request that the agency ADA Coordinator, a union representative, or support person be present.

The agency ADA Coordinator shall be consulted when:

- Issues, conflicts or questions arise in the interactive process; and
- Prior to denying a request for accommodation.

Agency responsibilities for processing the request

As the first step in processing a request for reasonable accommodation, the person who receives the request must promptly forward the request to the appropriate decision maker. At the same time, the recipient will notify the requestor who the decision maker is.

Commissioner

The commissioner of the agency or agency head has the ultimate responsibility to ensure compliance with the ADA and this policy and appoint an ADA Coordinator.

ADA Coordinator

The agency ADA Coordinator is the agency's decision maker for reasonable accommodation requests for all types of requests outside of the supervisors' and managers' authority. The agency ADA Coordinator will work with the supervisor and manager, and where necessary, with agency Human Resources, to implement the approved reasonable accommodation.

Supervisors and Managers

Agencies have the authority to designate the level of management approval needed for reasonable accommodation requests for low-cost purchases. For example:

Requests for standard office equipment that is needed as a reasonable accommodation and adaptive items costing less than \$100. [Agencies can adjust the dollar amount based on their needs]; and

Requests for a change in a condition of employment such as modified duties, or a change in schedule, or the location and size of an employee's workspace. [Agencies can choose to delegate specific requests to supervisors or managers or require these types of requests to work through the agency ADA Coordinator].

Analysis for processing requests

Before approving or denying a request for accommodation, the agency decision maker with assistance from the agency ADA Coordinator will:

1. Determine if the requestor is a qualified individual with a disability;
2. Determine if the accommodation is needed to:
 - Enable a qualified applicant with a disability to be considered for the position the individual desires;
 - Enable a qualified employee with a disability to perform the essential functions of the position; or
 - Enable a qualified employee with a disability to enjoy equal benefits or privileges of employment as similarly situated employees without disabilities;
3. Determine whether the requested accommodation is reasonable;
4. Determine whether there is a reasonable accommodation that will be effective for the requestor and the agency; and
5. Determine whether the reasonable accommodation will impose an undue hardship on the agency's operations.

An employee's accommodation preference is always seriously considered, but the agency is not obligated to provide the requestor's accommodation of choice, so long as it offers an effective accommodation, or determines that accommodation would cause an undue hardship.

Obtaining medical documentation in connection with a request for reasonable accommodation

In some cases, the disability and need for accommodation will be reasonably evident or already known, for example, where an employee is blind. In these cases, the agency will not seek further medical documentation. If a requestor's disability and/or need for reasonable accommodation are not obvious or already known, the agency ADA Coordinator may require medical information showing that the requestor has a covered disability that requires accommodation. The agency ADA Coordinator may request medical information in certain other circumstances. For example, when:

- The information submitted by the requestor is insufficient to document the disability or the need for the accommodation;
- A question exists as to whether an individual is able to perform the essential functions of the position, with or without reasonable accommodation; or
- A question exists as to whether the employee will pose a direct threat to himself/herself or others.

Where medical documentation is necessary, the agency ADA Coordinator must make the request and use the [Letter Requesting Documentation for Determining ADA Eligibility from a Medical Provider](#). The agency ADA Coordinator must also obtain the requestor's completed and signed [Authorization for](#)

Release of Medical Information before sending the Letter to, or otherwise communicating with, the medical provider. The employee may choose not to sign the Authorization. However, if the employee chooses not to sign the Authorization, it is the employee's responsibility to ensure that the agency receives the requested medical information.

Only medical documentation specifically related to the employee's request for accommodation and ability to perform the essential functions of the position will be requested. When medical documentation or information is appropriately requested, an employee must provide it in a timely manner, or the agency may deny the reasonable accommodation request. Agencies must not request medical records; medical records are not appropriate documentation and cannot be accepted.

Supervisors and managers *must not* request medical information or documentation from an applicant or employee seeking an accommodation. Such a request will be made by the agency ADA Coordinator, if appropriate.

Confidentiality requirements

Medical Information

Medical information obtained in connection with the reasonable accommodation process must be kept confidential. All medical information obtained in connection with such requests must be collected and maintained on separate forms and in separate physical or electronic files from non-medical personnel files and records. Electronic copies of medical information obtained in connection with the reasonable accommodation process must be stored so that access is limited to only the agency ADA Coordinator. Physical copies of such medical information must be stored in a locked cabinet or office when not in use or unattended. Generally, medical documentation obtained in connection with the reasonable accommodation process should only be reviewed by the agency ADA Coordinator.

The agency ADA Coordinator may disclose medical information obtained in connection with the reasonable accommodation process to the following:

- Supervisors, managers or agency HR staff who have a need to know may be told about the necessary work restrictions and about the accommodations necessary to perform the employee's duties. However, information about the employee's medical condition should only be disclosed if strictly necessary, such as for safety reasons;
- First aid and safety personnel may be informed, when appropriate, if the employee may require emergency treatment or assistance in an emergency evacuation;
- To consult with the State ADA Coordinator or Employment Law Counsel at MMB, or the Attorney General's Office about accommodation requests, denial of accommodation requests or purchasing of specific assistive technology or other resources; or
- Government officials assigned to investigate agency compliance with the ADA.

Whenever medical information is appropriately disclosed as described above, the recipients of the information must comply with all confidentiality requirements.

Accommodation Information

The fact that an individual is receiving an accommodation because of a disability is confidential and may only be shared with those individuals who have a need to know for purposes of implementing the accommodation, such as the requestor's supervisor and the agency ADA Coordinator.

General Information

General summary information regarding an employee's or applicant's status as an individual with a disability may be collected by agency equal opportunity officials to maintain records and evaluate and report on the agency's performance in hiring, retention, and processing reasonable accommodation requests.

Approval of requests for reasonable accommodation

As soon as the decision maker determines that a reasonable accommodation will be provided, the agency ADA Coordinator will process the request and provide the reasonable accommodation in as short of a timeframe as possible. The time necessary to process a request will depend on the nature of the accommodation requested and whether it is necessary to obtain supporting information. If an approved accommodation cannot be provided within a reasonable time, the decision maker will inform the requestor of the status of the request before the end of 30 days. Where feasible, if there is a delay in providing the request, temporary measures will be taken to provide assistance.

Once approved, the reasonable accommodation should be documented for record keeping purposes and the records maintained by the agency ADA Coordinator.

Funding for reasonable accommodations

The agency must specify how the agency will pay for reasonable accommodations.

Procedures for reassignment as a reasonable accommodation

Reassignment to a vacant position is an accommodation that must be considered if there are no effective reasonable accommodations that would enable the employee to perform the essential functions of his/her current job, or if all other reasonable accommodations would impose an undue hardship.

The agency ADA Coordinator will work with agency Human Resources staff and the requestor to identify appropriate vacant positions within the agency for which the employee may be qualified and can perform the essential functions of the vacant position, with or without reasonable accommodation. Vacant positions which are equivalent to the employee's current job in terms of pay, status, and other relevant factors will be considered first. If there are none, the agency will consider vacant lower-level positions for which the individual is qualified. The EEOC recommends that the agency consider positions that are currently vacant or will be coming open within at least the next 60 days.

Denial of requests for reasonable accommodation

The agency ADA Coordinator must be contacted for assistance and guidance prior to denying any request for reasonable accommodation. The agency may deny a request for reasonable accommodation where:

- The individual is not a qualified individual with a disability;
- The reasonable accommodation results in undue hardship or the individual poses a direct threat to the individual or others. Undue hardship and direct threat are determined on a case-by-case basis with guidance from the agency ADA Coordinator; or
- Where no reasonable accommodation, including reassignment to a vacant position, will enable the employee to perform all the essential functions of the job.

The explanation for denial must be provided to the requestor in writing. The explanation should be written in plain language and clearly state the specific reasons for denial. Where the decision maker has denied a specific requested accommodation, but has offered a different accommodation in its place, the decision letter should explain both the reasons for denying the accommodation requested and the reasons that the accommodation being offered will be effective.

Consideration of undue hardship

An interactive process must occur prior to the agency making a determination of undue hardship. Determination of undue hardship is made on a case-by-case basis and only after consultation with the agency's ADA Coordinator. In determining whether granting a reasonable accommodation will cause an undue hardship, the agency considers factors such as the nature and cost of the accommodation in relationship to the size and resources of the agency and the impact the accommodation will have on the operations of the agency.

Agencies may deny reasonable accommodations based upon an undue hardship. Prior to denying reasonable accommodation requests due to lack of financial resources, the agency will consult with the State ADA Coordinator at MMB.

Determining direct threat

The determination that an individual poses a "direct threat," (i.e., a significant risk of substantial harm to the health or safety of the individual or others) which cannot be eliminated or reduced by a reasonable accommodation, must be based on an individualized assessment of the individual's present ability to safely perform the essential functions of the job with or without reasonable accommodation. A determination that an individual poses a direct threat cannot be based on fears, misconceptions, or stereotypes about the individual's disability. Instead, the agency must make a reasonable medical judgment, relying on the most current medical knowledge and the best available objective evidence.

In determining whether an individual poses a direct threat, the factors to be considered include:

- Duration of the risk;
- Nature and severity of the potential harm;
- Likelihood that the potential harm will occur; and
- Imminence of the potential harm.

Appeals process in the event of denial

In addition to providing the requestor with the reasons for denial of a request for reasonable accommodation, agencies must designate a process for review when an applicant or employee chooses to appeal the denial of a reasonable accommodation request. This process:

- Must include review by an agency official;
- May include review by the State ADA Coordinator; and/or
- Must inform the requestor of the statutory right to file a charge with the Equal Employment Opportunity Commission or the Minnesota Department of Human Rights.

Information tracking and records retention

Agencies must track reasonable accommodations requested and report once a year by September 1st to MMB the number and types of accommodations requested, approved, denied and other relevant information.

Agencies must retain reasonable accommodation documentation according to the agency's document retention schedule, but in all cases for at least one year from the date the record is made, or the personnel action involved is taken, whichever occurs later. 29 C.F.R. § 1602.14.

RESPONSIBILITIES

Agencies are responsible for the request:

- Adoption and implementation of this policy and development of reasonable accommodation procedures consistent with the guidance in this document.

MMB is responsible for:

- Provide advice and assistance to state agencies and maintain this policy.

E. Minnesota Department of Human Rights's Grievance Procedure Under Title II of the Americans with Disabilities Act

This Grievance Procedure is established to meet the requirements of Title II of the Americans with Disabilities Act of 1990 ("ADA"). It may be used by anyone who wishes to file a complaint alleging discrimination on the basis of disability in the provision of services, activities, programs, or benefits by the Minnesota Department of Human Rights. The Statewide ADA Reasonable Accommodation policy governs employment-related complaints of disability discrimination.

The complaint should be in writing and contain information about the alleged discrimination such as name, address, phone number of complainant and location, date, and description of the problem. Alternative means of filing complaints, such as personal interviews or a tape recording of the complaint, will be made available for persons with disabilities upon request.

The complaint should be submitted by the grievant and/or his/her designee as soon as possible but no later than 60 calendar days after the alleged violation to:

Debbie Gordy, ADA Coordinator
Minnesota Department of Administration
50 Sherburne Avenue, Suite 024
Saint Paul, MN 55155

Within 15 calendar days after receipt of the complaint, Debbie Gordy or her designee will meet or communicate with the complainant to discuss the complaint and the possible resolutions. Within 15 calendar days of the meeting or communication, Debbie Gordy or her designee will respond in writing, and where appropriate, in a format accessible to the complainant. The response will explain the position of the Minnesota Department of Human Rights and offer options for substantive resolution of the complaint.

If the response by Debbie Gordy or her designee does not satisfactorily resolve the issue, the complainant and/or his/her designee may appeal the decision within 15 calendar days after receipt of the response to the Agency Commissioner or designee.

Within 15 calendar days after receipt of the appeal, the Agency Commissioner or designee will meet with the complainant to discuss the complaint and possible resolutions. Within 15 calendar days after the meeting, the Agency Commissioner or designee will respond in writing, and, where appropriate, in a format accessible to the complainant, with a final resolution of the complaint.

All written complaints received by the ADA Coordinator designee, appeals to the Agency Commissioner designee, and responses from these two offices will be retained by the Minnesota Department of Human Rights for at least three years.

F. Evacuation Procedure for Persons with Disabilities or Otherwise in Need of Assistance

A copy of the agency's weather and emergency evacuation plans can be found at: [cob-emergency-plan.pdf](#).

Knowledge and preparation by both individuals needing assistance and those who don't are key to reducing the impact of emergencies. When developing a plan, safety needs should be determined on a case-by-case basis because it varies with each individual and building.

Everyone has a responsibility to develop their own personal emergency evacuation plan, this includes persons with disabilities or individuals who will need assistance during evacuation. The Americans with Disabilities Act Coordinator or designee in Admin will work to develop a plan and consult the appropriate building and safety personnel.

Employees will be provided this information at New Employee Orientation. Directors, managers, and supervisors should review the emergency evacuation procedures with staff, including informing all staff that if additional assistance may be needed, and persons with disabilities should contact the agency contact(s) below to request the type of assistance they may need.

Name of individual(s) responsible

- **Name:** Debbie Gordy
- **Email:** Debbie.gordy@state.mn.us
- **Title:** ADA Coordinator
- **Phone:** 651-259-3648

Evacuation Options:

Persons with disabilities have four basics, possibly five, evacuation options

- **Horizontal evacuation:** Using building exits to the outside ground level or going into unaffected wings of multi-building complexes;
- **Stairway evacuation:** Using steps to reach ground level exits from building;
- **Shelter in place:** Unless danger is imminent, remain in a room with an exterior window, a telephone, and a solid or fire-resistant door. If the individual requiring special evacuation assistance remains in place, they should dial 911 immediately and report their location to emergency services, who will in turn relay that information to on-site responders. The shelter in place approach may be more appropriate for sprinkler protected buildings where an area of refuge is not nearby or available. It may be more appropriate for an individual who is alone when the alarm sounds;
- **Area of rescue assistance:** Identified areas that can be used as a means of egress for persons with disabilities. These areas, located on floors above or below the building's exits, can be used by persons with disabilities until rescue can be facilitated by emergency responders; and/or

Evacuation Procedures for Individuals with Mobility, Hearing, or Visual Disabilities:

Persons with disabilities should follow the following procedures:

- **Mobility disabilities (individuals who use wheelchairs or other personal mobility devices ("PMDs")):** Individuals using wheelchairs should be accompanied to an area of rescue assistance by an employee or shelter in place when the alarm sounds. The safety and security staff will respond to each of the areas of rescue assistance every time a building evacuation is initiated to identify the individuals in these areas and notify to emergency responders how many individuals need assistance to safely evacuate.
- **Mobility disabilities (individuals who do not use wheelchairs):** Individuals with mobility disabilities, who are able to walk independently, may be able to negotiate stairs in an emergency with minor assistance. If danger is imminent, the individual should wait until the heavy traffic has cleared before attempting the stairs. If there is no immediate danger (detectable smoke, fire, or unusual odor), the individual with a disability may choose to wait at the area of rescue assistance until emergency responders arrive to assist them.
- **Hearing disabilities:** The agency's buildings are equipped with fire alarm horns/strobes that sound the alarm and flash strobe lights. The strobe lights are for individuals with who are deaf and/or hard of hearing. Individuals with hearing disabilities may not notice or hear emergency alarms and will need to be alerted of emergency situations.

- **Visual disabilities:** The agency's buildings are equipped with fire alarm horn/strobes that sound the alarm and flash strobe lights. The horn will alert individuals who are blind or have visual disabilities of the need to evacuate. Most individuals with visual disabilities will be familiar with their immediate surroundings and frequently traveled routes. Since the emergency evacuation route is likely different from the common traveled route, individuals with visual disabilities may need assistance in evacuating. The assistant should offer assistance, and if accepted, guide the individual with a visual disability through the evacuation route.

Severe Weather Evacuation Options:

Individuals in need of assistance during an evacuation have three evacuation options based on their location in their building:

- **Horizontal evacuation:** If located on the ground or basement floor, severe weather shelter areas are located throughout each floor;
- **Elevator evacuation:** If there are no safe areas above the ground floor, the elevator may be used to evacuate to the ground or basement levels; and/or
- **Shelter in Place:** Seeking shelter in a designated severe weather shelter and remaining there until the all clear is used.

Methods of Auditing, Evaluating, and Reporting Program Success

Minnesota Administrative Rules 3905.0400, subpart 1, item I.

Pre-Employment Review Procedure/Monitoring the Hiring Process

The agency will evaluate its selection process to determine if its requirements unnecessarily screen out a disproportionate number of protected groups (women, race and ethnicity, persons with disabilities). The agency will use the Monitoring the Hiring Process form for hires where there are goals established to track the number of protected groups (women, race and ethnicity, persons with disabilities) in each stage of the selection process. For hires where there are not goals, the agency will still monitor the process for fairness and equity.

Directors, managers, and supervisors will work closely with human resources and/or the Affirmative Action Officer in reviewing the requirements for the position, posting the position, and interviewing and selection to ensure that equal opportunity and affirmative action are carried out. Directors, managers, and supervisors must document their hiring decisions and equal opportunity professionals will review for bias.

An agency that does not meet its hiring goals for competitive appointments, and noncompetitive appointments under MS 43A.08, subd. 1(9), (11) and (16), and 43A.15, subd. 3, 10, 12, and 13, must justify its non-affirmative action hires. The affirmative action statute was amended in 2019 so agencies can no longer take missed opportunities. The agency will report the number of affirmative and non-affirmative hires to MMB on a quarterly basis.

When candidates are invited to participate in the selection process, employees scheduling the selection process will describe the process to the candidate (e.g., interview process, testing process). All candidates are provided information regarding the procedure to request reasonable accommodations, if necessary, to allow candidates with disabilities equal opportunity to participate in the selection process. For example, describe if interview questions are offered ahead of time or what technology may be used during a test. This allows for an individual with a disability to determine if they need a reasonable accommodation in advance.

All employees involved in the selection process are trained and accountable for the agency's commitment to equal opportunity and the affirmative action plan and its implementation.

Pre-Review Procedure for Layoff Decisions

The Agency HR Director or designee will consult with the Affirmative Action Officer to assess where a lay off will result in a disparate impact or negatively impact the agency's affirmative action goals. If it is determined that there is a disparate impact on protected groups, the agency will document the reasons why the layoff is occurring, such as positions targeted for layoff, applicable personnel

policies or collective bargaining agreement provisions, or other relevant reasons. The agency will determine if other alternatives are available to minimize the disparate impact on protected groups.

Other Methods of Program Evaluation

The agency submits the following compliance reports to MMB as part of the efforts to evaluate the agency's affirmative action plan:

- Quarterly Monitoring the Hiring Progress Reports
- Biannual Affirmative Action Plan
- Annual Americans with Disabilities Act Report
- Annual Internal Complaint Report
- Disposition of Internal Complaint (submitted to MMB within 30 days of final disposition) when the form is working and available.

The agency also evaluates the Affirmative Action Plan in the following ways:

- Monitors progress toward stated goals by job category
- Analyzes employment activity (hires, promotions, and terminations) by job category to determine if there is disparate impact
- Analyzes compensation program to determine if there are patterns of discrimination
- Reviews the accessibility of online systems and websites, and ensures that reasonable accommodations can be easily requested
- Discusses progress with agency leadership on a periodic basis and makes recommendations for improvement

Employees who are found to have engaged in conduct in violation of this policy will be subject to disciplinary action, up to and including discharge.

II. Employee and Third-Party Responsibilities and Complaint Procedure

Sexual harassment will not be tolerated. All employees and third parties are expected to comply with this policy.

Employees and third parties are encouraged to report all incidents of sexual harassment. Individuals are encouraged to report incidents of sexual harassment as soon as possible after the incident occurs. Individuals may make a complaint of sexual harassment to any of the following:

1. Any agency's managers or supervisors
2. The agency's affirmative action officer
3. An agency's human resource office
4. Agency management, up to and including the agency head.

If the report concerns an agency head, the complainant may contact Minnesota Management and Budget's Office of Equal Opportunity, Diversity, and Inclusion.

To ensure the prompt and thorough investigation of a report of sexual harassment, the complainant may be asked to provide information in writing, which may include, but is not limited to:

1. The name, department, and position of the person(s) allegedly causing the harassment.
2. A description of the incident(s), including the date(s), location(s), and identity of any witnesses
3. The name(s) of other individuals who may have been subject to similar harassment.
4. What, if any, steps have been taken to stop the harassment
5. Any other information the complainant believes to be relevant.

Individuals are encouraged to use the agency's internal complaint procedure but may also choose to file a complaint or charge externally with the Equal Employment Opportunity Commission (EEOC) and/or the Minnesota Department of Human Rights (MDHR), or other legal channels.

III. Manager/Supervisor Responsibility

Managers and Supervisors must:

1. Model appropriate behavior
2. Treat all reports of sexual harassment seriously.

4. Immediately report all allegations or incidents of sexual harassment to human resources or the agency Affirmative Action Officer
5. Comply with their agency's complaint and investigation procedures and/or the agency's Affirmative Action Plan

Managers and supervisors who knowingly participate in, allow, or tolerate sexual harassment or retaliation are in violation of this policy and are subject to discipline, up to and including discharge.

IV. Human Resources Responsibilities

Agency human resources must:

1. Model appropriate behavior.
2. Distribute the sexual harassment policy to all employees, through a method whereby receipt can be verified.
3. Treat all complaints of sexual harassment seriously.
4. Comply with the agency's complaint and investigation procedures and/or their Affirmative Action Plan

V. Affirmative Action Officer or Designee Responsibilities

- Model appropriate behavior.
- Treat all complaints of sexual harassment seriously.
- Comply with the agency's complaint and investigation procedures.
- Keep the agency apprised of changes and developments in the law and policy.

VI. Investigation and Discipline

State agencies will take seriously all reports of sexual harassment and retaliation and will take prompt and appropriate action. When conducting an investigation, managers and supervisors, human resources, and Affirmative Action Officers must follow their agency's investigation procedures. State agencies will take prompt and appropriate corrective action when there is a violation of this policy.

Employees who are found to have engaged in conduct in violation of this policy will be subject to disciplinary action, up to and including discharge.

Third parties who are found to have engaged in conduct in violation of this policy will be subject to appropriate action. Appropriate action for policy violations by third parties will depend on the facts and circumstances, including the relationship between the third party and the agency. Agencies may contact MMB's Office of Equal Opportunity, Diversity, and Inclusion for assistance in determining appropriate action for third parties. MMB may refer agencies to the appropriate resources, which may include, for example, the Management & Budget with respect to policy violations by vendors or contractors.

Employees who knowingly file a false report of sexual harassment or retaliation will be subject to disciplinary action, up to and including discharge.

VII. Non-Retaliation

Retaliation against any person who opposes sexual harassment, who reports sexual harassment, or who participates in an investigation of such reports, is strictly prohibited. Retaliation also includes conduct or communication designed to prevent a person from opposing or reporting sexual harassment or participating in an investigation. Retaliation will not be tolerated. Any employee who is

found to have engaged in retaliation in violation of this policy will be subject to discipline, up to and including discharge. Third parties who are found to have engaged in retaliation in violation of this policy will be subject to appropriate action.

C. Complaint Procedure for Processing Complaints Under the Harassment and Discrimination Prohibited Policy or the Sexual Harassment Prohibited Policy:

The agency has established the following complaint procedure to be used by all individuals alleging harassment, discrimination, or retaliation in violation of the Harassment and Discrimination Prohibited Policy or the Sexual Harassment Prohibited Policy. Coercion, retaliation, or intimidation against anyone filing a complaint or serving as a witness under this procedure is prohibited.

Who May File:

Any individual who believes that they have been subject to harassment, discrimination, or retaliation in violation of the Harassment and Discrimination Prohibited Policy or the Sexual Harassment Prohibited Policy is encouraged to use this internal complaint procedure.

If the individual chooses, a complaint can be filed externally with the Minnesota Department of Human Rights (MDHR), the U.S. Equal Employment Opportunity Commission (EEOC), or through other legal channels. The MDHR, EEOC and other legal channels have time limits for filing complaints; individuals may contact the MDHR, EEOC, or a private attorney for more information.

Retaliation against any person who has filed a complaint either internally through this complaint procedure or through an outside enforcement agency or other legal channels is prohibited.

Individuals who knowingly file a false complaint will be subject to disciplinary or corrective action.

The following are the procedures for filing a complaint:

1. The individual may, but is not required to, complete the “Harassment and Discrimination Prohibited/Sexual Harassment Prohibited Policies Complaint Form” provided by the Affirmative Action Officer or designee. Individuals are encouraged to file a complaint within a reasonable period of time after the individual becomes aware that a situation may involve conduct in violation of the Harassment and Discrimination Prohibited Policy or the Sexual Harassment Prohibited Policy. The Affirmative Action Officer or designee will, if requested, provide assistance in filling out the form.
2. The Affirmative Action Officer or designee determines if the complainant is alleging conduct in violation of the Harassment and Discrimination Prohibited Policy or the Sexual Harassment Prohibited Policy; or if the complaint instead is of a general personnel concern or a general concern of respect in the workplace.
 - If it is determined that the complaint is not related to conduct that would violate the Harassment and Discrimination Prohibited Policy or the Sexual Harassment Prohibited Policy, but rather involves general personnel concerns or general concerns of respect in the workplace, the Affirmative Action Officer or designee will inform the complainant, in writing, within ten (10) business days.
 - If it is determined that the complaint is related to conduct that would violate the Harassment and Discrimination Prohibited Policy or the Sexual Harassment Prohibited Policy, the Affirmative Action Officer or designee will determine whether corrective action may be taken without an investigation. If it is determined that an investigation is necessary, the Affirmative Action Officer or designee shall investigate the complaint.
3. The Affirmative Action Officer or designee shall create a written investigation report of every investigation conducted. If the investigation shows sufficient evidence to substantiate the complaint, appropriate corrective action will be taken.
4. Within (60) days after the complaint is filed, the Affirmative Action Officer or designee shall provide a written answer to the complainant, unless reasonable cause for delay exists. The complainant will be notified if the written answer is not expected to be issued within the sixty (60) day period. The written answer to the complainant must comply with the data privacy restrictions of the Minnesota Government Data Practices Act.
5. Disposition of the complaint will be filed with the Commissioner of Minnesota Management and Budget within thirty (30) days after the final determination.
6. The status of the complaint may be shared with the complainant(s) and respondent(s). All data related to the complaint are subject to the provisions of the Minnesota Government Data Practices Act.

7. The Affirmative Action Officer or designee shall maintain records of all complaints, investigation reports, and any other data or information the Affirmative Action Officer or designee deems pertinent for seven (7) years after the complaint is closed.
8. In extenuating circumstances, the employee or applicant may contact the State Affirmative Action Officer in the Office of Equal Opportunity at Minnesota Management and Budget for information regarding the filing of a complaint (for example, if the complaint is against the agency head or the agency Affirmative Action Officer).

Definitions of Terms Used in This Affirmative Action Plan

Applicant: "Applicant" means a person who has satisfied the minimum requirements for application established by the commissioner of management and budget ([M.S. 43A.02, subd. 4](#)).

Availability: an estimated percentage of qualified women, persons with disabilities, and racial or ethnic minorities in the relevant labor market who are available for positions in a given job category at a state agency. The final availability is determined by considering two factors: the statistics from the outside labor market and the internal state agency workforce for the Affirmative Action Plan year.

Connect 700 (C700) Program: an alternative selection process for individuals whose disabilities prevent them from demonstrating their skills in a standard competitive selection process. If selected, this program allows eligible individuals to demonstrate their skills in an on-the-job trial work experience of up to 700 hours. See [Minnesota Statutes, section 43A.15, subdivision 14](#).

Feeder job: staffed positions within the agency that can be promoted and/or transferred into other EEO job categories.

Hiring goal: a numerical objective designed to correct an identified deficiency in the utilization of protected group members. For example, the professional job category has identified underutilization, and the availability is 30%, the goal (or hiring goal) for women in the job category is for 30% of the new hires/rehires and promotions for that Affirmative Action Plan year would be women. Goals/hiring goals should never be implemented as quotas, nor should they be used as criteria in decision-making regarding qualifications.

Job category: a group of jobs that are linked by a common purpose and skill set (or sometimes certificates/educational degrees) and are grounded on the job categories identified by the U.S. Equal Employment Opportunity Commission (EEOC).

Labor market area or Reasonable recruitment area: a geographic area in which an agency is seeking a worker in a particular goal unit and where there is an available supply of workers employed or seeking jobs in that goal unit.

Promotion: the appointment of an employee to a position in a class assigned to a salary range which is two or more steps higher at the maximum than the employee's current job class or which requires an increase of two or more steps to pay the employee at the minimum of the new range.

Protected groups: Women, persons with disabilities, and members of the following Minorities: Black, Hispanic, Asian or Pacific Islander, and American Indian or Alaskan Native ([M.S. 43A.02, subd. 33](#)). *Minnesota Department of Human Rights has chosen the following vocabulary to represent terminology of "protected groups": Women, Persons with Disabilities, Race/Ethnicity.*

Snapshot: one particular point in time. A snapshot of a workforce is taken at one particular point in time as the basis for Affirmative Action Plan analyses because the workforce numbers are always fluctuating.

Supported Work Program: The state legislature established the program in 1987 to expand employment opportunities for people with significant disabilities. but has been expanded to include individuals who experience other significant disabilities, including, but not limited to, head injury, mental illness, and deaf blindness. Under the program, a supported worker must require ongoing support and may share a single position with up to two other supported work employees.

Underutilization: the representation of women, persons with disabilities, and protected race and ethnicity in a specific job category is less than reasonably would be expected given from workforce participation in the labor market area.
