2022 Interagency Agreements and Transfers Report

Minnesota Statutes, Section 15.0395
10/15/2022

Introduction

This report outlines Minnesota Department of Natural Resources (DNR) agreements with other agencies with a cumulative value of more than \$100,000, and each of the transfers of more than \$100,000 the DNR made during Fiscal Year 2022.

The report contains three sections: 1) transfers, 2) interagency agreements, and 3) copies of the agreements. The first two sections include totals, descriptions of each transfer or agreement, and the legal authority for each transaction.

Minnesota Statutes, section 15.0395 Interagency Agreements and Intra-Agency Transfers

(a) By October 15, 2018, and annually thereafter, the head of each agency must provide reports to the chairs and ranking minority members of the legislative committees with jurisdiction over the department or agency's budget on:

(1) interagency agreements or service-level agreements and any renewals or extensions of existing interagency or service-level agreements with another agency if the cumulative value of those agreements is more than \$100,000 in the previous fiscal year; and

(2) transfers of appropriations between accounts within or between agencies, if the cumulative value of the transfers is more than \$100,000 in the previous fiscal year.

The report must include the statutory citation authorizing the agreement, transfer or dollar amount, purpose, and effective date of the agreement, the duration of the agreement, and a copy of the agreement.

(b) As used in this section, "agency" includes the departments of the state listed in section 15.01, a multimember state agency in the executive branch described in section 15.012, paragraph (a), the Office of MN.IT Services, and the Office of Higher Education.

Preparing this report cost approximately \$1,027, which consisted of 16 staff hours.
